## Cooperate With Your Council

To the Student Body

With the opening of another school year, the Men's Student Council has embarked upon its seventeenth campaign to instill honor, honesty, and perhaps more enjoyment into the life of the Washington College student. Since 1921 the Conneil has tried for this goal with varying degrees of suc-cess. This year the Council hopes to go even further along the hard

In the past years the Council has held the unenviable position of a body without supporters. The students have often looked on their own elected representatives as being more sympathetic with the administration than with their constituents. And the faculty, no doubt, has felt that the councilmen, as students, have a narrow viewpoint with only the interest of the student body at heart. If the two bodies would only reverse their viewpoints, things might be much easier for all concerned.

The Student Council has a long

road ahead, studded with decisions HODSON CLUB ROOM to make in which it cannot help treading on the toes of one group or WILL BE IMPROVED another. It is only with the cooper-ation of all the students and with their realization that whatever is done has a definite purpose and is done because a majority of the Coun-cil members sincerely believes it is doing the right thing that the Coun cil can make progress. From the few years of experience I have received on the Council, I think it has proven more spotless from petty politics and prejudices than any other much more the easier!

The present freshman class has, I believe, started the year with a heal-thy attitude towards the Honor Sys-for the windows. tem as it exists here. It is only fair that the upperclassmen should refrain for the sake of fun) to lead them to side coaches, new ping pong tables, believe that their first impressions of our system were wrong ones. It has their predecessors got more "ratting" than they did.

I trust that the students will remember that last spring they elected the Council members because they thought that these men were best hitted to do the work. Each one of clarence Hodson whose gift made the you is a member of the Student Government are made possible by the state of the late Col. ## Class Of 1940 Attend Freshman Week Programs

Welcome Period Includes Speeches, Social Events

Washington College initiated its one hundred and fifty-sixth year of service with the registration of a freshman class of seventy-three last Wednesday. The enrollment of the class is smaller than that of incom-ing classes of the last several years conservative field policy by which the administration would refuse admission to students not well fitted to do college work has been responsible for the drop in enrollment. But the class, in spite of its numerical small-ness is reputed to be intellectually one of the largest on record at the College.

Freshman Week, a period of offi-cial welcome to the Class of 1941 from the faculty, the upperclassmen, and the various Campus organizations, will draw to a close tomorrow afternoon with the Vesper Services sponsored by the Y. M. C. A. and the YWCA

There are several things remain-COUNCIL ANNOUNCES ing on the program of a welcoming nature. ## College Receives Library Donation

Dr. George A. Bunting, '91 Gives Funds For Building

Announcement was made at Commencement Exercises last June of a donation of \$50,000 by Dr. George A. Bunting to be used for the erection of a new library building.

The donation will materially help Washington College to maintain its rating as a Grade A institution because the College's present library facilities have been criticized by the Commission on Higher Institutions of the College Association which is the rating board for the college

Dr. Bunting has been vitally interested in Washington College since his graduation here in 1891. He has recently served as president of the General Alumni Association and is at the present time a member of the executive committee of that body. Dr. Bunting, a native of Wor-cester County, Md., but now a resi-

dent of Baltimore City, entered the Sub-Freshman Class of Washing-ton College, as a student in 1886, and received his Bachelor's degree five

### Freshmen Are Required To administration Wear Caps And Pins Monday

May Be Purchased At Any Time From Councilmen

Beginning next Monday morning, freshmen will be required to wear "rat caps" and identification buttons. Failure to comply with this rule is an offense against the Sophomore Vigilance Committee and is punishable by

The Student Council is in charge of the sale of the caps and the lut-tons. Freshmen may purchase them from President Leon Horowitz of the Council or from Luke Bergdall, room 42, Middle Hall. The prices are eighty-five cents for caps and ten cents for buttons. Each freshman must put his name plaintly on his button and wear it in a conspicious

Manager Ernest Shockley ontlined tentative plans for the current cam-paign. The club proposes to have mixed teams until an organization can be worked out for the women.

Both associations will meet for the He will continue the policy of last year in signing for radio debates and an extended trip.

The other officers of the Titsworth Club are George Eisentrout, president, and William Johnson, manager.

The ELM extends the aympathy of the student body to Laurence S. Brice, of the class of 1941, on the recent death of his mother.

## President Mead R. I. D. G. E. REORGANIZED Professor Goodwin Silver Pentagon Will Be Installed Into National Leadership Society

A single honor was confered upon Washington College when Omicron Delta Kappa, obtstanding national leadership society, granted a charter for the formation of one of its circles at this institution. The new chapter of Omicron Delta Kappa will be formed from the Silver Pentagon Society, which has had for its members campus leaders of the past twelve years. Granting of the charter has come after more than three

Granting of the charter has come after more than three years of petitioning on the part of the Silver Pentagon, with success finally obtained after an intensive study of the College by officials of O. D. K. Washington will be the oldest and small-set college in the country having a chapter of the organization. Recognized nationally as an outstanding intercollegiate society, Omieron Delta Kappa has for its purpose the enlistment of a limited number of upperclass men who are outstanding leaders in college life. About fifty of the leading colleges and universities, particularly in the eastern and southern states, have circles of the fraternity. The society recognizes both scholastic and non-scholastic leadership, and membership is highly prized by those who are fortunate enough to achieve it. Omieron Delta Kappa was founded at Washington and Lee University, Lexington, Virginia, on December 3, 1914. The object of its origination was the bringing together in one body all leaders in the various forms of college activities, for the good of the institution. O. D. K. began its expansion with the establishment of a chapter at Johns Hopkins University in 1916. The

of the institution. O. D. K. Degan its expansion with the lishment of a chapter at Johns Hopkins University in 1916. The fraternity has for its ideals, recognition, inspiration, opportunity, and character. The general policy of the organization is controlled by a national council.

#### FOR PURER STUDENT GOVERNMENT

The action of the faculty in making held by some of the students.

should, as the voice of the students, made without examining them. The tem of government employed on this O. D. K. campus the Student Council is the student legislative and judicial body The Council is permitted to take the nal action in matters in which the students have a right to act. In order to carry this system out to its fullest measure the students elect all the active members of the Council their representatives. But place has heen reserved for a faculty advisor representatives. Here where the snag in the system of pure student government comes. The faculty, without consulting the students or their representatives, elects the man whom it desires, to serve on the Council. Does this method of appointment fit the student system of government? True, the faculty man doesn't have a vote, but the opinions that he expresses in meetings should be carefully considered by the stu-dent members of the Council. Therefore it is possible that the faculty man may influence the legislation of the Council to a moderately great ex tent. This being the there eems to be no reason why the facul ty Council man shooldn't be required to obtain the approval of the students

to obtain it. It would be needless to bring candidates for advisor before the entire keys. student body for a vote, but it does seem only fair that at least the representatives of the students on the Council should be permitted to ap-

nominate two or three men who are capable of filling the vacancy and al-low the student members of the Council to select the man from these nom-inees for the position. The ELM favors this plan.

With the election of new student representatives, each year, the Coun-til assumes a new personality. It is necessary, if there is to be a maxioum of cooperation among member the Council, that the personality of the faculty advisor correspond to that of the Council. It may be maintained without fear of contraliction that the members of th council know each other's personalities better than do the faculty and that they know the personality of the faculty members relatively Therefore, in order to select the best adopted faculty man for Council advisor, it would seem necessary to put his approval, if not his election, in the hands of the Council which is compelled to work with him.

The plan is essentially this: Allow the student representatives for the Council to elect, for a term of one ear, from nominations submitted by the faculty, the faculty advisor to the Council. This plan would certainly further cooperation and would add to the purity of the Washington College student government system.

#### A BIT OF PRAISE

The announcement of the granting of the Omicron Delta Kappa Charter to the Silver Pentagon Society calls for praise for the College, its students, some special campus figures, and the Silver Pentagon itself.

Omicron Delta Kappa has highly honored Washington College its recent appointment to the Student granting it a circle. But the officials Council has raised some criticism in of O. D. K. did not haphazardly put student circles. Part of this criti-cism, perhaps, is well grounded while and say, "You're O. K., we'll grant of it is the result of prejudices you a circle." Quite to the contrary, they made a detailed examination of The ELM attempts to make no crit- the general organization of the Colicism of the man whom the faculty lege including the faculty, the stu-has placed on the Council, but it dents, and the financial policy and they found that organization worthy off the criticisms already of a circle of the college world's outstanding leadership fraternity. system of the election of the faculty students were examined critically as system of the election of the racing students were examined crowd out of keeping with the pure system to the students of the average color student government. In the system to the students of the average color student government. In the system to the students of the average color student government.

> And the officials of O. D. K. didn't just look around and receive Wa ington College as an institution which they wished to examine and to ascer-It took men to put Washingcircle. ton College into the eye of O. D. K. Had it not been for the long and un-tiring efforts of Dr. Gilbert W. Mead, Silver Pentagon would today be as, fer from O. D. K. as it was before its formation in 1921. So Dr. Mead does deserve the praise and the admiration of everyone who hails the advent of Omicron Delta Kappa as an advancement for Washington Col-

> Dr. F. G. Livingood, faculty advis or to the Silver Pentagon for more his fine work in the organization of the Pentagon and in the composition of the petitions which Silve Pentagon has sent to O. D. K.

they not been the calibre of men who running a Rat Party. were deserving of honor for leaderjust as the student men are required ship, neither the merits of the Col-lege nor the work of Or. Mead could

The granting of the charter mark definite step in the rise of Washington College in academic circles but it must be remembered that this Council snows the printing of any partit must be reinstructed by preventions to participate in a system of council student government. It has been of capable faculty members and student government. It has been of capable faculty members and students at the College.

#### FOR WOMEN ONLY

It is interesting to observe the difference between the hazing policies of the men and women of the sophomore class.

The Men's Student Council and the Administration have for the past several years been attempting to gradually annihilate "ratting" on the campus. This year is no exception, and the Council is certainly receiving the cooperation of sophomore men students. Hazing among the men is at its lowest point in many years here. This condition has been purely the esult of the splendid cooperation of the sophomore men.

It is, on the other hand, hard to de It is, on the other hand, hard to de-termine the attitude of the Women's members of the 1937-38 ELM staff Council towards this question. hazing program of the women is de- Monday afternoon, when the editor finitely not the same that it was last called his staff meeting to order, toately not the same that it was last! called his staff meeting to order, year, but it is difficult to decide footeneen entusiatel staff members whether it is less extensive than it stood by ready to receive assignments. The campus was soon burdignified practices have been omitted from this year's program, but some others, such as the introduction of lines, with the result was that every "rat" hats, have been substituted, reporter except one, hit his or her Surely women on other campus wear! Surely women on other campus wear "rat" hats, but according to the "rat" hats, but according to the pol-icy adopted by the Men's Council journalistic year. and the Administration, the sophomore women would be required to last year more women would be required to last year are George Engelbert, omit the practices which they have George Grieb, Gene Matlack, Nate for them.

The Men's Council made a rule prohibiting ratting in Hodson Hall, women including Barbie Hubbard, The sophomore men obeyed to the letter, but it hasn't been unusual to gie Zaffere, and Jean Wheatley augprohibiting ratting in Hodson Hall. observe a freshman woman dining ment this year's staff to a group with a man's hat pulled low over her; which is going to make Volume 37 of face or to see two timid freshmen the ELM a success, women being compelled to sit silently

with four upperclass men during an entire meal

The spirit of cooperation seems to be lacking in the women on the question of hazing. They should take G R A P one of two alternatives: either hold the hazing your convince the Men's on the earnpus or convince the Men's Council and the Administration that their outlook on "ratting" is incorrect.

"If for FRESHMAN on the Men's Council and the WHAT TO DO the Men's Council and the WHAT TO DO the Men's Council and the Men's Counc hold the hazing policy now prevalent

#### COMMENT

By HOROWITZ

Although our football team is only beginning to round into the resemblance of good shape, with only one scrimmage under its belt at the writing of this article, several colleges have already gotten their seasons under way. The Pros, of course, have been playing all-star games since be fore most colleges opened their doors but during this past week-end several southern schools opened their campaigns. It is hard to understand, but for some strange reason colleges in the south open their seasons much earlier than those in the north, conditions of climate to the contrary. While up in New York or in Minnesota it is deemed too hot to play foot ball in the closing weeks of Septem-ber, the Southerners either disagree or else are hardy enough not to notice the weather. Possibly one of the reasons for this is the intense northern interest in baseball at this time of the year, what with the world series approaching. At any rate they do start their touchdown seeking earlier down in Dixie.

Last Saturday an upset was al-ready notched into the records when In a more important game Novin Carolina gained revenge for last year's 6-2 defeat at the hands of Davidson by walking off with the honors at the same score. This game was the first Southern Conference was the first Southern Conference is better than no breath at all. game of the year and showed that N. C. State may be in the running for the title held by Duke for the past two years.

It will only be another week from when you read this that our gridiron club will journey to Huntington, Pa. to open against Juniata. Our squad The squad has been working very hard and will be in good shape. Benham, particularly has been showing ap well at his tackle post. As for the line in general, all of the boys played together last year and ought to be that much better with the added experience. Several of last year's linemen are beginning to be noticed as backfield men now. Chuck Col-lins turned in a good job at guard last season, but at present he looms as a

With the arrival of the new desk blotter on the campus came the first news of our basketball schedule for teams to be met with whom we haven't been playing the court game in the past. These colleges are Moravian, Wittenburg, Gallaudet, Wayne, and P. M. C. Other new features this year are a home game with University of Marviand. the coming year. There are several teams to be met with whom we the University of Maryland, and "home-and-home" series with the University of Baltimore.

At a regular meeting last spring the Varsity Club decided to require athletes to wait till the year after they earn their letters before sweaters will be awarded them. Special ers will be awarded them. Special exceptions will be made of seniors though. The "W" Club, this year, will be headed by Capell Benham. Their annual dance will be held on Home-Coming Day, October 30. This ance has always proven to be one of the big events of the season.

CHESTERTOWN, MD., SATURDAY, OCT. 9, 1937

PRICE TEN CENTS

## Bows In Season's Opener To Juniata

#### Lack Of Spark Blamed For 6-0 Defeat At Hands Of Lighter Team

Washington College had the advantage of weight but lacked the spark to drive them to the goal line. Only at one time did it look as though they might score. Near the end of the first half the Washington eleven put on a drive down toward the Juniata goal that was stopped only by the whistle ending the half. This threat was aided greatly by a twenty-yard developing from a line buck by Joe Bremer, freshman back,

The Juniata eleven gained most of its yardage on end runs and off-tackie plays. The Maroons were miserably weak in defense against these plays.

Juniata registered their touch-down in the last seconds of the third period on a pass.

#### COUNCIL CONSIDERS MEDICAL SERVICE

#### Seniority To Be Observed In Hodson Hall

The question of proper medical atits regular meeting, last Monday. A meeting. Dancing classes for boys committee, composed of Bergdall, will be held under the auspices of the Wilmot, Shockley, and Eisentrout, was appointed to investigate reasons 12:30 to 1:15 in the gymnasium. for failure of carrying through the program of medical care approved by the students last spring.

The suggestion was also made and approved that seniority should be observed in Hodson Hall, in order that the congestion before meals might be relieved.

#### Zebrowski Elected No. I Of K. A. Fraternity

that gave the locals so much trouble last year, with two exceptions. Lost through graduation, the Vikings will miss the services of two valuable cordance with the directions given by
the Board of Vistors and Governors
at its meeting on September 25, 1937.

despensible center. Nystrom. Both despensible center, Nystrom. were almost directly responsible for HISTORICAL SOCIETY holding the Marcons to a 7-7 tie last to this year's fourty man squad, thus having plenty of experience to bol-ster the team. The Viking line outweighs our line by five pounds in the average weights, 191 pounds to our 186. Rube Ware, at center for us, is the only man on the line to have a decided advantage in weight over his man. The difference in the average weights of the two backfields is still greater, ours barely reaching 156 pounds, while Upsala's tips the scales at 172. So besides playing on a strange field, a decided mental handicap, the Maroon and Black will also be outweighed, and facing a team with plenty of reserves on hand.

The starting lineup that Ekaitis will probably use will include two new names. Howie Neubert, brought back to the line, will start at left end, with Zebrowski on the other. Kilby and Benham will hold down the tackles, Cain and Andersen the guards, and Ware over the ball at center. The second newcomer will be Joe Bremer, the frosh back who Speaks At Literary Society in place of Ed Lovesky, the latter being forced to the bench on account of a knee injury. Ace Wilmot, Gibby Young and Chuck Collins will

oughly in blocking and tackling, two fundamentals that were sorely lackus what a GOOD team CAN do.

#### STICK BY THE SCHEDULE

The Silver Pentagon Society has adopted and released a schedule for the meetings of the campus organi-zations. The schedule appears elsewhere in the ELM.

The Pentagon has attempted to give all the campus societies meeting dates with a minimum of conflict. This has been a difficult task in that the majority of students here are members of a number of organizations, but the schedule, as drawn up provides all the recognized organizanot held by other organizations cat-ering to the same membership. The ering to the same membership. The schedule, if carried out by every organization, will reduce the confusion among the organizations.

The Pentagon has released a schedule of this kind every year; yet every year there have been violations of it, and every year confusion has resulted from these violations. The Pentagon urges all the organizations to stick rigidly to the meeting night which has been assigned to it. No society has been slighted in this year's schedule and there is absolutely no excuse for any organization trampling another's rights under foot by meeting on a night not astrespassing, because every night has schednled meetings.

It is hoped that the societies will cooperate this year to the extent of annihilating the confusion which has always been present. -00-

#### SMOKING VS. DIGNITY

Conditions in William Smith Hall make it desirable to mention and to emphasize the Student Council's rule against smoking in the corridors of the administration building.

The Council has passed a rule which states that there shall be no smoking in William Smith Hall except in the lobby, the lavatories, the offices, and the classrooms and laboratories at the discretion of the instructor. The Council sought, by passing such a rule, to protect the passing such a cule, to protect the dignity of the administration and glastroom building by improving the appearance of the corridors and the Saturday if possible. They belle auditorium.

The smoking rule has been grossly problems.

ignored by a large percentage of the students this year. Perhaps it has suffered because many of the newer students were ignorant of the regula tions, and because the older students simply let the matter slip their minds.

No matter what the reasons may be, a large number of persons have violated the ruling and it seems highly desirable that the violations cease. It is almost disgusting to observe numerous eigarette stumps on the floors of the main corridor in Wil-liam Smith. It is just as bad to ob-serve more stumps in the auditorium. Every thinking individual will agree that such a condition is hardly becoming to the dignity of a college administration building.

And the condition is so easy to remedy. It isn't more than twenty steps from any point in the main corridor to the lobby or the steps of the Hall. Certainly any student can take this into consideration and can observe the rule which is thus so easily observed.

The members of the Council have fect yearbook; and it is optimistic been extremely lenient in enforcing enough to believe that goal attainthe rule. They have merely appeal. able. ed for cooperation and have suggest-The Councilmen do not cherish the idea of being policemen; consequently they have not personally criticized the offenders.

By the time you have read this far, you have been enlightened if you were ignorant. If you were forgetful, you surely have been reminded. If you have been a conscious offender, it is hoped that you have thought it over and that you are willing to

The Council in this case, every case in which it is involved, needs cooperation. Besides this, every student should be willing to uphold the dignity of his alma mater. Let's see an improvement!

#### HODSON HALL AGAIN

be amplified, for improvements in the Dining Hall.

First, the attitude of the students might well be changed. It has been repeatedly requested that the men wear coats and ties to the evening meal. Yet there are still those fellows who insist that a sweater and an open shirt collar are good enough to wear even in Hodson Hall. Their reasons for believing this are known only to themselves and they are condemned by a sizable majority of stu dents who sharply disagree with them. So far it has been chiefly sophomores who have offended, but there are a few freshmen and upper-classmen who have been their colsigned to it. It is impossible to leagues. Presumably well trained meet on the wrong night without to dress up slightly for at least the evening meal. It is sincerely hoped that enough pressure will be brought to bear to taboo this unbecoming practice of a few uncooperative indi-viduals. It seems that an appeal for cooperation has failed.

Then, there has been some com plaint regarding the services at the meals. The seating arrangement and the work of the dining hall authortites has improved the service lately.
Sunday dinner has been criticized sharply because of the poor service received at that meal. The dining hall authorities have given their at tention to this criticism and they the blame on the their inability prepare the meal in the correc amounts because they do not know how many visitors they will be called

Every PEGASUS staff tries to pro duce a better yearbook than was pro duced by any preceding staff. is largely a matter of personal pride in the broadest sense in which that term can be used. At the same time, every Senior Class is anxious that ITS yearbook be "tops" of all yearbooks-former issues of EGASUS, and contemporary books of other colleges. Finally, the stu-dent body naturally wants the Washington College annual, which they will show their friends who attend other institutions, to stand out as superior workmanship.

A yearbook is only as good as the student body, a year of whose life it records. Inherently, it can achieve only that degree of excellence which the cooperation and support of

Full student cooperation is the one last element needed to make a flawless annual. We have excellent and reliable firms to do the mechanical work. cky and Kay are at it ogain had a beauty of an argument other night. What is this strange r "Mad Russians" have over the sex.

Assistant, assistant, assistant deputy Knipp has resorted to tree-climbing in his efforts to bag "Jack The yours." Hugger.'

"Culhbert" Vandervoort thought his chauffeur-footman idea was pret-ty hot stuff, but he says now that "Old Mother" Hubbard is sorta cramping his style. A "friend" for Barbara shouldn't be hard to arrange Challie

Bergdall is keeping his belongings packed these days so that he will be ready to 'leave on a moment's notice.

Shorbie seems to be getting back into circulation, girls. Set your caps, hecause he is a good catch.

Pfund and Horowitz are getting to be close friends all the time. Maybe its because they have something "big" in common.

Top honors for being the Tut, the undic-luxer, has really "surprise-lover" unquestionably go to Harry Hicks. It is a different girl every night, and they all seem to be eating it up. A possible preference would be for the "fencer."

> It's being rumored around that Matlack is a pretty good fellow-ask Matlack.

Maybe we were mistaken last eek. Eddie seems to have the redhead back under his thumb. Sparky is taking the proverbial "beating."

Schnaper says, "George is tough; but so am I . George ain't afraid of me either." They should make a good heavyweight card.

Hope we don't break up a romance.

#### THE GRAPEVINE

by Bill Doering

The principal story on page one of the UPSALA GAZETTE'S first issue for the year is the story of four first-stringers on the football team who have been suspended from the team because they broke training rules. This discipline is the kind carried out in large universities. We mention it merely to note that some small schools do it, too.

Another note from Upsala is that paddling of rats has been abandoned as the principal form of putting the frosh in their place, and for it has been substituted a rule requiring all first-year men to wear prison-style hair cuts. Quote: 'For every of-fense made by a freshman, his hair will be clipped one quarter inch from the back of his head toward the forehead. In addition to this, makeup of rouge and lipstick will be required for minor offenses."

Chant of the Rats Chant of the Rats
Now I sit me down to study
I pray the Lord I don't go nutty;
And when I have learned this junk,
I pray the Lord that I won't finnk. -Miss. Collegian.

The ST. JOHN'S COLLEGIAN reto Dr. ports a decrease in size of the stn-am Mc-dent body of last year: last year, istration, the loss of rating, and the large size of last year's graduating class.

#### New Representatives

Chosen By G. I. A. A.

Noch, Hollingsworth, Kane, Williams, New Managers

The new representatives elected to the Board of Managers of the G. I. A. A., at its meeting last Thursday, are Virginia Noch, freshman, Ann Hollingsworth, sophomore, Dorothy Williams and Nancy Kane, at large.

Freshman girls are showing a keer interest in both major fall sports this year, as they learn the fundamentals of hockey and archery. Miss Doris reports they will soon be seen on the lower campus, practicing hockey with the upperclassmen.

With the addition of the hockey goals, which are being built, the class games should begin as usual around the first of November. Weather permitting, the girls will try out for archery teams the last of Octo-

## Maroons Gain Smashing Win Over Hopkins

Wilmot, Young, Tully, And Meador Share Scoring Honors Over Blue Jays

By Archie Morrison

The Washington College football team gained its first win in three starts when they downed the Hopkins Blue-Jays Friday night on Homewood Field, Baltimore, by a decisive 33-0 score.

The first period saw the Maroon and Black force their opponents deeper and deeper into their own territory, backed by Gibby Young's strong kicking and a series of smashing line thrusts and deceptive reverses. On the second play after the be-

ginning of the second quarter, Ace Wilmot, scored the first touchdown of the game through a beautiful hole ON SALESMANSHIP over tackle from the six-yard line. Andersen missed the conversion, and the Maroons were out in the lead, cussed by Mr. Elias Nuttle, president minutes later as a result of a susof the Alumni Association and mem- tained 85 yard drive, with Smith, and Wilmot and Young running wild all yard line, and Andersen split the bars with a perfect placement kick; Hopwere forced to punt after three feeble thrusts at the line. Taking the ball on the Washington 40-yard line, Smith and Geysler alternating, dent of Washington College must sell himself first to the college, and then he should sell the college to others, and the Hopkins 8-yard line, where Wilmon again scored through the line.

eresity is graduates expect to land a eresity is graduation, but rarely is this the case. Each one must begin at the bottom and work up.

In conclusion the speaker let one important fact. Gollege graduates student do not necessarily have to do somefect interference raced for a touch down. Andersen kicked the extra

> Washington kicked off to Hopkins, and on the second play, Bud Meador, in for Gollins, intercepted a pass. Hopkins then recovered a fumble, and again Meador intercepted a pass at midfield, and romped 50 yards to score. Andersen's try for the ex-tra point was fide and the scoring was ended, with Washington out in front, 33-0.

The final period saw the Washington reserve power holding Hopkins to two first downs while they themselves put up two threats to score. The Blue-Jays defense couldn't form fast enough to stop the Maroon's slashing threats and deceptive reverses, while their offensive was only aggressive enough to net them four first downs in the entire game.

The August, 1937, JOURNAL OF CHEMICAL PHYSIGS, carries an article entitled "The Rotation of Some Long Molecules in the Solid State," of which William O. Buker, '25, of the Frick Chemical Labora-tory, Princeton University, is one of

#### THE MOUNT VERNON

The increased activity of the Mount Vernon Literary Society this year deserves the support of every student interested in literature. It is evident that there should be a literary society in any liberal arts college; a literary society whose aim is to keep alive an interest in literature in the literary-minded students

The Mount Vernon has long been this type of organization on the Washington College campus. The society has, since its creation, been primarily a society for students interested in literature. At times has been very successful in keeping students interested in various kinds of literature. At other times, the Mount Vernon has fallen short of its aims. Such has been the case during the several years just past.

The program of the society this alive in the minds of many stusociety has decided to strike a happy medium in its meetings between the conventional debate and the classics and the rollicking slap-stick comedy. With programs such as these the organization should reestablish itself as the melting pet for students of all departments and should exert a cultural influence amid interesting surroundings.

Everyone interested in College traditions should be interested in seeing well over ninety years old and claims Mount Vernon will receive student support and will be successful keeping literature alive here.

#### BACK THE TEAM

very much mention in these columns this year. It is the policy of the editer to leave whatever general praise or criticism is due athletic teams to in the season it seems advisable to body is behind you. comment on the team and on the support it has received.

Everyone knows the record of the

team this year. It has been far from encouraging to anyone who measures the success of the team in wins and losses, but it isn't really discouraging to anyone who has watched both games closely and has noticed the improvement the team showed in one week. The Maroon eleven deserved no praise at all for its first defeat. Everyone knew it. The coach was ashamed. Every player was aware that he played the proverbial lousy game.

But Coach Ekaitis, put his men through intensive practice sessions for a week. The result was that he aroused some spirit. Consequently a different Washington machine took the field against Upsala and bowed only because the Vikings carried a little "too much." But the traditional Shoreman fight was apparent

It is only natural that the students are not backing the team as they would be, had it won both, or even one, of its games. But there is no reason for the severe let-down that has been evident on the campus this week. It was indeed a discourage ment for team, coach, and manager te come home early Sunday morning and stumble over a very crude reminder of their defeat. It has been indeed discouraging for members of the team to hear only a discussion of the Alumni dance or of the Navy-Harvard game when anyone referred to the Hopkins game this week

It is now too early to predict the outcome of the Hopkins fray, but it is reasonable to expect that the Maroons will break into the win column this week. If they do, there is no reason in the world why the students shouldn't be back of the team 100 per cent. Remember—the season is far from unsuccessful, yet, but if the students want a successful season, they must stick with their team!

To The Editor:

The Elm of last week contained a lengthy article wherein the opinions of students and faculty on the question of medical care were stated. With but one exception, everyone quoted agreeded as to the necessity of improvement of the present sysyear, as outlined by authorities of tem of handling cases of illness. Furthe society, should keep literature thermore, at the last spring elections the majority of students went on record as willing to assess themselves up to five dollars for the accomplish- Norma. ment of this improvement.

Washington College does provide for the moral welfare of its students. Should it not likewise provide for their physical welfare? Were the above facts known to prospective freshmen, it would undoubtedly the Mount Vernen move ahead. It is lege failing to care physically for its er night. to be elder than any other college student body is evading a primary literary society in Maryland. It is responsibility. It should not be responsibility. It should not be therefore, sincerely heped that the necessary for anyone to fight for a measure which is so plainly needed for the benefit of all concerned. But since it seems that student opinion has been totally ignored in a question that is of vital concern to us, The football team hasn't received this person sincerely hopes that the Elm will carry on the work it has started, and that it will not allow the question to die out until satisfacthe sports editor, but at this point tion has been granted. The student

## Washington Eleven Set For Win Over

#### Crusaders Have Heavy Team But Locals Rely On Speed To Win

The Washington College football squad, rejuvenated by last week's de cisive win over Hopkins, will meet a strong Susquehanna College team at

powerful blocking and tackling, plenty of weight and plenty of their characteristic fight. After losing a tough one to C. C. N. Y. last Saturday by two points, the Pennsylvanians will be out for blood this week; and seeking vengeance for the set-back that the Maroons handed them last year on Kibler Field. Although The college employs a physician, losses through graduation was not heavy at Susquehanna this year, two men will be sorely missed by them. Alexander, the guard who was prac-tically the fifth man in our backfield last year graduated in June, and Berkley, the shifty left-handed passer who worried our pass defense to a frazzle, did not return for his Sophomore year this fall.

The Maroon and Black's worries over lack of competent reserves This fact evident in their last encounter, when Coach Ekaitis was able to play practically his whole second team for almost the entire last half of the game, and the same second team was able to score twice and hold the opposition to three first downs. Charley Geisler, Bill Smith, Bud Meador and Johnnie Stack put up a very nice game along with their brother-sattelites, and will probably see action against Susquehanna this afternoon. The probable starting line-up for the game will be:

Right End Neubert Right Guard Cain Center Morton Left Guard Kilby .... Zebrowski Left Tackle Left End Wilmot Back Young Collins Back

In Morton, Coach Ekaitis has an aggressive and scrappy defensive center, who can't help but be notic-Wilmot has been converted ined. The Y. M. C. A. formal dance will to a bucking-back who is just as danthe heavy line work. So with a wealth of new-found material and an abundance of fight, the Maroon and Black is out to BEAT SUSQUE-HANNA.

#### Historical Society Visits Philadelphia On Trip Today

The Washington College Historical Society attended a banquet the Kent Society at the Episcopal Rectory, last Tuesday night.

#### WHY THE DELAY ON THE MEDICAL OUESTION?

The time has come for someone to take some visible action regarding the matter of health service on the campus. The students and their representatives on the Student Council have expressed an emphatic desire for improved health service and a willingness to pay for such an improvement. dent body, at the general elections last spring, passed, by an overwhelming majority, a proposition whereby they agreed to assess themselves five dollars for an annual medical fee to provide a retainer for a physician to spend some time on the cam-pus every day investigating any illnesses reported. The vote on this proposition surely proves to the most hidebound conservative that the students really want at least a physician for their protection and that they are not being unreasonable in their request to the authorities.

But some of the authorities who have a great deal of influence have decided to refuse the request of the students without giving any reason for their action and without any promise for an alternate plan which will give any relief in the near fu-ture. The authorities may have well-grounded objections to the plan offered by the student body. They may also be worling on a better plan, but after a discussion with some—some means more than one—of these individuals, the editor and members that other than one—offered in the student Council have not been enlightened at all concerning the health situation. There seems to be some-

thing wrong somewhere.

This situation is the business of everyone connected with the College—students, members of the faculty, president, dean, and members of the Board of Visitors and Governors. The stu-dents have already done their part through the work of their Student Council representatives and through the supporting vote which they gave them last spring. They showed that they are still willing to fight for the measure by their opinions published in the ELM several weeks ago. The faculty showed its interest in the matter by their opinions published in the same article. Part of the Administration has backed the measure, but there are some who are acting in silence but are not acting in accord with the wishes of a decided majority of the students, some members of the faculty, and a portion of the Administration.

That alone is enough to justify the call for visible action. But an examination of the lack of proper convenient medical care and of the facilities which the students' plan carries for the relief of this undesirable condition provides a further justi-

fication for a call for action.

It is certainly disgusting for a college which boasts a Grade A rating to be so backward in the matter of caring for the health of its students. Are scholarship, libraries, and a good Mashington College realize that it has more responsibility to the students than the responsibility of filling them with knowledge from a library? Doesn't this College realize that good health is essential to good scholarship? It must!

Then why is it that the College is so shamefully negligent regarding the health of its students? Why is it willing to run the risk of any student developing a complicated disease from some neglected small "pain" just because he doesn't have a con-Why are we willing to risk the possibility of venient doctor? an abundance of suffering and a severe hindrance in classroom an abundance of sufering and a severe minutance in classifier progress caused by an epidemic on the campus? These things aren't remote cases. Take the example of the epidemic of measles two years ago. The authorities should surely have

learned from that they can't protect student health by sitting back and hoping for an infirmary sometime

The Washington Elm Published weekly, from September within the next forty years. remedy were received by those who called their respective doctors, but absolutely no preventative measures were taken. No one can hope to stop an epidemic in a place of close associations like Washington College without employing a well-planned

campaign. And the seven doctors of Chestertown could hardly agree on such a campaign. The College needs one responsible doctor. And Sidney Henes needs one responsible doctor, on P. Blevins the students are willing to pay for

It is certainly far from desirable for any college student to call a doc-tor and be forced to wait for him to finish his office hours before visiting him. Especially is this undesirable when the student is willing to pay for

service.

The College has been extremely fortunate in not having any severe illnesses or accidents. But this good fortune will break down-and it might be advisable to have a respon-sible physician on hand when it does A college is certainly pin? lucky when it puts a score of foot- do ball players through four hard games without even an imitation of a phy-

a year and yet does not have to wor-students proper medical care ry about a single case of illness. But that luck is bound to change, and a handy, responsible physician might be a big help when that change comes. Physical examinations are not an integral part of medical care, but the neglect of them here during the last year could hardly occur nn-

COMMENT by Archie Morrison

Last week this column sorely scorned the student bedy for a lack of school-spirit. A school-mate, in an article in the Enterprise, took Mr. Herewitz to task fer such an "as-tonishing" and "jarring" criticism. Do you mind a few questions, Mr. Hicks? No? Good, for here they

First, let me ask you, what have you ever done to swell the volume of cheering at Pep Meetings? Can you accurately tell me whether the attraction in Baltimore last Friday night was the Hopkins game, or the free admission, OR the prospects of a wild week-end, a part of which the game was incidental? Why has the head cheer-leader been asking Elm staff to write editorials on the lack of school-spirit? How about the "coffin" incident, after the team returned from the Upsala game? And finally, Mr. Hicks, why won't Coach Ekaitis allow the team to attend Pep Mectings? Could it be be-cause they are too "dead," and fail to accomplish their primary pur-

So think a bit, Mr. Hicks. Think of the work done by President Horowitz, and the true Washington College spirit, which does not include unjust criticism, especially in a non-partisan organ such as the Chester-town "Enterprise."

#### by Morrison and C. Vandervoort

### WELCOME HOME!!

## The Grapevine

Here it is at last-THE BIG APPLE

-the dance that has taken American colleges like Grant took Richmond. Increasing agitation for a Big Apple Dance on the campus has prompted the Grapevine Dept. to secure a list your permanent reference. Here's how it goes:

First, the dancers form a circle, boys and girls alternating, with enough space between each to allow "Right foot in. One-uh, two-

1. routine the dancers come back to this basic step as a starting point.)

2. "Now swing high." (First movement repeated with a high kick at the end.)

3. "Let Roosevelt knock at the White House do'." (First movement

4. "How about some truckin' to the right!" (Heads down, elhows bent, arms swinging, knees flexing, heels lifting and snapping ontward with a quick, jerky step, the circle moves to the right. At this point, shouts break from the dancers. The

5. "How shout some Susy Q." (Shoulders lifting, arms hanging loose, dancers execute a heel and toe movement to the right, then to the

6. "Everybody Gertie Swing. One, two. One, two, three." (Heads back, arms flapping, knees loose, the line moves two steps forward and three steps back, to the right, swings Cuthbert's hair is turning grey

7. "Girls on the inside, truckin' Even on a Saturd to the right. Boys on the outside, Cuthbert's weary. truckin' to the left."

8. "Truck around your partner."

(The circle breaks.)

(While stands and slaps, one dancer moves to the center and abandons himself to the music. He is free to do any-

## thing he likes, but he must not be

seli-conscious. 12. "Now peck on down." (With- other night. ont moving forward, feet shuffling,

the dancers "peck"-a bobbing movement of the head, combined with a jerking movement of the body.

13. "Let's all praise Allah."
(They truck to the center, bodies

bent at the waist, until foreheads touch. A long quavering yell goes up. Bodies still bent, they hop backward, truck again to the raise the same yell and hop back out. The music stops abruptly.

THAT'S THE BIG APPLE!

Big Apple, when the negro patrons felt the need to combine the best features of the Virginia Reel, the square dance, the Susy Q., the Gertie Swing, and truckin'.

Now you know what to do the next repeated with a stomp at the end in-stead of a kick.) time you go hoofin'. The procedure printed was taken from the William and Mary FLAT HAT, who stole it from an Alabama newspaper. "Marie" as played by Tommy Dorsey is the best music for this dance.

Other steps may be added to the routine. All that is needed to make it work is a good leader, the right Big Apple is a highly audible dance.) music, and a spirited crowd of dancers.

#### SPORTS

COMMENT By THE GREAT HOROWITZ

(Continued from Page 5) ing camp several weeks before our college even opened its doors this fall. So even a defeat will not necessarily prove a discredit.

It is to be hoped that the students will show as much enthusiasm for this game as the graduates who will be back for Homecoming are sure to display. A count of the attendance at the pep meeting before the Sus-quehanna game, revealed that at least ninety boarding students, not counting the team of course and even only counting Hebditch as ONE failed to attend. The team will need a lot of encouragement this after-

Opposition Tougher Next Year
The tentative schedule for next
year's gridiron team has already
been made public. The games next
year will be against even tongher opposition than we meet this year. Dickinson, Mt. St. Mary's, St. Joseph's, Delaware, and P. M. C. will be met in successive weeks, and that, my friends, is really tough sledding. Newcomers to the schedule will include Western Maryland, Dickinson, and P. M. C. The power of these teams are well known and need no further comment. There is still one open date too. Rumors have it that open date too. Athmors have it that our graduate manager is lining up a game with Minnesota. The P. M. C. game, incidently, will take place on Thanksgiving Day. That is a new innovation here as far as I can re-

Basketball Practice To Begio

member.

On Monday of next week those Kappa Nn announces that it has campus. basketball players not candidates for the football squad will begin their training season for the cage sport. McMahon, Pfund, Rambo, Kardash, Mead, and several others are those from lost year's squad who will be present. Selby and Reinhart are among several freshmen who have announced their intentions of attending these practices. Two work-outs a week will be held under the excellent tutelage of Prof. Dumschott for the time being, and those who have taken part in these pre-season prac tices before will attest to the great value received from it under him. Mr. Dumschott was a member of Coach Kibler's most successful bas-ketball teams. This is one sport that we will not be able to claim has been lacking in practice before the first game. This team, too, has a very interesting schedule that will bear further comment later.

ia, Soviet Russia and Europe.
He devoted several years to social
and economic research and is thoroughly informed on these subjects.
He was engaged in business in Japan
and with his wife (a Pomona College
graduate and three years a teacher
of music in Kobe College) established the House of Interpretation in

the evening is the time, and the Assembly Rom of William Smith Hall is the place. The public is cordially invited and there is no admission charge.

The speaker will be Dr. Jesse J. Coop, head of the Department of Coop, head of the Department of Loop, head of the Loop, he

A careful schedule is being pre-pared for lectures at the college dur-ing Mr. Olds visit of two and a half days and the college is orranging for two popular lectures to which people of the community are invited. The first will be at 3:15 Monday after-mon Nowacces.

## Pictures For Pegasas Arrived Last Week

#### Plans For Formal Dance Studio Representative Will Be Here Next Week

The individual and group pictures that were taken for the 1938 "Pegasus," a few weeks ago, arrived on the campus this week,

All pictures will be collected at the office next Tuesday, Wednesday, and Thursday, November 9, 10 and ales representative from Merin-Balibun, Inc., the photographers. Students should bring their pictures back and indicate their choice of the individual picture they prefer for the year book. Sample sizes and models are now on display on the bulletin

Group pictures, on sale at fifty cents each, may be bought from

the campus on December 10 and 11 to the College audience.

# Is Dr. Holloway's

"There is ne reyal road to learning," declared Dr. Harry V. Holloway, superintendent of Delaware Schools, to the student body Thursday merning. "You get education only through your own mental activ And he proceded to speak on the purpose of education.

Dr. Helloway, one of our alumni, has spent his whole life in the field of education. Starting out as a rural teacher of Delaware he soon transferred to a larger school, then to the city, county, and finally state superintendentship, which office he has held for the last 16 years.

His talk on "What Education Should De For a Person" was one of interest to every student. It was presented in a splendid manner with occasional jokes to relieve the more serious mo was divided into four parts as fol-

First, education should make the person self-helping. From the time one starts to school he should be one starts to school he should be taught to think for himself. This detians this season. They were demakes him independent, gives him feated by Bridgewater college of the jay of working things out for Virginia in their first game. Despite thimself, and creates in him the dethis, the Blues of Gallaudet appear According to Mr. Holleway teachers in this way make it possible for the student to be his own helper.

As to their stall opposition.

person self-directing. In other side of their opponent's line and have words the student should learn to a formidable passing attack. The have initiative. "Initiative," quoted game could easily become an aerial have initiative. "Initiative," quoted Dr. Holloway, "is doing the right thing without being told and without being told how to do it." If the student accomplishes this he has made

After a week a definite step towards a successful College eleven is prepared for the

person self-inspiring, that is, ambitious. Of course one should never with one of its traditional foes, Delbecome too ambitious but he should develop enough for his own success In forming this ambition he should establish some self-confidence which will aid him in reaching his ambition. or goal in life.

Fourth, education should make the erson self-sacrificing. The three points are largely selfish ones; this one is needed to complete the picture. To do much for nothing is a great characteristic and education

According to Dr. Holloway, if person has acquired all four of these points he is really educated, if he has not, he is not.

#### THE PLAYERS

The presentation of the program of plays by the Dramatic Club last to chase, so my idea ain't so gund. night reminds the upperclassmen of, and introduced the freshmen to, the kind of work and service the Players do during the academic year.

The Players are expected, if the last three years can be accepted as a barometer, to carry on an extensive. interesting, and entertaining proented freshmen should also be a fac- and Fedon Nides. banner years in dramatic activity on Ellery Ward, Elmer Boyles, the campus. Fleetwood, and Carter Hickman.

All this reminds one that the scope of activity which the Players are chapter, Friday and Saturday. ly upon the amount of cooperation and support which they receive from fords its members, is really one for the benefit of the students. The College, and not for profit.

The best way to support your Dramatic Club is by attending all of its pledged at the meeting Monday night performances in which you have any interest at all. It is not only finan- womanhood seen pursuing Mr. Solcial support that the Players need ant Monday night were only the Almost; it is the appreciation of the pha Chi's and their guests on an old clothes scavenger hunt. The party students that will help them.

is the means by which the Players feed. help the students to support them. These tickets are sold by the Dramatic Club and admit their holders to all the programs which the club the freshmen and transfer students sponsors at a fraction of the regular on a weiner roast at Tolchester on cost of admission. The Players are Tuesday, October 25. anxions for a large number of per-

so let's buy a season ticket.

Dere Luke.

This bein the fust time I ever writ to any noospaper, I ain't so shure that it will be writ the same way the rest of them noospaper fellers do, but leastways yull be able to tell whut aim to say

Cain't there be somethin done about all them there dogs we runnin around the front yard? Ya know, Luke, its gettin to be awful hard ta sleep in class nowadays whut with all them mutts a'yippin out there. And jist when I wuz gettin used to hearin the perfesser 'talkin' an not interferin with my naps!

And it ain't only the sleepin part Entered at the Chestertown, Maryland that is so hard, but ya can't git that is so hard, but ya can't git subscription price \$11.50 \text{ system}\$ year. unthin outs the books when them Single Copy, 10 cents dogs is fightin like thunder under the winda. Shure is awful disturbin when ya got a mess of work ta do and havin to lissen to ten dogs havin a set-to. Why purty soon it'll git to e a crime ta disturb them! Fack is Luke, the place is goin to the dogs!

An Luke, do ya really think looks so awful good, ta have a mess of hounds a'hangin aroun the buildin, a'bumpin inta compy an gettin tangled up in peepuls legs? Why, the next thing, sum dog is gonna git a degree frum our school, jist cos he got enough hours to grajuate.

So Luke, mebbe you can suggist a way to git rid of them dogs, or mebbe git somethin dun about it? I got a solooshun, but I am afeared the guys in the Biology classes will steal the Coach says cats, then the dogs won't have nuthin anybody says ..

vrs. trooly. Georgie the Gripe.

He must be of mindful of the fact that he represents tute the highest standard of college man, Alpha-Alpha - University of the not only in his official capacity as a member of the Society, but in all of his campus activities. And it is in his campus activities. And it is in the members of the Silver Pentagon Society that Washington College entrusts the carrying on of her most sacred traditions. Membership in the Society has always been regarded as one of the most highly prized honors a man can attain in activities at Washington College.

The aim of the Pentagon has beer to serve the College in whatever way service can be rendered. The regular program of the Silver Pentagon has included the sponsorship of for-mal and informal dances, formulation of the activity calendar, arrangement of the budget of student activities and presentation of educational programs. Tangible evidence of the work of the Society are constantly seen on the campus.

Now, after twelve years of beneficial service and highest achievement Alpha Sigma-Miami University at Washington College, the Silver Pentagon Society has been installed a chapter of the Omicron Delta Kappa fraternity, which has been long recognized as the nation's foremost leadership society.

## PRESIDENT MEAD WELCOMES

The Editor of the ELM has asked that I give, through the columns of the paper, a word of welcome to Omi cron Delta Kappa. I am more than delighted to do it, though, in effect, it means that I am partly welcoming myself, since I have been a member of the organization, in an active capacity, since 1925.

For this reason, and because I have een the excellent work done ODK in campus leadership on other college campuses, I was anxious to college campuses, I was anxious to Brown, executive secretary, Dr. Gil-see it come to Washington, and bent bert W. Mead, and alumni who had tion during the last three years.

Now the effort of petition is over, and Omicron Delta Kappa is estab- of petitioning the national group on lished on Washington College's his-toric hill. From this date forward, the college and the fraternity have a great deal in common, for the establity. It seeks to encourage by recoglishment of a Circle here means but mition both scholastic and non-scholthe amalgamation of effort in train-ing for leadership in life and in socie-college campus. Washington Colty outside college halls

As a member of ODK, I am de-lighted to have Washington College added to the chapter rolls. As a representative of the College. more than pleased to extend the hand ODK, telling them that they are heartily at home on our campus and

Brown, of the class of 1914. bert W. Mead, Jr., assistant editor of three of the members of the faculty, tion on questions of local and inter- Dr. Henry Louis Smith, president of the University: Dr. D. B. Easter, proessor of romance languages, of the faculty and student body of Prof. D. C. Humphreys, head of the department of civil engineering. These men all thought highly of the Eligibility for membership in ODK proposal, and became members with embers were selected from the student body, making a total of about fifteen men. A number of meetings for the purpose of perfecting the details of the organization were held at Reid Hall, the physics and en-gineering building of Washington and Lee

The fraternity functioned admirably from the outset. Its members were enthusiastic over the possibilities of such an organization, and al-most spontaneously, requests for the granting of circles to other institu-tions were received. Within three years the fraternity had extended to

versity of Pittsburgh, and Davidson Omicron Delta Kappa, last night, in College. Since that time, additional chapters have been added, making a total teday of forty-five chapters. Since March, 1930, Omicron Delta

Kappa has been a member of the Association of College Honor Societies. The Association had its beginning in 1925, and has on its rell only six societies out of three hundred honorary societies and fraternities of national character which are in existence in the United States today.

ODK desires to honor men in every phase of campus life and to bring to-gether students and faculty on an equal footing and for purposes mutual understanding and the promotion of the institution's best interests.

In many institutions membership in Omicron Delta Kappa is regarded as the highest honor which can come to any student, not excluding many of the older and more widely known honorory organizations.

Three groups of members initiated as charter members of Al-pha Psi Circle. They include active members, alumni members, and faculinclude President Elton L. Wilmot Luther Bergdall, editor of the ELM, Leon D. Horowitz, president of the Student Government Association, W F. Doering, who has a major scholarship and is editor of the Pegasus, John C. Mead, president of the Y. M. C. A., Norman W. Shorb, pre-

sident of the Senior Class, William W. Thompson, leader of the orches-tra, Lawrence W. Buffington, secreof the Student Conneil, George M. Eisentront, president of the Debate Club, George A. Engelbert, assistant editor of the ELM, and Gil-

the Pegasus.

Alumni members include Lawrence Yourtee, E. William Hall, Marvin H. Smith, Francis H. Bratton, Joseph H. McLain, Jay F. Spry, Carroll W. Casteel, Burdette Nuttle, Elias W. Nuttle, Robert S. Shaull, William O. Baker, Harry C. Rhodes, Richard M. Gomber, W. Edwin Freeny, George T. Pratt, Harry R. Poole, Charles B. Clark, Thomas B. McCloud, Wesley Sadler, and T. Conover Crouse. The alumni members are men who were campus leaders while they were un-dergraduates, or men who have been unusually successful in their vocations since they graduated.

The faculty members are President Mead, Dean J. S. William Jones, Dr. Fred G. Livingood, head of the cation department, and J. Thomas Kibler, athletic director.

Several ODK officials have letters of congratulations to the Silver Pentager on its initiation. These include Dr. R. D. McIntyre, of the University of Kentucky, a member of the National Council, Dr. C. Stu-art Belfour of the University of and other cultural activities.

The candidate must have attained, in the opinion of the active members, cinnati; Wyatt W. Hale, Dean and special distinction in at least one of Registrar Birmingham-Southern College, and Denn Winslow S. Anderson legiate activity."

#### Honor To The College

Washington College was honored last night by Omicron Delta Kappa when the Silver Pentagon Society, the College's honorary leadership and service organization was initiated into the college world's foremost leadership fraternity. Washington College has been recognized by the fraternity world before this, but nowhere in the written history of the College is there recorded a fraternal recognition which can equal the honor be stowed by ODK. Nor is it likely that there will ever be found in the history of the College that yet remains unwritten an honor which will do more than approach the one hestowed last

This campus will probably in the future, nourish numerous national fraternal organizations which are not found here now some of them will undoubtedly be honorary fraternities. Bu it is indeed doubtful whether there is another honorary fraternity that means as much to its members and to the institution in which it is represented as does ODK.

Omicron Delta Kappa is a leadership fraternity; its members are men who are leaders on their respective campuses or in their respective professions. ODK men have learned by doin their respective professions. OLA men have learned on Delta mg. It is this type of members that makes OLA men and Kappa the leader among honorary fraternities. Some very propriate remarks appeared last week in an editorial entitled "The Assentiation to DK Ideals" in a special ODK recognition sixue of Birmingham-Southern College's GOLD AND BLACK.

This editorial is quoted below in part.

"Review briefly the careers of some of the men who have meant most in the nation's growth. In beginning his descripition of the education of John Marshall, Beveridge quotes Wendell Phillips as saying: "I do not think the greatest things have been done for the world by its bookmen. Education is not the handsome?!! ehips of arithmetic and grammar." And John Marshall saw tiltue of formal arithmetic and grammar. He learned by doing the practical tasks necessary for frontier existence. Such was gone into business permanently, the learning of Washington and Lincoln, similar was the learning of washington and Lincoln, similar washington and Lincoln, washington and Lincoln ing of Franklin and Hamilton. Franklin and Hamilton. And even the great Americans family and fortune could offer them the best in formal schooling seem to have derived greatest benefit from the activi-ties they were engaged in while in school. Henry Adams, for example, ranked about mid-way in his class in scholarship; but he wrote for the Harvard student magazines and spoke in the literary societies. Woodrow Wilson at the University of Virginia was also down the ranks in scholarship, but he wrote, de bated and read in the various student organizations. All of these men added to their book learning the kind of learning these men added to their book learning the kind of that most nearly approximates the way of things in the world—active doing, active participation in the activities of he miniature society that a college or university campus, in a way, is.

"Modern educational thinkers and theorists seem to coming around more and more to this point of view. Grad Gradually the fruits of their thought is pervading the structure of the educational system. Scholarship is coming to be looked upon as a part of the educational function, but not all of it.

"As this point of view gains ground, the ideals which ODK has championed since its founding are to become more and more important in the life of the student. All-round activity activity, learning by doing. The spirit which ODK has sought to foster is in the ascendency."

Those words adequately explain the reason for ODK's remaining at the top of the list of honorary fraternities as far as recognition of general ability and achievement are concerned.

There is just one thing left to say. That is to express here the hope that Washington College and more especially the members of the Alpha Psi Circle of ODK may perfectly uphold the ascendant ideals of ODK.

#### May The Spirit Live On

Bidding goodbye to the old Silver Pentagon Society causes mixed feel

For twelve years the Silver Pentagon has been emblematic of the qual-

ed valuable service to her and to her members. It dampens the heart to suddenly become aware of the fact that the name Silver Pentagon, has passed from the campus.

But the Silver Pentagon spirit will live on. Alpha Psi Circle of ODK G R A P E V I N E But the Silver Pentagon spirit will live on. Appha in white will be composed of the same elements as was the latest Silver Pentagon. There is no reason, then, why the ODK group shouldn't winder even greater service to Washington College. The affiliation with a group as strong as ODK is bound to make even a weak organization strong. To the Silver Pentagon. is bound to make even a weak organization strong. To the Silver Pentagon, then, it should add the ability to work even harder for the College which has courished it.

To Alpha Psi Circle of ODK go the most hearty congratulations and the most sincere best wishes

It will probably be the last time most of this group will ever play any football. Best of luck and bon voy-

age Last week's defeat to St. Joseph's was anything but a blot on our es-cutcheon. Although the outcome was a loss, the boys have every right to hold their heads high in pride to hold their heads high in pride. Scoring just as many touchdowns as a powerful team like St. Joseph's is no mean feat. We came closer than Mt. St. Mary's. While it would have been swell, of course, had we made the tying point, the team and every player on the team did a good job Playing on a field that was conducive to snything but good ball hendling and spectacular playing, there were still several features that stood out. The double lateral pass play that resulted in our touchdown was as neat ly executed a play os was ever per-formed on Kilbler Field. Collins started it when he passed just before being downed after a good run. Smith

Cellies, who latteraided to fill Smith made it to fill smith make it to dispute the intripy-yard line, where, should to be dware. Pass performances mean past event weeks and are bragging drough to tossed the piguld not be disputed by the disputed by the proposed of the St. we seemed the touchdown, and coldrams after the touchdown, and body mill be at Newarist to cheer our out for the freshmen's forward fumbers on towards the goalt be play, one of the most consistent Delaware has had only a fair sea- ground gainers in this game year in

#### I POM THE RESIDENT'S OFFICE

Dr. Mead, as a representative of the Association of American Colleges, spent last Saturday in Washington conferring with President Roosevelt's advisory committee on education. The purpose of this committee is to ad-vise the President regarding the policy of the federal government to-ward education. President Mead was one of four representatives of the Association of American Colleges who appeared before the committee and spoke on some of the problems under discussion.

The annual fall meeting of the Philadelphia Alumni Chapter was held last night in Philadelphia. President and Mrs. Mead, Dean Jones, Dr. Howell, Dr. Livingood, Dr. Coop and other members of the faculty at-

Dean Amanda T. Bradley has been notified of her election as a charter member of the recently granted chapter of Phi Beta Kappa at Birmingham Southern College, where she was an outstanding honor student during her under-graduate days.

## Charlotte Shaull Gives Masterful Performance In "The Double Door"

by Sidney Henes

Door," a melodrama, by

As Victoria Van Bret, an unscrupulous and bitter woman, Miss Shaull gave an excellent and uncompromising performance carrying the The part called for an amazing versatility in that she had to influeuce Caroline, her sister, Rip, her brother, and Anne, his wife, by dif-ferent methods. She had to portray hatred toward Anne, dominauce over Caroline and a wheedling and coaxinfluence on Rip. She plished this convincingly and the editor must say that she gave a truly great performance. The main strength of her portrayal of Victoria was in her adaptability of her voice to the varying requirements of the part. Her commands to the servants were especially good. One felt that here was a woman used to commanding and being obeyed. She had a difficult role and met it masterfully

Able support was given by Doris Unruh, as Caroline Van Bret, Vic-toria's sister. Miss Unruh gave a convincing portrayal of a personality submerged and conquered by the em

## Cagers Will Play HELD NEXT FRIDAY Three Games As The annual Christmas Party, spon-

## tenberg Are Foes Next Week

With its opening game just three ntertainment for those who attend days off, the Washington College Definite plans for the party have cage squad is going through last min-

> but this year's spirit. Providing most of the spark in scrimmage, Edpre-season form, while his teammates continue to drop impossible shots from crazy angles. Rambo's foul-line shot and Lee Horowitz's reliable feeding passes have been the outstanding features of the practice games. With such rebound men as Smith, Pfund and Zebrowski, the Maroon and Black should have little trouble in gaining possession of the ball under the basket and off the backboards. At this early stage it is even possible to detect Ace Wilmot's steady plugging and conservative style, Mike Kardash's encouraging promise (and twenty-five dollar teeth), and the spirit of cooperation which marks the play of both teams. Neubert, another holdover from last year's squad is showing the same style of play that saved the Mt. St. Honored At Banquets Mary's game last year, and kept as in the running against St. John's.

With the entire squad doing its best to give Washington a top-notch basketball team, the only thing lef to ask for is the unfailing support of the student body. As this thing called loyalty is taken for grented where Maroon and Black rooters are concerned, there is little doubt that the necessary support will be given to the cagers, who will in turn through with a team well worth the support of any student body.

## At Thursday's Assembly

A mixed chorus will present a short The College authorities feted the program of Christmas carols in Cha-lettermen at another banquet on pel next Thursday. Vivian Davis Wednesday evening in Medican Hell will sing a short solo part of "Can-Harry S. Russell was toastmaster and lique de Noel," accompanied in the the guest speakers were George chorns by the Glee Clubs. Among those and the American two the Cheen School, the Chrus will prominent officials of the Baltimer sing "Adeste Fideles" and "Silent area. The gridders received their Night." Then the whole student

ascertain the interest of the students Smith, J. Collins, W. Collins, Bremer, terial for the chorns and Glee Clubs. Meador, Geisler, Carman, and ManIf sufficient interest is manifested by the students a spring concert will be

#### AN EMPHATIC GRIPE

The lack of cooperation on the part for its remedy.

has become so evident that it is im- instid of lookin all over the halls and possible for the Council to accom- stoopin over once fur every one I git. plish anything while these individuals So, Luke, woant ya pleeze see if ya maintain their present attitude. The kin git them pots? Not only fer me, degree of authority over the dining hall. It has been given the power to them) layin all over. put a seating arrangement into effect. Yet the head waiter takes it upon himself to abolish the seating rangement when it saves him the tables. In doing so he isn't even willing to talk the matter over with the known that there will be no seating arrangement "for the benefit of the stopt. Student Council." isn't cooperation.

lowed time for the morning meal has y pleeze try ta git us jist a littul caused much criticism. It does seem bit of quiet in the quiet hour? strange that the waiters were not late for their classes for over a year I woant keep ya no longer; cutting down the time allowed to five minutes. And maybe it was a coin- thirty? cidence that the time was shortened the very day that the clock was plac-

ed in the hall. Even if it is necessary to cut the time on week-days, it doesn't seem likely that many waiters are going to be late for classes on Sunday and it would be an improvement in the service if the time could be extended Dear Editor: then to ten or even fifteen minutes. The incident at breakfast last Sunday was the last straw as far as co-operation is concerned. The door was locked at least two minutes before eight thirty-five by the clock in pick who is to sit with whom? When some stuthe dining hall. dents entered the hall and asked for body pays for their board in one way

door had been opened early that morning. Nothing needs to be said about those two excuses except that they are ridiculous and that they certainly point to an irksome attitude on the part of the head waiter.

The attitude of some of the other waiters is far from commendable. They forget that they are hired to be waiters and not to be "has slingers." Some of them would make one be lieve that they are doing the students Assistant Editor a favor by even bringing a pitcher of Business Manager water to a table. That isn't cooper-

There is a caustic criticism-and it's almost entirely justified-of cer tain individuals in the dining hall. It is necessary for some of them to be John P. Blevins is necessary for some of them to be Leon Horowitz reminded that they don't necessarily villiam Doering hold their positions during their entry Betty Smith tire college life. All that the students and the Student Conncil ask is that they cooperate and that they show a little more courtesy-at least to the extent of considering criti-cisms of them. If conditions con-tinue as they are there will be a justification for a request for the removal of some of the waiters.

I ain't got no perticlar gripe ta tell ya about, but I wuld like to know sumthin about a few things we got goin aroun here

If I aint mistakin, Luke, wuzzent the Stoodent Council afixin ta do sumthin about the fellas all smoakin The lack of cooperation on the part of some of the waiters in the dining hall is becoming so apparent and so uv them ther pots fer ta throw butts annoying as to justify inquiry as to and stuff in? Well, I wisht it wuld its cause and some recommendations get them thar pots, cuz then it wuld be eazyer fer me ta get me a week's The failure of some individuals to smokin, cuz all I wuld haff ta do is takes. They have even drawn Hercooperate with the Student Conneil pick out the long butts all at once, Not only fer me, Council, as the agency of the sta-dent body, has been given a certain dident have butts (only the little ones, but there is alwaz plenty uv

An Luke, bein a Council man an purty inflooenshul aroun here, culd ya pleeze git sumthin dun about the rangement when it saves him the quiet hour thet is supposed to be in prefer to smooth with the Smith girl, trouble of setting up one or two the Men's dormitries? About the or clinch with Kintner. quietest thing in the halls during the quiet hour is the radiaters, which Council's dining hall committee, and hardly ever git warm enuff ta nock to provide a climax he makes it anyhow, and the council men which are suppozed ta see thet the noiz is It aint thet I mind the noiz That certainly so much, but when a feller doan even git a good program on his radio which The recent shortening of the al- is blarin, I rebel! So Luke, 'woant

An Luke, jist one more thing, then while ten minutes were allowed for doant we git a littul more heet in the breakfast, but that they should sud-denly start being late and necessitate vents the heet frum bein turnt on about six-thirty instid of aroun seven-

> Well, I gotta go study up sum more on the dicshunry ya give me last week. Ya know Luke, I red fifty pages of it so fur, an aint got the hang uv the plot yit!

yrs, trooly, Georgie the Gripe. -00-

May the gods breathe unfavorably upon the noble originators of the dining hall system of seating!

We do not deny that a system is needed, but why rotation, and why

We trust that the present student breakfast they were given two excus-or another, directly or indirectly, es as to why they shouldn't be allow-d to eat. One was that the clock was slow and the other was that the (Continued on Page 4)

THE GRAPEVINE

by Bill Doering

The Big Apple Dance held by the preachers and the rest of the boys er at Western Maryland turned out to be a big success. all. The University held a Scholarship Dance last week, at which the Big Apple was featured. And the Poly Press (Baltimore) carried a reprint of our list of steps on the editorial page. North, South, East, and West the movement continues, but in Chestertown? Gracious!

Nine more people have been interviewed this week on said question, and all would like to see a Big Apple dance here and all would like to par-ticipate (is that the word?) in it. We are keeping up our agitation, not for the sake of something to argue about or for publicity; but because we know that the students want the present ban removed and we feel that the only way to get it removed is to air our wants. And don't get us wrong: in the olden days, shaking in your shoes was a sign of timidity; now it is apt to be a new dance.

## Flying Pentagon TO NOVEL CLASS Meets Strong Team From Wittenberg

#### Ohioans Boast Of Several Buckeye State Championships

The Washington College basketball team plays its first home game of the current season tomorrow night, meeting a strong Wittenberg College cage quad in the college gymnasium, "Fighting Lutherans" are on

hestertown today on the road. Their at all encourage Black rooters, as barely able to nose nceed- out Lutheral by a two point margin. Their fate was much the same at Carlisle, Penna., when Dickinson College gained a 33-30 triumph over the Ohioans. In all, the Lutherans ead and reread have met four of Pennsylvania's topnotchers, and have showed favorable results against each. Like the Maroon and Black, Wittenberg has held numerous State Championship Will titles in their own state, where basketball is played from November to April. Their 1936-37 season saw triumphs over the Buckeye State champions and an amazingly ire Bruce average points per game (41.22) in Smith squad, which won eleven out of seventeen games, seven lettermen have returned. Their squad of fifteen contains ten experienced members, averaging around six feet in height. Their boast is in their ability to cut down opponents, regardless of size or previous reputation.

The Maroon and Black cagers, who have just returned from a fairly successful road trip, are primed ready for action. After the heartbreaking defeat at West Chester on Wednesday night, when the Teacher's nosed them out in the last four minutes of play, the local net squad is out for blood.

The squad's play on the trip was entirely satisfactory, or at least so in the last game. The boys seemed to have acquired mid-season poise Clause, so the and lost all signs of nervousness in Zeb.) come in. appearing before a crowd, which us tle depressed at ually accompanies corly games. The Smith and Horowitz at West Chester will be the biggest asset in tonight's game. The floor work of Neubert, The floor work MacMahon, Wilmot and Collins, combined with the dead-eye spot were so frequent at on Tuesday should add the necessary elements in overcoming the Wittenberg aggregation.

#### CHRISTMAS

"Peace on Earth, Good Will Men" is an appropriate theme for at leest. Christmas season is here and with it has come, or has been renewed, the of fellowship which only Christmas can foster.

the campus at some time during the na hev nutbin to gripe blematic. It is entirely natural that Christmas and the religion for which Christmas was created should have a great influence on the thought of the world almost two thousand years after the first Christmas. It will do no harm to repeat the story which has been told many times before.

Ages ago on a night, when wise men followed a star, there was born tined to become not simply the founnew school of philosophy or the prophet of a new era. On that first Christmas eve in far-off Paleswhose doctrines have been accepted erly. by all enlightened peoples.

Out on the desert the silence of that first Christmas night was pregnant with the knowledge of a new divinity. The confusion of the crowd that had thronged to Bethle hem to pay taxes could not lessen the spell of the aura from heaven around the head of the tiny babe. Angels and heavenly bodies combined to herald the coming of a King and to lead worshippers to his feet.

Do skeptics who question the divinity of the Master, I wonder, consider these phenomena surrounding his birth? Mary and Joseph were as much surprised as anyone at finding later. themselves the unsought parents of a young prodigy. These simple folk

lehem, of all places? Why on that one particular night?

vine plan which had the betterment of humanity in view. To that regard for humanity in an omnipotent divinity, we dedicate our Christmas, to the kindness that we can under-

Naturally the spirit of Christman doesn't exclude Washington Col-lege's campus when it seeks a place to enter. It has already made presence known through numerous campus parties and the exchange of Sometimes we lament the fact gifts that Washington College students cannot spend the entire Christmas season together. If they did, the spirit of fellowship and good will might prevail for a longer time during the New Year. Friction, lack of cooperation, and even "griping" might be reduced to a noticable extent.

There is only one analogy to be drawn-it is Christmas and Christmas should renew the movement toward universial peace and good will.

Dere Luke

What with the holidy seesun aprochin, I think we shad all taik notis uv the ole sayin "Pees on urth, gud will ta men." So with thet in mine, I want to ast ya to pleez stop all this gripin thet is goin on aroun here, fer the holidy seesun

I notis thet in evry ishoo ny the Ellum ya got sumpthin ta say about the disatisfactry way in wich things is bein run aroun here. So I think ya aut ta stop it fer a wile an give The miracle of the Christmas the powers-thet-bee a chanct ta rest story will, no doubt, create a feeling Why purty soon yell git so much dun of wonder in almost every heart on thet us perfeshonal gripers aint gonthe campus at some time until the season which people all over the then agin, when ya do so much world have come to know as a season gripin in the Ellum it sorta cauziz a about. of happiness. In spite of the strife feelin uv onrest mongst the stoodents and the dissatisfaction which exists an then they cant consentrait on -due to the indefinable term, human thair books cuz they got so much on nature, -- a celebration of Christmas thair mines. An it even upsets thair makes practically everybody visualize apputites (gotta blaim it on sumpthe ideal of peace and brotherhood thin) so thet they can teet an then of which only Christmas can be emthey get under-nurished an sick with nobuddy ta talk care uv them.

#### THE GRAPEVINE

by Bill Doering

Tis the week before Christmas: All over the campus The stern regulations Still manage to damp us

The sour-faced despots, With noses so blue, Still say to the students: "No Big Apple for you."

They can scowl; they can glare; They can bark; they can frown; When we get home at Christmas, We'll all go to town.

With the nightmares of fright! While we, on vacation, Big Apple all night.

-Longfellow.

Little Baby Corn is a Christmas baby. He asks Mamma Corn where he came from. Says Momma Corn; "Husk, my child, the stalk brought you." "But," queries Baby Corn, What about Pop Corn?" -Albrightian

This is NOT a Christmas joke: Doctor: "Young lady, I'll have to examine you." Blonde: "But, doctor, your assist-

ant just examined me and found me in fine form." Doctor: "So he told me."

-Poly Press.

The teacher rapped loudly on the desk and boomed, "Gentlemen-order!" The whole class yelled: "Beer!" -Exchange.

Maid of Reid Hall, ere we part Let us slip aside, and dart Into a darkened little nook Where Mrs. Willson cannot look. (With apologies to Byron.)

-Miss. Collegian.

Our star performer, Ferd the Bird,

Bill Medford-A little peace and done red coat and white whiskers to play Santa to the College. Here is what he brings us: For Smitty and Bissett: a copy of

"How to Be Happy Though Mar-ried"; for Hebbie: a pair fender-lights for her ski pants; for Bill Fowke: a real BIG gal-friend for a change; for Bob Moore: a lookingglass to keep an eye on Prof. Solandt; for Lefty Copple: a bottle of Foo; for Selby: monopoly on Doris' true and undivided love (now shared by Spielman, Bremer, Palmerini, etc.); for Gus Rambo: a new deal; for Hess: a job as first-baseman on the Dodd varsity; for Hilda: waterwings for protection when skating; for the Pegasus: a few ideas; for Iggie: a scholarship to Pun State; for vacation. Been having Persh Blevins: less and less tuba his l's.

players; for Doc Livingood: trombone players from Brooklyn who will go back where they came from.

> From the staff, the Season's Greetings. Perhaps this expresses it: Have a happy holiday, With gifts and holly green! Big Apples morning, noon, and night, And sometimes in-between!

#### -00-NOTICE

Lea Dolan, business mannger of the Pegasus, nnnounces that taking orders for group and football individual pictures. The orders for pictures will be sent to the studio on December 20.

## Cagers Break Even In First Two Games

Defeat Moravian, Lose To West Chester

Starting the 1937-38 basketball campaign, the Washington College cage team split their first two games on the road by defeating Moravian 40-28 and then losing to West Chester State Teachers by the score of

Playing on a much larger floor than usual the Maroon team was at a disadvantage against Moravian, and as a result, was three points behind at half time. Beginning the second half, three Washington College shots from near the center of the floor, swished the net in rapid succession and wiped out the home team's lead and from then on the Maryland team was never slowed down.

Goop Zebrowski and Chuck Collins led the visitors scoring with 12 and 10 points respectively. Collins fired four of his five baskets through the hoop in the spurt at the opening of the second hair.

On the following night, Wednes-day, the Gold team of West Chester came from behind in the last few minutes to nose out the Shoremen 38-35. At the end of the first half, Washington led 20-16, but the sharpshooting of the teachers rolled up the score and outfought the boys from Maryland in the closing minutes. The Maroon team however played good ball and was beaten only by superior

O. J. STIME, Agent

Pictured above are members of the Wittenberg College basketball squad from Springfield, Ohio, which will help Washington College inaugurate the 1937-38 cage campaign here on Saturday night. The contest will be played in the Washington gymnasium, the usual Armory site being unavailable. The Wittenberg squad is on an eastern trip which will see them playing eight games before ending the jaunt next Tuesday. In recent years Wittenberg has produced some of the finest teams in the country, holding victories over Yale, Harvard, Princeton, Alabama, Cornell and Georgia Tech. There are six senior and one junior lettermen on the squad of eleven players making the trip here. players making the trip here.

## SPORTS COMMENT

Bethlehem, Pa. not be written in this column,

and perhaps we are off to a good night, start. Though the score was 40-28, the game was really very close, much closer than the score indicates. All the half we were behind and it took some exceptionally lucky outside shooting to put us back in the running. At the start of the game our boys seemed jittery and lost on the biggest floor we have ever played on. The court was exceptionally wide with numerous white and black lines on it were the center lines and ontside of trying to follow the shots up, he lines. But ofter a while the jitters seemed to pass and we held our own, the shots up, he will well deserve the title of master to fear from the clubs in our leggue, because I think. West Chester is hetalthough we still did not play well. At half time we were three points behind. It was not long though bebehind. It was not long though before we got the lead on some out,

#### MINUTES OF A CLASS IN PARL'MENTARY LAW

Professor Toll's parlimentarions resolved to have themselves a Christ-mas party, so at the heathenish hour of 8 o'clock on Thursday morning the class gathered in the basement of Hodson Hall

Then Mr. Harry J. Hicks, Jr., scting as chairman, called upon the Honor-able Professor to say a few words to the assembly on what Christmas meant to him. In a very few words succeeded in insulting his class, by letting it be known that one of the greatest pleasures of the Yule season was the absence of Parlimentary Law Classes. Wilmot then claimed the floor to report on the condition of the West Chester benches. They were sliverless and fairly comfortable, he said, and the Teachers were thoughtful enough to place fair young ladies right behind the bench to amuse the inactive members of the baskethall squad. Village Boy MacMahon gave a lengthy ora-tion on how he failed to make more then two points, and Pfund told ev-eryone how good he was.

The chairman then awarded to the good Professor, for outstanding services rendered, a box of animal crackers, which he selfishly refused to share with the group. Following the presentation, refreshments con-sisting of eider, which no one was anxious to drink at that hour of the morning, nuts, and oranges were served. One gallon of cider was untouched, but the chairman later reported it missing, voicing his fears Sigma Tau Delta's that someone in the group was capable of foul play. Mr. Howeth was awakened so that he might amuse the class with his rythmatic tickling of the ivory keys. Lefty Toll's, secing no opportunity of gaining the Monday night from 9:00 to 10:30. prowress, moved that the meeting adjourn.

Respectfully submitted, J. Oscar Zilch. Secretary.

#### OPEN LETTER

An Open Letter to the Board of Visitors and Governors of Washington College.

Gentlemen:

almost unanimous in expressing their many more. appreciation to you for passing a plan for student health service at your last regular meeting. This is an imsome years.

You know the conditions which have resulted here from a lack of adequate health service. You also know that the students recognized these conditions and hoped for their improvement-and sponded in such a way as not to disappoint anyone.

illness which might be detrimental to individual students' health, and against epidemics which might result in much suffering and loss among the students. But you have done more than that. You have made the Grade A rating of our College more secure by adding student health service to the progressive educational princi-ples which the College has already adonted.

We can assure you that the Stndent Government Association is behind you in this matter and is willing to cooperate in anyway it can e plan has already been put into effect and the Student Council certainly appreciates it. Especially are we grateful that the improvement hasn't cost us anything tem-

So we certainly thank you. feel that we are better protected and we are proud that we can now advertise that our College maintains stu- apostles. dent health service

Sincerely yours,

The Editor.

place around the College during the Date around the Conege during the "Our guarantee of compute lifer."

And nere's a quant one. It seems to be absolute. In that a middle-aged woman had fallen in the main corridor of William no other way can we discover the from a window into an ash can. A Smith Hall of sand jars as receptative, correct the half-truth and declarant passing by remarked; the for fragments of smokod-cigar-istroy the lie."

ettes. It is unnecessary to say that these jars are an improvement and should do a good deal in altering the appearance of the corridor floor. The students should appreciate the provement and should thank the in dividuals responsible for it.

But the appearance of the hasn't improved this week nearly as much as the Student Council and the Administration had hoped that they would. Not everyone who smokes i the hall has been using them. The floor still looks untidy because of the cigarette stubs strewn over it. In fact it is doubtful whether "Georgie the Gripe" can even find stubs enough in the sand jars for his smokes. There is no excuse for stubenous. dents not cooperating now. The Administration has noticed the need for the improvement and has responded. It can certainly be nothing but a trace of thoughtlessness that prevents anyone from depositing his cigarette in a sand jar rather than placing it on the floor. It is just as conventent to use the sand jars as it is to use the floor-in fact it is more convenient because one doesn't have to step on his cigarette when one puts it in the jars. Students are nrged to be just a little more thoughtful; even if some individuals don't care about the appearance of the hall, they should show their appreciation to the Administration to help to keep the hall clean. Remember-a little thoughtfulness will do much toward the improvement of the appearance of the

#### COOPERATION

The improvement of service in the dining hall and the added cooperation which is noticeable on the part of the waiters is indeed encouraging. The improved service has drawn comments from several students and The students at the College are certainly must be appreciated by

It is believed and hoped that the good service will continue because last regular meeting. This is an improvement which students here have agreed would be a step forward for some years. the service they get is unreasonable.

Students can now cooperate a little more. A suggestion which the waiters make is that students use the aisles between the tables when enter ing and leaving the dining hall rather than using the aisles between the aisles immediately to the right and Gentlemen, you are appreciated the left of the door is especially obfor having given protection against jectionable. The use of these outside aisles is criticized by the waiters us, comrade, because it inconveniences them in every hand?" serving their tables. The waiters have to waste several minutes every meal waiting for students to get out of their way

So, now the students are asked to grant a concession to the waiters. Again, a little thoughtfulness will help. Do yoar part.

New Haven, Conn .- In accepting the presidency of Yale, Dr. Charles Seymour pledged the University to "absolute intellectual freedom."

"We may look across the seas and take warning," the 52-year-old historian said. "The Yale atmosphere must be so completely impregnated with the sense of freedom that our students going from here will serve naturally and universally as

Dr. Seymour warned that "unless the complete spirit of academic free dom prevailed among students and scholars, freedom from external influence and internal pressure, One of the changes which took the first of academic principles."

"Onr guarantee of complete liber

## Varsity Hockey Selections For 1937 Announced

Selections Climax Successful Intramural Season

The women's honorary hockey varsity was selected at a recent meeting of the Board of Managers of the Women's Athletic Association.

The team follows: Margaret Bell Polly Taylor Inner Doris Unruh Center Forward Betty Smith Dorothy MacKenzie Wing Hazel Lynch Halfback Margaret Heinmueller . C. Halfback Lorraine Pink Dorothy Williams Fullback Jane Hinman Fullback Audrey Clough

Nancy Kane, Margaret Gardner, and Agnes Zaffere were given Hon-orable Mention. The selection of Varsity culminated a successful hockey season.

ers. But they don't pay off in class. The Ohio boys had so much superior height they could follow up all their missed shots until one of them finally caged the ball. Baltimore's tallest caged the ball. Baltimore's tallest mon is barely six feet while Ohio's players ranged to six feet six and a haif. Baltimore's best bet is Mike Pellino, probably the best besketball player in the State now. He directs the team and plays the bucket position as I have never seen it played. But even he, like the rest of Baltimore, tired and there were no remore, tired and there were no replacements to be used.

The game convinced me that we have a very good chance of knocking off Baltimore this year. Baltimore had always seemed invinceable to me for some reason, but seeing them lose was like seeing the Joe Louis superman myth exploded for the first time. They will have no one to compare with Zebrowski in size and will have an awful time stopping him. reserve strength is weak, while we have ten or eleven men, each of whom is practically as good as the next one The game with them will take place Thursday in Baltimore and ought to

## Fletcher Valentine knows tobacco values...like so many other independent experts he smokes Luckies!

'T'VE bought 4,000,000 pounds of tobacco at auctions in the past ten years," says Mr. Valentine, independent buyer of Westfield, N. C., "and my bread and butter depends on making the right bids. That's why I have to know tobacco values.

"Now I've smoked Luckies ever since 1918, and the reason is, they suit my taste to a 'T'. Nobody knows better than we tobacco men that Luckies are made of the finest center-leaf tobacco."

Yes-and that isn't all... Luckies' exclusive process, "It's Toasted" takes out certain irritants naturally present in all tobacco-even the finest! The result is that you will find Luckies not only taste good but are easy on your throat.

Surely, independent experts like Mr. Valentine make good judges of cigarettes ... Sworn records show that, among independent tobacco experts, Luckies have twice as many exclusive smokers as have all other cigarettes combined!

WITH MEN WHO KNOW TOBACCO BEST IT'S LUCKIES 2 TO 1

Dere Luke

Now that the holidy seesun is over an the gud-will spirut is fergotten, (luk at Jupan) I kin go ahed an gripe

The administrashun has placed the her ya nouse the size by the cases in New York at the Cort Thebuts in them pots, Luke? Not a one are Miss Bruce, although an Americae a haf inch! Now how kin a fellicame by birth, is of Spanish descent let smook butts like them, an kepe and this engagement, therefore, was his self-respeck? Why its a digrase a particularly congenial one with its ta call em butts! But I gess the fellers are gettin short uv muney, so Penella, one of Spain's foremost com they gotta smoak em longer. Acourse posers. thair aint nuthin you kin do about it,

ribly. The floor is alwaz dirty, 'sept when its swept in the mornin tan sumtimes I doubt if it is swept that Theatre Guild's "Peer Gynt" offen) an alwuz in turribul need of a washin. The pianner is taikin a awful beetin, too. Not only by the peepul Hamper, playing a wide variety of thet play hot jazz on it, but also by parts in their large repertoire. the peepul thet stan aroun it, beetin on it like a drum, an pickin on the strings like a harp. An it aint doin the pianner a bit a gud, besides soundin awful. An if ya try to close the part thet the music sets on, ya kin beer the grit grindin in the hinjes! An speekin uv grit, ddija ever notis what a swell plais the pianner top maiks ta write yer naim on? The dust is so thik on it thet it luks like it is layin on it in three or for layers.

By the way, Luke, when is the Exchaing Editur gonna stop this agitatin fer the "Bad Apple" (as one upponint uv the fad calls it)? Acourse I reelize that the cillige hasta keep up it trudishun uv bein the eleventh oldist collige in the cuntry, and thairfor must never be too close ta modern times, but caint he see that he will never git nuthin dun the way he is goin about it? Why, thair ain't evin anuther danse until the Joonyur Prom, in Febrooary, at which to do thet craisy danse!

Very trooly yours, Georgie the Gripe.

Miss Bruce has had the advantage came warm friends, a friendship of an unusually versatile experience which has continued through the They soon had their heads ican Academy of Dramatic Arts, also

Every city had its local stock company, visiting road shows from New York, and Shakespearean stars touring with their repertoires of the classics. Thus, Hendrickson, at an impressionable age had the rare opportunity of seeing the best that an opulent theatre had to offer.

After completion of his training at the American Academy, Hendrickson was unusually fortunate in almost immediately obtaining an engagement and with Fritz Leiber who, up until that time had been leading man for the late Robert B. Mantell, and was now starting his own Shakespearean company. After a season with Mr. Leiber Hendrickson's and Powell's paths crossed again when they both appeared in the same play on Broadway, "Spanish Love." Then their paths diverged, Mr. Powell's tak ing him to Hollywood and pictures, and Mr. Hendrickson's to more Shakespeare on the legitimate stage.

Then came a pleasurable associa-tion when Mr. Hendrickson was offered an engagement with the Shakes pearean company of Robert Mantell, and accepted. Unfortunately, toward the end of the second season the tour came to an abrupt end, the company closing in Columbus, Ohio, because of the critical illness of Mr Mantell. On the train to New York the idea came to organize the present company, under the leadership of Mr. Hendrickson and Miss Bruce. who was also a member of the Mantell company. The idea proved to be a very good one, Mr. Hendrickson and Miss Bruce having toured with their company each year since its in-ception, this being the eleventh annual tour of the James Hendrickson and Claire Bruce Company

## Sends University Of REMAIN UNDEFEATED Baltimore To Defeat Only K. A.'s and the Freshmen

#### Zebrowski Plays Best All Around Game In 58-47 Victory

The college basketball team made a real bid for the title of Flying Pentagon when it defeated the Universiof Baltimore 58-47, at Friends gymnasium in Baltimore, Thursday

Overcoming an early lead, the team led at half time 28-25. In the second period the Pentagon took command in earnest, running up a lead of 20 points with less then five minutes to play. Outside shots on the part of Baltimore in the last few minutes reduced it to eleven points.

Goop Zebrowski played what is credited as the best game of his college career. His excellent defensive work kept the Bees from finding the "hoop," while on the offensive he led the scorers with a total of 18 points. He gave an exhibition of versatility that is rarely seen on a basketball

Horowitz continued on his scoring streak with a total of 14 points. Lee has become a potent factor in the offensive play of the club with his sharpshooting in the last three games Mike Kardash, the "wee" man of the team, took third bonors in points with a total of 12. George Reisinger a deadly outside shot, and Mush Pul vino led the Bee scorers with 10 and 9 respectively.

The Kiblerites gave a neat exhib ition of foul shooting, making 14 on

near the top in Maryland collegiste Savage, center, was He was, in no small degree, responsible for the Mounts' success, and there is no reason why his pivot shots shouldn't be as hard to stop this year. Appichella has always been a more or less terrorizing name to Washington College basketball fans and "Appie" is going to be in there tonight, presenting a real scoring threat. Kokie is one of the best cagers in the state and he's going to have to be watched closely. Karpinski and Petrini are also names not alien to besketball.

But as formidable as the visitors may seem, they aren't anymore formidable than their hosts. Coach Kibler has found a combination which works exceptionally well together. Any one, or two, or even three, of the starters can be a scoring threat. The way Johns Hopkins, Western Maryland, and the University of Baltimore have fallen before the Flying Pentagon indicates that Washington College doesn't have many peers in Maryland cage circles. Horowitz, Zebrowski, Wilmot, and Kardash are four men you can bet on and almost be spre to win.

So it looks as if neither team will have a snap at the armory tonight. It also looks as if the ontcome of tonight's game may be indicative of the 1938 champions of the Maryland

> Yours very trooly, Georgie the Gripe

## On Detective Stories some to some pretty definite for most of the little success we have

"The Detective Story as a Literature of Escape" was the title of the lecture given by Dr. Ingalls Monday night, January 10. She introduced her subject with a classification of people into readers and non-readers detective stories. Readers consider detective stories an escape from the world, from literature, from bad writing, and from unclear thinking.

There are other kinds of escape, both physical and intellectual, in addition to the several less strenuous types. The writer of detective stories sees escape as universal. This is further ascertained by the observa-tion that the readers of detective stories are largely of professional groups, such as lawyers, doctors, and scholars.

A close relation exists between the bad club despite the fact that we best writer and the reader. The writer them by 21 points. They moved the is anonymous to the reader. The athletic department has requested that all students attending games at the armory are to sit in the stands on the left side as you enter the door. This is certainly a reasonable request as it makes things better for all concerned. There enough room there to accomodate the students comfortably. At the last game many students, mostly fresh-men who did not know the custom, sat scettered around the armory. Paying spectators are accustomed to going to the right stands and if there is not enough room there they must stand. So a little cooperation is asked of the students in this matter. It will be a big help to the cheer lead-

ers too, if everyone sits together.

From Mike Kardash, our little mental giant, comes a clipping from the Sunday American. It was headed, "Lucky If You're Short, Says Scientist." For Mike's sake, permit me (Continued from Page 2)

# S... after 31 Years As a Tobacco Auctioneer

## **Veteran Jim Edwards** tells why tobacco experts prefer Luckies 2 to 1...

"I recently sold 489,000 pounds all during a seven hour day, of tobacco in one 61/2 hour day," says Mr. J. N. Edwards of Farmville, North Carolina.

"There was a buyer, naturally, for every one of those 489,000 pounds... But there was as much difference between the best grades and the inferior, as between a pretty girl and a homely one.

"At auction after auction, I've seen Lucky Strike go after the prettiest lots of tobacco. It's no wonder Luckies taste so good.

I've smoked them siace 1917. "And another thing ... even after yelling out tobacco bids Luckies are still just as easy as ever on my throat."

Only Lucky Strike offers you the finest tobacco plus the throatprotection of the exclusive process "It's Toasted". This process rakes out certain irritants found in all tobacco-even the finesr.

Meo who know tobacco from Ato Z-experts like Mr. Edwards -are surely good judges of cigarettes ... Swora records show that, among independent tobacco experts, Luckies have twice as many exclusive smokers as have all the other cigarettes combined.

Sworn Records Prove 9t ... ITH MEN WHO KNOW TOBACCO BEST-IT'S LUCKIES 2 TO 1

In a utopian university there would be no degrees and no examinations, cular activities and its a wonder the Henry Black, of Harvard. but students wanting to know how they were progressing would consult boys and girls have any energy left a special testing bureau. That, how-ever, would be utopian. Dr. Clifford Kirkpatrick, professor of sociology at the University of Minnesota, thinks college life is a pretty complex af-fair for a large number of students. And that a good many of them are maladjusted.

#### AIR YOUR TROUBLES

A sort of underground discontent with the dining hall has been sensed around the campus during the past week or so. The dining hall has been the subject of numerous under-thebreath conversations in classes. has likewise been the subject of chats with members of the faculty. is a smouldering spark of dissatisfaction some place among the students, but so far that spark has failed to show itself in the form of a flame or even in the form of a recognizable

No one who has any authority in the dining hall or over it has been informed as to the cause for the dissatisfaction, consequently no action can be taken.

The dining hall authorities and the Student Council, representing the Student Body, are cooperating to make dining hall conditions agreeable to the greatest number of students. They believe that they have been fairly successful and are surprised to hear of rumors of the nature which have been circulating recently. They, however, are conscious of the dissatisfaction and do not wish to ignore They want to get to the root of it as quickly and as quietly as possi-ble. If it is with foundation, they want to amelirate the conditions so as to please those who are dissatis-

The Student Council asks any individual who is dissatisfied with any condition in the dining hall to complain to its dining hall committee-George Eisentrout, Ernie Shockley and Luke Bergdall. That committee will be glad to hear any complaints and the Council will be willing to talk the matter over with the dining hall authorities in an honest effort to secure satisfaction. Neither the Counhard to get along with and a conference with them will accomplish vastly more than uncomplimentary re-

-especially does no one want to see few attended.

crystalize in the form of disorder The lecture series will be discon it crystalize in the form of disorder when there is a logical way to avert timed if appreciation in it isn't it. The ELM, acting in the interests shown by attendance. The lectures of the students, the Student Council. (Continued on Page 3)

and the dining hall, requests that your complaints be openly aired to the dining hall committee of the Stu dent Council. If your complaint isn't worthy of a hearing, then for the sake of order, don't make it in the form of gossip!

#### HONOR CODE

President Horowitz of the Student Government Association has, elsewhere in this paper, made an appea to the Student Body to be especially careful in observing the Honor Code in spite of the strain of the approaching mid-year examinations.

The ELM hastens to support Mr Horowitz and the Student Council in this appeal. We can do no more than suggest that you read the ap-peal thoroughly and remember it while you are taking your examina tions.

A few minor violations of the Hon or Code might easily start a spirit of indifference toward the code and might ultimately lead to the failure of a tradition of which the Washington College Student Government Association is proud.

There are undoubtedly very few students here who would intentionally cheat even if it meant the difference between passing and failing an examination. But temptation sometimes becomes great, especially in a large and crowded classroom, so a glance at a neighbor's blue bookperhaps accidental-isn't above the most conscientious of us.

So we ask you to be careful and help to preserve the Honor Code.

#### COOPERATE

The dietitian has made a special request that students who are leaving the campus for meals let her know which-meals they plan to miss here. Last Sunday a great number of students left the campus, and the dietitian having no information concernprepared the usual be sweeping the campus. In The result was a opinion it should be "cut" out. ing the migration, prepared the usual amount of food. loss of food and consequently a loss to the students.

The dining hall authorities asked the Student Council for help in avoiding similar situations in the future. The Council suggested that cards be distributed at every table at the meal Friday evening and that every student who plans to be absent from meals over the week-end sign his or her name on the card. This vice should prevent waste caused by over-providing in the future if the students cooperate.

Every student is asked to cooperate.. Lack of cooperation means only waste of food and waste of food means waste of money from the dining hall appropriation. Waste of money, in turn, means that less money is to be spent on food in the fut-

Therefore it is to the interest of every student to take a few seconds to netify Mrs. Lawrence that he or she sin't going to be at a meal.

It will also be more convenient if students will announce their plans to have guests in the dining hall long enough in advance for the dietitian to prepare for them.

#### FACULTY LECTURES

The interest in the faculty lecture series appears to be falling off with lamentable rapidity. The lecture last Tucsday was attended by only two students and a handful of others

The absence of the students might have been because of the nearness of examinations-it is hoped that it was marks about the dining hall to other tstudents or to faculty members. No one wants to see dissatisfaction jority of college students, yet very

## But Branch Bobbitt, like so many other independent experts, prefers Luckies ...

"AT AUCTIONS in my warebouse in Farmville, North Carolina," says Mr. Branch Bobbitt, "the higher the tobacco sells for, the better my profits. So I'm always glad to see Lucky Strike buyers in there bidding. They know what they want and they'll keep bidding right up until they get it.

'Well-in a cigarette-it's the tobacco that counts. I know tobacco and I know what tobacco is in what cigarettes. So that's one reason I've smoked Luckies for 5 or 6 years."

Mr. Bobbitt represents the "aristocracy" of tobacco experts. He judges the tobacco that the growers grow. He's impartial, not connected with any cigarette manufacturer.

Many other experts agree with Mr. Bobbitt. Swora records show that, among independent tobacco experts, Luckies have twice as many exclusive smokers as have all the other cigarettes combined.

WITH MEN WHO KNOW TOBACCO **BEST-IT'S LUCKIES 2 TO 1** 

Its about time sumbody sed sumthin about them thair chanes thet we to waste. It may supply some mathin about them thair chanes thet we would be suffered for the Grapevine Editor and may be taken seriously by some of the Washington College's dubbing chin. An the wurst part of it is thet it is the stoodent's falt that they are Ed.) strung up, cuz they insist on cutting acrost them to save three er for steps. An it seems that it is the gurls thet do the most damaj, with thet cow-path they got down around the front uv the terris, frum the flag-pole to the the terris, frum the flag-pole to the college student! the dec. According to the college at ductor!

Why doesn't someone say some-cleven steps. Thet wad be askin too much ut worken he pore, fraile critters!! But the worken the mode to the college at the college at ductor!

Why doesn't someone say some-cleven step and the college at ductor!

Why doesn't someone say some-cleven step and the college at ductor!

I know one prof who owes eighteen them on the way down the steps, cuz them it doan take so very much eggs. sershun. And if thair reel tired, they can even roll down the hill. But Luke, va gotta admit thet them worn spots hev got ta be dun away with, an thet many an instructor. it duz seem a shame thet then onsitely chanes gotta be used. So meb- a sitely chanes gotta be used. So meb-be ya kin make sum kind uv appeel to the K. A.s and Nu's ta stop treskin outlines give him time to get out and acrost the grass along side uv Hodson Hall, an mebbe ya kin perswade the gurls ta use the walks a littul. Then when the grass is all groan in, they kin hev a softer plais ta walk on, an in the meentime them chanes kin be dun away with.

An Luke, wile I got this letter op- outlines, en, I wud like ta say sumthin about the game last Saturday nite thet seemed kinda crummy. I reelize thet the stoodents git all pept up about the game, espechully in the closin minits, and they kinda fergit them ularly gives me ten strokes and selves, but do ya honestly think thet all thet tensbun an exsitement is enny kine of a excuse fer booin at the uther teem when one uv their men is about to shoot a foul? Uv all the disgustin, crummy, unfare an lowdown tricks, thet taiks the cake. Mebbe it wuzzent only the stoodents thet do the booin; most likely their wuz a lot uv town peepul doin it to. But the fack remains, Luke, thet it sint fair ta the man doin the shootin, an it aint fair ta the reputashun uv the collij.

A Day In Reid Hall

Any Time To Study

by Hazel Lynch

Some 50 slarm clocks blare out in unison at 7:00 A. M., thus announcing the beginning of the day in Reid Hall. About 7:25 the coeds rise from bed and begin a mad scrable to get to breakfast at 7:30. How they do it is a mystery, but they usually man-age, arriving there however, looking rather wall-eyed.

After an unusually large breakfast of a cup of coffee and perhaps a piece of toast, the girls return to the Hall, From then until noon, the dormitory hums with the sounds of radios, voices, and people coming and going. After classes are over for the day, the bull sessions begin and last until time for supper. At this time each girl returns to her room to repair the damages of a hard day.

The busiest period comes at 6:30 when the coeds return to the Hall with their after-dinner dates. Then there is a lull at 7:00. About an hour later masculine voices begin sbouting for the girl on door duty and the coeds are ready for their dates. All evening the telephone rings and the lucky girls run up and down to answer it.

The business for the day ends at 10:30 and all except the occupants of the Hall are evicted by Mrs. Willson, and each door carefully locked.

Now begin preparation for retir-The hair is carefully put up in curlers and then the lights extinguish-By midnight all is as quiet as the night before Christmas.

### THIS COLLEGIATE

You'll soon be able to tell a Grin nell College man by the way he forks nell College man by the way he forks A second cousin of Greta Garbo is spinach, if the college "orientatation" output is a success. The Ogden, Utah. She scored 142 in a bottom of things proper table manner—is given things proper table manner—is given to feeshmen.

It is crammed with such posers as "when should you use a finger bowl? and "who should be served first at a formal dinner?" and "how would you eat sweet corn noiselessly?"

Stock answer by witty freshmen to the "formal dinner" query was "at a formal dinner, cocktails should al-ways be served first."

Students at Kansas State College, dissatisfied with college life, have or ganized "gripe sessions" at which they pan the faculty and aid their grievances.

Chief complaint of students as voiced at a recent meeting is that of compulsory military training for all men students. Other complaints were against college rules requiring students to attend assembly and forbidding smoking on the campus.

yelled at the psychological moment and as a result is soprano soloist in

The director of the choir was walk-ing dejectedly up the walk towards the main building one day, wondering where he was to find a suitable first soprano.

The coed, just then began yelling lustily to her roommate half a block

A few minutes later she was ranning scales in the director's studio. Now she sings first soprano in the roommate to bring her a package of

College men who are able to apply abstract knowledge to a concrete problem are in demand at the New York police academy. Three of the 143 rockies let loose from the academy have college degrees and more than 10 per cent have attended college for some length of time.

Fire of undetermined origin totally destroyed the chapel at Park Col-lege, Parkville, Missouri, causing an estimated 155 thousand dollar dam-

A cross-section of Hunter College students, in a voluntary peace poll sponsored by the World Youth Congress, revealed they believe that in case of armed conflict, the United States should prohibit shipment of munitions to all countries at war. They were divided about half and half on the question of whether they would fight for Democracy against Fascism or fight only in case the country is invaded.

Grave-digging is the means a student at the University of Ottawa uses to keep himself in college. He is now rated a "six man" by the grave diggers' union.

"Coke dates" during working hours are a privilege of the coeds who work in a shop near the University of Ok-lahoma campus. That is, as long as the shop is not bosy. Their employ-er thinks they come back to the job more alert and ready for work.

#### A NEW SEMESTER

Back to the old grind! Yes, a new semester has begun

The beginning of a new semester in College is something like a new year in the world outside—it is an the College certainly do not increase appropriate time to make resolutions. Everyone, except that distinctive group of "three-pointers", can easily see where he has made some mistakes in his scholastic achievements during the past semester, and probably eve one who has a perfect scholarship record for the past semester can recognize a mistake he has made in his social or extra-curricular life.

Now is a good time to determine to correct all mistakes. That's where the resolutions come in. This second semester will probably be im-portant in the College lives of many students here. For the seniors, it is an opportunity to establish a better reputation with which to challenge the world next June. To some seniors it is also the last chance to make up some hours, or to attain an index, or to pass a language test. To the seniors, then, this semester is more important than to any other group of

This semester is also important to he freshmen. They have just been thoroughly acquainted with There seems to be only one analthe freshmen. They have just become thoroughly acquainted with freshmen to resolve to pull up that index which was injured by stage fright or to keep that "three-point" which was attained in spite of stage fright. This is also the time for first year students to pick the extrawish to participate during their so-journ on the Hill. The beginning of this semester will also mark the first time that many of the freshmen men have been affiliated with a fraternity It would be apropos for them to re-solve to make their fraternity life pay them dividends and to pay dividends to their respective fraterni-

student which will accomplish much in enhancing the reputation and rat-ing of his Alma Mater.

This beginning of a new semester, then, is an opportunity for almost ev eryone to make an investment which will yield dividends to himself, to his fellow students, and to his College.

#### LET'S BREAK IT UP!

Editor-in-Chief All the world loves a lover. But Assistant Editor the little Washington College world Business Manager is beginning to rebell against some of the public performances put on by its lovers.

To speak very frankly, public neck Sidney Henes ing on this campus is becoming nau-John P. Blevins seating, to a few, abnoxious to most, Leon Horowitz and embarrassing to almost all of the William Doering non-participating individuals. Betty Smith tainly the best that can be said of the local billing and cooing "he men" and their "angels" is that they pre vide an occasional bit of amusement for their audiences and spectators.

No person who is not blindwhether he is observant or not-need informed of this public dis which goes on here every day. There is hardly anyone on this campus, faculty and administration not excluded, who hasn't walked in on a public "smooch" session-and why There is certainly no indica tion that the lovers want their necking parties to be private.

Campus necking wouldn't be quite so bad if only the individuals on the campus heard about it-or even saw But it never ceases when a mem of the College is entertaining a guest and wishes to show him the than one visitor has walked into the luxurious Hodson Hall clubroom and has had his face turn as red as the leather on the furniture thereit wasn't just a reflection from these coverings. The intangible assets of when it entertains its guests by giv ing them free tickets to necking parties-and most of the guests would much prefer some other type of entertainment.

It is hard to understand why any two young people choose to be public lovers. It has been said that can't stop young people from neckone wants to neck in public. Whether love is entered into from adoration of one individual for another, or simply for the purpose of getting a temporary sensation, it seems that it would accomplish its purpose much more readily if it were confined to some private or semi-private place where it's dignity wouldn't be injured by the ridicule and hisses of a ing, spectators.

No one wants to come between a couple of adoring and adorable lov-But when love reaches the pro-

washington College, its faculty ogy to draw. If public necking is members, and its social life. The embarrassing to students, faculty second semester is the time for the members, and visitors—and it certainly is; if it hurts the reputation of and if it betrays the true nature of in the number of broken hearts. love-and that can't be denied; there is no reason why it should be continued. On the other hand, there is

Voice: "Yes, this is Ruthie."

Andy: "It doesn't sound lika
Ruthie." Voice: "But I tell you this IS

Ruthie. Andy: "Well, listen, Ruthie, I can't

make it Friday night." Voice: "All right, I'll tell her when she comes in."

-Purple and White

With the basketball season in full swing, sports flashes are cropping up now and then. Says Loyela's GREYHOUND, just after our Mt. St. Mary's game

"Tom Kibler's Flying Pentagon from the Eastern Shore have shown that they are not to be taken too lightly, by trouncing Hopkins and Western Maryland in League jousts and then taking Jack Ogden's Baltimore Bees over the hurdles by quite a substantial margin. In this tilt, the Shoremen established some kind of a record by sinking half of the shots they attempted in the last half. They tell me that if a team makes only thirty percent, they are Kardash, a newcomer to the League, Zebrowski and Horowitz comprises a trio that is apt at any minute to go on a scoring spree which will spell Agnes got her three-point in spite disaster to the opposition."

A quiet room with lights turned lew. A soft touch on my shoulder, A warm breath on my cheek, A little face against my own.

Who let that darn cat in? -St. Joe's Hawk

Then Zebrowski found the range, after inumerable misses throughout the game, and Ace Wilmot dropped in a pair of timely shots after quick breaks for the basket. Washington first tied the score at 30-30 then went ahead, assumed the five point advantage with which teless, freezing the ball for the greater practice of the greater provided the provided provided the provided provided the provided provid

> accomplished. The games this month have borne out to this observer one significant fact. The success of our team depends upon the passwork of the five boys on the floor. Against Lovola we made a good start. It seemed that the game was under control, so the various players in the line-up at the time, began shooting wildly from the outside. This resulted in Loyola's pulling ahead like they did. In the Baltimore game, shots were still taken when the players were not set or from too far out. the closing minutes that the Shore-men began to pass the "apple" as well as they are capable of. From this point we forged ahead. The final goals by Wilmot, Zebrowski, and Neubert were all made from inside the foul circle. It is evident from our play that we need to play together well for future success.
>
> The outstanding individual play in

> our games so far this season, I think, is that of Baltimore's (or Rochest-er's) Mike Pellino. In two games against us he has scored a total of six points. But he has been responsible for almost all of his team's goals Though he doesn't run around much he is always in a position to make an unerring pass that often results Without a doubt he is in a score the best hall handler I have ever seen The way he moves the ball from hand to hand, winds it behind his back, and finally flips it to a team-mate is beautiful to behold. In two games against us he has yet to make a bad oass, though some of them were from the most difficult of angles.

In Wayne University we meet team that is better than the usual run of clubs in Maryland. When this was written they had lost only one game, that to City College of New York. One of its victims was the Wittenberg team that trounced us so Thursday badly before Christmas. night they met George Washington University. Our showing against Wittenberg should be more or forgotten, though, in thinking of our chances. Since Christmas the Maroons have played a different calibre of ball entirely. If we play up to our ability, Wayne will have a battle

Next week is an important week for us-perhaps the deciding week On Wednesday we meet St. John's in Annapolis. The Johnnies will not win the league this year, but they have a possible chance of beating any club in our league or any other leagne when they are hot. The Anna-polis boys are well coached and have two exceptionally fine players in

James Spielman, of Hagerstown, and Edward Cooper, from Baltimere, were elected class president and Stu dent Council representative respectively in the Freshman Class elections last Tuesday and Wednesday. John Selby, of Delmar, the former temporary class president was elected to the position of vice-president while Jean Wheatley, who lives in Federalsburg, was elected secretary, and William Buckingham, from Baltimore, is treasurer.

### 2 0 4 Mount Vernon Society Reelects Van Newkirk

An election of officers for the second semester was held at the meeting of the Mt. Vernon Literary So riety, Tuesday, February 8. The results were as follows:

President-Bill Van Newkirk. Vice-President-Jean Owens Secretary - Treasurer - Maurice

Sergeant-at-arms-Milton Glock. Board of Curators-Phil Hickman,

### Debaters To Sponsor Next Week's Assembly

The assembly next Thursday will G. S. Chooses Paironesses feature a debate between the University of Maryland and Washington College on the National Labor Relations Board question. George Eisentront and Luther Bergdall will represent Washington College, upholding the affirmative of the question.

### Twenty-One Men Pledged To Frats The Maroon and Black cagers, at- Here Last Thursday

### Lambda Chi Alpha Seven; Kappa Alpha Six

Fraternity pledging activities here dents of the three houses announced the pledging of twenty-one men, nineteen of whom were freshmen. This marked the end of a two-day silence period.

Theta Kappa Nu pledged eight men tricky ball-handler, he is enough to the largest number pledged by any give any guard a bad case of jitters. group. These pledges are:

Joseph Bremer Baltimore, Maryland. James Bush,

Annapolis, Maryland.

David Clarke, Ellicott City, Maryland.

Edward Cooper,

Baltimere, Maryland. Samuel Davis,

Federalsburg, Marvland, Robert Everett.

Smyrna, Delaware.

Reed Hartnett, Elkton, Maryland.

Harry Weir. Wilmington, Delaware.

Lambda Chi Alpha claimed seven

Alvin Coleman, Chestertown, Maryland.

William Fewke,

LaPlata, Maryland. Ogle Hess,

Hancock, Maryland,

Donnell Fraser, Baltimore, Maryland.

Joseph Purvis, Charlotte Hall, Maryland,

Jennings Tedd, Toddville, Maryland.

Albert Wharton, Chestertown, Maryland.

Kanna Alpha pledged six men: William Buckingham,

Baltimore, Maryland. Charles Geisler,

Baltimore, Maryland.

Robert Quillin, Ocean City, Maryland.

Harold Rayne, Ocean City, Maryland. John Selby, Delmar, Maryland.

James Speilman,

Hagerstown, Maryland.

All three fraternities entertained their pledges after giving them the Washington Meets Maryland On Labor Topic

Mrs. J. B. Whitworth, of Chestertown, Mrs. W. A. McGregor, of Wor on, and Mrs. Hiram S. Brown, of Rye, New York, recently accepted invitations to become patronesses of the Gamma Sigma Sorority. Mrs. Brown is the wife of Mr. Hiram S. Drama

### FRATERNITY COOPERATION

Silence period is over and the period of stress and strain on the Washington College fraternities is over.

Now, it is time for all fraternity men to renew their friendships with the men in all the other frateroities. This week bas been a trying one for every fraternity man. It has made practically every one, even if he is an idealist of the first class or the most fraternally lethargic man who ever entered a chapter bouse, wake up and acquire the traditional fraternity spirit. There have probably been numerous wishes expressed on the campus for the scalps of the Thetas, the K. A.'s, and the Lambda's. It has been a week of artificial, yet extremely realistic, warfare.

But it's all over now. It's time for the feuds to be forgotten and for the different houses to start cooperating again. The hatchet can be buried, a K. A. is no longer disgraced beis a Lambda disgraced because he beginnin to luk like it shud.

Peace and cooperation are going to reign agein. -00-

#### SCHOLASTIC RECOGNITION

The members of the junior and tainments were recognized by Honor Society at the assembly last got ta key sum place ta walk.

Thursday, cannot be excessively conthet rode happens ta be the or gratulated.

The attainment of high scholarship is certainly a primary aim of the majority of college students, and those who attain a really high scholastic record should be, and is, an honor.

Much has been said about the value of extra-curricular activities in collega life at the expense of scholarships. It must be admitted that activities do play an important part in college training, but they should not be allowed to entirely eclipse scholarships, since learning is the important thing to be gathered from a college course.

It is fitting then that every college should have an organization for the recognition of scholarship because the individual who attains high scholarship should be recognized.

### Alumni News

At the annual meeting of the Baltimore Chapter of the Washington College Alumni Association held in the Southern Hotel in connection with the Alumni dance after the Lov la game, January 22, the following officers were elected for the year 1938:

President-R. L. Langsdale, '10. Vice-President-Louis Goldstein,

Treasurer-Earle J. Cullen, '27. An executive committee composed as follows, was also named:

William Davis, '28, chairman; Richard N. Gamber, '34; W. Lester

Joseph M. McLain, '37; John W. Perry, '37; Robert L. Snyder, '37; Colin Hollingsworth, '33; C. Merritt Twilley, '18; Mrs. Louisa B. Matthews, '31; Mrs. Lelia Scott Barnes, ex-'05.

The Washington Chapter held an informal luncheon at Hotel Washington, January 29. In a busine meeting following the luncheon the

Next week is a rest week as far as the half. league competition is concerned, but there will be two important games at the Armory. Wednesday, the Uni-versity of Maryland will be met. The Terps have gotten Charlie Norton, their high scoring center, back into fold, and this fect may spell trouble for us. In my four years here, we have never beaten Meryland in basketball, and that's feat I'd certainly like to accomplish I personally believe we have as good a team as they have, but the question mark lies in whether or not we car break through Maryland's perennial zone defense. Our experience a-gainst this type of defense has been limited. The only team to us against us was a rather weak Moravian team on an exceptionally wide floor. If onr passing is deceptive enough, we stand a good chance of winning the ball game.

According to the plans of the Varsity Club, this year's Gymboree will contain several new, more interesting features than bave been presented in other years. Of course, the In-State vs. Out-of-State game has become a classic and will take place as usual But the chances are there will also be a game between Chestertown High School and enother school. Those who have managed to drop into the gymnasium on Monday or Friday nights bave seen some mighty interesting basketball from the "little fellers." Their play is, without excep-tion, hard fought and high spirited. Coach Kibler's son, Jack, is one of the brighter lights, and it will be interesting to see him perform on the Armory floor.

Another possible new feature for the Gymboree is a polo or hockey Kardash will also present his interpretation of basketball as played by Hank Lusette and Mike Pellino. Other new contests will take place, but are not ready for announcement

#### TRADITION MODERNIZED

As Washington's Birthday ap-As Washington's Birthday ap Council. Every student, whether he preaches every year, the history and he and a community spirit or not, hes the traditions of Washington College are recalled. It is well that this room, he is helping himself. It is Chief aide is Smith who puts the should be the case. A college which hoped, therefore, that more dorminas enjoyed an existence of over a tory rooms will be improved.

The Women's Stude Council is colled Dr. Jeckyll Davis brags about tracking down on the smoochers. everything, but that red-heated we would never the same of the control of the con century and a half and has been dirconnected with the Father of our Country can profit by studying its history and the traditions which have grown in and with it.

A century and a half of educational service is an achievement of which any educational institution can be Especially should a college be proud when it has given so much service and has progressed with education itself. Yet with all the progress that Washington College has made, the original purpose of the College and many of the traditions upon which it was built remain after one hundred and fifty years.

Washington College is still a small can be had at a small college. Friendago, is still a tradition among its stueducation to its students-one based entirely neither on the classics nor on cold technical courses,

The substance of the whole matter is that our College is still serving the educational world in a modern manner and is preserving its rich traditions.

Modern educators approve of the College; if Washington were to return he would approve also.

#### -00-IMPROVED ROOMS

fiting the College by the policy which they have adopted as a means of imbeing domineered by husky superior proving the rooms in the men's dorm- athletes. itories.

This plan, which allows any junior be complete without paying a tribute or sophomore who definitly improves to the athletic department for spouhis room to keep it the next year, soring the system and especially to should result in many dormitory Coach George L. Eksitis for his patirooms taking on a more respectable ence in assuming the responsibility of

cated that they wish their rooms to be improved because they have alimproved them for this year, 26 to May 29, except holidays, by and for the interests of the student of the student of the year. But the Rusat the end of this year. iness Manager and the Student Coun cil have now made it possible for in dividuals making and maintaining de finite improvements in their rooms to keep them. This does away with all risk and should be a further incentive to men to improve their rooms, mak ing them more pleasant and home like.

It is hoped that the men will take advantage of the concession made to them by the Council and the business office. There are numerous advant ages to be gained by the improve ments which should result from this policy. Both the student and the College are bound to benefit.

The student will benefit because an improved room will provide a morpleasant enfironment for him. He will be better able to study in his "home" than in the unimproved sleeping quarters which he now occupies. It may also save the student some money. It is improbable that anyone is going to allow school prop erty in his improved room to be dam aged, because such damage will hurt HIS room. Therefore the breakage of College property will be decreased and consequently there will be a reduction in the amount of damage fee which the man has te pay

The College will benefit because of the improvements in the dormitories Visitors in the dormitories will be impressed by the improvements.

The student can't ge wrong in taking full advantage of the policy of the Council. Every student, whether he

### THE GRAPEVINE

by Bill Desring

In the parlor there were three She, the parlor lamp and he; Two is company, no doubt So the little lamp went out.

The doctor was confident, but he continued to hold the still, white form in his grasp. Those who watched for his next move were powerless to stop him. Had he no mercy? Would he not listen to the soul-stirring pleas of those who only looked with anguish in their eyes? No, he would not stop. He would go through with his cruel plan. The enlookers were resigned to their fate as the doctor glanced at the little white form. Then with a cynical look in his eye he took the chalk and put the exam on the board.

-Greyhound.

In Loyola's Greyhound our attention is called to the effects of Coach Kibler's boys:

The fatality toll that has resulted from the last-minute losses to Hopkins anl Washington College and the final-period win over St. John's has been enormous. Mutilations of hats, handkerchiefs, fingernails and the features of the spectators have reached alarming proportions. Nerves are at the breaking point. In fact, there is a story going the rounds that is fast becoming a legend. It tells of loyal Loyola alumnus, who, after College moonlight nights, in the vicinity of the swimming pool and murmuring in his beard appropriate remarks about the vagaries of fate.

### Italy's Power In MEAD REPORTS Mediterranean Is Assembly Topic

## Italian Naval Activity

"Three quarters of the frontier of dent of the local group.

Italy is washed by the Mediterranean. National participation was climax-four fifths of Italy's commerce: is carried on by sea. Thus Mussolint's elected "Y" president, was elected to words, 'If for others the Mediter-ranean is a road, for us it is life!", the Middle Atlantic States. Wiles are literally true."

ity on modern European history, in his address entitled, "Italy's Position in the Mediterranean," which featurer the convocation exercises during Thursday's assembly period.

Dr. Greenfield pointed ont how of "Mare Nostrum" fell under moslem A. was reopened for "Eastern trade by the Northmen in the 12th century.' He spoke of the days when Venice and other Italian city states again became the dominant powers of Europe and controlled the sea, then told of the decline of Italian power after the 16th century. Then Dr. Greenfield showed how the advent of steam and the opening of the Suez route again made the Mediterranean an important waterway

event was the Indian mail. The spinevent was the Indian mail. The spin voort are in charge and Jones are the al cord of British imperialism ran McCalley, Hess, and Jones are the "Y" through the Mediterranean. The new kingdom of Italy subordinated its Vespers will be under the supervisambitions to the will of Great Brilion of President Wiles. Eisentrout. ambitions to the will of Great Bri-tain. The Italians soon had to swal-Glock, and Leimen. The "Y" room s low a bitter dissapointment—the oc-cupation of Tunis by France. As D. Cooper, Wharton, and Coak.' Italy gained power she increased her influence. Italian colonization over- cussed the possibility of converting took her strength.'

Italy's efforts to regain control of the trade routes are evidenced by the tendency of her colonies to range Tentative Plans For Frat themselves along the route to the East. The wisdom of this is seen by the new importance the by the new importance the Medi-terranean has acquired since the war Formal Will Be Sponsored By Ware, Juniors because of the colonization of Africa and the rapidly increasing flow of raw materials to England from her colonies. At the same time, Dr. Greenfield pointed out, the Italian navy is now the strongest in the Mediterranean and her merchant

face of Italy's power in the air and on the sea, the British could not de-pend on Malta. In case of war Engpend on Malta. In case of war Eng-land would probably have to sbandon the use of the Medierranean, which of the dance. The committees are she could well afford to do. The British are prepared to go back to the Cape Route to the East if the Mediterranean is closed, but she could not do this if American supplies of fuel oil were cut off by American neutral- Beckham, Gilbert Mead.

Thus Dr Greenfield showed that the Mediterranean, now practically controlled by Italy, may well hold the Shorb key in the next European crisis. In conclusion Dr. Greenfield pre-

dicted that, considering the British desire for peace, England will make

"The British desire peace; that is all we have to cling to in the dark."

### RECOGNITION FOR REPORTERS the bed.

the issues of Volume 38 of the ELM begins. have left the presses-and after all issues are the means which the editor uses to measure time.

It has been some time since these and West Hall teams. columns have commented on the polrecognition to that integral, yet prac- witz. Either dead, asleep or hiding. tically ignored, part of the staff known as reporters. It was part of the policy of the ELM this year to secure recognition for its reporters, gument. but so far the policy hasn't been carried out to any appreciable extent.

deserve recognition. They do have a thankless job-and all they get for it is the satisfaction of seeing their articles in print. The rest of this year should be devoted to the ELM The editorial policy of the paper has been fairly well established and has been accepted by members of the staff other than the editor. Therefore the ELM for the rest of the year is going to be run by the as much as possible-and credit will be given whenever possible. It sterling, Sutton, and Hartnett) start is hoped that the ELM will continue for town. Show and ???? express the opinion of a majority of the students and will be more interesting than it has been during the semester just past. It is also hoped that the paper will contain more features than it has in the past.

The staff probably owes the students an apology for the apparent large proportion of advertising which it has published this year. We have been in the unfortunate position of having our rates out of proportion with space—and these rates were inherited. It is difficult to increase advertising fees or to decrease space writer's Trig assignment. Answer's when advertisers are used to rates. This explains the volume of advertising which has been carriedit is hoped that some improvement hurry up for their mighty expedition can be made next year.

# AT ANNUAL ASSEMBLY Faces P. M. C. In

### Cadets Seek Revenge For Defeat Earlier In Season

Washington College will encounter it's last court foe Saturday night at the Armory when the "Flying Pentagon" meets Pennsylvania Military College, of Chester, Pa.

Washington College easily defeated the Cadets earlier in the season when they piled up a 23 point lead before the boys from Chester scored, However the Cadets soon scored and the game became more interesting.

After the St. John's game Tuesday

night Maroon fans may look for a vernon To Hold good game. As a result of the previous encounter P. M. C. will be out for revenge. Since playing us, the cadets have beaten Delaware and Moravian.

Wilmot and Horowitz will play their last game for the Shoremen Saturday night. Both have proven The Mt. Vernon steals a march on valuable assets to the Maroon work, and superior defensive play.

This year Horowitz has proved to moments.

### Biological Society Hears Address By Charles Anderson

### Mathematics

The Carpenter Biological Society held its monthly meeting last Tues-day night, March 1, in the Biology Laboratory. After a brief business meeting, at which John Blevius presided, Charles Anderson gave an interesting talk on "The Relation of Mathematics to Biology." He brought out the importance of mathematics in the workings of genetics and, by actual measurement of persons present, made an experimental graph showing the correlation between heighth and arm spread. Refreshments concluded the evening.

The society is expected to attract much interest in the spring by a ser-ies of nature and bird hikes. With the able assistance of Dr. Corrington, head of the Biology Department, the society has been established on firm and definite footing.

### Dr. Ingalls Speaks At Cercle Français Meeting

Dr. Gertrude V. Ingalls was speaker at the meeting of the Cercle Francais in Reid Hall on Tuesday, March The subject of the talk was "French Influences on English Literature." Dr. Ingalls traced French influence on all forms of English lit-erature from the time of Chancer to

The group sang French songs and ended the evening with refresh-

modern literature.

### VARSITY CLUB MEMBERS TURN BOTH BARBERS AND CHEFS FOR INITIATIONS

Washington College Varsity Club initiated eighteen new members, but the Luke Bergdall. newcomers did not appreciate the introduction and voiced their oninions accordingly.

Not content with the wielding of brooms, the eating of sundry things icy, that of cutting the hair, or rather, the destruction of the hair. This practice even astounded some members of the club but those wielding til they had completely demolished It was also decided that the ban- any sign of regularity of the doom-

### .... AND HAIRCUTS

To the Editor of the Elm: Dear Sir:

Practical jokes are often good humor, but when they ininnocent bystanders, I think it is time to call a halt. The Varsity Club's idea of likening its initiates to lambs was a cutting joke, but it failed to think of our good friend Cap O'Brein. How will poor Cappy be able to get those six or seven bottles of "milk" he has become accustomed to drink ev-ery Saturday night? Some students have questioned whether the action could be laid to juvenility or barbarism. Cappy is under the impression it was anti-barbarism. It seems the idea was shorn of forethought. It might also be pertinent to point out that President of the Y. M. C. A. stated in his assembly address that he was glad to honor these seniors who for four years had not lost their

The Pentagon has won thought. fourteen games and lost six, averagfatal to the team's aspirations to the ready for dinner. state championship, but it must be accepted philosophically. The players feel disheartened and need, more PLAYERS WILL PRESENT than ever, the support and good will of the students. They deserve com-mendation for their effort and for mendation for their effort and for "Ontward Bound," by Sutton the good work they have done. There Vane, will be presented by the Washenthusiasm and interest as hereto- Coberly. fore, and give their full cooperation and support to the team who doing characterized as exceptionally well to win. always been ready to give up at the in order of their appearance: first sign of defeat, to lose all spirit and interest, and to complain of and criticize the players. But this is not the way to support your team. Let ns congratulate the boys because they Bank. have fought a good fight. And let us turn out in a body tonight for the last game of the season and show the team that we are behind them, rooting for them and proud of them.

### GAMMA SIGMA VISITED

Mrs. John Harlick, and Mrs. Linden Crone, of Washington, D. C., representatives of Zeta Tau Alpha, a national serority, were the guesta of Gamma Sigma sorority on Tuesday, March 1st. Mrs. Harlick is a Province President of Zeta Tau Alpha. At a meeting of the Gamma Sigma

sorority on Monday, February 28, Dorothy Leonard was elected Sergeant-at-Arms, and Jean Wheatley was elected Elm reporter for the aorerity.

Professor Lawrence Ford recently pledged to Beta Omega of Kappa Al-phia. Professor Ford was formerly Kappa Alpha.

#### **Grand Central Siesta**

(Or An Afternoon

In Hodson Hall) By Norma Rubin

The crowd thins for 1:15 classes and only the hangers-on remain. Harry and Stack stay at the piano till the last minute and Mrs. Hodson raises her eye-brows at the hot "clas-sics" they pound out. There are still a few plaintive appeals from the unfertunate- "Got a ping-pong ball?", and finally they too, leave, discouraged. Comparative quiet.

Then Herbst arrives, fortified with a sheaf of music, to attack the piano viciously with tender melodies-special arrangements and everything.
When he comes to those Jeanette
MacDonald arias, Unruh, who has been hiding in the corner, can't resist the temptation and warbles "Ah Sweet Mystery of Life," and "Indian Love Call," with vigor-nntil she hits those high notes.

About this time, our attention is distracted by a sort of a whirlwind with an inferiority complex. He removes his coat exposing several inches of shirt-tail, and prepares to slaughter a few innecent victims at the altar of ping-pong. Stradley puts up a gallant battle against our tempestuous blend friend but of course he doesn't stand a chance against that championship form. Those mighty swings of his are dangerous, that crouch deadly.

A few young hopefuls straggle in with a gleam in their eye that looks like, "Study," but they are soon dis-couraged by the Grand Central Station atmosphere.

#### MAROON AND BLACK TOPS GREYHOUNDS

Washington College overcame and topped Loyola at basketball, 48-32, in one of the crucial games of the stretch drive of the Shoremen for the Marviand league champion-

Loyola led throughout the greater part of the first half, once by as much as six points. Washington rallied near close of the period and nosed in front, 20-19, as the half-time gun sounded. The second half was pret-ty much of a rout. Washington a-handoned its zone defense which Loyola had been negotiating with frequency and the man-for-man check stopped the visitors as Zebrowski and Company went into high.

#### BIOLOGY DEPARTMENT **MAKES IMPROVEMENTS**

#### Museum Collection Received By College

Improvements in the Biology Department this year have featured new lighting system, new cases and cuphoards. In some courses the entire equipment necessary has been gotten for the first time.

The lighting situation in the biolo gy lab has been poor and insufficient for a number of years. This year the department got new goose neck lamps with a light diffusion attachment. The lights have proven successful for both dissection and microscopie work

Many new cabinets and cases have been added to the lab. fourth floor the space used for storage of biology equipment and materials has been enlarged and shelves added. This work was done entirely by members of the department. New Materials Civen By Museum

It is with a great deal of pleasure that the head of the department announces the gift of a collection of mounted fish, amphibia, birds, reptiles, and mammals. The States National Museum is the donor of this valuable collection and expects to make shipment in the very near future. More than 250 specimens have been asked for but it is not yet known how many of those requested will be received.

In actual equipment for courses the greatest improvement has been made in the course in Comparative Anatomy. A very complete selection of skeletons of the three groups has been secured since the beginning icine or biological work. It is made who are not fitted for a professional career in biology.

In the Biology 1 and Genetics courses the main increase has been in lantern slides which are indispensable for these two subjects. The The administration appealed to the students earlier in the year when the general microscopes but lacks a high field director gave a short talk in aspower oil imersion binocular for de-

### Wash gton Five Wins Over P. M. C.

#### Locals Take Final Game By 78-49 Score

The Washington College basketball team closed its 1938 campaign last Saturday night with an overwhelming 78-49 victory over P. M. C. on the local Armory floor.

The Cadets took an early 8-6 lead and the game showed all indications of a thriller. But after overcoming the premature lead, the Maroon and Black turned on the heat and put on one of the finest scoring exhibitions ever witnessed on the local court. Both teams were "on", and the count piled up like Rockefeller's income-tax returns. At the end of the period Washington held a comfortable 45-31 lead, which was enough to win any ball game.

The second half was a duplication to their first period score and held

the Cadets to 18 points. The game marked the close of brilliant playing careers for two of Washington's outstanding basketball Lee Horowitz and Ace Wilmot, turning in the finest performances of their college careers, sang a fitting swan song. Both men show-ed their value to the local quintet when they scored a quarter of the night The lineup and summary:

SENIORS DEFEAT SOPHS Unruh And Dorf Lead Scorers In Intra-Mural League

The Seniors and Juniors won over-

The Seniors swamped the Sophomores 34-3, thereby adding another victory to their laurels. Doris Unuh was high-scorer with 22 points.

The Juniors defeated the Fresh-an 29-10. Frieda Dorf was highman 29-10. scorer in this game, tossing up 25 points for the Juniors

The Seniors are out to hold the championship they won last year, and so far the only dangerous opponents have been the Juniors. However, the outcome of the game between these two teams last week seems to decide the issue, the Seniors defeated the Juniors, 15-11, in the battle of the century. The Freshman team has very good

basketball material, but needs a litexperience. Mary Monroe and Virginia Nocke are the most promising players on the Freshteam in their respective positions of forward and guard.

#### A STEP FORWARD

Dr. DuPuy's talk on syphilis in the Y. M. C. A. meeting on Tuesday night aroused much discussion on this camaroused much discussion on this cam(Editor's note: This article, quoted directly from "The Telegraph," Wassermann test be included in the Chestertown, Maryland, appeared dents seems to be both wise and pertinent.

According to statistics, syphilis

ranks high, if not first, among the Washington College.) causes of death. Leading syphilologists in the United States are now waging a war with the frank objective being the control and ultimate extermination of this dread disease More and more they are being aided by public opinion and widespread Without these factors vicpublicity. tory would be well nigh impossible. Doctors can make little headway unless syphilis victims are fully informed, and voluntarily seek medical aid. The traditional ban on the mere mention of the word must be dropped.

The Wassermann test bas heer found to be invaluable in the detection of syphilis. Some states require browski was reelected, having ser Wassermann tests before issuing as number one since last October. marriaga license certificates. Many hospitals make these tests compulsory for admission. The test is now rontine part of pre-natal care. This public recognition of the importance of the Wassermann test speaks for itself.

The symptoms of the initial stage of syphilis are often practically in-discernible, yet at this stage the disease is terribly contagious. The symptoms disappear so rapidly and Although Dr. Gornan has never becompletely that the victim is often lulled into false security. Eighty he is well known to most of the Balpercent cures are possible at this that the Wassermann test is most important. If everyone would voluntarily take this test, and thus cooper-

### Fire

Between the hours of seven and eight o'clock last night, an alarm of soon discovered that it proceeded from Washington College. The fire originated in the cellar under Common Hall, or center building, in a quantity of fodder and hay. It is not known whether it was the effect of accident or design. Our village engine arrived on the spot in a few minutes after the alarm was given and while the flames were confined to the cellar, but owing to a scarcity of water could not extinguish them.

Sidney Henes The fire continued to increase with John P. Blevins redoubled fury, ascending through Leon Horowitz the common hall to the roof, and from William Doering thence extending along to each wing the whole buildingy was soon wrap ped in one sheet of vivid flame. never witnessed a more awful and sublime sight. In a little more than two hours the whole building was de stroyed.

We have the satisfaction of knowing that all the most valuable furni-ture of Dr. T. Clowes, Principal of the Institution, was saved. Mrs.
Sarah Blake who kept a boarding
house in the west wing, we believe, lost some of her furniture, which could not be got out on account of the great quantity of smoke arising from the burning of the hay in tha commencement of the fire. Mr. Joseph M. Duncan, vice-principal of the College, is also said to have lost a number of valuable articles

The cornerstone of this edifice was laid we believe, about the year '87 or '88, by that great apostle of freedom whose name it bore. Many worthy men, filling various public stations in Babvish: our country, received their educations in this Institution.

This should not be continued in the twentieth century.

that in a university. Many times the small college tries to keep up with san the university, but it should be faith- fee ful to its own set-up. America has fall to its own set-up. America has a much better chance to preserve her educational system than many countries in Europe.

America has were Miss Bradley, Miss Snodgrass, and Miss Thelma Smith ,one of the Society's original founders.

The small liberal arts colleges such their standards.

Dean Gorman told of the origin of the Jesuit Order and Jesuit College. Greek letters, Sigma Sigma Omicron The Jesuit Order was started by a as a name in the monthly meeting group of Catholic priests who were held on Thursday night at 7:30 in interested in converting the people. Reid Hall. The Jesuits were not originally organized to teach. Teaching came about through the admittance of colington College through scholarship. lege students into the Order. The education of these men had to con- nual banquet, to take place in tinue, so it was up to the charter April members of the Order to do this. A home was established for these men. freshments were served. Here they held these classes. This was the first Jesuit College.

At first clergical work was the only thing taught at this type of school. Now all of the Jesuit Colleges offer liberal arts training.

During the 16th and 17th centuries Jesuits were masters of education. In the 18th century their standards fell, but they were partially restored in the nineteenth century. Today Jes-uit Colleges are among the best.

The plan of the Jesuit College was established in the sixteenth century by six Roman Catholic priests. After several years of planning, these priests finally presented the "Russio Studiorum." This document had Studiorum." This document man three provisions-thorough training in classics, a good background in elocution and rhetoric and educational devices which included competition, French Play To Be Given repetition, and pre-lecture. The great aim of a Jesuit College was then and is now "efficiency in stu-dent, master, and teacher." This group of educators has always maintained a system of efficiency and

Good, clean living conditions are a prime requisite to personal health and mental placidity. Improve our living conditions and you will effect

### A Fatal Duel

It was in 1805, when I was a student of medicine under Dr. Browne ington College, the eleventh oldest mattering of higher learning in the Anderson, Jr., and Edward Peerce, a United States. Founded at Chester-classmate of mine at realize dent of law under Mr. Barroll .- all in Chestertown. One day Pearce called at Dr. Browne's office and asked me to take a walk. During the Wilson had challenged him to a duel Wilson had challenged him to a dual. I was thunderstruck, and herged to be permitted to make an effort to produce a reconciliation between them, as the cause of the quarrel was certainly quite trifling and puerile, viz: a tusseling while in bed together, ending in a fight. He positively re-fused, as my great intimicy with him would certainly make Wilson think that I did it at his suggestion, and that he did not wish to meet him (Wilson) in a deadly combat. He then engaged me to attend him as a friend and surgeon; though I was utterly ignorant of surgery, then, I submitted. Robert Wright, son of the old Governor, was to be his sec-

The day before the intended meet ing, just over the Delaware line. above Millington (then called Head of Chester), we started, through Queen Anne's. Pearce, Wright, Woolman G. Spencer, a tailor of Chestertown, who made the dueling suit and had a strange fondness for dueling, and myself in company,and before or after us (I don't re-member which) Wilson, Alexander Stuart and probably one or two more We all put up at a tavwe went to bed, Wilson through his word was given by Wright and Pearce After a long winter's hibernation fired. MISS BOBBY BURTON

### Promising Baseball Squad Reports

### Newcomers Encouraging To Watch

With only two week's training. Washington's baseball nine is in almost mid-season shape. Coach Kib-ler says the team handles the ball better than ever before this early in the season. With only Evans and Tur-ner lost from Washington's once-defeated squad of last year, the team should be one of the best Washington ever had.

There will be a hard fight for every position. Pfund, varsity catcher from last year, is being hard-push-ed by Bremer. Smith, last year's first sacker, has a hard battle against Fetter for the post. Smith made no errors last year, but Fetter is also fast and accurate. Fetter is a pow-erful batter and this may mean the

About the closest battle is being fought around short stop and second hase. There is little to choose among Kardash, Howeth, and Geisler. They ara all fast men and hard workers The pitching department should be one of the strongest on the squad. Coppla was practically unbeatable last year, while Selby and Rayne are well known on the lower Eastern

In the ontfield Tom Kibler may find his greatest problem. A Kent boy, Urie, of Rock Hall, looks as good Helen. afield as Bill Nicholson in his prime but hasn't struck his hitting stride as yet. He shows great possibility friends. if he can find himself at the plate. Rambo fields well and hits as well as anyone on the club. His weakness is an arm that reminds of an old women tossing stones at an erring pup. Ross is another outfield candidate with possibilities as are Cain and Dudley, the latter a Church Hill youngster. And it is a pretty good bet that Copple will play plenty of outfield when not pitching and if Long John Selby lives up to advance reputations as a slugger he, too, may alternate be-tween the mound and the ontfield.

season opens on Washington's April 13 with West Chester. Between that time and now there will be a week of spring vacation followed by a week of practice before the opener. If good weather prevails the Shoremen should be ready for the

pered around that Luke and Kay dit use the debating—and why not? Unless that and Kay's it are enough to slay any dern judge.

The debate was on the power at the National relief board or some thing. It deem't matter because thing at dealer the new either, which was the thing the thought that Mamic Danis was the thing thing the thing th Roocked us off in the first round.

They won 2-1 which shows that one judge listened anyway. The debatone, too.

team added another defeat to its loug legians at home. Nobody knows how string last Wednesday when they many of them would have had a restring last Wednesday when they many of them would have had a 'ee' to go to the gym, he doesn't wear of journeyed all the way to Baltimore lapse if the Titsworthers had won. A bathrobe, because he knows the girls to cop the booby prize. It wasn't reversal of form like that is likely to any ordinary defeat. Why, there cause almost any kind of a catastic state was the course of the work of the control of the c which shows ta go ya they can always find them there. (Figure that one free bicarbonate, be depended upon. It's been whis-out.)

## Burrell Discovers The Truth About Fire Sour

The truth of the great fire of 1827 which destroyed Middle Hall, has been discovered by Betty Burrell.
The mildewed document, prettily
wrapped in pink ribbons, found during last week's Document Tea, dis closed the shocking truth that women and liquor were the cause of it all A slight brainstorm takes us back the scene of the action. Time: The night of January 12, 1827. Place: The Washington College Campus. Action!

The night is calm and peaceful, disturbed only by a quiet gurgling and cooing, seeping from a basement room in the magnificent college building. The starlight twinkles down upon a pile of empty bottles

piled ontside the door. With a clinking sound another bottle emerges ing sound another butter emerges from the cellar window and lands atop the pile. We creep silently to the basement window and stealthily peer inside. What! Is this merely peer inside. What! Is this merely a storeroom for hay and fodder? No, we can discern in the dim candle light many couples, smoothing hap pily, oblivious to the clicking of the dice and the jingle of the coins roll ing on the floor, accompanied by low curses and exclamations, as the players in the corner win and lose. scene is familiar and we smile hap-pily, thinking of the happy afternoons in Hodson Hall.

Suddenly the door bursts open, and a freshman dashes in. "Hide. Here comes Dr. Flowes!" He stage whispers, and with a scuffle, a keg of beer, half a dozen assorted bottles, and a dozen odd students are buried in the hay. A hand reaches out and snuffs the lone candle and the room is dark and quiet. The door re-opens and Dr. Flowes, with Mrs. Sarah Plake, the College boarding house keeper, on his arm, is seen in the doorway. They walk mineingly over to the pile of hay when, just as Buffington? they are about to seat themselves, a from underneath them hiccough startles Dr. Flowes and he drops the Buffington for the rest of the week.) lantern on the hay. Instantly the hay flores up, and the pile disgorges frantic students, racing pell-mell for have we mentioned Buffington. (YI, the exit. As the last maiden dissapears through the door, Dr. Flowes picks himself up, steps squarely up-on the now prostrated Mrs. Plake, and flees. A student rushes back into the now blazing inferno, reaches under the edge of the hay and grabs a half full bottle, pulls Mrs. Plake to her feet, scoops up the coins in Note Book: the corner, and runs.

We step back from the window, aghast with forebodings, to watch the fire. The blaze is already out of control and is spreading rapidly through the basement. The air is torn with screams and cries while everyone that is able to walk dashes from the burning building. A Sen-ior suddenly appears framed in a second story window, calls drunken-ly, and jumps to the soft earth, where he lies in a stupor. A scant-ily clad co-ed is seen crying for help from the window of her room, and the entire male contingent runs in a hody to eatch her. Mr. Puncan, vice-principal, vice leader, is held back by firemen from returning to Hoppe has. weeping, to the ground.

In a few minutes the entire build-(Continued on Page Thorteen)

#### RELUCTANTLY, WE ACCEPT

It is with reluctance that the ELM officially accepts the resignation of its Sports Editor, Leon Horowitz.

a tiresome and thankless one-so we more or less remarkable. don't blame him much.

Lee has been a staff member of after Wednesday night basketball games, but he has never failed us. There is no writer on the entire staff whom we could recommend more highly for fidelity and punctuality than we can Lee. He has also been of value to the ELM by making suggestions and giving advice on matters other than sports.

It is little wonder, then, that we are don't like about himhe should have stayed with us a little longer.

Archie Morrison has been appointed Sports Editor for the rest of the year. He will present his first column next week. Here's hoping "Arch" lives up to Lee's example.

#### IT'S A DANGEROUS SEASON

weather is balmy, the wide open spaces are calling, the campus is a refuge for tired students every ofternoon, and double shadows in the spring moonlight are usual sights.

unfortunately, it is apt to be the it is not too estudent's scholastic downfall. Perhaps there is never, during the Col-

could easily be made up in the remaining months of the semester. But Published weekly, from September the period between now and examination time is the most critical in the life of a semester index. Term papers and experiment reports are falling due-showing favor to no one And there is the necessity of getting high grades in the rest of those tests to make up for the low ones you got in the first one or so before you un derstood exactly what the course was t Assistant Editor
Business Manager
It's a cruel world, isn't it? But
the problem has to be met and the best way to meet it is to weigh it and understand it. This is one place where habit plays a very important part. Anyone who really wants to keep his index immune to Spring Fever must begin work as soon as the first symptoms appear. He cannot take the first few days of the season off, heeding the call of the outdoors and letting his work suffer, honestly expecting to make it up after he has had a short vacation. If he does this it is almost inevitable that he will get the habit of rest-and rest isn't good for an index. If, on the other hand, he doesn't give up his work, but resolves to do it in spite of the warm weather, he soon develops an immunity to Spring Fever and his doesn't suffer because he knows how to combat the fever. The first few balmy days, then,

are the crucial days in Spring's effect on indices. Form the right habit and you will win.

#### CONGRATULATIONS AND WELCOME

For the sixth time in slightly more than three years, Washington College Greek-letter organization to its cam-Lee hasn't given any really satis-

factory reason for his resignation, participation in national educational but we realize that his job has been progress during this period has been it is rumored that archimedes has The College is always eager to re-

joice with its students who receive the kind which every editor dreams distinctive honors, for it realizes that about, but seldom finds. As long as we can remember, there is not a sinccasion on which he didn't hit the College, and vice versa. It is for the deadline with the copy for his this reason that the ELM joins the column. He has written his column students and Administration of the students and Administration of the College in congratulating the members and slumnae of Gamma Sigma on their affiliation with Zeta Tau Alpha and in welcoming Zeta Tan Alpha to its place in Washington Collega's family of Greeks.

Admission into an established and reputed organization such as Zeta Tau Alpha doesn't come to those who fetter has dropped from the race. sit and wait. The honor which Gamreluctant about accepting his resignation. That's the only thing we ma Sigma has achieved definitely points to high principles and standards which the local group possessed and to persistent effort on the part of its members and alumnae pointing out these principles and standards

The ELM extends its best wishes to Zeta Tau Alpha and sincerely hopes that it will achieve as much ciples on the Washington College Spring is definitely here. The Campus as has Gamma Sigma.

#### IT'S NOT TOO EARLY

The Student Council's announcement of the date of the Spring elec-Spring is the poet's paradise, but tions should remind the students that the it is not too early to think about

The elections are important-too lege year, a more dangerous period important to be ignored by the stufor an index than period known as dents. The degree of success which Spring. Many an index has suffered student government at Washington because the ears of the student were College will enjoy next year depends more prepared to hear the call of the on the individuals who are elected classroom.

#### No Post Season Tournament To Be Held

A meeting of the Maryland Collegiate Basketball Association Monday night wrote finis across the 1938 season for the cage sport and left conditions in the loop pretty much status quo for 1938-39. No radical changes were made in the constitution and by-laws and when the next cage season rolls around the teams will be the same, playing pretty much under the same condi-

among the four leading teams to de-termine the championship was voted down as were several other changes of a radical nature

The teams next season must play a minimum of eight leagne games as against seven last year. The maximum is ten. Some of the clubs were for a strict home-and-home arrangement but the inability of Hopkins to face this sort of competition led to a concession. The applica-tions of Baltimore University and Towson Teachers for membership in the loop were tabled.

## Maroon And Black Eleven Faces Hard 1938 Schedule

#### Western Maryland, Dickinson, P. M. C. To Be Encountered

Washington College's 1938 footoall schedule, not quite complete, has been released. Graduate Manager Dumschott is having trouble finding an opponent for October 15. The schedule, when complete, will contain nine games-no one of them resembling, "breathers." Maryland's appearance on the calender puts the Maroon eleven in class above its present rating. The complete schedule to date:

Oct. 1-Juniata	Home:
Oct. 8-Western Maryland	Away
Oct. 15-Tentatively open.	
Oct. 22-Hopkins	Home
Oct. 29-Dickinson	Home
Nov. 5-Mt. St. Mary's	Away
Nov. 12-St. Joseph's	Away
Nov. 19—Delaware	Home
Nov. 24-P. M. C.	Away

## Baseballers Meet GYM THIS EVENING Strong Team From A rainbow theme of color and a L. I. U. Here Today

## York's Strongest Nines

Long Island University will invade Kibler Field this afternoon in an effort to win over the Washington College nine. The Blackbirds come here highly

recommended, having won 21 out of 27 games last season. The Birds captured second place in the New York Area Metropolitan Championship last year and are favorites to win this season. The Islanders infield remains intact from last year but will have an entirely new outfield. The team boasts of a good pitcher in Bernie Pearlman, who wonten games last year and lost only one. in the Blackbirds offensive,

to show improvement in the hitting

Long Island defeated Roanoke Colfrom here to play Penn. Athletic Club

## HELD THIS WEEK

The third annual art exhibit sponsored by the students and faculty of Washington College was held in Reid Hall this week

The exhibit included the works of several artists who were not represented in previous exhibits and compares favorably both in quantity and quality with previous exhibits.

Patsy and Peggy Branham, freshmen newcomers to the exhibit, have a great number of pictures entered, drawings, and water colors. Bob Moore's entries are for the most part drawings of the feminine face. The stars of the screen also star in Bob's pic Mary Lil Knotts and Ogle othy Williams exhibited several handknitted materials.

Exhibits by the faculty included olor pictures by Mrs. Julian Carring-

ton. Bob Moore was the director of the exhibit.

## THE GRAPEVINE

by Bill Dooring

With this issue of the ELM, your exchange editor who has had the fun of writing this column for the past two years formally resigns from He has tried hard to do well at fice. his job, but has never known whether or not he did-and probably never For him, this day marks the close of the major part of his extracurricular activities, for the PEGA-SUS goes to press today—the work done, the complete volumn finally written. And so the time comes to pass on to someone else this task of writing the Grapevine.

In all fairness, recognition for great assistance must be given. During this second semester, your editor has actually written none of these columns, in spite of the fact that his name appeared atop it each week. During this time, a "ghost writer" has served apprenticeship, and learned the laborious task of reading piles of college newspapers, indexing the information, and organizing some of it into a weekly column. This man is John ("Persh") Blevins, who has for the last three months really good columns. Having taken credit for his work, your editor now gives credit where credit is justly due. The readers of the Grapevine have been assured another year of faithful work, and we know it will be good. So here we go on our last

## WE'VE DECIDED TO VOTE!

Too much attention cannot be called to the general spring elections which will be held in the Dean's office on the next two consecutive Fridays.

These elections may affect every member of the Student Body at Washington College next year because they will determine the policies which the various agencies connected with next year's Student Government at Washington College will persue. The course which the Student Council and the S. G. A. will take will certainly be determined to a great degree by the men who are elected to hold office in the Student Government Association next year. The policy of next year's ELM will be practically predestined when the final ballots are counted and certain men are named to fill the editorships and business managerships of that publication.

It is obvious, then, that every student who is able should vote in the coming elections. Practically every one of the un- Polly's roommate had a derclassmen will return to school next year and will be affected week and now there are three colds hives. "Remove the cause," re week and now there are three colds hives. "Remove the cause," re both the family.

Doc, "Worry is a great factor." either directly or indirectly by the system of Student Govern- in the family. ment and the men who administer it. The reputation of the College will not be immune to the effects of the Student Government. The College will either be known more favorably or die Miller had a case on his hand-for her." known less favorably by the way in which its students govern now it's spread to Alice's ankle. themselves and by the publications which they publish. And as the College is known-so are its students. Every student then, if for no other reason than a selfish one, should be aware of his duty in helping to select the men who, as administrators of Student Government, will do him and his College the most good.

Especially is it desirable this year that the Student Body vote one hundred per cent. If advance predictions can be depended upon, every office which will appear on the ballot will be that a single vote may decide the election for any of the offices. here in Kent County. It is certain that no vote will go to waste.

is certain that no vote will go to waste.

It is difficult to understand why so many Washington College students are reluctant to vote in the general elections. It seems that the students should realize their benefits in having a system of self-government and should be willing-if not anxjous-to participate in it to the fullest possible extent. Other colleges have very little trouble in getting their students to vote in their elections. It is not unusual to pick ap other sollege newspapers and to read such "Non-Frat Men Win In Election Of For Editorship Of Paper", "Non-Frat Men Win In Election Of Senate Members", and "Knapp Machine Proves Invincional But when you come back to the Kampus you find in entitible." as far as participation in student elections is concerned. Something must be wrong here! Let's think it over. We should realize that our vote might

be the one to elect a certain officer next Friday, and thus to up-hold a certain principle regarding Student Government at Washington College. We should also realize that the principle mout a certain principle regarding Student Government at Mashington College. We should also realize that the principle Hall is now hich we uphold in this way might be instrumental in upholding or bettering the reputation of our College, and we should play, boys? realize that this will help ourselves. Therefore we are obligated to cast our ballot next Friday.

The time required for marking a ballot will not be more

Campus who cannot afford four minutes for his College?

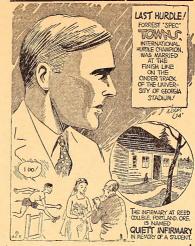

Now that we have decided to vote, let us begin to decide for which men we are going to cast our ballots.

Let us be sure for which men we are going to cast our barries. Let us on the state of their respective qualities which will make them, or hinder them from becoming, good administrators of student government,

and should make his choice on this.

Let's have a ballot cast by every student next Friday and let's have the balloting 100% intelligent,

## THE GRAPEVINE

"Persh" Blavine

I read some very stirring news in this column last week: Bill Doering gave me the credit for all of the quipps and whatnot in the vine during this semester and said that I was a ghost-writer. Well, the time has come for me to spook for myself. It is true that I have written this column this semester, but as a writer whether I am a good ghost or not is up to you. (I wish they were giving Hamlet this year). Perhaps some of you will want to make a ghost out of me before a couple of weeks are up; nevertheless, I continue as in the last few months, hoping that you will enjoy Grapevine as you did Bill Doering's.

In front of a coming train I'd lay, And gladly, too, the bore Who greets my colmn with, "Oh say, I've heard that one before.'

Scandal-

Headline in the University of Maryland's "Diamondback": FACUL-TY TO STOP CRIBBING. Now, if the students will just stop, everything will be pretty much on the level.

## Trackmen Enter STEVENS AND URIE Mount St. Mary's SPORTS Mason-Dixon Meet

Homewood

Washington College's track team

up some records

Tully, Buck, Watson, Coleman and McCalley are figured to make a good showing today after their fine performances in the Penn Relays and Middle Atlantic meets. These men will be the ones that Washington College expects most of.

The Mason and Dixon Conference is made up of ten southern colleges, Washington College has always made a good showing in these events and is expected to do so today.

Johns Hopkins University and Catholic University are the teams to beat in the Conference. With these two squads appearing stronger than the Maroon and Black men Ekaitis figures his men will take third place but it will be no upset if we finish head of these two schools.

Today's meet closes one of the most successful seasons for a Washington College track team in years. With a tough schedule and inexper-ienced men the team was defeated only once; by a superior Hopkins squad. The team, usually made up of a few stars with inferior support, took on a new form this year and be-came a well rounded bunch with a good men in both the track and field With steady improvement accept a coaching position with the during the season the team has turn-

## Method Of Naminating For

The method of nominating for the offices of the ELM and the Pegasus was changed by legislation passed by Dedication the Student Council this week.

The new system of which gives the staffs of the publica- Soldier's Chorus tion an opportunity to nominate, is the outgrowth of the weakness and Caro Mio Ben inadequacy of the old system under Alleluia (Exsultate Jubilate Motet) which the Publications Board had ex clusive power to nominate.

The system adopted by the Council prescribes a meeting of the Publications Board with the editorial and business staffs of the ELM at which the staffs make nominations for the Prayer (Hansel and Gretal) head and assistant heads of their departments. The nominations of the Lullaby staff, however, must be approved by the Publications Board.

The procedure for nominating the Pegasus offices is identical to that of the ELM except that there shall Ungeduld be no nominations for the assistant Traume editor and assistant business mana-gers, these offices having been abol-Do Not Go, My Love ished by the Council after a confer-ence with the editor of the Pegasus.

#### A SUGGESTION

The linotyper's happy; so's the printer, the business staff, and at least a part of the students-and so's the editor. Another year is com- for the paper this year. pleted as far as the ELM is concerned, and with this issue the present editor relinquishes his position to his

editor believes that it is appropriate but it is unfortunate that the two for him to make one suggestion, base cannot be isolated. We are sorry if all the still has a moment to spare with old no big servicinene as for as the leaf on his servicinene as for as the leaf of t ed on bis experience, as far as the publications of next and the subsequent years are concerned. This sug- out which it would have been imposgestion is that the faculty advisor attempt to establish a more cooperative relation with the editor. Faculty advice to the editor bas been noticably lacking this year. Your present editor believes that faculty counsel to the editor is necessary, but he recognizes the inadequacy of such counsel when it is given to the editor through such indirect means as staff members and members of the admin istration. Advice given to the editor through such channels may be embarrassing to all parties concerned is likely to be useless

Some of the criticism which the editor received from his advisor this year was helpful, but the majority of it was of no use and did no more than cause misunderstanding simply because it was based on a lack of information. The editor would have discuss policies and problems with the advisor this yearand if such a discussion could have en place, the advisor would have had information at hand on which to base criticism and give advice.

It is hoped that the situation will be altered next year and that the faculty advisor to the editor of the ELM will assume a more cooperative attitude and will make suggestions directly to the editor after she has a complete understanding of the probvice. It's just another way in which the faculty can cooperate with the and townspeople. Let's get behind

#### GOOD BYE

Every retiring editor is tempted to

Volume thirty-seven of the ELM makes no claim to excellency and boasts of no signal awards. The one thing of which the retiring editor and staff are proud is that they have carried out the policies which they adopted in their first editorial last May. Two gosls were set for this year's ELM-an editorial expression of student opinion along a critical line, and the realization of more staff members more recognition for them. staff-believes that it has carried ou these two aims with a marked degree

The editorials of Volume thirtyseven have been critical even to the point of disagreeing with the Admin istration and some of the students, but the sole aim of them has been that laid down in our first editorial, "to work for the progress of the constantly progressing Washington Col-lege." It is impossible to ascertain the exact amount of good which the ELM has done toward the progress of Washington College, but the editor is confident that some of his editorials have stimulated thinking which has aided in improvements about the college.

Last May we predicted that the number of hard working staff members would be doubled when we retired. Today, as we leave office, we are happy to find this propbecy ful-filled. The number of individuals interested in the ELM this year and the interest which they have shown certainly exceed those of any other

and some thanks. The editor sincerely apologizes to every personality whom be has attacked through his editorials. The criticism has been of all summer, and is dickering for an Before hanging up his quill, your policies rather than of personalities, interest in a dog-biscuit

And now the editor extends his sincere thanks to a faithful staff withsible to put out Volume thirty-seven. The staff has backed the editor in ev- Soapy .- Sept. 25. ery one of his policies and has done

## Washington Is Winner In Track Over Hopkins

Young, Tully, and McMahon accounted for nine first places in the track meet against Hopkins, here, last Saturday, giving the College those much needed points for the 68-57 victory.

Tully won four firsts, taking the 220 low hurdles, 120 high hurdles, the high jump, and the broad jump Young led in the 100 and 200 yard dashes, and in the pole vault. Mc-Mahon broke the tape first in the mile and two mile.

The ontcome of the meet was decided in the broadjump when the Washington tracksters took all three places.

#### The summaries:

220 Yard Low Hurdles-Won by Tully, Washington; Young, Washing-ton, second; O'Neill, Hopkins, third.

Time-10m. 48s. Discus—Won by Sharetts, Hop-kins; Moore, Hopkins, second; Kilby, Washington, third. Distance—112 ft.

Javelin—Won by Holman, Hop-kins; Rosenthal, Hopkins, second; An-derson, Washington, third. Distance —153 ft., 8 1-2 in.

Shotput—Won by Sharetts, Hopkins; Rosenthal, Hopkins, second; Moore, Hopkins, third. Distance—42 ft. 8 in.

Pole Vault-Won by Young, Washington; Derthaugh and Graham, Hopkins, and Anderson, Washington tied for score. Height—9 ft. 6 in. High Jump—Won by Tully, Washington; Dodson, Hopkins, second; Glazer, Hopkins, third. Height—5 ft.

10 in.

Broad Jump—Won by Tully,
Washington; Anderson, Washington,
second; Young, Washington, third.
Distance—21 ft. 4 1-4 in.

#### ACTIVE ALUMNI

About fifty-six seniors will walk to June 6, and when they leave that platington College. Fifty-six seniors, year, most of whom have been part of this institution for the past four years will change. During the past year we leave the campus that day-walking have heard complaints about rival of the actual day they will, with reception. few exceptions, be saddened at the for staff members will be continued ing friendships and mentally maturing without feeling a close tie to the place. Those seniors will not have September, nor even by the next Sep- means a weak paper. tember. Many of them will return to the campus some time during the next school semester to look the place over and say hello to their particular friends. But five years from now how many of them will be returning? Unless the senior is determined to keep in contact with the College he tranged from the place that was once such a big factor in his life. Seniors, don't let that happen to you. Make up your minds to be active alumni of this College. The alumni body is as much a part of this institution as the undergraduates. It is that body that can do much toward the betterment of the College. Keep in close touch with us and let the memories tions and activities not of the good times you have had here

#### AIMS-1938-39

With today's issue the management of the Elm changes hands and as is customary the new regime takes this opportunity of setting forth a few of ts major aims for the coming year

We believe that the ELM is funda entally an organ for the expression of student opinion. We will work with the idea in mind that we our representatives and that the ELM is your paper. Your sentiment will guide the staff on any question that might arise during the year. We do not wish to go around with a chip on our shoulders but at the same time we do not intend to sidestep an issue. The student is invited and encouraged to give suggestions to the We sincerely hope that ELM George Grieb

John Blevins

every edition of the paper next year; it is an easily accessible means any student to express a worthwhile opinion.

One of the primary aims 1938-39 edition of the ELM will be to print material that is of more general interest to the student body as a We feel that articles on past events are of little value to the average reader since nine times out of ten he knows about them before the pap er is published. A certain amount of that sort of thing is necessary but we cussion on subjects of current interest, not only on the campus but in the world at large. We believe that the student is interested in world affairs and that it would be worthwhile to hear his opinions.

We shall attempt also to give the sports page more appeal. The sports editor will have charge of his department and will be responsible for gath-ering material. Features and com-About fifty-six seniors will walk to the platform on Monday morning, phasized. Charlie Lieman: "I don't think I should get a zero on this exam."

Prof.: "Neither do I, but it's the lowest mark there is.

Overheard next September-Fraser: "Well, what do you think of our little college town?"

Frosh: "It certainly is unique." Freser. "Whadda va 'unique'?" Frosh: "It's from the

'unus' meaning 'one', and "equus' meaning 'horsa'."

Mother: "Is your Packard friend oming tonight?" Reid Hall nasturtium: "No."

Ma again: "Dodge Brothers?" Reid Hall nasturtium: "No, this is Willy's Knight."

-Susa

Ferd the Bird gives his last sigh and, besides a little halitosis, we got wind of some philosophy' that he's been saving up all year . the greatest time saver ever known is love at first sight ... a pedestrian is a man with a son in college and one car dictators are great humorists.

They can gag a whole population I love the beauties of the countryside; sometimes I pick them up two fellows that have hot lips are a star trumpet player and a Scotchman the moon affinishing his cigar.

since I met her I can't eat, I can't sleep, I can't drink-I'm broke A sensible girl is not as sensible as she looks, because a sensible girl has

more sense than to look sensible two heads are better than one-especially when you're tossing a coin

when a fellow breaks a date, he generally has to; when a gal breaks a date, she generally has two have no idea what my wife goes through when I snore; I never miss my small change either way to propose is over the telephone, because an answer in the negative won't be so stinging, and if she says yes, you can always hang up.

EPILOGUE TO THE SENIORS FROM THE JUNIORS

i want to be a senior and with the seniors stand a fountain pen behind my ear, a notebook in my hand. would not be an angel for the angels have to sing i'd rather be a senior and never do a thing.

S'long folks and good luck till Fall, and then still good luck!

## Marooned and Blacked by Ralph Tharnton

Perhaps it is fitting, since the obitnary of OVER THE HILL was print- suit. ed last week, that we paraphrase at this point 'for quoting wouldn't do) a question asked by the Editor of the Delaware REVIEW: "How did you get away with the stuff you printed in your dirt column?" (For exact words, drop around sometime.) Well, the untouchable has been caught up with and tamed. No longer do we expect to get away with murder-nor do we expect you to try and get away with it, either. We have entered into this job with both eyes open, although we don't know how long they vill remain that way, and we shall endeavor to burn (others, of course) with a hard gem-like flame.

In the course of time, we naturally expect to make enemies, but then we hope to gain friends, too. (Ed.-Where did you ever get THAT idea?) We shall try to present the best that has been known or thought in the brunette, Ivah; next year-well, the fects both the tide and the untied way of gossip on the Hill, but we will red heads had better watch out. not deliberately try to cause any personal pain.

Proofer's Reproof:

#### Ware Varsity Club Head: Initiation Date Changed

The Varsity Club elected Reuben Ware as its president for 1938-39 but it this way. Our only advice to last Tuesday evening.

The lettermen also chose Ray Kilby for the vice-presidency, John Col-lins for the secretaryship, and Mich-Kardash for the treasurership.

The club voted to move its initiation date from the spring to the early

## Beckham Leads In Archery Contest

Old Jupe Pluvius furred the Archery Tournament, and has left the records in Miss Doris' office with one outstanding score. Ben Beckham has outstanding score. Ben Becksam has set the goal for the other aspirants at one hundred and fifty-five, which is something to shoot at. Cupid's pupils will continue the tournament for the rest of the year, and the top score will net its owner title of "Archery Champ of 1938" (or "Cupid's Helper"?)

The tournament is being held un-der the auspices of Miss Bell's office, and all are invited to participate.

# Greyhounds SPORT SPOTLIGHT

## Track Team Places Third In Trackmen Defend Middle Atlantic States Meet

Washington College's three-man track team covered itself with glory and mud at Gettysburg last Saturday in taking third place in the Middle Atlantic States Athletic Association Atlantic States Athletic Association meet. The Shoremen were topped only by Rutgers and Alfred, each competing with large teams.

The Young-Tully-MacMahon combination, with the one-point assist-ance of Anderson, totaled 33 points. Tully accounted for 14 of the points, MacMahon 9 and Young 8.

This trio is favored to keep the Mason-Dixon crown for the Shore-men when they compete at Home-Hopkins, and honors in the Penn Remen when they compete at Home-wood in Baltimore on Saturday. For I he past two years Washington has the state of the stat

## SEATS ON RESERVE FOR JUNE PLAY

"Three Cornered Moon" Goes Into Final Rehearsals

Reserved seats are now on sale at thirty-five cents apiece at Stam's Drug Store, for the final production of the Washington Players, to be presented on June 2. Tickets may be purchased from any member of the club, while any one with a season ticket may secure a reserved seat upon presentation of the ticket at Stam's.

The curtain will rise at eight-fifteen upon a play promised to be the most hilarious comedy ever given on the College stage. With a cast in-cluding John Stack, Harry Knipp, Wharton, and Bill Thompson, this play could be nothing but a success, and coming immediately after exams, the house should be packed, so it is advisable to reserve seats

Professor Coberly has announced that Selma Wurtzel will take the part of Jenny, the maid, in place of Helen LosKamp.

The chance to see Elsie Wharton as a big-hipped, rattlebrained mother Larry Koloshko as well-built, good looking, would-be actor; Harry Knipp as heavily-built, dignified young man with a Harvard accent; and Bill Thompson as an awkward, Tanky, young man with too many arms and legs, should prove enough in itself to break all attendance records or the campus.

## DR. MEAD TO SPEAK AT FIVE SCHOOLS

President Gilbert W. Mead is mak ing addresses in connection with the commencement programs of five institutions besides Washington College this year.

Dr. Mead's commencement activi ties began yesterday when he was the speaker at the Junior-Senior dinner of the high school at Salisbury. The President will deliver the commence ment address to the graduating class of the Pennsylvania State Teachers' College at California tomorrow. On June 1st he will speak to the graduating class of the Snow Hill high

After the College commencement Dr. Mead will speak to the graduates of the Newark, Delaware, high school on June 10, and to the gradu-ating class of the Milford, Delaware, high school, on June 13th

## **BUFFINGTON ELECTED** ARCHON OF THETAS

Lawrence Buffington, '39, was elected Archon of the Maryland Al-pha Chapter of Theta Kappa Nu for next year at a meeting of the chapter last Monday.

Other officers for 1938-39 are bert Mead, scribe; Reuben Ware, chaplain; Robert Robbins, oracle; Ernest Shockley, treasurer; William Medford, captain of the guard; and Reed Hartnett, guard.

The chapter named Buffington and Gilbert Mead to represent it at the Theta Kappa Nu national convention at French Lick, Indiana, this summer.

#### AN ODE TO THE FRESHMEN

I will tell you of a freshman who to college longed to go, This freshman was as green as all the rest, He started out in everything and tried to be the show, But he found that upperclassmen came out best.

He had hopes and expectations far beyond all human

and he thought that Math and Physics were a bore He had heard that great successes had been college football men

So he thought he could play football and no more.

He arrived in bright September, full of pep and set to

go, And he greeted all the Sophomores with a bang, He took them all in confidence and started in to And his tongue was like a locomotive's clang.

He bragged about his love affairs; his Dapper Dan-ish

pose, The brilliance of the life which he had led, While the sophomores listened silently and underneath

his nose Were taking many notes on what he said.

One night when he was writing to a little girl "back there,

And the hours of the morning were yet small, He heard an awful roaring which began to raise his

And he timidly walke'd out into the hall.

He was seized in just one minute and was carried into

space,
This freshman who was bright beyond compare,
His remarks were brought before him and were thrown into his face

'Till he wished they'd give him time to get some air.

His former proud air melted down like snow when sunshine smiles, And he soon became an abject little Rat.

While he wished the dear (?) old sophomores were

away a million miles, And he had to use a pillow when he sat.

Now the moral of this ditty is to keep your mouth shut tight,

And keep your thinker underneath you hat,
For before you think about it, you will not be in the
right,

And you'll be just like this abject little Rat.

-Myrtle E. Bryant, '30.

Ed. Note: This poem is reprinted from the Nov. 6, 1926 issue of the "Washington Collegian", predecessor of the "Washington Elm," George E. Grieb, Feature Ed.

## Marooned and Blacked

by Ralph Thornto

Friday 16th-

Arrived back at the college after three strenuous days of traveling in from Kennedyville by such primitive accommodations as a train or bus, which, I'm not quite sure. We changed in the Holland tunnel, and it was too dark to tell. Saw Mrs. Wilson and admired her new gold-fish. Met a lot of Freshmens and caught up on the gossip. See that the romances, as well as some weights have changed over the holidays. Also noticed that Miss Agnes Sassafras (Sassy for short) is still with us.

"Gerede" of the hour-the splitups that occured during the summer: Andy and Ruthie; Hess-Dodd; Smith-fraser; Wheatley-Fraser; Fraser-Jones; Fraser-White; Fraser-Fraser; Betty B (New line) Never more will Andy and Ruthie; Hess-Dodd; Smith-Geisler and Wurzel.

Saturday 17th-

Fish cakes for breakfast. Hear

"Blizz" came over to see Ruthie, and annual autumnal hysteria? waited for her by the gold fish howl.

Sunday 18th-

Doubtless Porky Pig will have sweet and lasting remembrance the rat party. Gee, what will Georgie-Porgie do without Elsie this year? And smooch-in-law Albert is, or is said to be, losing the serious affections of Jean to Weir.

Fish cakes for supper. Careful Colorado.

we are saddened by the news that Baynard and Gaines have come to new "steady?" (Poetry.)

# Kibler Field Today

## Heavy Line And Fast Backs

The local gridiron season gets officially underway today as the Shore-men clash with an old perennial rival from Huntington, Pennsylvania, Juniata College. Juniata, anything but the usual

"breather," brings to first game Washington College an experienced and veteran squad, according to one Philadelphia paper, one of the strong est in the recent history of the school, suffice it to say that the better part of the same team that inflicted a 6-0 defeat on the Maroons last season, will return.

tentially however, they're plenty good. They have plenty of weight throughout the forward wall and also weight and speed in the backfield.

one department alone, tackle position, the visitors have four men weighing 201, 214, 225 and 265 respectively. Tackles furnish Coach men weighing 201, 214, 225 and 265 respectively. Tackles furnish Coach Ekaitis with his big worry. Rube Ware, last year a center is currently at one tackle. The other post is being held down by Kirby, a local boy with a nice prep school record, but the like in the control of totally inexperienced as for college

Juniata is supposed to have a preton ty versatile attack, combining power with speed and passing. Because both schools have limited squads, too much emphasis can't be placed upon power which calls for reserve strength. So don't be surprised if a passing duel develops.

Washington's backfield still remains an uncertainty. A sure starter, Bill Smith has been placed on the sidelines by a foot injury. Chuck Collins, at guard for the present may return to the backfield. Joe Dave Bartillini and Charlie Joe Bremer, Geisler are other backfield possibilities.

Oath Of Office

The Maroons will go into the game as definite underdogs, so a win will speak well of Ekaitis and his

## On Campus Next Week

The Pegasus photographer, Paul Gendler, of Mervin and Baliban, will be on the campus on October 10, 11, 12, to take individual and group pictures for the College annual

The seniors are reminded that en at this time. Further informa-tion regarding the schedule will be posted on the bulletin board.

## Jake Flowers, Alumnus, Pilots Team To Victory

Jake Flowers, manager of the Salisbury Indians, and alumnus of Washington College, piloted his team to a second straight pennant in the Eastern Shore League.

The Indians, under Flowers, accomplished last year the feat of winning the pennant after having their first 21 games forfeited, and won Note that the state of the stat

## SATURDAY, OCT. 1, 1938

### HAZING CONTINUED?

Some discussion has been going on el, but it is timely and worthy of consideration.

Those in favor of its elimination charge that hazing is an anachronism of the "rah rah" era of student life. Hazing went out with the raccoon coat and flask of gin, they say, and its loss is regretted by no one. They point to the fact that other institutions in our immediate vicinity have stopped the practice, notably the Universities of Delaware and Maryland, and in both cases due to serious injuries suffered by the freshmen at the hands of sophomores with more enthusiasm than sense. They question the wisdom of perpetuating a custom, which survives mainly to satisfy sadistic impulses on the part of the

Undoubtedly hazing, as formerly carried on, deserves condemnation, but the hazing of 1938 is quite a dif-ferent matter than the hazing of 1935, as any of the present seniors can testify. For the last four years the Student Council has made it a policy to curtail "ratting" a little with each new class. "Rat parties" unlimited number to one only, paddling has been practically eliminated, and the freshmen have been protected from have blazed forth in renewed glory unreasonable demands by the upperclassmen. The Council realizes that the practice of seeing how much pun- tro Livingood declares that the orishment a man can take is short of barbaric, and certainly has no place on a college campus. The amount of hazing this year is small in comparison with that of former times, in fact, a sophomore of five years ago would probably consider it unworthy of the name. The little that remains, however, is meant to

meet a definite purpose. Most freshmen entering college must, sooner or later, learn that they are only small frogs in a big puddle. Their opinions of themselves usually do not jihe with that of others. In most cases it is the first time the most case it is the first time the labetted by Don Powell and Allain freshmen have been away from home Stegleman, both of whom play like and on their own, and it is necessary saxaphone. Dr. Livingcod is looking that they adjust themselves to new for another saxaphonist as well as conditions. Hazing is meant to aid someone to play the "F" Horn which in this adjustment. And in order has been leaning idle in the music word by the means. the Student Cons.

will have to admit that it was carried out in an orderly fashion, and there were no objectionable features included. Since then the great part which too is under the supervision of the council, and should it be further limited or eliminated altogether are definitely in the minority on the

So long as hazing is kept within its present limits and is not subject to abuse it should be allowed to con Business Manager tinue. The price paid by the fresh-men is not too great for the lesson involved

#### ----A PART TO PLAY

The thud of toe meeting leather, a football arching down into awaiting arms, and the accompanying shout from the crowd will mark the beginning of the 1938 season of America's fall pastime, on Kibler Field, this afternoon.

For several weeks the men have been training in expectation of today's opening whistle. They have gone through three hard weeks getting into shape after seven months away from the game. When we see the team run out on the field we will know that they have paid the price of physical discomfort in order to be prepared for Juniata. Among those in the lineup will be several men, men who have hardly had time to become acquainted with the College, but men who will fight just as hard as the seniors to whom a victory must mean much more

column of tomorrow's papers. But F we should not forget that we have a Wa have part to play in the game. We have the responsibility of giving support to the team-win, lose, or draw. the old story of the team being no hind it. #### THE COLLEGE MAN "The college man is a living para-

Hawaii, Represented On Squad

The college man is a living paradox. Most people cannot understand him and those who do, come to their conclusions by indirect proof. He talks of the future but worships the past. He is liberal in his conversation, when you work you want to be converted to the past. He is liberal in his action. He is a written in the past when the past is the past. He is the past in the past. He is the past in the past in the past. He is the past in the pas ious theories yet attends college and universities that are created and maintained by orthodox creeds. He preaches democracy yet supports the most rigid campus caste system. He demands that his university maintains demands that his antexestiy maintains the highest athletic standards yet in the same breath also demands a professional football team. He seoffs at his profs yet defends them strenuously when they are criticized. He rebels against rules but sets up more rigid once when given the opportunity. He haves the high school graduate who comes with a boy scout badge on his comes with a boy scout badge on his medals and keys. He invents and ones the most outlandshis along on the street, but reads and writes pure English in his room. He clamors for self government but doesn't want it after he gets it. He laughs at convention he gets it. He laughs at convention but insists upon it. He cuts classes the day before a vacation but comes back three days early."—(ACP)

### Head Of Children's LOU STARTT WILL Training School Addresses Students

### Work With Feeble-Minded Children Featured In Talk

sembly last Thursday

He stated that Rosewood deals with children to whom most people apply the term feebleminded, but whom he prefers to call handicapped.

Dr. Johns told the startling fact that from one to three per cent of all the people in the country are in Student Sponsored institutions for the feebleminded. There are twelve hundred patients in the Rosewood Training School alone and still all that apply cannot possible be admitted. The children that on On Own Programs

On Own Programs

1 tulned we standed on power in Burtope is now destroyed. England and France have certainly lost their prestige along with their balance of power in Instructor Will Be Sent To Secondly there is nothing stopping Take Charge Of Classes so handicapped that they are unable to attend public schools, those that cannot meet requirements, or make suitable social adjustments.

At this point in his speech, Dr. At this point in his speech, Dr. student spanished assembly pro-leeble-minded person. He said that grams for the present college year the psychologist believes him to be are as follow: one with a low I. Q. A teacher's deone with a low I. Q. A teacher's de-finition would be, one who cannot keep up with his course of studies; and that of a sociologist, one who cannot make a living.

There are various levels of feeble mindedness ranging from the sidiot Dehate Club. with an I. Q. of 70 to 80. Officers of the above of the control of the co

ped children as dependents and they but them in institutions to shift the leg-upt them in institutions to shift the leg-upt them in sintitutions to shift the leg-upt them in the problem of dependency of these children is not hopeless, however, with the correct type of training they may become good citizens. The moron may develop a fairly good personality. He had Gender, shown and the short shown as the short shown as the short s may be taught to do the things of which he is capable. The imbecile, which he is capable. The imbecile, Pegasus, will be at Washington Coltoo, with some supervision and directlege, October 31 and Nov. 1, 2, intion, can be sufficiently productive so stead of October 10, 11, 12, as previas not to be a burden. Some, how-ously announced. ever, cannot be self-sufficient because of grave physical handicaps. The the Seniors at that time, and all lower groups remain in a state of members of group pictures are asked comparative infancy

## European Crisis DR. W. H. TOULSON PLAY AT SEMI-FORMAL, FRIDAY Topic Of Speech

## Continent In Hand

"The European Crisis" was discuss ed by Doctor Lawrence Ford at the joint meeting of the Y. M. C. A. and the Y. W. C. A., last Tuesday in

Predominent in Dr. Ford's message was his strong dislike of the Nazi idealology. The suppression of lib-eralism, the scrapping of treaties, and the imperialistic policy of Hitler, were all given as examples as repellent ideals of the Nazi party. He also pointed out that the present crisis was a result of an imperialistic rather than a territorial policy.

As a consequence of the recent crisis in Europe, Dr. Ford pointed out two facts of major importance to the world to-day. The first is that the balance of power in Europe is now Hitler from going straight on to the Black Sea

The intercession of Chamberlain on the behalf of peace was considered by Dr. Ford to have been a desperate gamble. Mussolini was probable the most decisive force in holding Hitler

Dr. Ford stressed the fact that there is practically nothing we can do show the Enropean crisis. He also implied that the League of Nations was past history. He admits that the League of Nations may have been secessful hat the United States join ed it in its infaney and had all navierable. tions cooperated to make it a success Instead of foreign entanglements. however, Dr. Ford believes that the United States should look southward In that respect he admitted that he was decidedly Pan-American.

Dr. Ford left the impression that the peace of the world rests with one man—a man who has murdered many. Hitler is a man whose word one ca not believe and whose power within the despotism of the Nazi par-

## Cercle Français Plans

The possibility of bringing a French film to Chestertown was dis-cussed at the first meeting of the Cercle Français, Tuesday, in Reid Hall. Preceeding the business meeting the new members of the Cercle were MINUTES welcomed by Henry Van der Goes, who also explained raison d'etre of French songs were sung ments served. The entire meeting will be conducted French in the future.

## School Bands Invited To

## NAMED FOUNDER'S

Dr. W. Houston Toulson, '08, president of the Washington College,' Alumni Association, will address the Founders' Day assembly on Tuesday, Shore Eleven Faces One Of October 13. Since Dr. Toulson is a native of

Chestertown, as well as an alumni of the College, his connection with the student body is doubled.

After getting his degree from Washington College, Dr. Toblson graduated from the University of graduated from the University of Maryland Medical College and is now ysician in Baltimore

This is Dr. Toulson's first appearance on the assembly program

### PWA Art Project Due To Begin In Two Weeks

Russell C. Parr, regional director of PWA art projects, has notified Doctor Dole that an instructor will be sent to Chestertown in about two weeks to conduct art classes.

An exhibit will also be sent. It is still undecided, however, where class-

Dr. Gilbert W. Mead will be guest sneaker at a dinner given by the Women's City Club of Baltimore next Thursday, October 13th.

## Hymnals For Assembly

New hymnals have been purchased by the college for use in the weekly promise to be much better than the old ones, should be here and ready for For French Film Here use within the next two weeks.

The administration sincerely hopes that the entire student body will make good use of the song books by "singing out" in chapel.

## Terrors Heavy DAY SPEAKER Favorites In Game

### Best Lines In The State

On the rebound after a crushing 45-0 defeat at the hands of a pow erful Juniata squad, the Shore gridders today travel to Westminster to tangle with Charlie Haven's Terrors at Western Maryland

In securing Date Tonison as speak—
In securing the presidence of the interest Washington, so this writer sticks out his neck in predicting a one-sided victory for the Western shoremen. The Terrors supposedly very weak

this year, and floundering around in early practice, appear to have pieced together a fairly good team, what with several veterans and some new recruits. Two mainstays of last year's team

are missing. The first, Glenn Mc-Quillen, a triple threater and one of the best backs in the state, left school to play professional baseball. The other Paul Horner, a stellar line veteran, didn't return to school this fall.

As for the quality of the backfield

little is known. Drugash, a senior, was the only certainty at the outset of the season. Other backfield posts are open battles. Eddie Elder, for-

To replace McQuillen, Chalie Havens is grooming Knepp, a 175 pound back from Pennsylvania. He can back from Pennsylvania. He can run, kick and pass and is a definite starter from the sophomore candi-dates. Other backfield men are Mac McPike, and Ken Bills, both promising ball players.

As for the host's line, things look hrighter, so bright in fact that the 1938 Football Guide says that Western Maryland has the best line in the by the college for use in the weekly state—all veterans and boasting assemblies. The hymn books, which plenty of weight. Chief among plenty of weight. Chief among these are Radatovich, All-Maryland tackle, and Lytton, one of the state's better pivot men.

The Ekaitis men, riddled with inwill juries, and lacking necessary weight by and speed in the backfield are defin-

tiely on the spot.

On the injury list are Bill Smith,
Dave Bartillini, Bill Koleshko, Fritz Morton and others. Geisler, Bremer and Carmen, physically fit to date

deception, and with the rough spots of last Saturday's performance ironday.

Committees were appointed to investigate the possibilities of securing should make a game fight of it.

comed to its campus one of the large could the Students. The team can est freshmen classes in the history of be back for classes because a bus is est freshmen classes in the history of the institution. With this came an unfortunate condition — that of crowded living quarters. Reid Hall, hikers and will probably have a hard the men's dormitories, and fraternity time keeping up with the bus and so houses are taxed to their capacity. All be back without taking cuts. houses are taxed to their capacity. All available space has been taken and men and women have been so crowd-men and women have been ed that complaints are numerous and ted on their Athletic tickets. harsh

We all are familiar with that oft used advertisement of the College which stresses "limited enrollment. which stresses "limited enrollment." worst defeat in many years last Sat-Enrollment has been limited because urday, at the hands of Juniata. The Washington chooses to be a small college rather than a large educational center. Washington is also a small college because of limited housing fa-cilities. It would appear that this year Washington College was over-zealous in obtaining new students. In fact, so over-zealous, that upper-classmen returned this year to find crowded rooms in which to spend the next nine months.

Crammed living quarters are condusive to a crowded mental state. Unrest and the inability to adjust self come to the fore; settled conditions and contentment fade into conditions and contentment race into the happy past. Surely we do not want this to occur while we are at college. We have enough problems without having to put up with undesirable rooms in which to think, study and sleep.

We do not expect the administration to refuse prospective students in it coming out for the kick-off will do order to make our living here comit no end of good. A good cheer will

the best interests of the college at door of any one person, that they un-heart but have sacrificed comfort of derstand that the team was totally the individual for what they believe unprepared to meet an opponent as is the good of the group. But in the strong as Juniata and that the final

as well. After one of the biggest pep meetings in the history of the school, on the eve of the opening game, the student body completely for SHORE ELEVEN fixed out during the game and went The college eleven was crushed at the stands was needed most. Juniata team, ran hog-wild over the field in the open by the overwhelming score of 45-9, ening minutes of the game, but the razzle-dazzle ball displayed in scrimat Kibler Field, last Saturday. washout did not hit the field as much mage for the past week, the as it did the bleachers. No, the team from Westminster may be p of the strongerst Juniata has produce, still put sut all it had. The washout "button, button, button, who's got the cally intact from last vear, and the hards who couldn't stop cheering evstudded with en if they wanted to, but they were Juniata cause by fumbles, poor inter- iter's first touchdown made the home

Army - Columbia

the best in the state, the Maroon and Black will run into no end of trou hle. Coach Ekaitis has been drilling his squad for just such a situation for the past week, and it will be interest ing to see what he pulls out of the hat. Playing his boys against his Alma Mater, we can believe that Coach wants this game as much if not more than the Delaware game And no one can blame him for springing his all against the Terrors. Not only did the team have to keep a whole week the squad has deserted its own spirit, but it also had to keep dummy tackling and blocking for the spirits of the stands from dying bodily contact work. If the tackling at Westminster is not up to par this week, it will be at least one-hundred grabbing displayed against Juniata.

### Tennis Tournament In Semi-Finals

Nagler, Wheatley, Davis And Johnson Remain

The tennis tourhament sponsored by the YMCA got under way Monday with Francis Mead being defeated by Medford 6-1, 6-2, in the upper bracket. In the same bracket Nagler defeated Medford 6-1, 6-2.

Wheatley got the edge over Elia-Maryland's cause seems hopeless son in a battle which ended at 6-4, with the loss of Jim Meade and poor 6-3, in favor of Wheatley. Wheatley won over Brotemarkle by default. As soon as weather permits, Nagler will play Wheatley for the semi-finals of the upper bracket

In the lower bracket, Kaufman defeated McGuire to the tune of 6-1, 6-0. Zebrowski was defeated by Davis 6-1, 6-1 and then Davis repeated his victory by defeating Kaufman 6-1, 6-3.

Shockley was defeated by Pfund in a close battle that ended at 3-6, 8-6, and 9-7. Then, Johnson defeated Pfund in a battle which will probably be the most spectacular of the tournament by a score of 12-10, 6-8, and 6-3.

Three sets remain to be played which will be between Nagler and Wheatley and Davis and Johnson respectively. The winners of these t sets will play in the finals for the YMCA cup.

#### Funeral Service Today For Man Who Served Here From 1903 To 1918

Dr. James W. Cain, former president of Washington College, died at his home in Baltimore, Thursday.

Dr. Cain was born in New Haven, Conn., September 1, 1860, where he graduated from Hillhouse High School. He entered Yale in 1880 and received his A. B. degree four years later.

He received his degree of Master of Arts from Yale University nine years later. In 1903 he received a Doctor of Law degree from St. John's College. He was given LL. L. degrees from the University of Pittsburgh and Washington College.

He was elected vice-president of St. John's College in 1892 and remained in that position until 1903, when he was elected president of Washington College. His administration from 1903-1918 was one of the most progressive in the history of the College. Last Homecoming a tablet was placed in the gym naming it in honor of Dr. Cain.

Dr. Cain was an authority on economics and financial matters and wrote many articles in magazines and newspapers on these subjects. In 1918 he became vice-president of the United States Fidelity and Guaranty Company of Baltimore. After his retirement in 1932 he

ublished a financial history of the United States He is survived by his widow and

four children.

#### THEIR OWN SKELETON

That the English rejoiced over Chamberlin's policy of averting war in the recent crisis, did not lessen one concerned. ista the general feeling that Hitler was a blood thirsty monster, who proclaimed to all and sundry that Ger-man minorities must be liberated, while he himself persecuted any who did not happen to be of the Aryan

Events of the past week indicate that the English may have overlook-ed an important point when they were condeming Der Fuhrer. The papers are reporting fierce fighting in Palestine, with the British using tanks and airplanes to subdue revolting Arabs. Unless one looked into history, one might be inclined to the belief that the Arabs are bringing punishment upon themselves with their silly revolt against the "good and just" rule of the English. But one needs only look back about twenty years to see the situation in a different light

Palestine was conquered by the English at the expense of the Turks during the World War. The English accomplished the feat largely through the efforts of one man, Lawrence of Arabia. Lawrence worked among the Arabs, inciting them to rebellion against the Turks, thus gaining an English ally and at the same time weakening the enemy. To arouse the Arabs against the Turks Lawrence made it his business to see that they recognized the injustice they were suffering at the hands of the Turks and painted for them the picture of the promised land of life without sur-pression. The strategy worked and the English conquered Palestine with

Today the papers carry stories of another Arab revolt, this time a re-volt against their "liberator," Eng-They are fighting in their co paritively primitive way against the English machinery of modern war-fare. They fight for a promised land which they never received. England has acted unfairly toward the Arabs and they undoubtedly have good rea-son to rise up against the liberator

None of us are so naive as to believe that the democratic governments are simon pure, but it might be a wise and for use the state of the st

#### A QUIET LIBRARY

### If there is one place on the campus where a person should be able

study without disturbances of noise it should be in the library. One usual ly goes there not because of the com fort it offers but rather to get some-

thing done in the line of work.

The noise in the library this year has been the subject of criticism quite frequently. Our library is far from the best, but with a little coopera-tion it would be possible that it ful-fill its purpose. With the handicaps fill its purpose. Entered at the Chesterrown, Maryland its necessary to work under, additional disturbances are entirely out Studer to cate of order. Those who wish to spend a sociable hour could easily find more comfortable and convenient spot than the library. At times conversation is necessary but it can easily be subdued; chairs can be moved without proclaiming the fact to all of William Smith Hall.

The fault does not lie entirely with the students who frequent the library. Apparently those who work there for get that their voices carry as well as others. A position of authority does not carry with it the privilege of ignoring the rights of others. becomes necessary for the student to ask for quiet from those who are supposed to maintain order, something is definitely wrong.

All around cooperation in keeping

#### WASHINGTON BAND

An effort is being made to organize a band that will do credit to College. Washington has managed to have a fair band on the field at football games for the past several years, but it has never been anything to write home about.

Something is missing from a ball game without a band, and Washington should not be without a good one. The school is not too small to support an organization of this sort. There seems to be no difficulty in reruiting material for an excellent orchestra, why not then an excellent band. There are many persons on the campus who are capable of playing wind instruments who never show enough interest to answer a call for members

Other schools no larger than our own manage to have a good band on the field at every home game, and last week know this to be a fact. Delaware, West Chester, and others to which Washington admits no inferiority can have one and so can we. Anyone playing a wind instrument should report for rehearsal this coming week.

### FROM THE PRESIDENT'S OFFICE

speaker, last Thursday night, at a

### Davis Wins Y. M. C. A. Cup

Defeats Nagler In Finals

Ed Davis defeated Ray Nagler in the windup of the Y. M. C. A. tennis tournament this past Wednesday by the scores: 6-0, 6-4.

Davis was completly the master in the first set of the finals which he won Nagler, a freshman, appeared to be upset and was the victim of Davis' high-looping lobs to the backcourt when he would come charging in to the net. It appeared that he vas unable to get started and was high strung and nervous. Davis played smart, speedy tennis and finished the first set in short order.

Nagler, appearing to have gained control of himself made a real contest of the second set. He had Davis running from one court to the other chasing his placements. He took the first three games of the set but Davis finally came through with a 6-4 vic-

Nagler is a very promising fresh man. He plays smort, consistent ten-nis and should bolster the tennis squad this year

Davis will be awarded the Y. M. C A. cup which is donated annually by that organization.

Nagler came into the finals by de-feating Wheatley, while Davis upset Bill Johnson 6-8, 6-3, 6-1, in a great

### Out On A Limb

### Shoremen Lose To RECOGNIZED FOR WORK AS AUTHOR Hopkins Grid Team Dr. Julien D. Corrington, author In Salisbury Game

### For Score Of 7-0

Washington College lost its third straight game of the year in an upset as Johns Hopkins squeezed out a 7-0 win over the Sho'men at Gordy Field, Salisbury, last night.

The first half saw a kicking duel

in which the Maroon and Black held a decided advantage. The Maroon offense clicked between the twenty yard lines but faltered when the Sho'men hit pay dirt. Hopkins scored the only touchdown in the first play after the kick-off opening the second half. Washington kicked off to Hopkins

to open the game, and the Bluejays were forced to kick on the 3rd down. The Shoremen ran and passed ball to the Jays' twenty-yard line onpunted again. In the second quarter neither team held an advantage unil the Sho'men were forced to kick from behind their own goal line. A violated fair-catch on the punt penlized Washington fifteen yards and Hopkins was in scoring position for the first time, but missed the opportunity as the half ended. Score 0-0.

Hopkins received the kick-off opening the second half. Spilman took it on his own five and returned the five yards on what was one of the most beautiful bits of footwork of the game. Spilman, carrying the again on a delayed buck off his left tackle covered the twenty yards to the goal line to score standing up.

The Bluejays kicked off to Washer, its most outstanding aim is the delington after the score, who ran the velopment of each individual girl ball to midfield and lost fifteen yards along various lines; chiefly, educa on a penalty. An exchange of punts tional, cultural and social. This is and a misdirected lateral pass gave Hopkins the ball at midfield, where they were forced to kick again. Tully returned the punt for forty yards t the midfield stripe as the quarter end-

slinging passes desperately to over-come the Bluejay's lead. After taking a Hopkins' punt on their own its way from Fetter to Meador on two plays to pay dirt. #### ORGANIZATIONS

There are a great many organizations on this campus, perhaps too many, and the only way to judge their merit is by the service they render and the programs they sponsor. Everyone is acquainted with the Council, ODK, and recognizes the value to their being. But there are others To The Editor of the Elm:

The two divisions of the "Y" are Dear Sir: among these and deserve recognition Crisis, and both times a fine crowd thought by the athletes. interest in the discussion. It is prowhile, and are sure of exciting favor-"Y" deserve congratulations.

cal evidence of Maryland, with parhas joined efforts with the Physics waiters jobs and other work, but of the elassroom, and to acquaint in the literary field.

All of these groups have chosen to money towards his education. and status. To other organizations and a status. To other organizations and a status and a statu groups mentioned above, and do something to justify their existence.

#### WE CAN DO IT

Assurance has been given that all uation

The rest is now up to the students using the library. The majority do want to use it as a place of study, but there are a few who insist on making it a social hall. It should not be necessary that the library staff act as a police force and spend its time calling the attention of some to the fact that they are disturbing others. Anyone using the library is acquainted with the "quiet please" of the girl at the desk, which is a fair proof that some either do not know or do not care that they are trespassing on the rights of others. In most cases it is probably the latter case

In order to stop these "gabby" perthe ends and the means of attaining ons it will be necessary to huild up a them; so that no attempt is made here resentment against the practice, to say or prove that the system of ed-ucation is better in England than in stead of taking it all in the spirit of If the chronic talker realized that the student body felt sorry that he so chooses to exhibit his childishness, he would soon stop. Since the majority is in favor of quiet library, it should not be hard to build up such an attitude

With the wholehearted cooperation of the librarians and the students, our library will show great improvement. As was pointed out last week, it is far from an ideal place to work but there is no sense in making the situation worse than it is. It will be for our own benefit, so let's all make library work easier by doing our part not only in keeping quiet but in quieting others.

It so happens that a non-athlete is ing to the colleges or universities but for the work they are doing. #### AMERICAN AND ENGLISH SYSTEMS OF EDUCATION COMPARED

by Henry van der Goes

This is the first of two articles comparing the American and English Educational Systems. The second will appear next week .- Ed

An American professor once assets the considered was the chief dif-there.

The England higher and secondary in England higher and secondary in the cannot be a secondary to the cannot be a se An American professor once asked by doing no real work when they are what he considered was the chief difference between education in England and in the United States; his
education is a privilege; it cannot be
answer was, "As a classics; I should
say that in England there is addition, here there is none. This is a
very aweeping statement, and need
constitute with but a few exceptions."

The gona park my school books right
in gona park my school books right scarcely be taken too seriously, but the sole means of procuring outside it does show that education does not financial help-are awarded on mean the same thing to everyone, at strictly academic basis; the general least in the details of its propagation, and that the aims of education vary ties is kept on a level which is calcu from time to time and place to place. Whether one system is better than ther can be determined only in the light of the individual's conception of

this country or vice versa. They are simply different. There is first of all a difference in attitude to the whole thing. Here there are many that think that universal education will help to hasten the coming of the Golden Age; or the coming of the Golden Age; or the tribute were at least; now it is perhaps that is a privilege in England, even on idea that has fallen a little out of favor. However that may be, provision is made for educating a very in the elementary stages, up to the large percentage of the population age of fourteen, and these are run even as far as the universities; a larger proportion than in England. It is of course not to be im-plied that every other Englishman is

illiterate far from it! Here education is regarded almost as a right, State High School over here. it is a privilege, not to be obtained only by those that are rich-though unfortunately this is a rather important factor-but by intelligence and

standard of entrance to the universilated to allow only the more intelligent to enter; the general character of the candidates is also gone into very carefully, with one generally undergoing an oral examination as well as a number of written examina- mately; tions. Over here there is a vast number

of colleges and universities, many of them giving education at a very low every effort seems to be bent on giving as many people as possible an opportunity to attend them

secondary education is not open to everyone. The only free schools are either by the State or by the Church of England in cooperation with the State; some of the other churches also having their schools

There is nothing exactly like the even a college education; in England boys and girls of thirteen to seventeen can go without paying a penny for their teaching or their books. nearest equivalent is to be found in what are called the Grammar Schools, the freshman cuckoos the hour. actual academic achievement. It is run by various authorities, such as the a right in this country that is perhaps municipalities, the Bouroughs and the made more conspicious by the un-Counties; there the cost of education willingness of thousands of students is very low; scholarships can be won not to exercise it, not by simply go- by boys from the elementary schools.

### Heavy End Of Schedule Ahead

Dickinson, St. Joe's Will Give Most Trouble

ed on the college schedule, the prospects of which are not altogether

Next Saturday, Dickinson comes to Kibler Field with an aggregation that has done well for itself this season after last year's undefeated re-cord. Among those taken over by Dickinson is Delaware, who in themlves constitute a threat for the local

Mt. St. Mary's and St. Joe's perennial headaches for the Ekaitis men. Both teams set the Shoremen hack last year when the team was considerably stronger than it is now. Of the two, St. Joe's will offer the Of the two, St. Joes will offer the greatest difficulty, for they have al-ready succeeded in trimming the Mount's pretty decisively. Both games will be played away.

The Delaware game is of course the big question. Last year the College defeated the Blue Hens 16-13 in a great game. So far this year they have not exhibited anything extraordinary, but for that matter neither has the College. The squad will be pointing for a victory and if injuries do not break it up, the probability for a win will not be too re-

While prospects are not so good, it will be possible for the team to make a fairly good showing in the remaining games by defeating Delaware and giving both the Mounts and St. Joe's plenty of trouble.

### Teams Take To Air In Upsets

Dope Goes By The Board In Week-End Games

Thirteen of the major football elevens, bit the dust for the first time, Saturday. Many were upsets, others steups and still others met doom on sensational last minute

Princeton after suffering a crush-ing defeat from Dartmouth the previous week, came back and registered a 13-0 win over a strong Penn cleven

Syracuse scored perhaps the most surprising upset of the day by de-feating Cornell 19-17. This game was packed with thrills. With only nine minutes to play, Cornell boasted a 10-0 lead. At this point Sidat-Singh, adopted son of a Hindu, took control of things and completed five ses in a row, good for 162 yards and three touchdowns.

Soon after Singh completed his first touchdown pass Brown, of Cor nell, ran back the kickoff for 92 yards to give Cornell a 17-6 lead. What to give Cornell a 17-6 lead. happened after that is now football history

Yale edged out Navy 9-7 on a last minute field goal after scoring on Gil Humphreys touchdown pass

Sid Luckman and Columbia fell be-fore Colgate 13-0. The downfall was bout due because it was the third hard game in a row for Columbia. Colgate blanketed Sid Luckman and his receivers and intercepted one of his passes for the second touchdown in the 13-0 victory.

New York University bowed 7-0 to North Carolina on a touchdown pass by George Stirnweiss. Dartmouth defeated Brown by taking to the air and scoring a 34-13 victory.

Passes played the important part in all of these defeats. The only important game in which aerials did not play an important part was Carnegie Tech's 7-6 victory over Holy Cross Two definite upsets were made in

the South and two more on the Pa-cific Coast. Tennessee defeated Alabama 13-0 in the Southeastern Conference and Kentucky fell before Washington and Lee 8-0. Oregon State defeated Washington 13-6 the the Pacific Conference and Stanford

### Americanism Must O. D. K. SELECTS Be Preserved Says Assembly Speaker

#### Soul Of America Still Alive orary Fraternity last And Will Be Kept So, View Of Dr. Powers

to preserve Americanism, now is time, said Dr. Edgar Cordell Powers, in his assembly address, Thursday, on the topic "The Soul of America Is Still Alive."

Dr. Powers, who is executive secretary of the Maryland Bible Society and Chaplain of the Maryland Pen itentiary, advised the group to "Stick to Americanism.

The gist of Reverend Power's address was the necessity for Americans to overcome dangerous trends in our national life. "The soul of America must remain alive and not yield to the influence of alien-isms," he warned. "Americans have souls which they can call their own; that is more than can be said of some of our neighboring countries." He pointed out that this is sufficient reason why ve should cast aside any intentions of changing our governmental structure and that alien propogandists has been placed several books on must be kept out if we are to remain specific vocation and a sign whi

#### CAMPUS REDS

The Dies Committee, investigating un-American activities, has announced that if it receives additional appropriations, it will investigate alleg-ed "red activities" on the campus of the colleges and universities

ganizations of long haired individuals who have pledged themselves to hasten the world revolutions by instigating riots and planting "pineapples" OLDEST UNIVERSITY will probably be disappointed, but if it expects to uncover groups hold If it expects to university and opinions, it will find plenty to investigate. Imagine trary to popular belief the first unian undergraduate group in which it is not possible to find at least three to harangue on the aisininity of existing customs and institutions, at the would feel as much at home as Trotsky would on the Supreme Court Bench. Any undergraduate, worthy of Mexico. This little school opened of the name, could give you all the reasons you wanted, on the spur of the moment, as to why we should hold a wholesale purge in Washington be more than willing to take up a stand on the Green and carry on a monologue by the hour. If a mem-used in the new university. ber of the Dies Committee could lisber of the Dies Committee could listen in on the average bull-session, he mularum." Fray Alonso da la Verwould insist that the Committee give acruz was the author. up its investigation of the C. I. O. imtion to saving America by revealing Resolutio cum textu Aristotelian,

committee to the college campus, the latter in 1557. All were printed, Who ever heard of taking an Amerione page at a time, on a crude block can undergraduate seriously? Why printing press which was the most even when one tries to be serious, the modern in all Mexico at that time. boys of experience, smile sadly at the thought of a college man having an idea or opinion that merited tes de Salazar, the first rhetoric teachattention; it's the thing to do. The Committee has evidently been affected by its investigations, and has itself become radical, to even think of appearing in 1654 this book is inter-spending time and other people's esting for the hints it gives concernspending time and other people's esting for the hints it gives concern-money in finding out the views of the ing the teachers, their character and college man

#### INTER-FRATERNITY COUNCIL

Last Tuesday night nine men gathered in the office of the Dean for the purpose of discussing an inter-fraternity council. These men, three from each fraternity, made an portant decision. They decided to petition the Faculty Fraternity Committee for the right to draw up a con- of similarity stitution to govern student inter-fra-

This move is in line with the present tendency of other colleges in the State and nation who have well or- er, and has perhaps a slightly broadganized inter-fraternity hodies. Conistently good results have been ob-

tained in these schools Washington College has felt the need of such an organization some time and the formation of a Pan-Hellenic Council for sororities was the first step taken in this direction. Some people can offer many reasons why such a body would fail, but the old saying, "Nothing ventur-ed, nothing gained," may well be applied in this situation.

Believe it or not, a better feeling among fraternities on this campus can be brought about hy the formation of an inter-fraternity organization. Frats will NOT cut each others throats but will work for the betterment of all if given the opportunity

Much credit is due to the man who has fought consistently for the last His degree would be awarded to him few years for the organization of a powerful inter-fraternity council. He sees the advantages and feels that such a group is the solution to the ever constant strife and strain among the social groups on the hill.

Give this movement your support; you will benefit, your fraternity will benefit, and your neighboring fra-ternity will benefit. Give it a fair Give it a fair trial and you'll find that this is the first examination is easier and more most important move in local fra- general than the last. The final B. with the present trend; support this country than any other. If the committee expects to find or- worthy cause!

#### ENGLISH COLLEGE MAN MORE ON HIS OWN THAN THE AMERICAN STUDENT

by Henry van der Goes

England and the United States one is well-attended, and some of them are comparing institutions that have per- open to the general public. The stu haps as many points of difference as dent, however, is not left entirely to

In England the average student enternity relations by a student board, ters the university at probably slightly different stage in his educa tion than over here; he is a little older basis of knowledge. To enter the University, he must have a reasonble grasp of some modern language, Latin, elementary mathematics, the

for Scriptures, English, and the natural sciences; the average entrance cansororities didate would probably be more proficient in one or another of these subjects while he would content himself with being sufficiently conversant with the others to pass the entrance examination; a knowledge of Latin, will be observed, is essential

Once the candidate has matriculated, he begins to specialize on one particular subject at once, or, at least, to go in for a more specialized corriculum than ever before. At Oxford, for instance, an undergraduate might choose to study modern polis, philosophy, and economics. course known as "Modern Greats"). on the results of two examinations which he has to take during the three years that the course would last, one in the first year, and the other at the end of three years. If he failed to pass his first examination, he would be "sent down," that is to say, compelled to leave the University; the second would determine the class of his degree; (first, second, etc.). The important move in local iris general than the least yet cases, be yet circles since nationalization A, degree would, in most cases, be point out a few of the several years ago. Keep up more like the M. A, degree in this that exist. The American several years ago.

England, attendance at lectures is foreight of Geel Rhodes, unfortunabsolutely voluntary; physical press attely little provision has been made ence in any one room is not consider for the English student who would IN A M E R I C A ed as a necessary part in the acquir- like to come over here,

In comparing the Universities of | ing of knowledge; all the lectures are

his own devices; he is assigned to a tutor who is, himself, a specialist in hatever the student wishes to specialize in, and who directs his along with that of ten or so other undergraduates, in general, the English undergraduates is left more to him self and to his own resources than his American counterpart; under this system, the better ones naturally tend to swim; and the worse to sink, while none take compassion on the latter.

We cannot leave this question of the respective systems of education without some reference to Sports. The English student is just as keen on to get out of an asylum. his games and on taking physics ercise as the American; in the "publie" schools they have quite an important part in the corriculum. the Universities, (at least at Oxford and Cambridge), sports also have their part; but as in the case of the studie", there is no question of compulsion. The attitude towards various games is different; in England it is essentially one of amateurs; the individual has to supply his equipment, (which in most English games is nothing much); there are no professional coaches, and in general there is some attention, at least, paid to the enjoyment that the players may get out of playing; they play not Dickinson College, one of our hard-merely for the benefit of the specta. est, if not the hardest, grid contesttors or just the athletic reputation ant this fall. of the University, but for their own pleasure and well-heing.

In the short compass of this article it has been possible only to make some general remarks and to differences The American undergraduate who may want to go At the two older Universities in England has been provided for by the

### World Trend Is Up MUSICIANS TO BE To United States, Opinion Of Speaker

### Can Determine Type Of Rule, Teacher Says

Democracy or Facism, it is up to the United States to determine which shall rule the world, Miss Hermione teacher at the Chestertown High School, said in addressing a joint session of the Y. M. C. A. and W. C. A., last Tuesday, in Hodson Hall.

Miss Riches pointed out that the United States, on account of its geographical situation, would likely be the last country to suffer an attack in case of war. Yet there is the dan- First movement from Tric ger of foreign powers establishing a closer naval base. To the North there is no danger of this-for Canathere is no danger of this-for Cana-da is probably our closest ally. To Etude in thirds the South, however, we are less certain. Both Mexico and Brazil carry Polonaise in A flat major, on a large trade with Germany and may not be averse to the establish- Canco i dans

Our greatest danger, Miss Riches asserts, lies in the organizations Trio in C minor, which exist to undermine democracy Opus 101 in our own country. Whether these organizations are sponsored by for eign powers or function independantly is a matter of uncertainty. It is evident, however, that within our own country there is not a great deal certainly anti-democratic

Opportunity in rushing has been equalized, mainly y limiting expenditures for rush functions. Finally, grievances have been settled and conflicts avoided by bringing questions into the open and gaining fair arbitration.

The men of Washington College in fraternity relations, face problems imilar to those of the sororities. To them the sororities say the benefits of a Council will outweigh the objections. The goal toward which the fraternities are working is well worth the efforts it will require to establish an Inter-fraternity Council.

#### \_\_\_\_00\_\_\_\_ COLLEGE - TOWN

The Hallow'cen activities on the campus were comparatively mild this year. The fun was constrained and without results too destructive. There have been times in the none too distant past when the college was presented with bills and complaints the morning after Hallow'een that would stagger Croecus.

The residents of the town may well be complimented on the sensible attitude they have displayed toward the annual frolics held by the college students. Often in the past, stu-dents have been rather destructive, often intentionally; and the townspeople have been conally vindicative in blaming students for all damage done on Hallow'een night.

These annual orgies have gradually lessened. This year a few freshmen (?) tried to keep up the old "esprit de Corps," hence the Christmas decorations on the trees and buildon the campus for establishing an In- ings, judicious planting of lanterns, EXCHANGE COLUMN:

### Shore Defense Holds Dickinson

### Favored Visitors Manage To Eke Out 6-0 Victory

A highly favored Dickinson team lege eleven at Kibler field last Sat-

Paced by a really good fullback, Sam Padjen, the Engineers from Carlisle, Pa., were favored in Saturday's fray by at least three touchdowns, but they were only to glad to Played on accept their slim victory. a field that was ankle-deep in mud, the game developed into a kicking passing duel. Running plays, made ineffective by the treacherous footing gained little as two gallant lines fought tooth and nail.

The only score of the game came in the first period, when Padjen bucked over for a score from the two yard line after short forward passes had payed the way for the touchdown. Bittle's attempted placement went

Once in the second quarter and three more times in the fourth per-iod the visitors were on the Marcon goal line only to be held for downs by a desperate defense, the high spot of the game for Washington College.

A second tally for Dickinson appeared evident in the second quarter when Darr of the visitors, romped 50 yards toward the goalline only to be stopped at the last minute by Watson. Sho'men back by a diving shoestring tackle. The Washington line then held and another threat was averted

A definite lack of offense contributed to the defeat of the locals. Running plays and passes alike availed nothing. Needing only one likely to be the margin of victory the Maroons had a good chance when Zebrowski recovered a punt which was fumbled by a Dickinson back. next play when a backward pass from only "beat" them?) Fetter to Tully went haywire and Dickinson recovered.

Late in the game Washington fill-point.)

ed the air with passes in a final effort to score, but Dickinson intercepted and kicked out of danger. Zehrowski intercepted a pass as the game ended.

Washington played a great defensive game, but is still without a scoring punch, which wins ball games.

#### First Hockey Game Results In Tie

The seniors and juniors battled to a one-to-one tie in the first class game of the hockey season last Wednesday afternoon

Both teams played an excellent game and to the surprise of many, the juniors proved to be a good match for the Senior team. The Juniors many times outplayed the Seniors, the former making the first goal at the beginning of the second half. Kay McCardell scored the goal for her team while Norma Rubin made the Senior's only score during the latter part of the second half. Ann Hollingsworth and Frances Perry were invaluable, both playing at their

Excitement ran high among the spectators especially when one of the players was hurt and Sir Knipp and Sir Scotty, water boys, rushed onto the field to offer their assistance.

The class games will continue with the sophomores playing the Fresh-man on Friday. There are no de-fending champions this year, so it will he an open fight to see which team will gain the laurels.

### INTERCEPTED PASSES

by Archie Morrison

day's 6-0 defeat against Dickinson the honors of scoring can was the fourth straight loss for the Sho'men, the effects of the game as a confidence-restorer could not have If we don't we'll all be disappointed.' had its hands full in eking out a 6-0 a confidence-restorer could not have If we don't win over a fighting Washington Col. been any greater had the outcome (Yes, ALL.) been a smashing victory over the Devils. The confidence regained after the Western Maryland game, rocked back on its heels "mistake," was regained two-fold. Dickinson was the topheavy favorite before the game — we weren't rated a ghost of a chance. The "Dickin-sonian" rated the Devils three touchwe weren't rated downs or more better than the Ma-roon and Black. Even the few sportswriters that did notice the game at all gave us the go-hy. Well, all in all, it just goes to show how uncertain the second-class football team ratings are, and how flexible the standings are. Upsets, in secondrate-team games are frequent. Anyone that picks a majority of winners in Class B football games should take a few courses from Professor Good-win-being on Lady Luck's side means plenty there. (Ouch, my in- ology. It was more emphatic.)

> Anyway, as I started to say some forty-three words ago, last Satur-day's game bolstered the moral of the team. In speaking of various members of the squad, I gathered from OFF-SIDES AND OUT OF BOUNDS. the concensus of opinion that the game this afternoon will be entered in the Washington College win colum. The only point debated by the um. The only point debated by the players was the score, ranging from a win by a field goal to "we'll whip Goop can retire or take Jake's w." The individual comments varulations to be used. Ole "Lucky-boy."

#### TIME

"Time waits for no man," but around this campus every man waits for time. It would be easier to compute time by a sundial than to figure out the correct hour of the day by the clocks that are used here.

There are three different times in use on the campus-the correct time, Dining Hall time, and William Smith time An alarm clock goes off in the the variation that has taken place during the night in the clocks of the the correct time. One gauges his speed according to it and wanders over to Hodson Hall, only to find the door locked; the Dining Hall clock says it is after 7:25. The next morning one leaves for breakfast so as to on hand promptly at 7:30. One weits ten minutes for the door to open; the Dining Hall clock has become fatigued and has dropped behind. After breakfast one sits leisurely smoking a cigarette, notices that the clock late or early for classes. The clock in William Smith has its weak mompected every morning, but the variations are not sufficiently regular to be foreseen. If the clocks would be off

he disregarded right away, Wash- of granting an unlimited or nation of either factor entering into the complication does not seem to be cates the establishment of the answer. The only solution evident is to get rid of one of the eleclieves will solve a very real problem ion't? tric clocks. If one clock was allow- which the College should face,

and William Smith something might be accomplished. A clock in William Smith could be set to ring a bell at 7:25 in the morning, notifying all and sundry that haste is required, the hour of breakfast is approaching. The Dining Hall door could be opened and closed accordingly. It would be pos-sible then to come fairly close to figuring out the time for the rest of the That would leave everyone satisfied except the commuters. Perhaps the Town Council would consent having the fire siren go off at 7:45 every morning; 1:45 that is, according to the clock in William Smith

#### DEAN'S LIST

Emphasis is placed on many activi-Ralph Thornton ties of the campus and those partici-John Blevins pating receive just recognition, in Robert Moore some cases too much. Scholarship Regina Loovis can not be listed among these. This being a place whose primary purpose is scholarship, it is not out of place Entered at the Chestertown, Maryland to stoffice as second class matter.

Subscription price \$1.50 a year. Single Copy.

10 cents year. standing accomplishments in the class

> The general opinion of the student body is that anyone achieving distinction in the class room is either a "sissy" or a "handshaker," an opinion that is certainly not conducive to the exertion of the best efforts as fa as scholarship is concerned. The absurdity and juvenility of the attitude does nothing toward lessening its im portance, and something should be done to erradicate it.

Sigma Sigma Omicron, and many ALL THE NEWS THAT'S FIT TO are unaware that this is the scholastic honor society, exists for the purpose of giving recognition to those who earn distinction through their work in the field of scholarship. But re again the opinion of the campus is that the members of the Society are freaks, individuals to scorn rath- says Jim. er than congratulate. Sigma Sigma Omicron this year has set for itself the task of changing the attitude of the campus, not to gain prominence for its members but to do something constructive for Washington College. morning; there is no way of telling The Society believes that there must be an incentive to bring students around to recognizing the importance campus, so the radio is turned on for and value in scholastic achievements. The purpose of a college training is the development of the mind of the individual in attendance, and to do that there must be emphasis placed on the necessity of exercising the mind to the fullest extent in academic matters. Some might say that it should not be necessary to create an incentive for study. It should not be necessary, but the situation here

Sigma Sigma Omicron believes that says 7:55, and heads over to William there are many on the campus who One finds himself either are not taking advantage of their inherent abilities, and in order to bring these people to doing that of which The same thing can be ex- they are capable, the Society advocates the creation of an incentive that will make these people strive to attain scholastic distinction. according to a regular schedule there this reason, it favors the establishwould be little to complain of. ### Peninsular Rivalry On Gridiron Holds Spotlight Today

#### Delaware Bringing Favored Team To Kibler Field This Afternoon

Traditional rivals meet once again on Kibler Field today, Saturday, No. vember 19 when the Washington College gridmen play host to the Blue Hens of Delaware.

This game promises to be a thriller an appropriate Homecoming game The two teams have both had mediocre seasons and are pointing for a win in the season finale. In addition to this there will be all of the fight and color which is connected with the meeting of two traditional rivals.

The two squads have been running through extensive drills for the past

Steve Grenda coach at Delaware has combatted spying by evolving a series of new plays to spring on the hapless Maroons, while Ekaitis has been sharpening up the passing attack of his charges.

The game looms as a toss up, with any edge going to Delaware. The squads are about the same size and employ the same kind of football tac-Together with this both schools have met just about the same oppo-

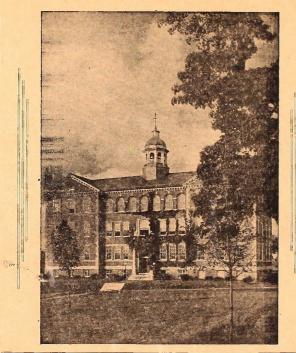

However, Delaware has shown a scoring punch and they've won a couple of games. The Galloping Zerocs of Washington College have done neither. The Maroons have played good defensive ball at times you is a scoreless tie. From time to DOCTOR MEAD WELCOMES ALUMNI time the Sho'men have been in pay dirt, but they've been unable to score and ball games aren't won withou scores

The team will enter this, the last game, with a different line-up than the one it started the season with. Injuries have taken a heavy toll. Bill Smith, a running back, was hurt early in the season; Bartillini has seen action in only two games, and will be out today: Tully received an arm injury in last week's game against St. Joe' Carmen, Foster, and Hoppe have tak-en the places of these men, and have been making a fine job of it.

Notwithstanding this the team has potentialities. Fetter can kick and be so. Four years of life with col-pass well. Carmen and Watson loge companions, in college halls cremight show something if the line would ever get them out into the If the law of averages catches up with the squad this season, Delaware will be snowed under.

### Large Number Of Alumni Will Take Part In Activities

### Homecoming Today Expected To Break Past Records

Homecoming for alumni will see a week-end full of activity, with the main feature this afternoon on Kibler Field in the game between Washington and the University of Dela-

The game, of course, will attract the greatest attention of the alumni, visitors, and student body. The kickoff for the game which will decide who is to gain possession of the Dan-iel Hastings Trophy will be at 2 o'clock sharp. A record breaking crowd is expected. Boy Scouts from the Del-Mar-Va Peninsula will guests of the College at the game. Tonight two dances will be held,

one in the Cain Gymnasium, and the other at the Chestertown Country Club. The dance in the Gym is being sponsored by the Varsity Club, and Billy Antrim's orchestra will be on hand to furnish the music. The Varsity Club has sent an invitation to the student body of the University of Delaware to attend the dance this evening, and it is expected that the Gym will be taxed to capacity. The dance at the Country Club is being sponsored by the Alumni Association, under the direction of the graduates in Chestertown. A large number of alumni are expected to be attracted, and the affair will probably take on the air of a grand rennion.

A concert will be held tomorrow afternoon by the Washington College Little Symphony Orchestra, the direction of Dr. Frederick G. Liv-ingood. The concert, which will be in William Smith Hall, will begin at Dances Scheduled Tonight 2 o'clock. A fine program has been arranged, and according to the popular reception which the orehestra has

## Six End Grid Careers Today In Delaware Game

### Old Rivals **Split Games**

### **Both Shoremen And Delaware** Have Won Three

Since the eight years that Coach Washington College football squad there have been six encounters with the Blue Hens of the University of Delaware. The games to date stand three for Washington College and three for the Hens, thus making this year's game the rubber game. In the six previous games the Maroon and Black have scored 78 points while

The first year that Coach Ekaitis was here no game was played. The following year 1932, the Hens took Washington over the jumps to the tune of 8 to 0. This was a close game which featured a long run by one of Delaware's men and a kick of the Shoremen being blocked and being recovered behind our goal line. In 1933 a mediocre Washington team met a fair Delaware team and the resulting score was identical of the year before, 8-6, in favor of the Blue Hens. They made their talleys in the same way as they did in '32, (that's one for Ripley). The tables were turned the following year when an undefeated Washington eleven trounced the Delawarens by rolling up a 29 to 7 score. This game com-pleted the first undefeated season under the leadership of Coach Ekaitis. But in the following year a powerful Delaware team came down and de-feated the Shoremen 32-12. In 1936 ady Lucy rode with the Marcon and Black and old W. C. was master of the situation to the tune of 21 to 6. Last year a strong College team won over the University of Delaware by a slim three points margin, 16-13.

The Daniel O. Hastings trophy, which was put up to promote good re-lationships between Washington College and the University of Delaware, now stands in Hodson Hall. The silver football is not too firmly planted, and may leave the campus this after-noon. The Blue Hens are favored, but the Maroon and Black team is ready to put up a real fight to keep the trophy here.

#### Freshmen, Sophs Prepare For Game

The freshmen and sophomore football teams have been busily engaged in practice and evening meetings for the past week, in preparation for the

The odds favor the sophomore The odds favor the sophomore team to come through victorious. Lovesky and Riedy will be the main-stays for the team, and will be supmeth for a good Northwestern team. ported by Cooper, Fowke, and other veterans of last year. But the freshmen cannot be counted out. Their Plenty of action at men, while not having the experience of their opponents, are filled with the fire of fight. There are a great many scores which the freshmen would like to settle, so that it is certain they will be playing hard, even if its not a winning brand of football.

This game will mark the end of the freshman-sophomore contests, and the winners will be presented the cup now in William Smith Hall.

The football game last year, be-tween the two lower elasses, was played to a tie.

Pictured above are the men who will take the field today against the Blue Rens of the University of Delaware. They are Tully, Carmen, Hoppe, Dudderer, Neubert, Zebrowski, Fetter, Kirby, Foster.

### Seniors See **Final Action**

#### Tully Will Be Out Due To Arm Injury

Zebrowski, Carmen, Ware, Stack, and Buffington will see action on the gridiron for the last time under the colors of the Maroon and Black in to-day's game. Tully, also a senior will be out of today's game due to an injury.

"Goop" Zebrowski, captain end, of this year's eleven will pilot his team for the last time to-day. His ability as a pass receiver, due to his height, has won many games for Washington College in the past three years. However, he is qually as good on the defense and has stopped many points from being scored on the old Alma Mater. Zeke received his letter as a freshman and last year got honor-able mention for the All-Maryland team. We will see more of "Zeke" on the basketball court this winter.

Tut Tully, who received an injury in the St. Joe's game that will force him out of today's battle, has seen four years of action on the team. Tut played end position until this season, when he was switched to a running back. On the line he has been known for his pass receiving, and in the backfield he stood out as the only man capable of making sweeps around Tut will be missed a great deal this afternoon.

"Gabby" Carmen, a shifty back, overcame a weight handicap last year to make his letter. Gabby, who has done much of the ball carrying for Washington College this year, will carry the ball for the last time this afternoon.

Reuben Ware, a two hundred pound center, has held down a position on the varsity football team for the past four years. Rube, however, is equally as good in the tackle position and it will be in this position, probably, that he will end a brilliant career for the Sho'men.

John Stack, a scrappy guard, re-ceived his letter last year. Stack's aggressiveness offsets his light weight and makes him an asset to the team. 'Stacky" saw plenty of action in the beginning of the season but has been out of the game lately, due to an in-jury. Whether he will see action this afternoon or not is unpredictable.

Buffington, another guard, will be in there plugging away for the last im there pagging away to the last 193 his letter last year but has been un-37, able to play much this year due to numerous injuries. Buff can usually be found on the bottom of every play. -Beat Deleware

#### Varsity Club Lays Plans For Initiation

Ten men will be initiated into the Varsity Club on Tuesday, November 29. The Club decided to hold the initiation after Thanksgiving, rather than send the new men home in a condition that would perhaps spoil their holidays.

The Varsity Club has sent an i tation to the student body of the Un-iversity of Delaware for the Homereceived of Delaware for the Home-coming Dance this evening. A com-mittee was also appointed at the meeting, Tuesday evening, to see that the goal posts are wrapped in the col-ors of Washington and Delaware, for this afternoon's game. The commit-tee consists of Make Kardash and Auvan Smith.

#### Freshmen Tarn To Fire Fighting

Prove Dangerous With Extinguisher In Hand

A freshman is an unpredictable and dangerous member of the species at any time, but put a fire extinguisher in his hands and you really have a problem.

Proof came this week when a fire of nuknown origin started on the leaf-strewn bank of the campus Wednesday night, and threatened to an opportunity to celebrate a day company. "Rats" Clark and Crisp which each year renews the spark of out by Mr. Johns. Clark ran for the extinguisher in the Lambda Chi sity of Chicago. house, and Crisp for one in William Smith. By the time they returned, Dr. Buxton had urrived and made a "fourth". Crisp and Clark were in Crisp and Clark were in their glory with their extinguishers, quite content with events, and then Dr. Buxton made a fatal mistake. He Hawtborne failed to keep well out of range of the enthusiastic "rats". Resultone fire safely quelled, one suit of clothes in questionable shape, two "rats" chagrined but happy. Moral beware of a "rat" with a Fibich guisher, it may mean a tailor's bill.

To The Editor of the Elm

As a law abiding student of Washington College I was ashamed and disappointed that Washington students had done so much dan to the Delaware campus. At first I understood that a historical building had been permanently damaged However after talking with a Delaare student I found that there had been little painting done, hardly not iced by the students themselves. The damage was highly overrated and threats that relationships between the two colleges would be severed and that the Delaware students would start a riot were misleading. A number of students who were re-

### Grid Upsets Mark Season

Makes Remarkable Duke Record

With Saturday's games the football season of 1938 reaches its end. have done their job and the heavy work is left to the experts who name national champions, All-Americans and advise in selection of "bowl" contestants.

maintained impressive records-Duke new favorites. with its unbeaten, unscored on, and untied victories; Notre Dame, play- I almost forgot (with applogies) our ing the hardest schedule of any collegiate team possessing an unbeaten record; Texas Christian with its re-markable offensive strength pos-sessing a clean slate, and Tennessee predicts the score of this great classic also undefeated and one of the best to be 0 - 0.

Full of disappointments, upsets, and thrills the pigskin parade had a most successful year. Pittsburgh University regarded as one of the greatest teams ever put together suffered defeat from Carnegie Tech and Duke. Namely it was a "eleven man team" lacking necessary reserves to fill in. Other fine teams-Dart-mouth, Minnesota, Cornell, and California for example-were victims of disappointments. Nevertheless providing games memorable and interesting as any won by unbeaten squads. Outstanding thrill of the year perhaps was produced by the effective toe of Tipton in his splen-did kicking ageinst Pittsburgh last Others can be named along with Tipton throughout the season as each Saturday's game produced a hero and a standout such as Sid Luckman, Sidat Singh, Goldberg, O'Brien,

Of the Rose Bowl, Orange Bowl, Sugar Bowl, Cotton Bowl, Dust Bowl and other "bowl games" becoming as numerous as there are conferences of football-already teams for three have been selected. The original and most sought after, Rose Bowl of California finds Duke (drawing criticism because many sports writers favored Texas Christian) to battle Southern California, loser to Alaba-ma and Washington U. The Orange Bowl officials in Florida selected Tennessee against Oklahoma, both being undefeated. Perhaps the "tops" in all aftermath classics will be the Sugar Bowl in New Orleans where undefeated and untied Texas Chris tian is named to face Carnegie Tech who lost only to Notre Dame and won over strong Pittsburgh.

In the "Rose Bud" game or pre-Rose Bowl game, we find Notre Dame closing its impressive season to battle the West Coast's selection Southern California, Probably drawing of the season's greatest crowds they

## Dr. Weglein Speaks Here

#### Discusses Changes In Educational System Before Assembly

Dr. David E. Weglein, Superintendent of Baltimore City Schools, spoke last Thursday at Assembly on the advantages of our modern educational system as compared to those of former days. In his absorbing talk he pointed ont the requisites for choosing one's life work.

"Education has changed," stated Dr. Weglein. "There has been complete revolution of education policy in the past generation." There used to be only one curriculum for all students, and it was a matter of sink or swim; in most cases it was "High school mathematics a lone consisted of required courses in various types of geometry, algebra calculus and trigonometry; all but a select minority were forced to drop out before their senior year, because they were incapable of doing the work."

We have been mildly amused at the frequency of assasinations and rebellions, but ers, should have had enough interest have soon forgotten the affairs knowing that if necessary, Uncle Sam of them just never got around to it. would straighten out matters. In our smugness, we have centered our ton College awoke to the fact that interest on the more dramatic move-

ments in Europe and have ignored A that which is taking place right next

And now we find, that in a time when the United States is most de sirous of cooperation of the South Americas, it is likely to have a difficult time in gaining it, and we are at a loss to know why. If we of the United States had bothered at any time to show a cooperative interest in these countries, we, would not be caught so off our guard. Perhaps the experience will teach us that we cannot remain aloof and in ignorance of their affairs if we are to maintain the policy of America for Americans.

#### LETHARGY

"Little Women" as staged last week by the Washington Players can be labeled only as a success. There were a few spots which were not particularly polished, but on the whole the play was superior compared with most amateur productions, and in view of the difficulties the Players had to overcome, that is an exceptional accomplishment.

It is, of course, well known that the facilities which the stage in William Smith Hall offers are of a nature which would make it as convenient to produce a play out on the campus. The stage is so small that when more than three people are on it at one time they are in each other's way, and any attempt at scenic background requires the utmost ingenuity leave room for the players. addition, the lighting system, if it can be called that, is of about as much help as kerosene lamps would be. The Players had also to find suitable persons for the various parts in a stu-While delegates from the United dent body which is too small to offer much choice. It was necessary, in "Little Women," to use freshmen in major roles, freshmen, who while talented, were lacking in the experience necessary for a highly finished performance. And yet, despite handicaps, the group was able to put on a difficult play in a fashion which the entire audience thought highly has been dragging Becky "Slinky" him. He followed docile as a lamb phere are being circulated. And on a difficult play in a fashion which there are definite indications that the entire audience thought highly

The only disappointing thing about the whole affair was the turn-out. It's style The United States, has, since the the old, old cry of the student body was purely a defensive measure, but stage play is all too infrequent down it was not long before the economic here on the Eastern Shore. #### JUSTIFICATION OF HITLER AND HIS POLICIES IN PRESENT DAY GERMANY

by James Spielman

In the state of Delaware, the Du | Herr Hitler states that in the latter Ponts are looked up to as a benevo-lent organization; however, the majority of the people in the other for-ty-seven States look upon this distinguished family as a "clique that runs the State as it pleases." To To state this simply; there are two sides to every question and the broadperson will acquaint himself with both sides.

It seems as though the present German question is typically plified in the preceding paragraph. A great many of the German people look up to Adolph Hitler as the leader who will carry them from the lowly depths into which the greatest injustice of modern times, the Versailles Treaty, had placed them. They expect him to take them back to nor- innocent must suffer along with the mal conditions and to place them again in economic and military equality with their neighbors.

Concerning Hitler's policies, we cannot condemn all of them, just as we cannot condemn all of President Roosevelt's policies. It is not likely that the idea of Der Fuhrer is to build a great colonial empire. He states like pyramids standing on their of education. points. Their possessions in Europe are ridiculous compared with their top-heavy burden of colonies, for-eign trade, etc. He favors a strong central state with a suitable amount of colonies.

against parliamentary governments,

form, the legislative body may make a decision but there is no one to hold responsible for it. Their proceedure of dissolving parliament or changing the coalition cannot be called bearing the responsibility.

Hitler's action toward the Jews is not purely personal, as many may think, but it comes from his desire to protect his people from corrupt undermining agencies. It happened that after the World War, he had experiences with Jews who were responsible for this undermining propaganda which caused much of the dissatisfaction and dissention in the country. He regards them all as enemies of the State. Although his supposition may be erroneous, it is his idea and the guilty.

Der Fuhrer's ideas of are similar to our own. He states that no hoy should loaf about idly and thus become involved in disturbances. After his school work, should harden his young body so that life may not find him soft when he enters it. The pumping in of knowconsiders many of the European ledge is not then, the only function

We Americans consider freedom of speech and press a blessing, and truly it is for our democratic and fairly well educated people. If these privilages were granted in Germany, we would witness another In defending his dictatorship great collapse, since the many minor-

## **Pentagon Opens** With Moravian

#### Veteran Team Ready For Action Wednesday

The 1938 Washington College and white clad basketeers of Moravian and cember 14.

Last year the Maroon's won by seant six or eight points after trailing at half time. This year the game doesn't figure to be suit. oesn't figure to be quite so close. Moravian has a capable center and that's about all. The Sho'men, with a club of championship calibre are definitely stronger than the visitors will be.

A veteran aggregation of Captain Bill Smith, Zebrowski, Neubert, Kardash, McMahon, Collins and Pfund, assisted by good new material will be hard to beat. In McNiff, the Wash-ington College team, has acquired a sensation. This boy is a passer and play maker par excellent. He is a elever shot and a good floor man. The team can count on him for a lot of baskets. "Baba" Roberson, is another freshman, who has shown a lot of promise. A regular at Rugus-to Military Academy, Roberson has had plenty of experience. He is a good floor man and an excellent shot. Charlie Fetter, up from the Jayvees, will see plenty of action in a varsity uniform, as a substitute center for

With three games before the Christmas holidays, the squad is being paced through rigorous drills by Coach Kibler. He is employing both a zone defense and a man-for-man defense to combat the defense of Moravian, which employs a four man zone, with one man following the ball. Which ever defense Kibler de-cides upon, you can rest assured the Sho'men will he plugging for their first victory of an undefeated season.

Tentative plans have the Jayvees playing a boys club from Wilmington in the preliminary game. The Jay-vees consist of Kilby, Mead, J. Stevens, Davis, Kerdesh, and Ray Kir-

## FOLLOW-UP SHOTS

FALL

Announcement of Washington Col-ge's nine game football schedule lege's nine game football "Flying Pentagon" inaugurates its for 1939 on Tuesday was accompan-winter campaign by tackling the blue ied by pessimistic shakes of the head incredulous murmurs. If ever at the Armory Wednesday night, De- a suicide schedule was devised, the one the Sho'men face next season is An annual clash for the past few it. Opening with Swarthmore and years, the game with the boys from Bethlehem, Pa., is usually a thriller. PMC, the Maroon and Black meet Last year the Maroon's won by a class in this section. Delaware, Mt. St. Mary's, Juniata, Hopkins, Dickinson and Western Maryland were retained from this year's schedule, while Swarthmore, PMC and possibly Drexel are the newcomers to the new fall card. Of the eight scheduled games, the Dickinson, Hopkins, Delaware, Swarthmore and Juniata are played away, and the Drexel game is tentative. There it is-not a breath-er on the schedule, with the possible exception of Swarthmore, and then chances of an easy game are remote. The Sho'men will have their hands full next year, playing nine games in eight weeks, with the closing game

#### CAGEY STUFF

Deception Plus will feature Maroon and Black court play this season, as evidenced in recent scrimmage sessions at the Armory. After taking less than a day to accustom themselves to the wide open spaces of the huge floor, the Marcon courtmen opened it wide in scrimmage on Tuesday and sprinkled the air with fakes, blocks, passes and swishots. Trickiest of the tricky to work out on the Armory this week is one Francis (He-of-the-tricky-haircut) McNiff. So deceptive was this freshman from Asmallertuwnthanwaterbury, Con-necticut, that even his mates were bewhere, shoots from his heels and dribbles like a field. Strictly a team man, Mac will be a valuable player team this year. Teamed with Rat McNiff is a Bre'r Rat, Babe Roberson. Fast on the get away and the change-of-paceiest man on the floor. Both new men have good eyes and realize the value of quick, deceptive pass work.

Among the Vets on the Sho'men

Selected By Managers squad, all goes well. Billy Smith's ankle seems to be behaving nicely, thankew. Goop isn't as gullible when a fake is thrown his way; Howie clod-hoppers, have been good to their owner; Mike seems to be taking on height (but where we don't know) ontstanding performance on the field, plus the exhibition of sportsmanship, perseverance and effort.

The team is as follows:

The team is as follows:

for action.

As a whole, the teams which face each other in daily scrimmage are practically equal in strength. Kibler's job of selecting a starting five will be pleasantly hard with the wealth of material on hand, and seven of his last year's Varsity to mould the team.

#### COING THE ROUNDS

Up at Emmittsburg, our closest rivals for the State league cup are happily shaping up a team with which they expect to repeat their last year's coup. The Mounts are confident of this year's results with four of their five Varsity men of last year's squad

was last year. The Westerners are longer on experience than they are on height, however, and will find it tough sledding when they meet last year's first division teams. Loyola and Hopkins will be about the same as with they were in the last campaign, while St. John's will be considerably weak-It all boils down to the same mud 48-8. that it did last year and the year be-fore; the Mounts are the team to beat to take the State title. Naturally none of the other clubs can be underestimated, but the strength of the league lies up in the Hills of Emittsburg and the Plains of the Sho', and roll up 48 points to their oppon-And whether the cup stays way up thar' or returns to rest way down hyar' depends too much on the meetings of the Mounts and Sho'men.

#### LEGISLATION

Technically, the court game this year will remain very much the same as it was last year. The rule-moguls probably thought that elimination of the center-jump after goals was a radical enough change, for the rulealterations this year are not important enough to add to or subtract from the game from the spectator's angle. The big change, comparitively, was the revision of the three second rule in regards to the foul lane. As bethe basket is restricted territory, and no man can roost there for more than three seconds. But the ground between the foul line and the circle, or the upper half of the circle, is now open to traffic. The new ruling states that any man may park there for as long as he so desires, BUT, as soon as he obtains the ball in that area, he has only three seconds to get rid of it. Contrary to popular belief, however, this new change will not resurrect the old pivot play. Three seconds is too short a time to work any plays in, unless a plan of action from the pivot is drawn up beforewildered until they caught on to his style. He passes the ball from nocried bloody murder when the pivot play was stolen from them; merely a compromise between the two schools of thought on the subject. The only other major change was made in regards to the number of time-outs allowed each team per period. limit of three was extended to four, giving the teams more rest periods.

Intra-mural basketball started off bang Wednesday afternoon with three games, in which the Seniors overwhelmed the West Hall team Kappa Alpha's easily toppled the Juniors 32-5, and Theta Kappa Nu's eked out a 16-12 win over Mid-

ents 5. Rube Ware, senior forward broke some sort of a record by scoring 24 points personally, while Bill Koleshko was right behind him with 17 points. They were aided by swift, accurate, passing from their teammates.

The Kappa Alpha team had little trouble in beating the Juniors 32-5. The Juniors offered little resistance as the K. A. quintet, rolled up point after point by their slow, smooth passing attack. They had practically no difficulty in keeping the Jun-iors from scoring. This team, by to-day's appearance, has placed itself as a threat to all other competition. is one of the smoothest working ball clubs in the league.

The final contest was a hard battle between Theta Kappa Nu and Middle The Nu's were in the lead the whole game except in the first few minutes when they trailed 6-5, but Middle Hall was a constant threat. It was easily the best game of the day, with two well matched teams battling all the way.

Little can be predicted as to the outcome of the league after the first games, but both K. A. and the Seniors appear to be high scoring, easy working quintets, who will give trou-ble to anyone in the league.

ten, the diversity of subject is equally large. Dr. Mead said that the modern hiography period began about 1918 with the publication of Lytton Strachey's "Eminent Victorians." It was not the book so much as it was the preface that is remembered for new theory of biography, which acted as an influence to contemporares and some present day writers. Strachey revamped the ideas of biographical writing and made his works brief and more concise. He believed in picturing the individual as he real ly lived and not reverting to stilted style merely for effect. Along with Strachey, Dr. Mead discussed Emil Ludwig and Gamaliel Bradford as eminent biographers. Concerning Bradford, he told of his delving into the psychological background of the

ting. The Glee Clubbers formed a one that can be passed without runsemi-circle around the microphone, ning into enough red tape to hang it. Moffett directing from front.

With a gesture from the director, the vocalists opened the "broadcast" with the well-known selection, "A Toast." As the last notes of this melody faded away, Henry Van der Floyd Mills, Marie Little, Goess, the "announcer," stepped up to the mike to introduce the next selection, "John Peele," followed by the noted march from Gouno's "Faust." "Steal Away," an old negro spiritual, was next and then the Glee Club swung into the "Soldier's

## Pentagon Due For Real Test

#### Meets Two Strong Teams In West Chester And Wittenberg

Two strong foes, West Chester and Wittenburg, loom up in front Washington's basketeers be Christmas

The Maroons, victorious in their initial start Wednesday night against Moravian 47-37, will be out to avenge last year's defeats at the hands of both West Chester and the high-flying Wittenberg.

Playing at West Chester last year. the Sho'men were nosed out 38-35 by the Teachers in what was a fast thrilling game. The boys from West Chester always have a fast, smart quintet and will be tough to beat. Their star, Blitz, is in the opinion of this writer as good a ball player as local fans will see all the year. The last time he appeared here he got 21 Another star performer for West Chester is their tall center, who will be a good match for Zebrowski, local pivot man.

Little need be said about Witten-This mid-western squad from berg. the basketball belt is really hot. They trimmed the Maroons last year 48-35 and were not extended. Tall, rangy, these boys are deadly long shot artists and clever passers. Because they are definitely out of our class, a win over them would be quite a feather in the cap of Kibler's charg-es, and would bolster the morale of the squad no end.

Playing the boys from Ohio in the local Gymnasium and using a zone defense, the game proved a disaster. strut their stuff. There was no need to penetrate the Maroon defense. Throwing up long shots was easier and just as profitable.

This year, on a larger court, and using a man for man defe Sho'men should do better. defense, they will be fighting to keep their slate clean.

Merry Xmas

### Staged By Glee Club Parliamentry Law Class Votes For Extra Meeting

The parliamentarians of Professor voted themselves a party, to be held in Hodson Hall, Monday afternoon.

The class, in so doing, is following a precedent set up by the Law group Amplifying equipment obtained from Dr. Coop's physics department of three years ago. A motion for rendered authenticity to the stage set such a party is apparently the only The parliamentarians refuse to comment on the nature of Monday's par-

# Featured At "Y" Dance

#### THE PIVOT POINT

A little over a third of the school year has passed, a third of a year them show it in Hodson Hall. that has seen work well done and work not so well done, fine deeds and deeds not so fine. The good and the To the Editor of the Elm: bad seemed very important at the Dear Sir: moment, but in retrospect both appear little more than knolls and dips in the year's course. A slight glow of satisfaction may arise in recalling the good and a slight feeling of irriall that remains.

In a few days the Christmas holidays will begin, bringing a chance to escape the routinized life led since September. The holidays are primarily meant to give the students and the faculty alike, a chance to get away from the campus and forget the classroom. It is well that the holidays be used for this purpose for it is natural that enthusiasm for the daily task should lag after an extended and other field of activity.

But while it is good to get away from the daily routine, there is harm in using the interval to look harm in using the interval to look nourishment. If it wasn't for lettuce hack over the past months and evaluate experiences. From a more or less detached point of view, it will not be hard to pick out the important from the unimportant, nor the good from the unimportant, nor the good from the bad. After so doing, it would be worth while to balance the accomplishments against the standard with the individual set for him. ards which the individual set for number of the former self in September. If the former worth getting up for. The cereal is are unequal to the latter the individual will know that somehow, somewhere he has shifted from his true where when we get hungry (of course)

The Christmas nondays then do not and buy rood with the fittle spare only mean a chance for relaxation money that students of this school from the usual task, but also a chance to regain his original perspective. Here, but I'll be darned if we get Should the individual take advantage of the opportunity, he will find the glad to see prospective students come holidays doubly profitable, and will late into the dining hall, because we stand the holidays doubly profitable. return to the campus in January prepared to use the remaining two-thirds sion food." Golly, I'll bet those of the year in a manner creditable to prospectives that came this year are himself. The future is the importsurprised. ant thing, the past is important only Yes, we have a beautiful hall, but in guiding the way in the months to how deceiving!

To the Editor of the Elm:

Two years ago our student body entered Hodson Hall with a silent agreement that they would give up their high school manners of cafe-teria days and show appreciation for the beautiful gift of the Hodsons to Washington College. Students had a chance to prove they were ladies and gentlemen. It was no longer an exception to dress for dinner but a rule. Proper attire was attended by proper manners. Boisterousness and the famous "boarding house" reach were frowned upon. Waiter's knew their job—their place. The manners of the students harmonized with the beauty of the Hall.

Why is it, then, that our good resolutions must gradually deteriorate into the old "bread line" days? The Hall has become noisy, so noisy that you can not tell if the person sitting next to you is chewing or talking. The tables resemble a bargain counter. "Grab all you can" is the motto of waiters and students alike. The old styles of bedroom slippers and jackets for shirts are coming back. Some blame this on the youngest generation. If this is true, the case is exceptional, because it has always been noted that freshmen tend to follow examples of the upper-classmen.

Perhaps noise is due to the crowded conditions of the Hall. Perhaps
—a million excuses. Nothing, however, can excuse poor manners—a re-flection of home training. If students have come to Washington College do gain culture and poise, let

Women's Student Council.

- Merry Xmas -

I'm not a chronic griper, but when the subject of a gripe becomes such that somebody like me begins to gripe, it must be pretty bad.

When a student comes to college his parents leave him in the care of tation at the bad, but that is about the college, so to speak. Ever since the can remember he has gone to meals three times a day. After he has been to Washington College for a while it creation that he comes to Hodson Hall (except for breakfast; he loses that habit because it isn't worth getting out of bed for). To bring my point home, I mean to say that the food that we eat at Washington College is "lousy" in every sense of the word. In hygiene in the elementary grades task should lag after an extended and uninterrupted time has elapsed. This food are essential to the functions of is true of the college as it is of any our human bodies. Without definite nourishment how can we be expected to really get out of our studies what we should. We get food, but no nourishment. If it wasn't for lettuce ards which the individual set for him- breakfasts, as I said before, are not

where he has shifted from his true course. He will then be able to re-

Merry Xmas

Last week in St. Louis the annual Santa Clause parade took place. the beginning of the parade Santa rode quite pompously and appropri-ately in a sleigh (with wheels) drawn by four horses wigged with antlers. One of the horses slipped on a street car track, making Nick's progress in-definitely delayed. By running he managed to catch up with the last car and finished the greater part of the parade on a running board a bawling and disappointed kids.

-Happy New Year-

Over the holidays please drive carefully-don't become a statistic. Merry Xmas -

## Sho'men Top Moravian

#### Kibler Uses Two Teams In **Initial Contest**

Washington College's Flying Pen-tagon won their first game of the season against Moravian College at the State Armory Wednesday night by the score of 47-37.

Washington had little trouble with the team from Bethlehem, Pennsylvania, in the first half and finished the period 26-13. The big red team was period 26-13. never in trouble and led all the way by a comfortable margin. Coach Kibler crossed up the fans by start-ing what seemed to be his second team, but they showed up almost as well as the first string squad.

Late in the first period the first team went in and stayed until the half. They rolled up 20 points with little difficulty and combined with the 6 points made by the alternate team collected their 26.

Zone defense, used some last year by the Pentagon was employed, and Moravian was unable to break through enough to be a threat. Moravian used a shifting zone defense but this, while it was worked quite well, did not stop the Washington team.

Mid-season form was shown by Coach Kibler's men, in this first game floor. This factor may play a large points to his credit.

part in this year's hopes for State Kappa Alpha 19 - Theta Kappa Nu 18

championship.

As to the star of the game, little can be said, because the team worked one of the players might be considered the outstanding performer for the uniform, set the fans wild and play-ed a big part in winning the game by his sensational passing. He is one of the smoothest passers ever to be of the smootnest passets view seen on the floor. Bill Smith, captain of the team, played a great game both on offense and defense. Karboth on offense and defense. Kar-dash and Neubert played bang-up games. Working together, they make up one of the smoothest aggregations ever placed on the Armory floor by the college.

13 points. Others outstanding were Forrest who was a dead eye on long shots and Weiss who challenged Meand scored the two points that won

liminary. The game ended in a 22- kins was the high scorer for the 22 deadlock and was decided by an ers with four points to his credit. overtime period.

Sophomores 23 - East Hall 10 Although a fast and hard working eam, the East Hallers were no match for their more experienced opponents, the Sophomores. The East Hallers possessed the speed and stamina but needed more practice in ball handling Quillen of the Sophomores broke through their defense several times to score 8 points while Bremer scored five. Storm and Foster of the East Hall team each had four points to their credit.

#### Lambda Chi 17 - Frosh 14

This was another game where in-experience was the chief disadvant-age to the losers. The Frosh showed much speed and their ball handling was very good, but they were no match for such veterans as Jones and for the Lambda's with eight points to mores with five baskets. his credit.

#### Day Students 12 - Y. M. C. A. 11

These two teams were very evenly atched. It was only a case of who of the season. Their floor work and got the breaks or made them. Morse shooting clicked like a song, and if a showed up very good for the "Y" success of a season, Washington has little to worry about. Washington is fortunate in having two terms of the law Stadents. most equal strength to place on the Hopkins, and Ford. Each had four

This was without a doubt, the fastest intra-mural game played up can be said, because the team worked as a team and not as individuals. Any definitely held the upper hand. At the half, the score ended 13-9 in fav-or of the Theta's. However, the K. night. Zebrowski was high scorer with 15 points, McNiff, starting his first game in a Washington College their opponents five. Young problems of the fans wild and play ably pulled the game out of the fire for the K. A.'s by scoring eight points in the second half, making him the high scorer for the game with eleven points to his credit. Shockley was high scorer for the Theta's with sev-

#### West Hall 15 - Middle Hall 6

In this game, West Hall, with a practically new team on the floor, swept down their opponents to redeem themselves after their crushing defeat at the hands of the Seniors. The combination of Clark, Carter, and McClotsky proved to much for their opponents. Carter's long shots and the bell handling of Clark and Mc-Clotsky spelled victory for West Hall. It was a one-sided battle from the heginning. High scorers-Carter 8, West Hall; Cronin 4, Middle Hall.

#### Juniors 18 - Middle Hall 16

This game was more of a rough and tumble fight than a basketball game. There were repeated fouls by both teams. At the end of the half, the Juniors held the upper hand when the score ended ten to two. However, Middle Hall swept through their op-ponents in the second half to score twelve points to their opponents four In the extra and to tie the score, In the extra period, Nelson of the Juniors dropped through two baskets to the one 16 5 37 for the Middle Hallers ending the

game 18-16. Morton scored ten the sixteen points for Middle Hall.

Lambda Chi 15 - East Hall S

An experienced Lambda Chi team swept through the East Hallers to hand them their second defeat of the season. Walatkus starred for the Lambdas scoring nine points. Four of these points were made on two dif-ficult one-handed shots. The Lambdas have a fast aggregation but they don't seem to have the scoring abil-ity that they should. A lack of ex-Sho'men was practically impregnable ity that they should. A lack of ex-

The Freshmen showed much im-provement over their first game. Most of their scoring was made on long shots. Their chief fault however seems to be in their dribbling. Less dribbling and more passing would result in a better team. Smith, Tammany, and Lore, each had two baskets to their credit. The "Y" team couldn't seem to work together. Their passing and shots were inaccurate.

Sophomores 21 - Theta Kappa Nu 9 These two teams appeared evenly matched even though the final score didn't show it. Everett of the The-

## Mixed Teams To Construction Of New Buildings **Expected To Begin In Early Spring**

#### Plans For Dunning Science Building Are Being Prepared, Library Plans Ready

Immediate erection of the new Science Building, made possible by the gift of \$50,000 to the College, by Dr. H. A. B. Dunning, is planned according to an announcement by Dr. Gilbert W. Mead. Plans are now being drawn by the architects and it is expected that actual building will get under way in the early spring.

# LIBRARY TO BE MODERN possible the erection of AND BEAUTIFUL is a Manufacturing Pl

The new library, for which George A. Bunting, gave to the College \$50,000, is to go under construction in the early spirng, along with the Dunning Science Puilding, according to President Mead. Final plans are prepared for the library, the total cost of which is expected to be ir, the neighborhood of \$100,000.

It is to be designed to harmonize in style with Hodson Hall and the new Science Building. Plans for the library show a building, the main floor of which will be taken up by a large and beautiful reading room. The reading room will rival the lobby of Hodson Hall in appearance, An The decision of the debate was left historical mural artist has been engaged to do work for the reading room, one part of which will be par-tially screened off to make a lounging room for light reading. The upper floor will be taken up hy a large museum room for various exhibitions, and several seminar rooms. lege Book Store, and storage room will be located in the basement. The

#### WHY NOT?

That the pace of life is becoming ten to those who are given to explanations of everything from falling hair our own brief span of years, life is them for their chosen field. continually gaining momentum.

The thing should not be encourag-There is no need to constantly does not give one time to enjoy the surroundings and it ruins the digesly the long way around, and give up some of the short cuts? It would be doing our dispositions a good turn.

And the best place to begin, adopting this new program, is right here on the campus. It has always been the custom, here on the Shore, to "take things easy," and there is no need for our upsetting a tried and true custom. If we would just unlax and take our time, we would probably learn a few things we never be-fore knew. For instance, supposing someone were to go from Middle Hall to William Smith Hall. The majority of us would likely allow ourselves thirty seconds to accomplish the to the Hall. It is safe to wager that we would notice quite a difference both as to ourselves and to our environment. Personally, we would feel better, and as to our surroundings,

Why not try it some time? A new experience is always a valuable thing even if the outcome is not entirely agreeable. And if, perchance, a sufficient number did find that the longer way around was not too much of a hardship and that the extra minute not missed too greatly, we may find grass growing on the campus this

#### TO DOCTOR DUNNING

No experience could be more pleasant than to take this opportunity of extending to Doctor Dunning, on behalf of the student body, its thanks, and to convey, in a measure, the apmaking possible the erection of a new building on the Washington College campus.

Each step that is made toward the goal of making Washington the ideal college is of the greatest importance to every student on the campus. Doctor Dunning, in giving the apportunity of taking another stride toward this goal, has rendered a service to the College for which each individual student feels a deep sense of gratitude. To us, of Washington College, Doctor Dunning's liberal gift, means that the plans for the physical com-pletion on the College will soon have advanced to a point, which several years ago, seemed far in the dim future. In the few years that the members of the senior class been a part of this institution, three major projects of expansion have originated; a dining hall has been built through the liberality of the Hodsons, a library is soon to go under construction, thanks to Dr. Bunting, and now a science hall is to be added, due to the generosity of Doc tor Dunning.

The science hall will add vastly to the picture of the campus, but of even more importance than the physical appearance, will be the addition of facilities for academic pursuits. The science departments, which have be-come increasingly popular, will be located in surroundings, which will admit an enlargement in the scope of increasingly more rapid is known by their work. With modern laborator-anyone who has had the time to lis- ies, those departments will be able to carry on work thorough and accurate to a degree which heretofore has not ations of everything from falling hair been possible. The science students to flat feet. And when one pauses to will be enabled to acquire a better give it thought, one finds that even in background at Washington to equip

Doctor Dunning as a native of the Eastern Shore, has selected Washington as the institution to which he scurry from here to there. It really chooses to give his support; an institution endowed with the same toric traditions as the Shore on which tion. The thing for us to do is to slow down a bit. Why not go leisure-in the heritage of the past, Doctor Dunning is creating a heritage for the future, which, those who are to come, will appreciate to the extent that we, of today, appreciate that which has been given us by those who have gone before. Doctor Dunning has rendered a service, which neither the present nor the future generations will ever forget. His name will live on the campus, not as a mere name of a building, but as the name of philanthrophist, who made possible the passing of a mile-stone on the road leading to the goal for which, of Washington College, are all striving.

It is with all sincerity, that the student body of the College expressjourney, and consequently it would be down the slope, over the campus and into William Smith. Suppose now we were to give ourselves a little campus, so that it can, to a foller word of the campus, so that it can, to a foller word of the campus, so that it can, to a foller word of the campus, so that it can, to a foller word of the campus, so that it can, to a foller word of the campus, so that it can, to a foller word of the campus tle longer to cover the same stretch, extent, express to him the gratitude, Monday afternoon—and Tuesday and were to follow the walk around which it feels. The student body is night? the latest benefactor of the College and is interested in cementing a firm and lasting interest and friendship between him and our institution. But we might notice a few things we had until the opportunity of a personal meeting comes, Doctor Dunning can ing that we use the walks for ining that we use the walks for in-stance. If we had enough time we gard on the Washington College cammight even think over the request and pus, as the man, who gave for the advancement of a cause which means so vancement of a cause which means so much to all of us.

> That large numbers of college students have less academic ability than the youth of their generation who have become machinists and unskilled workers is disclosed in a pamphlet, "How Good Are Our Colleges?" just released by the Public Affairs Com-

season in its final lap, students are beginning to pick the winners. At present, the Seniors are leading their league with a perfect score. Incidentally, they are the only undefeat-ed team entered in the intra-murals. The Kappa Alpha's and Lambda Chi's are tied for the lead in the Fraternity League with a percentage of .800 for each. In the Hall League, the Day Students have a large lead with a percentage of .833.

Due to the number of games played since Christmas vacation, space does not permit a write-up for each game. Consequently, only the clos-

The meeting of these two undefeated teams caused much eomment among the spectators and proved to be a thrilling game from beginning to end. The Seniors took an early lead and held it to the end of the game but at no time were they confident of victory. Ware, the scoring ace of the Seniors was bottled up very nicely by Palmerini. However, not enough to keep him from being the high scorer of the day with seven points to his credit. It was Ware the margin down to three points, a.B. Loyola's Greybounds the two most leaders and found the second half are only the second half from the floor.

The opening of the second half from the floor.

The opening of the second half from the floor.

The opening of the second half from the floor.

The opening of the second half for way Tuesday night when Hopkins to unce Western Maryland by elevent points. The meeting of the Jays and Sho'men next week will be extremely vital to the followers of the comparatitive-score system of determining winners, for this game will provide the necessary link between the six teams of the league. Reports from Baltimore tout the Jays and Loyola's Greybounds the two most Chestertown couldn't seem to make their scoring click.

Kappa Alpha 14; Frosh 13 This game proved to be one of the closest games of the season with the brilliance. The "Stud" was all over K. A.'s taking it on a one point mar-Both teams seemed to be off in shooting. They both repeatedtheir shooting. They both repeated-ly missed easy shots. The Freshmen broke through the zone defense of at least temporarily, of the two-unit the Kappa Alpha's nearly every time to miss an under-the-basket shot. With about two minutes left to play in the second half, the Freshmen had ually and in the second half neither a chance to tie up the score when of the two single units were intact. a chance to tie up the score when Watson missed a foul shot. The Freshmen possessed the speed but too much for their own good. Anderson and Collins were high scorers for the K. A.'s, while Tammany and Lore led the Freshmen. The Yearlings missed "Dutch" Smith who was out of the

#### game due to an injury. Seniors 15; Lamda Chi 13

This was another game between help in tip two undefeated teams. The money timoreans, seemed to he on the Lamda's with a hope that Pete Wilatkus would go on another scoring rampage such as he did against the K. A.'s, when he scored thirteen points. However, Pete didn't get a chance when the Seniors held him scoreless. It was a close game but the slow but sure method of the Seniors told in the end. Again. Hess was the high scorer for points. Hess the Lamda's.

## Dr. Shilling Speaks To

Shilling, assistant intendent of schools in Delaware, spoke in assembly Thursday on the Qualifications for Good scholarship, und Teaching. the Qualifications for Teaching, Good scholarship, understanding, and confidence are some of the qualifications which he dwelt upon. Men going into teaching should make it their career and not mere a stop gap. Women should stay in teaching at least long enough to repay those authorities enough to repay those authorities who have taken their time to help her during her first hard year. He closed with the essential qualification which is a call to teach which should be as strong as the call to preach.

#### EXAMINATIONS AND THE HONOR SYSTEM

Cooperation Requested By Council Head

Members of the Student Government Association:

## Loyola Looms As A Major Rival

#### Greyhounds Bring Strong Team Here Tonight

The Washington College basketball squad will encounter a worthy foe wards the printing of an Omicron Saturday night when it meets Loyola's Greyhounds at the Chestertown

Loyola has an impressive record National Convention, to be held and should make it hot for the 1939 at Washington and Lee University in Flying Pentagon. Boasting a team composed of veterans and new men, the Greyhound coach appears to have welded together a fast-working and coordinated team. With speed and height, Loyola appears ready to make a determined bid for the Maryland Collegiate league title.

Loyola has met some first class opponents and has looked unusually good. It played Georgetown University of Washington during the Christmas holidays and was barely defeated by two points. This is plenty good, when one considers the that Georgetown has lost only one game, and that one to Carnegie Tech. Georgetown plays basketball in a much faster league than does Loyola, and is the talk of Eastern court cir-

feated Hopkins 44-25, a score almost as big as that by which the Shoremen defeated Hopkins. The fact that Hopkins has an improved team that can give any club opposition further attests to Lovola's strength.

All in all, this game Saturday night should be a thriller as far as the fans are concerned. Each team looms as a major objective in front of the other's pennant progress.

Probable line-ups: Kardash ..... F .... Stakem Neubert . . . . . . F . . . . . Barzcak Zebrowski . . . . . C . . . . . . . Smith ..... G ..... MacNiff ..... G .... Clancey

#### St. John's Students Polled On Athletics

St. John's students are voicing their opinions on the new policies of the College, through a poll being takby the weekly publication, Collegian.

#### THE RECKONING

There are times in the life of every student when a reckoning of the semester's work must be given. Needless to say, one such period is

The examination period is the highest hurdle in the school year, those who bave trained for it during the past months will take it in stride. It will necessitate an increase in ex-pended energy, but the test will not be too difficult. For those, who bave not been in training, it is another story. To cram a half-year's work into a few days is rather difficulty, and the people who will make the attempt are in an unenviable position

Examinations can work two days they can raise a student's standing. or they can lower it. "B" in the course of three hours. For one reason, or another, examinations are a nemisis to certain individuals; they can never satisfactorily trans to paper the information which they possess. They are sure of their subject, but when faced by a blue book, their confidence oozes away. Then there is another class which es poorly on exams, simply because of deficient preparation. And final sistently doing better in finals, then in work of the semester. They ap-

parently are the fortunate ones The people, who are unable to do probably study in the wrong manner. They memorize myriad facts and are then unable to apply them. It might be well if they were to give a little thought to application, when studying their material. For the second Hall class, it is easy to prescribe. Not Mead ing their material. For the second Hall committee—bill someon, or uncless, it is easy to prescribe. Not Meador, or Don Fraser. It's not a preparing for an examination is the snap job, but every effort will be exworld's best known method of failing orted to carry out worthy suggestions. it; knowledge does not come by in-apiration, it is a matter of study. And

But regardless of the record on Armenian previous exams, and during the semeter, the next week's work must be some direct the next week's work must be so TP can the cather stream. Previous week's work bearing down on the mid-semester finals.

Dear Editor:

Just before Christmes vacation, letter severely criticizing the food and dining hall service which we stunts receive appeared in the ELM I have felt that someone should answer this in defense of the college authorities, who were unjustly and directly criticized; and in defense of those students who feel some loyalty for their school and who do not comour Alma Mater, so unexpectedly at-tacked. ## Class Visits Cancer Clinic

#### Sees Inside Workings Of Modern Treatment

Through the courtesy of the Philadelphia General Hospital, the Cancer Research Class visited the "General's" cancer clinic in Philadelphia Wednesday. Miss Virginia Cornelius, Head X-Ray Technician, was in charge of the instruction tour and arranged a complete program of lectures, demonstrations, and experi-ments. Mr. Weatherwax, Chief Physicist, gave an introductory address on the aims and purposes of the clinic.

Probably the most interesting demshown to the class and its principle of operation explained. The intri-cate device used for this purpose proved to be quite amazing.

Diagnostician. X-ray and fluroscope pictures were used in explaining the method of diagnosis of other diseases as well as cancer.

stamp out the menace in the "city of ner. brotherly love."

Miss Cornelius demenstrated treatment of cancer by x-ray. The haspital has just obtained a new 200,000 valt Westinghouse machine This, in combination with an older a day. The entire clinic was organas a separate hospital with its own staff. Efficiency and cheerfulness seemed to be the key to this splendid cancer clinic. It is rendering the city of Philadelphia a valu-able service by treating thousands of cancer cases yearly.

Dr. William R. Howell, of the Washington College faculty, was the speaker at the Rotary Club meeting Monday night. The program was presented by the International Service Committee, of which Wilbur Ross Hubbard is chairman.

The program next week will be presented by the Boys' Work Committee, of which T. Alan Stradley is chairman.

#### Elected

Dr. Fred G. Livingood

The Presidency of the Upper Shore Region of the Maryland State Teachers' Association, was voted to Dr. Fred G. Livingood, head of the Department of Education, at a meeting of the Association, held in Chestertown, last Tuesday night.

A meeting of the Association planned to be held here, this spring, which nationally-known speakers will be invited, to address the group.

## Biology Head Writes

"The Microscope, A Pictorial History" is the title of an article by Dr. Julian D. Corrington, Professor of Biology at Washington College, ap- Sigma Sigma Omicron pearing in the February issue of the Nature Magazine. The article is composed of a series of pictures and iuspiring lecturer. He spoke on pering leaves, etc., may be due to the cancer fight in Philadelphia and torsional vibrations rather than the showing the development of the migave statistics to prove that radon, Aeolian vibrations, which produce croscope from the sixteenth century to the present day. In collaboration with the pictures is a running story the present junior and senior classes, of the history of this valuable instrument.

> The photographs occupy the entire rotagravure section of this issue

ern colleges. On each trip five or scope, according to the author. Hooke six debates will be given. The senior and Leeuwenhoek and their contributions are fully discussed. One of the most interesting features of the article is the history of American microscope manufacturing. Charles A. Spencer, the American pioneer in To Rotary Club manufacturing, and John J. Bausch, originator of mass production in the microscope field are both discussed pictorially and in the written running account. The successors of these m was nal Ser-Wilbnr Leus Co. and Bausch and Lomb, Inc., respectively.

This article is in addition to Dr Corrington's usual department Nature Magazine entitled "Under The

#### DRAMA PROJECTS TO BE EXHIBITED IN REID HALL

If you should see several students running around muttering about proscenium arches, inner stages, or tiers, don't be alarmed. just take Professor Tolles' drama course. Or, if you should see hand-ged thumbs, where the knife slipped, or black and blue nails, that just shows that there are some paor carpenters in this world.

You can also see several girls with hunted looks, closely hugging their velvet jackets, because some poor drammer student needs new curtains. Seriously, nearly all of the class worked on projects, ranging from

model Elizabethian stages to beautifully dressed dolls.

Ray Taylor and Owen Anderson reconstructed the stage and part of the auditorium of the Fortune Theatre; Helen LosKamp, Alice Williams, and Ann Hollingsworth dressed dolls and prepared a costume back; Helen Crew, Peggy Quinn, and Elizabeth Powell also dressed dolls, each girl taking a different play and costuming the characters.

Lee Clark and Francis Perry built the Globe out of a cake box; and Jim Bush did an excellent job at an Elizabethian Theatre. Bob Moore, Bisset Fraser, Dotty Jones and Ralph Thornton built a Restoration stage, 5. Violin Solo and made two marionettes to fit it. Probably the most pains-taking pro-History Of Microscope constructed by Kel Crane.

The projects will be on exhibition in the Reid Hall Library, some time in the near future.

# To Take In Members

New members will be tapped for Sigma Sigma Omicron, local scholastic honor society, at the assembly, next Thursday.

The new members are taken from with the majority from the former Persons to be eligible for the organization must be in the upper tenth of their class in scholarship standing,

and activity. It was then that it adopted the Greek name of Sigma Sigma Omicron.

## Fraternities Issue Bids Next Week

The fraternities of the campus will issue bids to the freshman class, sametime next week. The issuance of bids, will as usual, be preceeded by a silence period, during which all fraternity members are forbidden to communicate with any freshman.

Bids will be issued through the Dean's office, and must be returned by five o'clock the same day, marked either accepted, rejected, or undecided.

The three fraternities are each plauning for same sort of social function following the return of bids, in honor of the new pledges.

#### Council To Revise Its Constitution

Revision of the constitution will be the main topic of discussion at the Student Council meeting next Monday night. At the same announced. The Council wishes to make known that all societies should submit their constitutions to the Cauncil by February 6. Enforce-ment of "uan-cutting" of the campus and next year's Rat rules will also be topics of discussion.

#### CRITICIZE

Approximately half the issues of ock of what has been done and what there remains to do in the fut-

The chief aim of the present staff was and still is to put out a good paper containing material of interest to the student body. An effort to attain this goal has been made by the introduction of articles varying in subject matter and treatment. applys particularly to the editorial page, on which has been used articles

It is here that the freshman ticles meant to be humorous, and syn- problem that he should settle honestdicated articles of general interest. ly with himself. There are only a Just how successful these attempts few bits of advice which it is possible have been it is hard to say, for it is to give the individual, the rest seldom that an unsolicited criticism must do himself. When one becomes is received. The apparent indifferation affiliated with a fraternity, he is creence with which articles have been read or left unread, is a fair indica-tion that they have not been entirely after that. The men with whom he satisfactory. Something must be done about the situation in the future, but what? Unless some definite reaction is forth-coming, it is only possible to go ou experiments and possible to go on experimenting and pared to accept hope that somewhere along the line something might be found that is of real interest.

It has been comparitively easy to ally known before the paper goes to them as much as is humanly possible. press. In fact, the Elm is generally Ideals may sound abstract, but they limited to reporting activities of the various organizations which is certainly never exciting, but can be very dull for everyone except the members of the organizations, themselves. The front page is too often a "dead one" for the students. An attempt to liven it up has been made by using more the desired results have not been ly. achieved. The staff intends to give port more time and thought to the sitna- the three groups on the campus.

The Elm of more interest to itself if to it will offer criticism of what is being attempted. It is rather united for the staff to guess at the reception make it himself. Any other approach of its work; readers can be assured to the final solution is bound to be unsatisfactory to the freshman and united for the first many to the freshman and the first many to the

#### FRATERNITIES AND THE FRESHMAN

In the very near future the three fraternities on the campus will issue bids, and a number of first year men will be faced with the problem of making an important decision. The freshman who finds himself in this position will do well to consider sev eral angles of the fraternity question.

It is necessary, in the first place to decide definitely whether one should become affiliated with any group, and secondly to decide with which parti-cular group to join. For some, neither of these two questions will create a problem, for they have already been decided one way or another. Others, however, will find that they have not been able to arrive at a satisfactory answer. It is for the latter group that this is intended.

The first phase of the problem brings up a question which is controversial in nature. It is impraticable and unnecessary to go into the matter to any appreciable extent suffice it to say that a majority of the men students are fraternity members and that they are satisfied with the situation. None will deny that a fraternity does offer certain advantages for the member, the chief of which is close association with a particular group, through which associ ation it is possible to form real and lasting friendships. Even in a col-lege with as small an enrollment as ours it is not possible to become inti-mate with everyone. There are cer-tain types of people who naturally get along together, and it is the function of the fraternity to bring the 1938-39 edition of the Elm have together in a harmonius group, those been printed and it may be well to with an interest in common. The with an interest in common. The fraternity, however, is not an organization from which the individual receives benefits, without giving something in return. It is a cooperative organization from which one receives as much as he is willing to invest The freshman should remember this, This give thought as to the particular

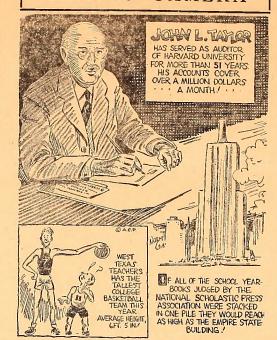

It is here that the freshman will by students on current questions, ar- face his greatest problem, but it is a be becomes associated are the men with whom he will have to live; they will become an important part of his college life. The freshman must be prethe personalities which constitute the group of his choice without reserve.

But not only the individuals making up the group must be considered, try various devices on the two inside pages of the Elm, but the front page ties are not formed merely for social offers a greater problem. Real news purposes. They have ideals which is rather scarce on the campus, for they are striving to fulfill, and the most things of importance are gener- members are expected to live up to are important in determining dual.

It is to be seen then that the fraternity question is not one to be eas- panies her. ily solved. If the prospective member is to be satisfied with his ultimate choice he must take all these things faculty news and feature articles, but into consideration and act according-The freshman has had ample opportunity to become acquainted with tion in forthcoming issues.

The student body can help to make be given an extended period in which survey the fraternities and their individual members. The freshman must now make the decision, and make it himself. Any other approach

## Marooned and Blacked

The Elm comes through with another scoop! Herbst is now going steady, at least to the basketball burpingly swears that he hasn't been games. You have only three and a down town because he can't rememhalf years to make up.

Atlee is going steady, too. But he is starting early; and from all appearances, he is making a good start. he didn't go.

That well-known assistant editor was out again on Monday night.

Seems like Andy and Bing should start a kennel klub in Bing's room. Jim Bush is going to have a cat show soon, and he is really going to clean up. ("You said it"-Clark).

Our apologies to little Nell. ating a ite which is to last throughout line should have read GAY, followed by cITY; making Gayity. your mother will speak to you now.

> Can any one think up any good lines about THE case between Complaint to the dining hall com-Bartilini and Taylor? By the way, mittee—Zaffere is a wolf. Guess we haven't heard much about that brother of hers lately. He surely hasn't reformed has he? Not with Morse around.

Minor must have flunked something because she has changed her Minor, on account of Minor's majoring in her Minor, with the major, now Minor, or something.

Ruth Bernice is doing extra fine; we hear that she is practicing up on conduct of the group and the indivi- her singing, and she is going to make her debut in the dining hall, very Dudderer, of course, accomsoon.

> Tis sad. Charles Fell White promised to keep an eye on Baltimore for us. And what happens? He doesn't even know if he's been to Baltimore

Wonder why Charlotte came back last Saturday? John hadn't gone home.

Constantino Leo is still hopeful that Hess will flunk out, in the late returns. His wicked, bad, bad, scheme of course, is to have Sarah Louisa all for himself. What about Clark?

These absent minded people, Bing goes down town; rides back up and ber coming back up, and if he hadn't come up, then he still must be downtown, only he is in his room, so he can't have been down town, unless

Katherine Bridges and William Nickifor are having a good time going to games and such places.

North, South, East, West-Reid Hall drawing room still the best, till spring, anyway. Would that apply to "Helen Hayes" LosKamp?

If Evelyn moves over, then Glock's roommates will never get any sleep, with him coming in at such an ungodly hour as 10:30.

who told us?

Don Fraser, Jr., if you're still here, Dudley is not married as far as we know. However, Church Hill is a strange place; almost as wild as strange place; almost as Kitzmiller, only Church Hill wasn't in the movies.

What has Heathcote, Jr., been doing lately? Has he been seen with in his whiskers and drinks hot water. Ann again, or what?

Don't read this Cally. Dear CP: If the one down here doesn't know about the one up there, does the one up there know about the one down here?

By the way, Zaffere has a new admirer down town, who says that he is going to drop in and see her this

P. S .- Use the catalogue.

Dear Editor:

Please spell Bartolini correctly in the future. Yours,

Dave and Irma.

#### St. John's Offers Little Opposition

For Pentagon Johnnies, Once Formidable, Surpassed By Locals

by Archie Morrison

John's Scheduled

The College has a full week of baskethall ahead with a three game schedule including Western Maryland, P. M. C., and St. John's.

The Flying Pentagon meets Western Maryland in a league game to night at the Armory.

The boys from the other Shore have a slightly improved team this year, but even so they are by all odds weak for the big red five that has met every other team in the League and has thrown them all back on their heels.

Western Maryland got off to a bad start but in their last game, the Terrors gave Mount St. Mary's a real scare when they led the Mounts at the half and forced the Emmitsburg boys into a third period rally before they could pull the game out of the fire and win 36-24. This may indicate that a real battle will be staged at the Armory tonight if the Green team finally hits its stride. Anything can happen in baskethall.

Tomicheck and Honeman, guard and forward, respectively, for Western Maryland, bear watching.

When the Pentagon journeys to Chester Tuesday night to play Penn Military College it will meet another team improved over last year. Washington College date the head of Maryland cage clubs and gained revenge for an earlier swan-son on the Shore when the stands over the visitors to win by 52 points. In the years before when they led the Mounts at the door was like a day at a bargain counter. Previous games were rather of expected. The lead never stretched to outlandish lengths, changing share the visitors of the control, who have a slight before they could pull the game out of the fire and win 36-24. This may indicate that a real battle will be staged at the Armory tonight if the Capten the pentagon journeys to Chester Tuesday night to play Penn Military College it will meet another team improved over last year. Washington College displayed one of the most unusual feats in baskethall. Tomicheck and Honeman, guard and forward, respectively, for Western Maryland, bear watching.

When the Pentagon journeys to Chester Tuesday night to play Penn Military College it wi A mere handful of spectators in the Armory stands on Wednesday night play with the unbelieveable score of 23-0. This game was played on P. Maryland basketball. But the exhibition witnessed Wednesday night was pitiful, and maybe it's best that intramural sports are displacing intermediate their highest tally of the year in this game, when they rolled up 70 odd points. Tuesday night, they will face a different team and the game may be a real thriller.

Maryland basketball. But the exhibition witnessed Wednesday night was pitiful, and maybe it's best that intramural sports are displacing intercollegate participation at St. John's Land washington at St. John's best that athletics at St. John's be confined to intra-murals. Nevertheless. legiate Basketball League loses a wor-

In winning by an outlandish score needed. last Wednesday night and will probably do no better this time. They had a chance to look around and get are definitely the weakest team in the a glimpse of what was going on, and League and any chances they may get hold of themselves for a good dis-have of upsetting the Pentagon are play of team work. Throughout story the game, with the exception of brief John's team knocked us out of the State Championship, when it was apparently clinched.

the first half and twelve in the second the first half and twelve in the second while the Sho'men scored almost at will. At times individual scoring shadowed team play and pass work was abandoned, but thankfully such spurts were brief and too few to

ticular, was brilliant on gaining re-

ticular, was brilliant on gaining rebounds and free balls.

For the visitors the work of Pellino and Pulvino was the best although the quartet of field goals tossed in by Goldstein, a substitute, did the most damage, coming at opportune times for the Bees.

The contest was a rough and ready affair, bordering on the rowdy at times as the teams threw caution to the winds and went for the ball and each other in football style. One factor which proved more than a little advantage to Tim Kibler's outfit was its superior condition.

Close to 1200 people jammed the Armory, far more than the building was made to accommodate. The fans were virtually in the rafters and on the floor as some clung to the rail of the balcony and others squatted on the very edge of the playing area.

The scoring was as follows: Washington—Kardash 8; McNiff 2; Zebrowski 22; Neubert 11; Pfund 1; Smith 8.

Baltimore—Pulvino 13; Ross 9;

Baltimore—Pulvino 13; Ross Pierson 5; Goldstein 8; Pellino 12.

## Mounts Bring Good COLLEGE GIRLS REPRESENTATIVE Team Here Tonight

## George Pinto was elected by the Have Improved Since Game At Emmitsburg

by Edward Davis

Washington College's 1939 edition of the Flying Pentagon runs into stiff opposition in the next week or so in its march to the State baskethall

Saturday night the Sho'men play host to the formidable Mounts of Emmitsburg. Despite the fact that the Maroon won the first clash, this game can't miss being a struggle. Since their defeat at the hands of Washing. ton College the Mounts have gone on to hang up an impressive record. They have displayed accurate shoeting and stubborn defense against the teams in the Maryland Collegiate League and against some outside com-

Scranton fell at the hands of the entertainment by campus talent.

Bob Moore, in charge of the program, played two piano selections, the fine basketball in losing to LaSalle 34-26. LaSalle, definitely one of the Turkish best teams in the East, had trouble all through the game.

The highlight of the last few games of the Mounts was Stan Kokie's performance at Catholic University. From the center of the floor he dropped six long shots out of six, without touching the backboard the rim. Washington scribes say this feat is unparelled in Anne Turner, brought the program to a close with two piano selections from Bach and Chopin.

Washington collegiate basketball. All in all Saturday's game will be a thriller and should decide the winner of the League.

After this game come Delaware To Girls' Council and Western Maryland in return engagements. These games should be 2. Soldier's Chorus reasonably easy for the Shoremen, because they have defeated both of 3. Steal Away these clubs on previous occasions. Both were comparatively easy victories for the high scoring Shoremen.

Following this comes a game the seat on the Counicl after being Washington College boys are point-sworn into office Monday evening, is ing for-that with Maryland. Eager to wipe off the smudge of an extra period one-point defeat last year at the hands of Maryland, the local boys are prepping for this tilt to be played at College Park.

> Maryland has a corking good ball club this year. At present they stand third in the Southern Conference, a League that boasts many good

This year's star of the Terrapins is the veteran Knepley, a deadly shot and a good fleor man.

Against any individual stars the Sho'men can pit Zebrowski who is usually good for fifteen or twenty points per game. This should counter balance any individual high-scoring by opposing teams.

#### Zeta Tan's Sponsor Card Party Tuesday Evening

The Zeta Tan Alpha Sorerity will sponsor a benefit card party in Hodson Hall on Tuesday evening at 8

will be served.

# IN OUTDOOR SHOW

Miss Frances Perry, member of the junior class, and Miss Nancy Shakes peare, special student, have beer

Shakespeare, Frances Perry Kent county. The representatives are chosen by point system. It is as follows: twenty-five points on health; twenty points on wholesomeness; twenty points for skill; fifteen points on beauty, and ten points each for charm and poise.

Miss Shakespeare will be featured in riding while Miss Perry will parti-cipate in hockey, basketball, riding and swimming.

#### Glee Club Will Make Air Debut Tuesday

If you hear smooth, honey-sweet voices coming from Station WCAO ing its debut on the air, under the

direction of Raymond Moffett.

At present all the local artists are stand-bys of the club, including: 1. John Peel

4. Stout Hearted Men

## Local Chapter Leads

The local chapter of Lambda Chi Alpha led, for second consecutive year, the entire fraternity in cholarship ranking.

Based on an index system, the local chapter had a total of twentyseven points above the all-men's average for the year 1937-38. The point system is based on results taken from colleges and universities over the entire country. The next highest of the fraternity chapters was that of Oregon State, with a total of twenty-four points above the all-men's average.

#### Dr. Corrington To Speak At Chem-Physics Society

The Chemistry-Physics Society will meet next week, the feature of meeting being a talk by Dr. Julian D. scope in metallurgy. The newly formed society is composed of students interested in chemister. Corrington on the use of the micro-scope in metallurgy. The newly There will be a prize for each table and also a door prize. Refreshments will be served.

dents interested in chemistry and physics and is headed by W. Row-land Taylor, the president.

## **Honor Group Takes** AT BALTIMORE In New Members

## Prof. Tolles Speaks At Recognition Assembly

Sigma Sigma Omicron admitted eleven upper-classmen into member-ship at the annual recognition day of the scholastic honor group, Thursday, in Assembly, at which Pro-fessor Tolles delivered the main address on "The Joy of Learning."

The one senior taken into the Society is Charlotte Price Wilson with present Queen an index of 2.67.

The following juniors constituted and Miss the remaining new members:

Robert E. Moore, 2.965. William B. Johnson, 2.91. Dorsey Nelson, 2.62. W. Rowland Taylor, 2.58. Frances S. Perry, 2.44. Ann Hollingsworth, 2.42. Nathan Schnaper, 2.39. W. Peter Walatkus, 2.34. William McAdams, 2.31. Ralph R. Thornton, 2.256.

Professor Tolles' address on the subject "The Joy of Learning" was enthusiastically received by the audience. In it, he compared the average student to the cab driver, who once served the English scientist,
Thomas Huxley. The cab driver's
remark, "I don't know where I'm gobut I'm bloomin' well goin' Tuesday afternoon at 4:45, you'll the devil", is typical of the students know that you are listening to the attitude. Too many have no speci-Washington College Glee Club, mak- fic aim and forget that "their true destination is the acquisition of an education."

Professor Tolles explained in a hustle making arrangements for their radio program in Baltimore. They plan to sing all the favorite old castor oil." He layed before his audience, specific examples of the Old English Air

#### CONGRATULATIONS

Public recognition was afforded a small group of students at Thursday's assembly for the enviable record they have established in scholastic attainments, thus earning for themselves the right to admission in Sigma Sigma Omicron, a society expressly formed to encourage such attain-The students who were admitted into Sigma Siga Omicron Thursday can not be branded as recluses, who spend their entire time poring over text books. They included members from almost every branch of extra-curricular activity on the campus, members who are particularly active in the fields which interest them. But they are students who ognize the fact that scholarship still the fundamental interest in col-

to be a good student one must live dents take the course, yet no attempt only for the class room, but it does is made to select those capable of require an earnest effort to attain a high scholastic standing, just as it reliarger part of the students are used high scholastic standing, just as it requires an earnest effort for a person to earn the presidency of some club or society. It is not an accident that these people were admitted into mem-It is not an accident that bership of Sigma Sigma Omicron; they made the opportunity for themselves, just as one must make the opportunity for himself if he is to gain leadership in any field of endeavor. Such things are not the gifts of the gods, they are the result of work done

Too many people on the campus fail to recognize this. They take the attitude that one is either natively endowed with a mental superiority, or he is not; if one is, one makes good marks, if one is not, there is nothing to be done about it. The attitude is entirely wrong. They fail to realize that the best mind in the world is of that the best mind in the world is or in the wind would like to see the original little use if it is not applied, and the application of the mental processes are deserving of it, ruined. Nor does require that energy be expended. The people who were admitted tion like St. John's, with all its histinto Sigma Sigma Omicron have done this and they deserve the recognition position of these possibilities is so rethis, and they deserve the recognition neither of these possibilities is so reand congratulations of the student body. They have achieved distinct pertinent. tion in the most important phase of college life.

#### A BETTER WAY

The daily papers recently carried a news item of an experiment in education being planned by Oglethorpe University, an experiment which i quite different from that now in fect at St. John's College, across the

The plan at Oglethorpe is to select seven outstanding students, from seven regions of the United States, to pursue "a special course of study, which will exceed the ordinary colcourse in quantity and breadth lege by at least one hundred per cent, and in quality it will be carefully selectiversity. Doctor Thronwell, president of Oglethrope, in explaining the reason for the experiment, says that the college course of today is no longer sufficient for its purpose; that "most students seek a purely utilitarian education, so that the graduate of the School of Liberal Arts today finds himself very little more cultur ed than his friend who took the course in engineering or in accounting.

There are some who would take issue with Doctor Jacobs as to the purpose of the ordinary college course, but it can safely be said that generally felt that the purpose of the undergraduate school is to create for the student a cultural background, and that specialization in some one field is the purpose of the graduate school. Doctor Jacobs is of the opinion that the American college is not fulfilling its purpose and that is something is not done to rem-edy the situation, "the country will well-trained men who know erything about something, not only but also, something about every-thing." The course which he has prepared for the seven selected stu-dents will include all liberal art subdents will include all liberal art subjects, and in addition, certain other
important subjects. It is intended
the students, upon completion of
the course, will be able to speak all
the principle modern languages as
well as they do Enelish and have as
making much time. well as they do English and have a fundamental knowledge of physics, chemistry, biology, astronomy, geol-ogy, botany, anthropology, bacteriology, archaeology, physiology, and anatomy

In general outline the Oglethrope experiment paralells that of the experiment at St. John's, At John's, the University of Chicago has set up an experimental station to test its theory of education. St. John's was selected as the place to try it because it was already in difficult straits, and the authorities of the school evidently were of the opinion that there was nothing to lose. While it is not required that all the stuso many guinea pigs, on some of whom the experiment might prove a success and on others of whom it will to Mary Liz Humphries. undoubtedly prove a failure.

At Oglethrope, however, only sev-en persons are involved in the experiment, and those seven are of out-standing ability. The University is assured that they are capable of acquiting themselves with credit in the ordinary college course, and any-thing they can gain over and above that is all to their own advantage. Moreover the University is their expenses, so that they certainly have nothing to lose.

Any normal person would welcome progress in educational system, and there are quite a few who believe that some change is needed. But there is none who would like to see the col-

If the two experiments are com-(Continued on Page 4)

#### Are Our Fundamental Civil Liberties Being Endangered By "Pressure Groups?"

#### THE GRAPEVINE

by John Blevins

Most of the humorous stories that we heard this week appeared in the form of answers to examination questions. Recognizing their full value, the faculty has acquired sole rights. It is rumored that at Joseph's College they will publish a volume entitled "Great Minds at Work" which will establish a shadow of a doubt that the collegian is an intellectual ... humorously at least. a member of the unprivileged class, we submit the treatment a question receives in the different classes:

Freshman: "I don't know." Sophomore: "I am not prepared."
Junior: "I don't remember."

Senior: "I don't believe I can add anything to what has already been

And then they tell me that the hearse is the one thing all are dying

Pennsylvania State College authorities are considering an astronomi-cal study project which calls for the construction of nine observatories on its campus.

The following lesson in English was received from the Teacola

You see a beautiful girl walking down the street. She, of course, is feminine. If she is singular you become nominative.

You walk across to her, changing to verbal and then become dative. If she is not objective, you become plural. You walk home together. Her mother is accusative, and you become imperative. Her brother is an indefinite article.

You walk in and sit down. You talk of the future and she changes the subject. You become subjective, she becomes objective.

Her father becomes present and you become a past participle.

'My, but your arms are short." "Yeah, but they get around."

-Hawk.

An organization by the name of The American Coed Protective league has been formed by University of Ok-lahoma women to insure members dried matter-of-fact affair, Perry and from being stood up. What I'd like Copple. "Boycotting" wouldn't appeal to them to be sure, but that would de-pend upon the type of "boycottee" they were dealing with.

> Reading through an old manuscript dated 1923 a freshman ran across the line, "whereupon the fair maiden turned her pretty head and blushed." Desiring further information concerning the strange actions of an earlier generation he merely tripped upstairs to the Biology department. He put the question, "What is, and what causes blushing?"

> Answer: "Dear child, a blush is a temporary erythema and calorific effulgence of the physiognomy, aetiologized by the perceptiveness of the sensorium in a predicament of inequilibrity from a sense of shame, anger, or other cause, eventuating in a paresis of the vaso-motorial muscular filaments of the facies divested of their elasticity, when they become suffused with a radiance emanting from an intimidated praicordia."

Reply: "Oh." (Just plain oh).

## Girls' Court Game Faster

#### Change In Rules Effective This Year

by Agnes Zaffere

Girls' baskethall has become much

Six players still compose a team, but instead of the center and side center, previously used, one becomes a forward, and the other, a guard, making the team consist of three forwards although a little harder at first for with which it can work. the players.

All classes will hold practice every At P. M. C. Tuesday and Thursday evening. Enough freshmen have reported for practice to make up several teams; to Chester to meet P. the sophemores may find enough to Soldier's armory floor. form a team; the juniors and seniers dash on the sidelines with a bad anseem to be well supplied with good kle and Neubert in bed with the

Class games will be later than usual in starting because of the change in the form of the game.

#### **COLLEGE EASILY CONQUERS THE** GREEN TERRORS

#### Visitors Fare Better In First Half Than In Second

The Flying Pentagon ran rampant over the Western Maryland Terrors, here last Saturday night to the tune of 66-25, in a game that was characterized mostly by rough play.

to a bad ankle, and Neubert made his game played. There's no consolation Neither man was in shape for the P. M. C. game, and both were sorely

None of the fellows were particularly sharp with their shoeting, and tho first half saw three times as many shots taken by both teams, as baskets made, among these missed were quite a few snow-birds. Practically the entire Washington squad saw action, with Pfund and Collins taking the leading role of the reservists.

The Western Maryland team was definitely outclassed in the second They were on the Sho'men all night. half, when the locals began rolling up St. John's Game the score. The visitors held the Pentagon down in the first period to a fairly respectable score. Zebrownight with S ski again led the home team in tallys, with 15 points, with Neubert and Smith right on his heels with 14 apiece. The team, after the game, had an average of 50 points per contact.

## FOLLOW-UP SHOTS

by Archie Morrison

Last Saturday night's encounter | Neubert may have been responsible Last Saturday night's encounter Neubert may have been responsible with Western Maryland saw another former formidable foe go down before the onslaught of the Maroon and scored ten less points than in the first Black whirlwind while the net-like game, but it is more probable that zone kept the nn-terrorish Terrors the fact that the game was played at out of seoring territory all evening. Annapolis can be held accountable. Girls' baskethall has become much faster and perhaps a little more ont of scoring territory all evening. Annapolis can be neigh accountable, strennous as the game has been strennous as the game has been changed from three court to a two many different many diff the second half looking like a new forty-one minutes of the game scored the second half looking like a new forty-one points. Had he played the team. However, Washington's first other nine at the same rate his total five again played only half of the for the evening would have heen well game, as it did against St. John's last over fifty. Hank Luisetti's record week. Beating Western Maryland was fifty points even. and three guards. Zone as well as by 41 points added considerably to warm for man" defense is used in the the Sho'men's total score and while new game. This two court game will be much more interesting to watch, the word of the scoring power of the team it did not reflect the smoothness to watch, the word of the word of the smoothness to watch, the word of th

## Regulars Missed

On Tuesday night a crippled was secondary to the exhibition of Maroon and Black team trekked up beautiful pass work put out by the W. to Chester to meet P. M. C. on the Soldier's armory floor. With Kardash on the sidelines with a bad ancould have shot the ball as well as grippe, the Sho'men were considerably weakened. The confidence with good swing-band, which the team usually takes the floor was totally missing, dampened by the loss of two mainstavs and rumors of an invincible (almost) P. M. C. team. We were lucky to get away with a 46-33 whipping. The Soldiers had a smooth passing combination, the usually tight zone defense was shoddy, shots caremed off the backboard all evening into the hands of P. M. C. netmen as Maroon rebound work fell far short of its reputation. The baskets moved three feet every time Washington shot (almost) pass work was sloppy. How the Sho'-men kept the score at 20 all at halfterized mostly by rough play. Itime was a mystery, and the final Kardash came out of the game due score no indication of the poor with a bad knee and a cold. for losing a game like the one drop-ner man was in shape for the P. ped to P. M. C., but we can be thankful that the Sho'men get it out of their systems up in Chester rather than in Annapolis or Westminster. Losing one game in eight for the sec-ond defeat in thirteen starts is no disgrace, but the way it was lost was deplorable. High-scorer Zebrowski was held to one field goal and three fouls

.... no sane person can say that the Goop played his usual game. There wasn't a man on the floor that night that wasn't off, except the referees.

The return game on Wednesday and if you're lucky enough to get a night with St. John's was a repitition seat tonight, hang on to that too.

#### Mounts Out To

Get Pentagon Tonight's game with the Mounts, the second meeting of the twain is the all-important game of the year. Both team's hopes of the State championship are hinged on the fray. If the Sho'men win, the title is practi-cally assured, since the St. John's bugabeo has been removed. If the Mounts win there will be possibilities They'll of a play-off series. come down from the mountains of Western Maryland with a veteran team, intact, and out to win as never before. There's no use denying that there is no love lost between the two teams after that opening whistle sounds and no punches will be pulled. Both teams are pointing for this game, and any man that bets on it is crazy. Back in the Maroon lineup for time in three games, Kardash and Neubert will bring up the Sho'men's hopes. Losing two men from starting five crippled the Maroon and Black considerably in the last two games, but full strength will be employed against the Mounts tonight. No doubt the armory floor will jammed to capacity, surpassing the mob that packed the stands at the B. U. game. And no doubt about it, it will be the hottest, tightest, fastest and reughest and toughest game the season. So hang on te your hats

Intra-mural games are getting hotter and hotter as the season pro-gresses, with upsets coming from unexpected quarters.

This week saw Middle Hall, which hasn't won a game all season, hand the K. A.'s their second defeat of the year. The Middle Hallers, using a zone defense kept the K. A.'s bottled up so that they were unable to use their strong offense. Despite the defeat, the losers still lead the Fraternity League.

In the Class Leagne, the race is really close, with the Seniors barely leading the Sophemores. It's going to be a tough battle for either team to clinch the leadership of that divis In the Hall League, Middle and West Halls are fighting for last place, with the Day Students enjoying a safe lead over East Hall, to be on top.

The standings and percentages are

## Debaters Win Over Swarthmore

#### Succeed In Debunking Pump-Priming

Kay McCardell upheld the affirmative ton. This debate, conducted accord-

Ernest Shockley and Harry Hicks, of the major productions of the Jr., debated in Thursday's assembly the major productions of the group, the first being "Little Womon," staged during the fall.

Swarthmore College. The visiting Swarthmore College. The visiting team, Bill Dietz and Bill Boum argued for the negative while the Washington team upheld the affirmative.

From the negative come the same cries of keeping up morale, stopping decline of business, and relieving hardships. They would have a plan, not controlled by politics, which could be turned on and off, so to speak, at short actice.

Shockley maintained that "pump-priming" looked good on paper but fairly large group, all were eliminatwas in reality unsound.

The Oregon style of debate was again employed. Shockley cleverly got out of hot water more than once in the cross examination. Hicks, anxious to have his questions answerself by cleverly evading the issue. Scott Beck, Jr., Preston Heck, and

Morris Keene Barroll judged the debate in favor of the affirmative.

not up to the usual high standard maintained by the local debaters. Full advantage of the opportunity of cross examining was not taken. cross examining was not taken either Boum or Hicks. Most of the time alloted for that portion of the debate was wasted by both teams in an effort to build up to a point of conviction, which was never reached.

On the Washington team, Sheckley lost a great deal of the force in his constructive speech by reading from notes. Hicks, in the rebuttal, contrary to the ethics of debate, brought up several points not previously mentioned. Despite the decision of the judges, there is room for improvement on the part of the local team.

#### New Departments Are Added To Elm Staff

## Editorial And Re-write Groups Will Facilitate Work

Two new departments were added to the staff of the Elm at its last meeting. An editorial department composed of Norma Rubin, William more forceful and constructive editorials. The second addition is the rewrite department made up of Evelyn Caplan, Ralph Thornton, and Rowland Taylor. The duty of this department is to correct the news articles written by the reporters. This will relieve the editors and assistants of a tremendous amount of work, and thus allow them to concentrate more

#### WASHINGTON

George Washington is to us more than just the Father of our Country -more than just the first President of the thirteen struggling states. He is a figure in the history of the college; so is each of us. In this re spect then, he occupied a position similar to that which each of us is coming to occupy.

It is to our credit to always hear in mind that this great statesman gave our Alma Mater four things.

First, he contributed 50 guineasabout \$255.50 in modern money. 5000 pounds were necessary before the college could grant degrees, Thomas Jefferson wrote of Washing-ton that he was "liberal in contributo whatever promised utility; but frowning and unyielding in all visionary projects and all unworthy calls on his charity." By severalfold this enhances the significance of his monetary gift.

Secondly, Washington College was the sole recipient of his personal con-sent for a college to bear his name. This implies to each of us the responsibility of justification of use of that name in connection with our own. "his mind was great and power-"\_" no judgment was
"\_" his integrity
ost pure ..." says Jefferson. was most pure. Our goals are thus set high.

Membership in, and attendance at the meeting of, the Board of Visitors and Governors is our third contribution from the great statesman. What inspiration and honor it must have been for Dr. William Smith and othfounders of our college to sit the conference table with one who was "... in every sense of the words a wise, good, and a great man!" How olations in four years by the student the college survived fires, depressions, court. and other hardships may find partial answer by consideration of its connection with men, and the associates of men, with such courage, heart, and prudence!

gift to us is what may be called a lumbia University.

"realization." This, however, is only a potential contribution, apt to be discovered and appreciated by only a our welfare. He wrote letters to col-He was a close friend of the college president. It meant something then that his connection was so intimate as it was. It mean more to each of us today! With the "realization" comes a spirit—an inspiring spirit! Stand at the lower end of Lovers' Walk on a clear night and look up at the dome of Bill Smith and at the three halls and trees and then straight up at the stars -and think of "the hill" one hundred and fifty-six years ago. You will handed down decisions to the confeel the spirit! trary in 1933 and 1934." feel the spirit!

Ours is the good fortune of even such an intimate association with the life and affairs of the great, human American patriot and statesman— News Editor ..... Kay McCardell George Washington.

#### POLITICS

Whenever or wherever a person is elected to an office, no matter how small, politics begin to enter in. In spite of this established fact, there is a group of people, call them idealists, fools, or what have you, who feel that people can and should be elected without resorting to politics. On the other hand, there is another group, consisting of ward heelers, politicians, and Americans, who feel that elec-tions cannot be held without politics. Without attempting to argue the respective merits of the two opinions, it is apparent that there is a middle ground between them, and it is that the use of politics should be minimized whenever possible.

There are many people on campus who share this point of view. They feel that the use of politics can be reduced on this campus, particularly in freshman elections. Under the present system, the freshman elections follow closely on the heels of silence period, when feeling is run-ning the highest among the fraterni-Two of the fraternities, allied day night. ties sororities, et al, are out "to get" the fraternity which was most successful in pledging, or perhaps the fraternity which pulled the most underhand tricks during rushing.

In all of this heated scramble of alliances, underhand methods, and double-crossing, the true issues of the election are lost, and many men who have to offer on this campus are never elected. Instead of this, deals are made whereby twenty votes for are traded for nineteen votes for B, and in such manner are our officers

Now it is felt that if there is any where a possibility of minimizing the importance of politics, freshman elections is the place where it can be accomplished. If the elections were before silence period, the fraternity issue could not enter in, the hoys would all still be friends, and the best man for the job would more than likely obtain it. Of course, it is recognized that the permanent officers of the freshman class can not be elected until after the marks for the first semester are out, but it seems that it would be simple enough to arit so that the elections would be held before silence period, and we strongly urge that such a course be followed in the future.

Ohio State University students have been fined \$4,700 for traffic vi-

## **Quint Nears** Championship

## Mounts Bow Out Of Picture At Armory

The Maryland Collegiate League Championship was practically assur-ed with the defeat of Mt. St. Mary's Alpha quintet 31-17. The Kappa

of these should give the big Red team

1000 points by registering seven field and Ware went wild in this second goals and ten free throws for a total of 24 points. He is now practically 31 points. Urie was high scorer for assurred of reaching the mark.

The big Red team showed the fans during the year in defeating the Mounts. The whole team worked as a unit and had everything under control from the start.

Half-time saw the score at 27-17

season saw Washington put the chamfell short at the end of the season. This season seems to be another affair with the chances of missing the championship slim.

Points were scored as follows: Washington—Kardash 14; McNiff 2; Roberson 7; Zebrewski 24; Neubert

6; Smith 6. Mt. St. Mary's-Karpinski 8; Harkins 5; Savage 3; Kokie 11; Gooda-

#### Girls Favor New Basketball Rules

The two court system of basketball which is being used by the girls this year has met with great success.

Much interest has been manifested in this sport, as is shown by the fact that there are two full freshman scorer for the Y. M. C. A. teams. The upperclassmen too are showing that they are ready to play the game.

The large amount of efficiency which the players are showing in this system predicts some fast and exciting games in the near future.

#### Badminton Will Be Added Inter-murals

A badminton court will, in the Spring, supplant the Reid Hall tenwhich last year was left practically unused.

This will provide another minor sport involving inter-class competi-tion. Individual instruction will be given to those who desire to learn the game. The players will, however, have to supply their own equipment.

Coach Kibler has announced that the court will be fixed and the net will be put up as soon as the weather permits.

HELPI

Three weeks ago in this column I Hens and Sho'men fell a bit short of Team, so stay in there swinging and the anticipations of intense rivalry, don't spare the hosses. BEAT DELthe anticipations of inteuse rivalry. don't spar By the score I inferred that the AWARE! Maroon and Black had far surpassed their traditional rivals on the basketball court. In jest (who said. "Many a true word is spoken

jest."?) I suggested inviting Mt. St. Mary's or Leyola to become our traditional rivals henceforth in view of the fact that both the Mounts and Then, (Oh, unhappy day!) a reader of Ye Elme chanced to come across those ill-chosen bold words (which goes to show that someone reads this ranked tops in the state with 13 and column anyway) and took up the gauntlet for Old Delaware. Among other things I was described as the kind of a guy that would push baby ducks into the water and pick green shoots of corn ("and you know that green shoots of corn can't hurt any-Stupendeus!) So in deference to the gentleman who writes "Chick-Lites" for the Delaware News of the seasons' classic, the Washing-ton-Delaware basketball game:

Traditional rivals meet tonight on the local Armory floor to do battle in what will be a hard-fought contest from the opening whistle to the final gun that ends the fray. Ten collegians in the flower of manhood, re-This game was played as a prelim- presenting two institutions will match the game of the season on Friday most grueling, exacting forty minutes of their young lives. Striving helps. spirited best team win!

Phew!

Serieusly, though, the Sho'men can't afford to sit back and take things easy tonight, in anticipation of repeating the victory attained at Newark, hands down. With a court record as enviable as the Washington cager's, the team should turn on the heat at the opening whistle and keep the pressure on until the final can-nonshot. There's unlimited prestige to be gained in a stunning victory. There's also unlimited disgrace in losger of a relapse. But that mean send an Elm home to his gi-Mother.

devil Overconfidence is no respector Three weeks ago in this column I of strength, power or ability, smiting wrote in reference to the Delaware game that the said meeting of the more games left to his season, Red

#### WIND-UP

Four more games remain on the Maroon and Black playing schedule, two league games among them. Neither the Western Maryland game on Tuesday or the Loyola game on Sat-Greyhounds are received with more urday can be taken lightly, but the of a rivals' welcome than the Hens. run at College Park against Maryland. Including the state-wide games of Tuesday night, the Sho'men 2, Mt. St. Mary's next with 12 and 3, and Baltimore U. third with 10 and With the exception Washington has defeated all the ranking teams in the state with the Maryland game yet to be played. Due to the calibre of competition the Terrapins meet in the Southern Conference they rank sixth in the state in games won and lost. But no one honestly considers them as being as low as sixth best in Maryland. The Terps will give the Sho'men one of the toughest battles on the Maroon and Black schedule. To beat them would establish Washington's supremacy in the state beyond all shadow of doubt. It was done last year, but this year's game at College Park can't be settled on a one point victory in past performance. The team is looking for night, and if you-all ever prayed before, pray then. Every little bit

#### CORRECTION

After two attempts to data-fy Goop's scoring record over a period of four years, the Evening Sun still presents the rangy center's score slightly short of what is due him, tho' error has been cut down. Now it is only one field goal short. The total points scored so far this season by Zebrowski is 102 field goals and 85 foul shots, for a total of 289. This makes his four years record 992.

#### FOUL SHOTS

Robie claims that Mike best fake on the floor, and he ain't ing lying down. So far the Maroon and Black has taken defeats as well training for track, Shirley. Give him as victories standing up, pulling to a good run. We're leaving D. B. the end. And so far there's no dan-

## Dr. Mead Speaks LOCAL FRATS DROP At Convocation

#### Reviews Washington's Connections With College

"Nineteen hundred and thirty-nine marks not only the one hundred and liftieth anniversary of the inauguration of our government under the Constitution but a like anniversary of the conferring upon George Washington an honorary degree by Washington College," said Dr. Gilbert W. bushington College, and Dr. Gilbert W. bushington of 30.05 stools had an average members of 30.05 stools had an average had a stools had an average members of 30.05 stools had an average members o Mead in his address before the student body at the formal convocation last Thursday morning.

and colorful history behind the name the country and from five of these the famous leader received honorary degrees. Previous to his excellent Carl Schurz Memorial performance during the Revolution, Washington was not over popular in New England. However his abilities were first rewarded by the presenta-tion of honorary degrees by the two important northern schools of the day, Harvard and Yale. It was on June 24, 1789, just a few months after he had taken the oath of office as first president of these United States, that Washington received the honorary Doctor of Laws degree from Washington College.

Dr. Mead placed much stress upon the fact that the Board of Visitors and Governors of the College at that and Governors of the Conlege at that time included many prominent men among which were: Joshua Seney, first Congressman from the First Congressional District of Maryland; John Henry, first United States Senator from Maryland; Samuel Chase, signer of the Declaration of Independance; and William Paca, governor of Maryland. It was with such men that Dr. William Smith, first president of Washington College, held strong bonds of friendship and was associated with since the Constitutional Convention at Philadelphia.

The latter part of Dr. Mead's address included brief biographies of John Henry and Joshua Seney, the two Marylanders who with Dr. William Smith, presented President Washington with his honorary degree in New York City. The lives of Henry and Seney were comparatively ry and Seney were comparatively short but each was crowded with outstanding achievements.

Dr. Mead concluded his speech with the suggestion that the students of the College of the present day should become more acquainted with its rich history and its associations with prominent men of colonial times.

#### Dr. Mead Addresses **Baltimore Rotary**

President Mead was the speaker at the Rotary Club luncheon in Baltimore, on Tuesday, February

Dr. Mead spoke on "George Washington as a Patron of Education," relating the history of Washington College, its founders, and friends.

# IN SCHOLARSHIP.

Two of the three Washington College fraternity chapters were above the all-men's average in scholarship, and the fraternity index was above the all-men's index, according to a recent dispatch from the National Inter-Fraternity News Service. The story also disclosed that Washington bership of 30.05.

The text of Dr. Mead's speech was total of 63,481 men, located on 170 parts. The latter, he states, are beprincipally historic in nature and brought to mind once again the rich size the country over was 32,89. Dr. would only appear humorous. Alvan E. Duerr, scholarship chairman of the Conference, stated that of Washington College. In his brief the showing is more significant since reference to colonial education, Dr. during the half dozen years of the Mead stated that in Washington's depression the scholastic record of time there were but ten colleges in student bodies as a whole has improved steadily.

A pocket edition of Goethe's awarded this year to the senior ont- pate in LITTLE WOMEN. standing in scholarship in German, according to an announcement by Dr.
Arthur L. Davis. The prize is made
available by the kindness of Dr.

Mauritz Hallgren Next
Assembly S Ernst Beutler, Director of the Goethe Museum of Frankfurt Am Main, the Freies Deutsches Hochstift of Frankfurt, and the Oberburgermeister, who are donating a shipment of books for distribution among American stu-dents, through the Carl Schurz Memorial Foundation, of Philadelphia.

Washington College has been the recipient of several gifts through the courtesy of the Carl Schurz Memorseveral years ago for the development of cultural relations between the United States and Germany. Two years ago a beautiful six volume set Local Co-eds Attend of Goethel's works was offered as a prize for outstanding scholarship in German. The prize was won by Mrs. Florence Wilmer. The same year the German Department receivd a gift of \$100 for the purchase of German books for the library.

### Constitution Is Approved By Faculty

The Inter-fraternity Council was notified of faculty approval of tentative constitution, at a meeting of

to be put into effect must now be approved by the three fraternities the campus, and it is expected that they will take final action this coming week. The provisions of the instrument will be effective immediately upon the unanimous ratification of the individual groups.

Edwin L. McCalley, '41, was pledged to the Kappa Alpha order last Thursday night.

## Quiet Humor And Mystery COACH KIBLER Promised In Play

The Washington Players will ap-pear for the third time this season, in a comedy by J. B. Priestley entitled "Lahurnum Grove," on March 10, the cast for which has been selected.

Professor Tolles, who way through. The National Inter-Fraternity referred to the play as 'clean as a Conference Scholarship study covered 1,930 Chapters, composed of a slap-stick comedy and over-dramatic

> Contrast between the quiet country life of a middle-aged man and a notorious counterfeit gang should cause no end of excitement in this

hilarious performance.
The cast is as follows: Elsie Radfern—Frieda Dorf. Mrs. Baxley—Bernice Smith. Bernard Baxley—Henry van

Harold Russ-Lloyd Davis. Joe Fletten-Henry Maguire. Mrs. Radfern—Jesse Johnson. Inspector Stack—Harry Hoppe. George Radfern-John Stack

In selecting this cast a policy has been followed of assigning the parts, "Dictung und Wahrheit" will be as far as possible, to those who did not have an opportunity to partici-

## Assembly Speaker

Mauritz Hallgren, former associate editor of the Baltimore Sun, will be guest speaker at the recognition day assembly at the Y. M. C. A., this

stu- Thursday.

em- Mr. Hallgren is well known to those acquainted with the editorial page of The Sun. On the same program, the senior member of the Y. M. C. A., who have served the organization for ial Foundation, which was founded four years, will be given charms in recognition of their loyalty.

## Pan-Hell Conference

Five campus co-eds are attending the Regional Panhellenic Conference held in Washington this week-end, February 24-26.

Helen Loskamp and Alice Williams Zeta Tau Alpha; and Gerry Nash is representing Alpha Omicron Pi.

The main feature of the conference is the official luncheon on Saturday which Faith Baldwin, noted writer

its of fiction, is guest speaker.
of The formal reception for egates of Zeta Tau Alpha from this campus attended.

Lambda Chi Alpha defeated the Kappa Alpha Basketball team Thursday in the last two minutes of game to win the title of the Fratern-ity League. The score was: Lambda Chi 14, Kappa Alpha 12. Walatkus

## Locals Play Loyola In Final Game Tonight

Washington College's Flying Pentagon went down to defeat 47-37 Fri-J. Thomas Kibler, on the night of day night before a last minute rally Saturday, March 18, has been an of the University of Maryland at College Park. At half time the Terps and Sho'men were tied up at 18 all. the Coach during his 26 years of game proved to be the last minute connection with the institution. Stu- when Maryland scored nine points, Although Washington still retains the open state championship, last night's defeat showed that the Sho'men are not actually state champions.

The first half was slow and poor on the part of both teams. Washington was held outside of the shoot-ing zone, while Maryland made beautiful passes of which they were unable to take advantage.

In the second half the locals took an early lead but Maryland soon came back to make the score 22-25 in favor of the Eastern Shore team. The Terps then put on a spurt but Collins sank a shot to make the scoring stand at 38-37 in the University's favor. With one minute of play remaining Maryland showed it's superiority by scoring nine points before a helpless Washington team.

The game was featured by poor officiating on the part of Jack Menton, supposedly "ace" referee from Balti-more. Washington tended to dribble entirely too much for their own good, Neubert being the chief offender. 'Zeke" Zebrowski played poorly until the last ten minutes of the game. "Goop" made 15 points to bring his four year total to 1025.

installed in office as Freshman Representative to the Council at the During the business meeting it was stated that the constitutions of certain organizations had not been submitted to the Council for its approval.

A committee was appointed to see Dr. Mead about the possibility of get-

Following the game with the University of Maryland at College Park, the Pentagon tangles with Loyola's Greyhounds at Evergreen in a return engagement.

This game should be as much of a struggle as the Western Maryland game at Westminster, in which the Shoremen were fortunate in ekeing out an overtime win 33-29. The Greyhounds showed good ball handling against the Sho'men at the local Armory in their first meeting, and capable of extending, if not feating any club in the league. However, it has been rumored that Bock and Cox, two of Loyola's best players are on the ineligible list. is true, the Loyola quint will be definitely behind the eight ball; if it is false, they will be at full strength and very capable of pushing the Maroon team.

The season finale, originally scheduled at home against P. M. C. has been cancelled, so the Loyola game will conclude this winter campaign of the Sho'men.

Following the game, the Baltimore Alumni Club will sponsor its annual and Young were high scorers of their respective teams with eight points each.

The revision of the laws of the conduction of the laws of the laws of the law

#### DOGS

If all the dogs that made their home on the campus during a year were laid end to end we would have a string of "wienerschnitzel" reaching on. down town.

Not that we are advocating making "wienerschnitzel" out of the dogs; the hyperbole is used merely to call attention to the increasing number of canines inhabiting the campus and feeding in Hodson Hall. A dog makes a fine pet, and most people enjoy seeing one romp and play, but when a whole pack makes its home in the dormitories, and regularly gets its food in the dining hall it is time to take exception.

A dormitory is obviously no place on the Hill. to keep a dog, and yet if one is allowed to keep a pet in his room there is no way to prevent the practice from becoming general. Allow one person to keep a dog and everyone else is entitled to the same privilege, in which case it is evident that complications would likely arise. But aside from this objection, it is also true that when dogs are kept here by someone, or if they are encouraged to hang around, they will make pests of themselves on the campus, and worse yet, they will follow the students to Hodson Hall at meal time. The impossibility then, of keeping them out of the dining hall is well known by everyone. And certainly nothing is less desirable, when eating a meal, then to find a dog sniffing around the table. Nor is it exactly conducive to the enjoyment of a meal to have the person next to you continually feeding the dog with scraps from the table. Furthermore, hav-ing waiters feed the animals off of the same dishes the students are expected to use, is not exactly in harmony with even the common rules of hygiene.

Dogs should cease to be encouraged to come on the campus and it is everyone's responsibility to keep them out of Hodson Hall.

## THE INFANTILE MIND AT WORK

The infantile element of Washington College has again asserted itself and the other quarter of the student body is suffering for it. Because the majority of the students have evidently been used to treating furniture as though it were gym equipment, the rest of us stand up-and try to ex plain to visitors where the Hodson Hall furniture has disappeared.

It seems obvious that most of the students come from homes they use crates for tables and soap-boxes for chairs. Otherwise they would have learned that real furniture cannot be bounced on, nor can it be used for wrestling mats and boxing rings. They would know that two hundred pounds of muscle and Carrol Woodrow, Nor- brawn landing full-force in the center of a couch is bound to leave its mark We really can't hold them responsi-Evelyn Caplan, Ralph owl and Taylor. We really can take they be for their actions, because they don't know any better. They couldn't possibly know that the gift Archie Morrison of Colonel Hodson was meant for the student body as a whole, and that some of us appreciate it.

The idea of the building was to try to rase the cultural background of the college, and in that way to make the social standards higher. Colonel Hodson was a gentleman and he couldn't know that in order to raise the standards of some people, a brickurniture was of the best quality, and for at least a month everyone on the Hill was very proud of its beauty. They brought their friends down to the clubroom and showed it off,-until the stuffing started coming out of the sofas, and the chairs started falling to pieces. Maybe it was longer than a month. At least the furniture held up for almost two years, which proves the excellent quality for only the best could have stood up under the terrific strain placed upon it by this group of "collegians."

The latest trick, and undoubtedly the cutest, was the careful and conscientious removal of the slats in the grill on the right of the foyer, Tt. reminds us of the small child who destroys everything he can get his hands Babe. on. The mother excuses him with a plea of youth and unintelligence. This is the same thing.

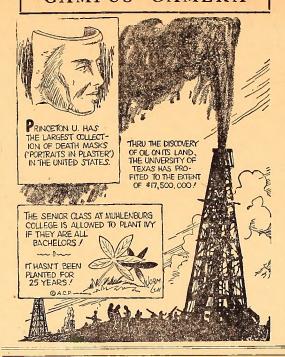

In the early development of Eng land, a tribe known as the Vandals swept across the country and wiped out the civilization that had begun to arise. The word Vandal, has come to be synonymous with the malicious and stupid destruction of property. No better term can be apbest to obliterate the traces of civili- we zation that were beginning to appear

In all fairness, we must admit that some of the students have honestly unless it is "Spiked." tried to keep Hodson Hall the showplace that it was originally, and were really distressed and embarrassed when the furniture was finally taken to be repaired. There are all too few of them. It is not supposed that this editorial will have any effect on those to whom it is addressed. They are past redemption. It is meant to be an apology to the Administration for the uncivilized behavior of school-mates, in the hope that they will realize that some of us do know better. It is also an appeal to the more progressive element, to aid in the effort to apprehend those respon-

At least 47 colleges throughout the country have made plans for providing scholarships and living expenses for the coming academic term to European refugee students, it has been announced here by the newlyformed Inter-collegiate Committee to Aid Student Refugees, a non-sectarian organization to extend and coordinate refugee work on the campuses. explanation, Minor?

play, his first nine points being garnered in the first half. Goop went scoreless for the entire second per-iod, but t goes without saying that the last minute shot would have comanother point all evening.

#### THANKS A MILLION-

Last Saturday night the Junior For the past three months I have chosen my superlatives with the care Varsity won. A game between an chosen my superiatives with the care All-Star team picked from the college and the JV. Starting at seven colleck the Saturday night of each home game, the JV team dons bright home game, the JV team dons bright starting words of praise for the home game, the JV team dons bright high-sounding words of praise for the red jerseys and cavorts before a mild lay interested handful of spectators, who arrived early to get a seat for the Varsity game. That's their total reward. For a little under three ward. For a little under three words those "in-hetweens" not unite musicing the team and predicting Varsity game. That's their total reward. For a little under three months these "in-betweens" not quite At a time like this good enough for Varsity ball and much better than the average intrawould break up the game. The play-ers stare at Enright, the fans hold against the two Varsity teams, first one then the other, made their appearance on the Armory floor to a-muse the spectators until the Varsity game began, and then made a not so graceful exit. This is not written agitation for reward for the JV player (although the idea is a good one) but as a reminder to those who praise the Varsity for taking the Lea-gue championship. I'm not saying that the JV were indispensable in the building of a great Washington team, but their untiring (?) efforts went a long way to shape that team. As for reward, I don't advocate a major letter for JV efforts, but the steaks they got each Saturday night can't be enough to hold them out on the floor week after week. Of course they get

beside the point. A reward that would be attractive enough to hold the JV's out for the entire season would not necessarily have to he great, but their efforts are worth something to the squad, and should not go unrecognized.

#### HE'S IN AGAIN-

The ghost of Phil Skipp looms before me again as I pound out these words two days before the Maryland No, no predictions this time. All I can say is that this game, win or lose, was the game the Sho'men have pointed for all season.

praising the team and predicting games. It has been done. Now that the season is one game short of ed, and the team out of reach of these words in far off Baltimore, I can let loose with the superlatives. But why? There isn't an Elm reader that doesn't know how good the team is. Let it suffice, for posterity's sake, to say that the concensus of opinion in town and on the Hill is that the 1938-39 edition of the Flying Pentagon is the best ever to wear Maroon and Black.

## Play Scheduled For Next Friday

# Grove" Promises Treat

"Laburnum Grove," to be present-ed by the Washington Players Friday night, owes its originality to the quiet, humorous simplicity of its characters and the so-called 'immorality' in its plot, according to Professor Winton Tolles, director of the

'requires experienced acting; that is, the parts are a bit over-dramatic. Further, its story is usually filled with too many love scenes and slap-stick comedy."

"Laburnum Grove," however, well within the acting ability of its players and is free from balcony scenes and rotten egg fights. At the same time, the play is anything but dry, involving the exposure of a nobalances a monacle on his nose in a most dignified fashion,

One striking peculiarity of the plot of "Laburnum Grove" lies in its viola-tion of a law in standard literature. The usual story ends with the punishment of the villain. "Laburnum Grove," however, terminates in a different manner. It is for this reason that this play was called 'immoral' by the author.

Evelyn White, in charge of stage property, Milton Glock, settings, and Albert Wharton, business manager, were active during preparations for the play.

#### Alumnus Receives Due Recognition For Work

## Courtmen Will Be **Divided Tonight**

#### J. B. Priestly's "Laburnum A pay what you draw plan will rule the informal dance sponsored by Out-of-Staters Favored In Gymboree Game

The indoor sports season winds up in a grand finale tonight at the local armory. As has been the custom in the past, the Varsity Club puts the Bell, is in preparation now. All the the past, the Varsity Ciup puts the Ben, is in preparation now. In the finishing touches on the court season with a gala Gymboree, featuring talent in all departments of indoor sport (except smoothing).

Ben, is in preparation now, in the music has been selected and the various dances are being arranged. In this original version of Cinderella here are no mice or pumpkins.

The card tonight will hold forms of entertainment, as well as the old stand-bys. Included in the program will be an obstacle race be-tween the campus's most fearless, Incidental dances will be given by the agile and astute. To attract and underclassmen as in former years in arouse the spectator's competitive group form. Every girl in Washing. spirit, a push ball contest will be held between two picked teams. The attraction of the mats will be the wrestling bout between Gentleman Gus Kromitus and Docile-Dog Wood The two contestants have been training rigidly for weeks, and to show Motion Pictures To Be the fans that it will be entirely on the up and up, the two won't speak to each other for ten minutes before the

The climax of the evening's enterainment will be, of course, the State vs. Out-of-State basketball game. Two determined by residence of the players, will face each other on the court to determine the superiority of basketball locale. For the State team such luminaries of the championship Washington College team as Smith, Pfund, Kardash, Fetter and Smith, Pfund, Kardash, Fetter and Bush will take part. Opposing this star-studded aggregation will be 1000-point Zebrowski, Howie Neubert, Chuck Collins, Ray Kiiby, McNiff, Bartolini and Mucino. As all twelve men played on the college squad, the calibre of ball played to-cickt will be too rotes. The Out of night will be top notch. The Out-of-State team is favored in games won and lost, also on the strength of its star center. However the State squad has Kardash, which fact alone balances the betting. No game during the regular season featured the hard playing that the lucky specta-tors will witness tonight.

In a class by itself in the world of entertainment is the bull fight, to be staged just prior to the classic bas-ketball game. The Eastern Shore has been scoured thoroughly for three months in search of the most feroci ous and most tempermental bull that sion on a possible constitutional could be found. The search was tured alive. The bovine animal was found running wild in an Economics blue book, (Statistics) flowing from the pen of one L. Buffington. Senor Anvanno Smithario, the Plucky Picador, claims the capture of this Fearless Ferdinand was made possible only with the aid of skunk cah-

## Democracy Topic Of Assembly Talk

# Students

Minority suppression inevitably leads to the establishment of a totalitarian state, said Mauritz A. Hall-gren, former associate editor of The SUN and now chairman of the Mary-land Civil Liberties Union at assembly Thursday.

Taking as his topic "Democra Mr. Hallgren held the interests of the student audience for thirty-five minutes by his excellent delivery and well pointed remarks.

Democracy is a part of our present day life. It is not a symbol, not a word, not just a pleasant thought; it has the far deeper meaning. dom and democracy are one and in-livisible" stated the author-speaker. Democracy is essential to the dignity of mankind. A man can't be natural unless he has freedom. Included in this is the right of free speech, thought and assemblage. Only by having these civil liberties may we obtain the truth.

At present we are a conglameration of minorities—racial, political and religious. Since democracy, in its true meaning, is defense of the be exhibited to all students, admis-sion free, who care to attend at the minorities, there is no democracy unsion free, who care to attend at the innorities, there is no democracy uninvitation, of the Cercle Francaise, Thesday evening, at 8:30. and annoying are usually of a politi-

Probably the most outstanding thing about the totaliarian is the fact that they have denounced religion.

Our democracy must be given a ore aggressive meaning. It is the more aggressive meaning. duty of "Y" and other similar organduty of "1 and other similar organizations to attempt to re-sell our democracy. A "Laissez faire" policy on our part will not solve our problems. We must take a more active part in our government and exercise those rights which we now possess.

Americans should not want to be like the boy who hit his head with a hammer because it felt so good when he stopped. Problems must be averted; not let alone until they become chronic.

Mr. Hallgren's defense of democracy was refreshing and possibly even radical in comparison with the average every day defense of democracy. ories is that of Bob Moore and Pete Points well taken with enough hum-valatkus, 45 Middle Hall, with a or to be interesting made the talk one of the best of the current assembly season.

#### CONGRATULATIONS TEAM

It is fitting now at the close of the basketball season, that we acknowledge publicly the good work of the basketball team. The season has been a comparatively successful one, and the team has been a credit to the The Flying Pentagon has college. won fifteen games and lost four. The last two defeats were unfortunate must be accepted philosophically.

people. Home games in the past year have been remarkedly clear of poor sportsmanship. On the other hand, some of the exhibitions given by fans of Western Maryland, University of Maryland and Loyola College were not up to par. A good play is wor-thy of applause. Similarly a poor play or player may be justly con-demned. But constant razzing and booing when a player is shooting a foul or making a difficult play surely not what one would call good sportsmanship. A continuation this year's policy is to be recommended for the future.

To all congratulations are due— to Coach Kibler for successfully guiding the destinies of this year's squad-to the team for their splen-did effort and accomplishment-to students and fans for their cooperation. Townspeople, students and team members have all marched along in the tradition of one hundred and fifty-six years of collegiate experi-E. O. ence.

#### --00---REFUGEE AID?

Aid for student refugees in China, in Germany, and in Spain is being asked for in letters and pamphlets, arriving in practically every mail. There are apparently a number of are in the same vein, pleading that at the possibility of making Wiener the college men and women of this schnitzel out of dogs. Wienerschnit country, who know the blessings of zel we are told, is veal cutlets. Our education in a demacracy, unselfish-

ly come to the aid of their benighted brothers and sisters across the seas

The collecting agencies have a fine ideal upon which to base their drives. To provide means that education be carried forward in times of war as well as times of peace is an excellent cause that is worthy of support. Universal education offers one of the best avenues to lasting peace. But before the organizations can expect support they should prove skeptic's satisfaction their integrity. The cause which they purport to champion is ideally great, but it is also a cause which affords an excellent apportunity to dip into the student's pocket through an emotional appeal. It is not meant to imply that It is not meant to imply that those behind the drives are working a confidence racket: the money probably sent to the country intended, but what happens to it then? purely political faction can assume Archie Morrison tion as well as it can become an army. No undergraduate would care to play sucker to any political group in China, Spain, or anywhere else, but there is apparently no guarantee that he would not be doing so were he to "shell-out" to one of these refugee organizations.

The collecting agencies should dedicate more of their literature to proving themselves, rather than using bales of paper painting word pictures of the horrible lot of the foreign student. To donate money without being certain of what use it is to be put, is expecting too much of anyone.

#### "LABURNUM GROVE"

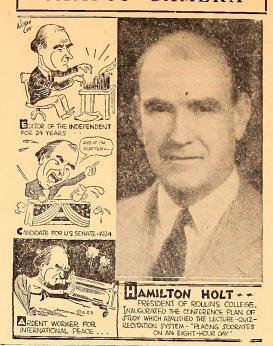

On Friday evening of next week the Washington Players will present their second major production of the year. The play is of the first caliber, the cast has been carefully selected. and rehearsals have been held religiously. There is every indication that the play will be on the same high standard attained by the Players in has their previous efforts.

There need be no doubt that the group will handle adequately the matter of presentation, the only serious question is whether there will be an audience on hand to appreciate its The season has been successful in more ways than one. Of note this season was the good sportsmanship work. When the Players gave "Lit-Had not the town people bolstered the play-goers, the cast would have had to exhibit a marked degree fortitude to go on with a show before small number assembled in the auditorium. After the play it was generally stated that the affair had not been given sufficient ballyhoo. him. There was truth in the statement, and this time the Players, profiting by experience have seen to it that "Laburnum Grove" has been advertised to the students three weeks before it is given.

> The student who misses this play is the one who just does not care to attend; his type should be few and far between. The opportunity of seeing a play comes so seldom here far between. that there should not be many who would want to miss the chance of seeing one. It ought not be necessary to use persuasion in selling tickets, there should be a ready market for them on the campus. It would be a shock to the Players to find a larger number of students at play than at the movies next Friday night, but it is a shock from which they could recover. Give yourself and the Players a "break" by attending their production of "Laburnum Grove."

It has been brought to our attenundergraduate groups behind the var-tions monetary drives, but all requests Wienerschnit-

#### CAMPUS CAMERA

## Marooned and Blacked

by O'Brian

At last our hero is out in front, Paca and the Yank are on the way out. Buff has finally established Hall holds no interests for me any himself as "Number One Man." Good longer. The object of my affections work, Buff, how come Evelyn pledge herself for three dance dates so soon?

Who took Betty Beck to the Alumni dance-McNiff or Nagler?

Snooks and Alvin calculated their keep it up-if you keep walking.

Praises and flowers to Josh and Rube for being true to their old flames; you two deserve the best for your loyalty-or are you scared to step out on them? You, too, Gibby.

Ollie, if you want to get anywhere with that Water-street bonfire, you should have asked Cappy to use a smaller soup-bowl. Dogwood looks like his squaw back home scalped

Since the quarrel with Johnson, it looks like Notty has the inside track.

Leary and Gardner don't do math together anymore. They just do.

Bob, "Spike", and Mimi certainly did swing it last night at the Junior "Fishing-Fair" didn't they?

Why is it that Wiles delights in telling—of his many secret passions.
Now, Preston, is that anyway to treat a trusting young lady, if-is a lady,

Hope you have a speedy recovery, Eddie. It's tough on us not seeing Alico around.

We won't get a pass for this, but be sure and see "Laburnum Grove."

Regina Loovis says, "You fool me. I've been Society Editor too long."

And what is this we hear about B. F. thinking she is Heddy Lamar, or is it Brenda Frazier, or is it both?

Monsieur Robert Corley, the killer, wishes to be quoted as saying, "Reid to is centered at the foot of Queen tes Street." We wonder if Purvis is still getting letters from Chestertown.

Monsieur Corley, the killer, wishes to retract his hasty statement.

From the pages of a certain Mr. wanderings since Christmas at an av-erage of eight miles per day—Fine— had a date with Blackwood. Huh, beat Moore to the draw this time. He ran me a tough race but I finally won.

> Alva Lee is like an almond bar, sweet but nutty.

The boys that live next to Smith schmaltzers and others. and Nagler say that Chief sent George up to look for a leak. The boys told George they didn't have any leaks in there, but there was a couple of drips in the next room.

Taylor Friday afternoon, Taylor for the movies Friday night, Alfred's little brother for the game, Tammany and Pinto Sunday, Ohler in there sometime, and the Judge—he was at Cellege P—whoops, Annapolis. Dids hims lie to hisum little cutums?

Why Dorsey-you know than to ask her for a date. Playing

We hear that the most popular book in Reid Hall now is "The Trail of the Lonesome Pine."

The New Jersey Flash (not Ma-Alico around.

Bob Crane and Mary Liz seem to be in the midst of a storm. Wonder what the trouble is?

The New Jersey Flash (not Maguire) surely is a man-about-the country. His specialties are gun shooting, mid-slinging, and a lover of W-W and S. All interested, take note.

> Well, well, we see that Mittelholzer took the momentuous step and jokes?" asked the contributor. splashed right into the Navy.

"Horace," she said to a small pupil, "when you stand in Europe facing the north you have on your right the great continent of Asia. What have you on your left hand?" "A wart," replied Horace, "but I

can't help it, teacher."

-Buffer.

Shortest book ever written: Who's Who in Germany.

In olden days, shaking in your shoes was a sign of timidity; now it's apt to be a new dance step. Were you at the prom?

Compliments to the Junior Decortion Committee.

One personality on the campus who (well, they say he doesn't lifebnoy) was requested anonymous-ly to come to the Prom in a diver's suit. Appropriate, but not quite aesthetic, I say.

"What will you give me for these Editor: "Ten yards start."

> I thought it were she, Her thought it were me, But when we came together It weren't neither of we.

-Idaho Bengal.

# Season Ends

## The Trick

by Archie "Skipp" Morrison The basketball season closed with a dull thud rather than the expected sixth annual affair of its kind spon- sport schedule, involving baseball, sored by Catholic University are slat- track, and tennis. bang last Saturday night. Sho'men fans who trekked to Baltimore to see the favorites trounce Loyola got a severe shock when the Greyhounds severe shock when the Greyhounds the one mile medley relay, the mile gets underway tonight, with tennis turned the tables on the Champs. Well, the season's over and there's no use rehashing what's been. But three Seniors sang their swan song Tully entered in the 45-yard high April 15—Blue Ridge. Home at Evergreen last week, not to as use rehashing what's been...But three Seniors sang their swan song at Evergreen last week, not to sweet a tune as could be desired, but sung impressively. Goop Zebrowski ended the most brilliant cage career in the history of the school, if not the State. His 1,000-odd points will remain a record for some time to come and undoubtedly freshman in the class of '49 will still hear of his prowess. To Stud Pfund the fans said goodbye to a veritable rock of Gibraltar. The zone defense just wasn't down Howie's alley, but he did all right by Rare was the offensive man that could get a shot past the Stud. Along with Goop and Howie was the third Senior, Billy Smith, high scoring guard. Billy came in fourth in the team scoring this year with 110 points by a smooth eye and a beautiful drop shot from the outside. After a game it could always be heard....
"Smittie played his usual good steady Tonight these three Seniors will appear for the last time in uniform of Washington College, three Seniors whose singular distinction it is to have played on two Champion-predicts a better than fair season is

#### Semi Finals: Day Students 17; Lambda Chi's 14

Having won their league title, the Lambda Chi's marched on to face the Day Students in the semi-finals, the winners of the Hall league. Most pre-game conversation picked the Lambda's to win but the dope was upset by the commuters by a score of 17-14. High scorer Walatkus didn't 17-14. play the game that he usually plays. Hopkins was high scorer for the Day Students with 7 points while Benjamin and Crane got 6 and 4 respectively. At half-time, the Lambda's were leading 12-8 but they were able to score but one field goal in the second half to their opponents points.

Hugh Bradley, Washington grad,

## SHOULD STAND

With the close of the 1939 season, the Maryland Collegiate league bids adieu to one of its most spectacular figures-big "Goop" Zebrowski. Standing 6 feet, 6 inches, Goop,

Standing b feet, b inches, Goop, for four years, has dominated the basketball courts around the State. He hails from Connecticut where such stars as "Gimp" Carrington played before gaining renown at Washington College.
At Bristol High School "Goop" was

chosen "All-State" and all England" in '33 and '34.

Since coming to Washington College, Goop has established an envi-able record. In four years he has scored over a 1000 points, a record which should hold good for years to come in this State. In no year has Zeke failed to score over 200 points. This year, as captain of his club, he scored over 300 points in sparking his outfit to the State championship. No small part of this total has come from converting free throws, at which job, Goop is a master.

All in all, Goop should be a cinch

to garner All-Maryland honors. Washington College will lose one of its great players of all time when Zebrowski graduates.

Besides his accomplishments on the basketball court "Goop" has played football four years, gaining All-Maryland recognition, he won his letter in baseball and has played tennis.

### **Artists Give** Musical Program

### Pianist Exceptional Critic States

by Robert Moore

Mr. John Simms, pianist, and Mr. Robert Grooters, baritone, artists from the Delaware School of Music doing work at the Curtis Institute in Philadelphia, gave a short concert program at the assembly, last Thurs-

The program was as follows: Sonata in E Flat, Op. 27

Mr. Simms

"But Who May Abide" from the "Messiah" Handel

Mondnacht Schumann Die Meerfee

Mr. Grooters Waltz in A Flat Prelude in G Minor

Rachmaninoff Mr. Simms

Hills of Home The Pretty Creature

Old English A Song of Ships

De Glory Road Mr. Krooters

Mr. Simms opened the program very fittingly with Beethoven. The dexterous finger work, especially on the runs and trills, was amazing. His the runs and trills, was amazing. His the runs and trills, was amazing. His the runs and trills are the stag affair. attack was very assured. He played with much expression, making particular fine use of contrast. In short, he has much more feeling and virtuosity than any other pianist heard here in several years.

Mr. Grooters, though certainly not an artist of Mr. Simms' calibre, won the audience from the very first. He the audience from the very first. He began with very little expression either of voice or of face, but gradually "warmed up." His approach was cantious, exhibiting good breath control. His best work was in Schumann's "Moonlight." He seemed to catch the atmosphere and instill it with feelings. "Die Meerstee" which with feelings. "Die Meerfee," which displayed to advantage his rather tion of those down with the ggrippe

of the pianist's fingers. The middle portion of the piece was played with the proper sadness and yearning which sets it off from the rest.

The second group of songs was as a whole a decided improvement over the first. In "The Pretty Creature," Mr. Grooters seemed to come to life for the first time and act as though he were enjoying himself. The se-lection was quite well sung. "De Glory Road" requires for its best rendition a richer, heavier voice than Mr. Grooters offered. However, his attempt was sincere and the piece was certainly well chosen from the audi-ence's point of view. Much applause greeted his two encores, "Shortnin' Bread" and "Brown Bird Singing."

Mr. Simms did a hard and rather thankless job extremely well in his accompaniments. He carefully molded his playing to fit the singer's mood.

From beginning to end the con-cert was enjoyable and the audience unusually appreciative. -00-

### SEND A REPRESENTATIVE

On March 18, in Hodson Hall, banquet will be given for Thomas Kibler, in recognition of twenty-five years of active service to Washington College. The banquet is not only in testimonial to his loyalty, but also in appreciation for the high standards he has set for the men of Washing ton College.

It would be impossible to name all of Coach Kibler's material contribu- Company. tions to the school. Champion bas-ketball and baseball teams are a minhas worked. He has been friend and education possible to deserving boys in more ways than one.

In addition to all of Mr. Kibler's campus activities, he has found time land Athletic and Civic Associations, and is now the President of the Maryland Collegiate Basketball League.

Mr. Kibler has the appreciation and respect of the entire faculty and student body. We hope that every organization on the Hill will be represented at the banquet to pay homage to a man who has done too much for Washington College ever to be repaid. N. R.

#### **EPIDEMIC**

Four years ago the measles "hit" the Washington College campus. The disease spread; numerous students were sick; both students and faculty underwent hardships. At that time the college neither regularly employ-ed a physician, nor maintained an everready infirmary.

During the last two weeks another epidemic-of grippe-has visited us. As many as twenty-two were sick on one day. Again students and facul-ty underwent hardships. But facil-ities for caring for the sick had been (Continued on Page 4)

improved. The college doctor was at hand. Nevertheless, the disease continued to spread; first one dent, then another became sick-something was needed! Doctor something was voiced the conviction that a place for segregation of sick students was needed. College authorities acted, temporarily providing the needed infirmary-and nurses!

From the present report, the epi-demic is leaving us. Whether it is naturally wearing itself out gregation of the sick has stopped its progress, we are not able to say. Certainly this move of the administra-tion was wise in the care of the students' health. Recovery of the sick has been more speedy; likelihood of contraction of the grippe by the nonsick has been greatly reduced. It is true that the college went to some expense, but common sense points out that, within reason, this is a minor Thornton, Rowland Taylor.

ews Editor .... Kny McCardell consideration as compared with endangered health of nearly three hun-

In the light of modern community John Blevins diseased persons is a proper and sen-Robert Moore sible precaution-a requisite-for Regina Loovis the care of community health. Epidemics are not necessary to demon strate the wisdom of having available for immediate use an equipped infirmary. It is true that a realization of need for an infirmary plus an active desire for such protection is necessary to real effort at its establishment

> The student body and administration do, and have every reason greatly appreciate gifts received for the erection of a science building and library. The benefactors will long be remembered as real friends of the college. But a small portion of the sums for these purposes would provide old Washington with a fully equipped infirmary, standing ready to care for the sick and protect the well. Realization of this worthy project is the hope of the students and the administration. There is, so far as we know, no good reason why it should not be attained.

### A Living Paradox

The following is re-printed from "What The Colleges Are Doing," a publication of Ginn and

the third quarter, the score was an force 6:00 p. m. The sale and Frieda possible the awarding of a worthdangerous combination lass teams. The defense for other class teams. was very goed on both teams.

The next time the Seniors meet the Juniors, the game should be a close and exciting one. The Juniors are out to "get" the Seniors and to defeat them.

#### Freshman A 28, Sophomores 15

The Freshmen are back in the lime-

This season there are two fresh-men teams: A and B, both exceptionally good. The A team made a very good shewing in their first game and will probably be a headache to the other class teams.

defense. The three Freshmen forwards, Kreeger, Johnson, and Brooks, moved together like lightning to score 20 points, altegether, in the first half to the Sophomore's 8 points. In the second half, the Sophomeres tightened up a bit and scored 7 points to the Freshmen's 8. Virginia Nock made 13 out of the 15 points scored by the The Sophomores have not seemed to click, so far.

#### Seniors 24, Saphomores 9

In spite of the big score, the Seniors had to fight for their points and were given a good scare especially after the first quarter when they were trailing the Sephomores by a score of

The three Sophomore forwards, Virginia Nock, Shirley De Guzman and Irma Tayler, had little difficulty finding the basket the first half. They were left wide open many times. It was evident that the Seniors missed Virginia Watkins, who was sick. In the second half, the seniors began to click and ran the score up 13 points. The Sophomores, elated as they be-gan the second half because they were trailing by only two points, failed to make a single basket the last part of the game. Rosemary Brown, who played in place of Evelyn Dulin, did some beautiful guarding against Jean Richardson.

The Sophomores showed great improvement in this game.

### Juniors 30, Freshmen B 19

The Juniors had little trouble in taking this game from the Freshmen by a score of 30-19, although the Freshmen out-scored the Juniors in the second half of the game.

Evelyn White and Rachel Rugliano, Junior and Freshman forwards re-spectively, played beautiful games. Rachel has a deceiving little flip under the basket that scores points for her team. Both teams had a very good defense.

interest is being shown in girls' basketball this year and quite an audience turns out every Tuesday and Thursday evening to see the games. Ray Kilby and Howard Neubert have been helping Miss Deris coach the teams.

### MEN HOLD KEY

### Super-Scientist Struts Stuff

### Awful Awks Awaken Angry Audience

Science trudges on-with Dr. "W. J." Coop in the vanguard. The physics professor set his audience in awe during a demonstrated lecture in as-sembly period last Thursday.

Amid an intangible conglomeration of photoelectric cells, bicycle wheels, coils of wire, pieces of string, high turning, until it has stopped coasting. The assembly sat spellbound in their seats, their eyes following the deft movements of Dr. Coop as he demon-strated this by revolving an ordinary bicycle wheel. His simple explana-tion was, "This disk, having its iniplane establishes undeviating ob-stinacy toward oscillation in a heter-ogenous plane." A further demonogenous plane." A further demon-stration involved the exhibition of a larger hole in the bottom of his shoe.

The listeners were amazed to discover that "Wild Jess" is possessed of considerable musical talent. This run the show. There is more of considerable musical taight. This run the snow. There is more was disclosed when he demonstrated than one way of playing any the effect of light waves on a photoelectric cell which transformed electricity into sound. Dr. Coop declinicity into sound. Dr. Coop declinicity into sound. Or Coop declinicity into sound. Or Coop declinicity into sound. electric cell which transformed elec-tricity into sound. Dr. Coop declin-ed a request for "One O'Clock ed a request for "One O'Clock Stomp" explaining that he was out of practice. However, he imitated a fire whistle with little effort.

Next came the lesson in skipping rope. Though no one consented to play with him, he persisted and ex-hibited some fancy methods of turning the rope. At times it would whirl in a single wave, and when Dr. Coop was not looking, three or four appeared. "This," he explained, ppeared. "This," he explained, represents the different light waves; those vibrations of more than one wave are known as overtones."

A demonstration of remote control

**EDITORIAL** 

Boil the tar, get the feathers Boll the tar, get the feathers
—the time for action has come.
No more are we going to sit
idly by while our rights are
trampled under foot, no more
are we going to humble our
selves as suppliants, only to be
waved aside by sneering
bourgeoise. No, all that is past,
now we are going to take the
upper hand. upper hand.

We have tried peaceful methods and what did it get us —nothing. Are we any better off today then we were three months ago? We are not. Can coils of wire, pieces of string, high voltage circuits and atom busting manchines Dr. Coop revealed for the first time the secrets of nature known only heretofore by physics students. He disclosed to his listeners the long coveted formula stating that, once a wheel begins to turn, it keeps on turning, until it has stopped coasting. The assembly sat spellbound in their seats, their eyes following the deft less from the autocrafts who use les from the autocrats who use movements of Dr. Coop as he demonstrated this by revolving an ordinary bicycle wheel. His simple explanation was, "This disk, having its initial circumgyration in an immutable plane establishes undeviating obstinacy toward oscillation in a heterogenous plane." A further demonder of the plane of the plan ogenous plane." A firther demonstration involved the exhibition of a gyroscope built within a structure representing a boat. Doubts have been expressed as to whether the crude looking thing would float in the first place. To stop the gyroscope from coasting, Dr. Coop had to appy the pressure of his foot, thus wearing a larger hole in the bottom of his shoe. let them do it!

out that we are not to be trifled with. Justice shall reign at last. But we must stick together, we Foreheads wrinkled in the audience when the physics professor stated, "Many experiments work better in the dark." However, this was connected only with the following exhibition of polarized light. He flashed some pretty patterns on a screen, muttering something about the study of crystals and strain. By turning either of the two pieces of polaroid glass so that they admitted rays in perpendicular planes, no light could recognize that the study of crystals and strain and the study of crystals and strain. By turning can be no retreat, we must go forward until the last of the aristocrats of power begs for mercy, until the victory is won.

We'll tar and feather the lot of them. We'll ride them on a pole through every street of the town. The world will know then that we are a mighty power, and will cringe at the mere mention of our name. Then we will sit book and make the will sit back and make the rules and we'll make them to suit ourselves.

Batty Bunch Brave Brawl

Clowning Classicists Croon can pass this new test with a high av "Carmena"

Miss Elizabeth "Flagstad" Powell. Centreville's ultra-snappy prima don-na, made her highly suspicions debut last Wednesday night at the Classical last wednesday night at the Classical Society. Her interpretation of derived thing ever heard by the group. After a couple of la Powell's high "C5", the startled classicists led by "High Bulla" Perry, "Toga Spiktorium" was counting; she was unable to Moore and "Mayine Sweekbeiter" (2001 by the High Sweekbeiter") (2001 by the High Sweekbeiter) (2001 by the High Sweekbeiter) (2001 by third sweek 555 546 in the High Sweekbeiter). Bulla" Perry, "Toga Spiktorium"
Moore, and "Maxina Smoochoriens"
McCardell, trucked right into the
"Caesar-Q" and "Roman Rhumba."
Before Miss Powell had concluded her number, practically the whole society, including Professor Paul "Classical" Solandt, lent their well-worn voices to the dulcet straining of the waltz. The diva was given an ovation after her last mighty effort and would doubtlessly have taken dozens of curtain calls—if there had

been any curtains around the joint.
"Lilting Libbie" left the Latinites rather weak, but still with enough strength to play their question game. The program was in the nature of a classical quiz with such questions as "Why did Caesar do what he did to Cleopatra?" and "Wouldn't you?" Cleopatra?" and "Wouldn't you?" The society was stunned when Doro-thy "Braintrust" Leonard went down on that simplest of simple questions, "Where was Cicero when the Lights went ont?" Her answer (which had something to do with a boudoir) was applanded by the group as a whole, but was ruled out as "too immoral" by Judgie Solandt. The riot was not calmed until Frances "Sugarfoot" Perry staggered in with gingerale and kisses.

### Stag Strategy Seems Success

Amazons Affect Apathetic

The smouldering spark of rivalry between the male and female of this University has broken into a raging flame. With reckless abandon the men have planned a stag dinner to-night just to show their complete independence of the women and their

all-Greek struggle in the gym.

Deflation of the female ego could be heard for miles around this vicinity when the dinner was announced. 2,344. What Powell fell down on the difference was annotated, was counting; she was unable to count by thirds over 652,546 in ten for this occasion; it was to be their minutes. Said Donald, Jr., "Huh, bet Calvert Jones couldn't pass this." ed of the defeat of the male. At long last they had him in their power and they were going to watch him squirm in his unhappy plight. They were going to do the inviting to the dance and they were going to settle

a few scores in so doing.

But the male is not pacifist. He was not satisfied to bow to fate without a struggle. The Board of Strategy was summonsed and laid the plan of attack. According to reports from reliable source the Board chose the stag dinner plan as best able to pierce the ranks of the Amazons. It must have been a genions who de-vises such a fiendish scheme. At the mere rumor of the proposed plan the women were noticeably affected. The mercenary Grecian maidens counting on alumnae-by-marriage to counting on alumnae-by-marriage to supply the coin for the coffers. A resounding victory was chalked up for the opposition when husbands told wives that they would come down to Wash. Coll. but, by Doctor Mead's A Day In Hodson to Wash. Coll. but, by Botton the stag goatee, they would attend the stag affair and not the hop of the squaws.

7:33—Arrived at Hodson Hall just spread insidious propaganda among was locked. Clock fast again. Wandered among tables for five minutes including for a seat. Waiters sleepy this morning and couldn't make it. 12:15—At table just in time to catch soup going by. Can't afford to counter-offensive in black-balling the

catch soup going by. Can't afford to miss it on first round. Narrowly escaped being decapitated by piece of bread sailed from across the Hall. Hadn't quite finished soup before three of table mates left. Pressing engagement I suppose.

6:00—Last at the meat platter tonight. Oh well, it didn't look very good anyway. Missed the roll tossed caross the table and it landed in my coffee. Salt in the sugar bowl would have ruined the java anyway. Felt gle of the situation is being covered then men! Let's show them what we are made of, let's show them what we are made of, let's show them what we can do, let's march forward now.

Our day of glorious destiny There's nothing can stop us—
WE WANT A FLAG POLE

# Historians Going To Frisco Fair

### PIG ALLEY ANTICS

The "kindergarten boys" of Middle Hall, as they are called by members of the second and third floors are the choicest noisemakers on the hill. They inhabit the Pig Alley room with the northwest exposture. The room contains all the implements necessary for child happiness. The part in beating sticks together or playing with string. Tearing up paper into tiny bits and playing "Happy New Year" is one of the latest innovations.

"Happy Harry" and "Silly Sammy" are at present extending their efforts toward musical development in rhythm. Sammy can hit every spin-dle in the banisters from the third to first floors and, though unbelievable, Harry can speak six werds in one belch. You should hear him some-time! He is especially resonant just before retiring. "Phlegmatic Ed" trains his attentions more on the cul-tural side of entertainment—Swing His emotional releases are generally secured in bursts of whistling and in beating sticks together. "Danger-ous Davie" is the "little caesar" of the group. He was winner of the air pistel tournament a few months past. He appears to be "ruler of the cove." "Wolfy Willard" is always the inno-cent bystander and bears the brunt of any prank or dispute.

Dispute? Oh yes! Even though

they are for the most time contented with their little games, they do quar-rel. But then, what children den't?

It gives one a feeling of contentment to hear their joyous cries when they trip heavily around the room playing cat and dog.

Their weekly treat is afforded them on Wednesday night (perhaps I should say Thursday morning) in the Mr. Roosevelt is my shepherd form of a story hour. The little ras- I am in want, cals sprawl around the radio and, with room darkened, drink in the groans and shrieks of "Lights Out."

### STALE VEGETABLE MARKET REPORT

The Smithfield Dramatic Association will give their first annual performance next Friday night. The Players have chosen that thrillingly dramatic mystery murder play entitled: "Where's The Corpse Now?" Leading roles, including that of the corpse, will be given to "Lionel Barrymore," alias "Ham" Lovesky; and "Lover" Bavis, who starred as the great lover in "Burnumup Grove." Mr. Lovesky, jealous of his important part, will only allow Mr. Davis to apple to the college have collected seed from this grass plant and now have reared the Society feels that to make the Exposition complete, it is necessary part, will only allow Mr. Davis to aphe is shifting scenery.

the characters, including the female ones, by himself. The story is about the death of a dramatic critic, whom pain on the part of the plant, it will the Comparative of the plant, it will be given ether, while the Comparative Mr. Lovesky as a ham actor, is suppose to kill. Plit says that this is very similar to the threats that a certain ham actor recently made. don't know anything about the ending of the play, but no ene will care to stick it out that leng, anyway.

### ZAFFERE MAKES **DUKE TEAM**

The Paul Q. Titsworth Debating and Bull Society held a practice de-hate Tuesday, with a Bush League team from Duke University. The Washington team was in rare ole form, as "Gabby" Zaffere and "Stuff and Stuff" McCardell debated in the and Sunr' Mecarden departed in the Russian style, with the boys from Durahm. Briefly, the Russion style, introduced by "Mickey-Maus" Kar-dash, consists in putting sleeping power (poison is a common, but unethical, practice) in the opponents water; tacks in their seats, and mess-ing them up in general. Miss Zaffere, who thinks of the cutest things, wanted to put itching power in their pajamas, but she was forcibly re-strained by Bill Johnson, Grand High Exaulted Time Keeper. Bill had his Exaulted Time Keeper. Bill had his hands full, but he didn't mind. (Neither did Aggie).

That world-known society of hysterical delvers into historical dirt (Antony & Cleepatra), those inebriated imbibers of document tea have at long last arrived (by much dirty politics) at the momentous decision that their annual trip this year will be to the San Francisco Exposition. The purpose of such a radical move? We will explain.

When His Honor, George Washington (of Mount Vernon and points east) was at good old W. C., he was walking down the Sacred L chatting amiably with Madame du Barry. Suddenly George beat a hasty retreat a-round the corner of Bill Smith. The reason for this strategic maneuver was that he saw Martha and her rolling pin. Now Dr. Dole was leoking out Room II window at the mement and saw that George's first footprint on the campus at the time of his The Smithfield Dramatic Associa-leaving the L mashed down a partiyear on the stage once, except when Exposition complete, it is necessary for them to present a blade of grass Mr. Lovesky will impersonate all from this plant to be deposited on the characters, including the female Treasure Island. The particular Anatomy class carefully amputates said blade.

In order to preserve the historical mood, the society will trek west in covered wagons. It is rumored that Miss Anne Turner and Miss Adalin Mayes, the most profane members of the group will be head mule drivers. Herr Jervis Cooke, smoecher-curater of the society, and a petite lady of his choosing (no names mentioned) will ride in a special wagon with the blade of grass so that Mr. Cooke can make it comfortable and care for its

# MAGUIRE SIGNS WITH KIBLER

**ENDS PRE-SEASON HOLD-OUT FOR MORE MILK** 

Hennie, (they call me "Mac from Joisey City") Maguire has made his appearance in a baseball uniform for Coach Kibler, so Washington College anticipates a successful season.

"Mac" hails from Joisy City where he left behind him a record that makes Christy Matthewson and Walter Jahnsen look like sand-lot kids. He comes to Washington College beasting the strikeout record of thir-teen states and Mac blushingly adds that he led a dazen leagues in bat-

Coach Kibler should be congratulated on his efforts used in obtaining this phenomenal pitcher. Maguire, realizing his ability and also realizing that the team needed him and would be a failure without him, cleverly dubbed himself a heldout. It was thought for a long time that Kibler wenld not come to terms with "Joisy City," but when Maguire threatened to take his services to another team, Coach premptly gave into this great player. For his holdout Magnire is now eating at the training table and getting two bottles of milk a day, so his campaign was successful.

And straightway, he made answer with winged words: "Farewell, O Queen; I, the great I, am a man of destiny and I want I.

"With a little help I should pitch several na-hitters this years," says Maguire. "This Copple laoks like a pretty good relief pitcher to me," When one of his many interviewers asked him what he thought of the team this year, Maguire unickly re asked him what he thought of the team this year, Maguire quickly replied, "Well, we're a little weak in the outfield and infield, but I still insist that Copple's a pretty geod relief sist that Copple's a pretty geod relief when the control of th With Copple relieving Maguire in the later innings, so he can pitch every game, Washington College is looking forward to a very successful year.

A little should be said about the character of this bey. Not like many "greats," he hesitates to tell about his fine record. He trys to avoid inhis fine record. He trys to avoid in-terviews and most nunsual, he is an excellent student. He says there are many things which he yet has to learn and he has the spirit to correct his faults. Maguire keeps in training during the winter by ballroom danc-ing and keeps his arm in trim by twirling girls around in his own orig-

### Confessions (些 Y. M. C. A. President

At the weekly pow-wow of the At the weekly pow-wow of the YMCA last week, rather unusual events took place. The boys were just recovering from the summary speech made by ex-president Wiles last week in which he explained many things about life that were heretogore a segret. In his speech Wiles fore a secret. In his speech, Wiles admitted that he had been only a figurehead for a stronger person high-er up. He admitted that it was Callie who was the brains of the outfit.
"I feel honored," he said, "that you boys have given me credit for the marvelous work that was accomplished during my reign. After all, I admit I wasn't capable of such work. Only a brilliant person such as Callie could have ever worked such marcould have ever worked such mar-vels." After that, he brought up several important items which he offered as advice for the new president. After a speech that dragged on fully a half hour he concluded, "Now, fellows, I think that I have proven to you that we must sell hot dogs for ten cents next year. For Callie and myself, I wish to extend thanks for the wonderful cooperation I have shown myself in the past year."

After that, Resident McAdams, with several sharp raps of the ravel woke up the members and adjourned the meeting.

### Viney Speaker At Assembly

ern Electric Company, was the sub-stitute speaker Thursday for his superior, Mr. Mazey, Vice-President of Western Electric, who was seriously ill. Mr. Viney gave an inspising talk on electrical engineering; as a profession, an adventure, and a chal-lenge. He quoted Dr. Ward Beecher by saying that "The implement is but the extension of man's hand, and this modern age is the triumph of implements; the engineers are the allies of all men."

Mr. Viney explained what he meant by the cultural side of engineering; that engineers are men apart, absorbed in their own ideas for bettering mankind. He told of the women who had made a success in the line of science: Dr. M. Carrie Thomas, President of Bryn Mawr College; Dr. Florenca Sabin; Dr. Alice Hamilton; Annie J. Canon, astronomer; and Margaret Meade, anthropologist.

Mr. Viney stressed the fact that one must be a master mathematician, a good physicist and a research investigator in order to become a good engineer. Mr. Viney complimented the math department of Washington College for turning ont such men as Albert Duvall, '30, who is now one of the most promising mathematicians employed in Western Electric's Baltimore labratories.

Contrary to popular belief, the en-

directs the work of others. He de- day. were engineers.

### Rehearsals For Spring Concert Begun

Mr. White and George Eisentrout, members of the Paul E. Titsworth Debate Club, left Tuesday on an extensive debating tour. The northern trip will end today in East
orange, New Jersey, where Hicks and Eisentrout are debating Upsala. and eisentron are debating Upsala. The Washington debaters have upheld both sides of the "Pump-priming" question in their tour. The schedule was as follows:

Tuesday morning—University of Delaware, Oregon style. Tuesday evening — Muhlenburg,

Oregon style.

Wednesday-Moravian, old style, (Radio debate.)

Thursday - Rutgers University, old style.

Friday-Upsala, Oregon style.

This is the first scheduled trip planned by the society. The object is to stimulate interest in debating and to make more intimate contact with oth-

leges, also debating both sides of the meeting had adjourned for a continued meeting had adjourned for a continued discussion with him.

### Honor Group Petitions

Sigma Sigma Omicron, the scholastic honorary society, held its regular monthly meeting last Thursday in the Biology Laboratory. The group dis-cussed the possibility of securing a Dean's List at Washington College Contrary to popular belief, the engineering profession is not an overcrowded field. There is always room for competent men. Mr. Viney stressed his point that opportunity stressed his point that opportunity lies all around if one charts one's course and sticks to it. He also said that the battle for achievement was fought in the college as well as in the laboratory. The United States had the greatest possibilities for youth. Mr. Viney placed especial emphasis on choosing one's vocation early.

Mr. Viney placed especial emphasis on choosing one's vocation early.

An engineer is one who plans and expectation to be presented at the next faculty meeting. The Dean's List, if inaugurated, will to the student body of Washington College as a service organization and the purely honorary for the freshman and senior classes, but the junior and senior classes would be given the privilege of unlimited cuts, with the privilege of unlimited cuts, with the privilege of unlimited cuts, with the variety has a religious or genization. However, the members of the Washington College YMCA feel that they could be of more value to the student body of Washington College as a service organization and contain the following principles: A Student must have an index of at least 2.25. The Dean's List would be purely honorary for the freshman and senior classes, but the junior and senior classes would be given the privilege of unlimited cuts, with the privilege of unlimited cuts, with the value which he was religious or genization. However, the members of the Washington College YMCA feel that they could be of more value to the student body of Washington College as a service organization and college as a service organization and to the student body of Washington College as a service organization and to the student body of the washington College and spicial provided the washington college. choosing one's vocation early.

An engineer is one who plans and exception of before or after a holirects the work of others. He designs, manufactures, and installs. A classmen would be the loss of privilknowledge of the higher mathematics eges if the students work should fall is essential, as much of the work with below 2.25. The avowed purpose is is essential, as much of the work with leelow 2.2. The arowed purpose is electricity is closely connected with to establish a higher regard for scholtha theory of electricity. Mr. Viney arship on the campus and to give due concluded with the illustration that recognition to the students who exout of a list recently published of cell in scholarship. Sometime ago, thirty prominent men, a majority questionaires were sent out to the leading colleges in the East to determine the success of a Dean's List at other colleges. Several colleges did not have an Honorary Group, but those colleges which had adopted the system highly recommend that the Dean's List be adopted at Washing-

who resigned.

Washington College students are eligible for the numerous scholarships and fellowships offered this year by various colleges and univer-sities. Note the Bulletin Board or see Dr. Mead.

The women's glee clabs will rehearse each Thorsday afternoon following spring vacation. The mixed choruses will meet each Thorsday evening at seven.

The Historical Society of Kent County, will hold a regular meeting on Friday, March 24, at the Court House at 7:30 P. M. The guest speaker will be L. Wethered Barroll, Esq., of Baltimore.

### Goodwin Speaks To Y. M. C. A.

### Vespers Speaker

Last Tuesday evening, the YMCA held a joint meeting with the YWCA in Hodson Hall at which Professor Goodwin was the guest speaker. Pro-fessor Goodwin's topic was "Freedom and Censorship of Speech, Press and and Censorship of Speech, Fress and Radio." At the end of his talk, an open discussion was held. Brought-up at this discussion were such ques-tions as, "Should the radio and press be censored? Should laws be passed which would forbid Nazi or other such meetings? Should the numerous state laws which restrict our free dom of civil rights be repealed?" Through the discussion of these questions, the members of the YMCA and YWCA received much valuable in-After spring vacation there will be two more home debates, both on the "pump-priming" issues. Shortly after the vacation, William Johnson and Ernest Shockley will leave on a southern tour through Virginian colof the andience remained after the

This meeting was the first joint meeting of the YMCA and YWCA held under the presidentship of Wil-For Dean's List liam McAdams, recently elected chief of Washington College YMCA. It is the beginning of a series of meetings at which the YMCA will have various guest speakers to dis-cuss the question of Civil Rights. Basically, the YMCA is a religious orstudent body by presenting this ed- Sanrise Services To ucational program of discussions concerning Civil Rights.

To further carry out their objective of being a service organization, the YMCA has appointed a vespers committee which sponsors Vespers every Sunday evening. Last Sunday, the Vespers committee had Dr. How-ell as guest speaker at the Vespers service. Recent plans of the YMCA social committee is to sponsor informal dances in the gymnasium every Saturday night. At present, the committee is investigating and it their plans meet with success, the dances will soon begin. These dances will not be held for the profit in them, but more for the service that (Continued on Page 4)

On Friday, March 17, Alpha Omi-Pi sorority elected the following officers:

President—Gerry Nash. Vice-President—Dorothy Jones Recording Secretary-Doris Heb-

Corresponding Secretary-Eliza

beth Magnire.
Treasurer—Dorothy Thornberg.

Historian—Alice Blades.
Pan-Hellenic Representative -Charlotte Steinborn.

Among the fraternities, Kappa Alpha and Lambda Chi Alpha held their elections on Mondey, March 13. Kappa Alpha elected Herschel Allen, '40, as its new "I". The other offi-'40, as its new '1'. The other om-cers were William Johnson 'II', Lee Clark "III', John Selby "IV", Rob-ert Quillen "V", and James Spiel-man "VI". Installation of these new officers will be held at the University of Delaware on April 15.

Lambda Chi Alpha elected as president Edward McCabe, '40; vicepresident, James Shryock, '40; secretary, William McAdams, '40; treasurer, Ogle Hess, '41.

### Be Held On Campas

One of the final two rehearsals for the music for the Easter Surrise Service, to be held at 6 A. M. Easter the music for the Easter Sunrise Service, to be held at 6 A. M. Easter Morn on the Washington College campus, will be held Monday evening, March 27, at the Parish House of Emmanuel P. E. Church.

The freshmen have an excellent cast, including Lloyd Davis, Jesse Johnson and Affice Blades, all of whom have had experience in regular Washington Player's productions.

### Local ODK Group **Attends National** Convention

### Englebert Official Delegate

A National Convention of Omicron Delta Kappa, an honorary fraternity, at which five members of the Wash-ington College chapter are in attendance, is being held at Washington and Lee University in Lexington, Virginia.

Present at the convention, which started Thursday morning and ter-minates tonight, are Dr. Livingood, secretary, Bill Johnson, treasurer, George Englebert, official delegate, Gilbert Mead and Eddie Ohler. Gilbert Mead and Eddie Ohler. These members of the local chapter are representatives of an organiza-Last week three of the Greek letter organizations on the Hill elected their officers for the following year.

It is members are selected in view of outstanding participa-tion in campus activities and their reputation as true college citizens. The convention, consisting of num-

erous business meetings, a buffet luncheon on Thursday night and a banquet tonight followed by a dance, is a major event for Omicron Delta Kappa. The basic idea of the affair is to bring members of ODK in con-lact with each other, an advantage otherwise impossible. Though a large part of the convention will conof business alone, the members, hailing from various parts of the na-tion, will have an opportunity to meet and discuss their individual lo-cal chapters and exchange ideas for their betterment. The problem of one group will be solved by the adop-tion of an activity of another group. The mutual standing of all the re-presentatives will serve to oil the wheels of everlasting friendship.

### '40; vice- Inter-Class Plays To Be Given April 12

The Annual Inter-class plays will be given April 12, as the contest was postponed last Wednesday. The junior and senior classes have not yet chosen their play. The sophomore and freshman class plays have been in rehearsal all this week,

### Mt. Vernon Proves That Its Members Can Read; Gives Book Review Program

Book reviews held the spotlight other books by the same author and last Tuesday night at the meeting of the Mt. Vernon Literary Society. Jimmy Spielman started off the book reviews with his discussion of Adolph Hitler's "Mein Kamf"; the book was discussed from a literary point of view, and from the viewpoint of view, and from the viewpoint of timely topics. It was brought out in the discussion that parts of the book were written while Hitler was imprisoned and the latter parts when his party started their ascendancy to power, and that Hitler has followed power, and that Hitler has followed ther, himself, is quite a puzzle and the statements he made in his work mystery. ganizations have not yet handed in the statements he made in his work copies of their constitutions to the council, in compliance with the rule cent events.

the statements he made in his work council, in compliance with the rule passed last September.

A discussion was held about the general disorderliness and disturbances that have occurred in the dining hall recently.

The most entertaining review was given by Archie Morrison with his "delicate" narrative of "Unmentionables"; a book tracing women's unables"; a book tracing women's unables that have occurred in the dining hall recently.

We have just been listening to the greatest show on Earth. Nowhere in the world can we find its equal in magnificence, in extravagence, or in enthusiasm. To the singing and cheering of crowds, to the flourish of trumpets and beating of drums, to

It was pretty exciting while it lasted. We're glad to sit back in our chairs and relax for a minute now. Hitler certainly has captured the essence of mob-hysteria which has made our big football games the wonder-He hasn't ful spectacles they are. the tricky flash-cards which have been so popular for between-the-half displays on the gridirons the last couple of years, but he more than makes up for that by the hyper-exaltation

makes us wonder about the whole game. We enjoy a good football game. We can go out and cheer and shiver with the best of them—and thing. But when it's all over we're quite ready to go home, light a rearing fire in the fireplace, settle down in a comfortable chair with a warming glass of refreshment in our hand, and do nothing but relax! By the next Saturday we are, usually, ready to do it again.

If someone were to stick a bayonet in our back at the end of one Satur-day of the root and tall us to keep any control of the state of If someone were to stick a bayonet day afternoon and tell us to keep on cheering, that life from now on would be one long, never-ending football game,—we would probably stop enjoying it. We would get tired after augmented the recent flu epidemic a while and our nerves would get tired after a while and our nerves would get jumpy. We might even turn around and try to slug the devil that was prodding us. That's what makes us wonder .....

#### VOCATION TIME

Not only should young men's fancies be turned toward thoughts of love at this season, but college stulents should start thinking very seriously about their future vecation. This point was ably demonstrated by

the last speaker in assembly.

Most upperclassmen now attending Washington College have already chosen their vocation, but the freshmen and a surprising number of upperclassmen are floundering about, hoosing courses at random, and giv ing little thought to life after college. Of course, there are few fields that completely equip one for a vo-cation here at the College, but one should decide early and take such courses that will help toward the Competition is keen and it is a hard fight that must be waged to gain anything of life, and it ma Rubin, William Johnson, George never too early to begin that fight.

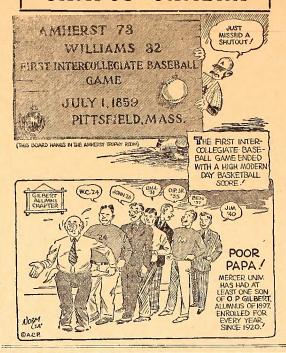

For the three and a half years that I have been around here a question has been growing in my mind and I feel that it is high time it was asked, so here it is. Has anyone; note that -anyone, ever finished taking a shower around here before the het water was cut off. Perhaps the scene should be set for those who are fortunate enough to live else where.

Average student approaches the hot water faucett with a futile, hunted gleam in his eye. He turns. Spluri, splett, splect, the water comes in quick, energetic bursts (purely for the sake of leading him on) Euraka! Although he has been soaked from head to foot by this surprise attack, he is happy, perhaps elated. For the first time in two weeks he can take a shower. If he is a freshmen (still a little naive about the water situation) he walks briskly to his room to shed his clothes; if he is an upper classman, he knows better; he runs. In ninety-six seconds by a stop watch he is in the shower room. With he is in the trembling hands he turns on the hot water, for well he remembers how the accompaniment of marching feet the hot water was turned off while he and diving planes, Adelph Hitler has sentered Memel! was getting undressed for his last seven attempts to take a shower. Ah, miracle of miracles, the hot water is still flowing. To deviate for the moment, let us consider a few sta-tistics. The average time required for a Washington College junior or senior to take a shower is four and a half minutes. Now it would hardly seem as if it were asking too much to expect the hot water to stay on thing very like that. for that length of time, but apparently it is, for as certain as if the devil full of soap, the stream of hot water wilts to a trickle. Frantically he American U. girl transfer next year. Thera's one little thought that tries to wash off the soap in that tries to wash off the soap in that sakes us wonder about the whole small stream, but the effort is futile, for that small stream quickly stops. The shower room is cold, so begins the mental anguish of deciding whether to turn on the cold water or thing. water for the hot water. For five minutes he shouts, curses and sings the Washington College Shower Song, the words to which follow: (Censored—Editor). Eventually, he finishes with a cold shower.

Such conditions are hardly necesabout the length of time they have to let the cold water run before it is

### COACH TOM KIBLER HONORED AT BANQUET LAST SATURDAY NIGHT

### Reanion Of Original Flying Pentagon Held

by "Bing" Hortnett

The testimonial dinner given in honor of Coach Tom Kibler's twentyfive years of service to Washington College was held in Hodson Hall last Saturday night, March 18. est praises a man could receive were given to Coach Kibler by the many speakers. The hall was filled to co-pacity with old grads, including ten who came down from Connecticut.

for the baseball

Last year's squad of the University of Maryland was the principal speaker. He gave a very interesting talk, pepped up with many jokes. Among the points he made in his speech was the one that the athletic field is the backbone of American Democracy, where men learn to serve, fight for a cause, take a beating and forget about it. Colonel Hiram S. Brown, Chairman of the Board of Visitors and Governors, was next called upon for a speech. his work. He praised him for the way he carried on his work ofter the war when the enrollment was low end money was scarce with which to purchase new equipment. Even during these lean years came some of the finest baseball and basketball teams in the East.

Fred W. Dumschott, graduate manager, acted as toastmaster and among these he called on to speak in testimonial to Tom Kibler, were: Roy Woodland, Cavanaugh, Harry Russell, Fred Huey, and many others whose names represent the "tops" in athletics at Washington College.

The Administration was represent-

25 Years Ago

Tom Kibler

land League officials, by Paul Menton; the Board of Visitors and Governors, by Colonel Hiram S. Brown; and various campus organizations had delegates there.

One of the features of the banquet was the reunion of the original Flying was the remnon of the original raying Pentagon. Pictures were taken of the Pentagon, Coach Kibler posing with them. Much of the success of the banquet was due the work done by Mrs. Lawrence, who thought of many novel and delicious dishes.

A silver pitcher was presented to Coach Kibler with this inscription:
"To Tom Kibler from his Friends,
March 18, 1939." In accepting the token. Coach was so touched that all he could say was: "God bless you all." God bless you Tom. Washinged by Dr. Mead; the town of Ches-tertown, by Mr. R. E. Huey; Mary-ton College is proud of such men.

Distress. Au secours! Hallup! Hungry. Gotta eat. Eats cost money. Everything costs money. Got no money. The Resourceful Soul speaks: "Telephone, muh friend, telephone home tonight and talk it over with the pater. The night rates are dirt cheap, and you can reverse the charges, you understand."

Here are a few specimen rates for night (after 7) station-to-station calls from Chestertowo, which will show you how low the charges really are:

### Double Feature Given Thursday

### Dr. Burr Shares Honors With Negro Chorus

Thursday's Assembly featured big double feature: one, a surprise visit by the Garnet High School Glee Club; and secondly, a rousing speech on Americanism and democracy, by Dr. Samuel Burr, of New Castle, Del-

Dr. Burr, prefaced his speech with greetings appropriate to Easter, then launched into some of the best joke er told from rostrum in Bill Smith sets to the club.

working where the others will fail, because of the very fact that it is representative. It has been said, he stated, that Delaware, for instance needs only one county. Great econneeds only one county. Great econ-omies could be practiced with fewer office holders. Yet Dr. Burr be-lieves that the present set-up, while wasteful in many occasions, is worth its cost, in that it gives more people a chance to take part in the government of our democracy. It makes our people governmentally conscious, and this gives us our background for an appreciation of democracy; some-thing that the European nations, which had democracy thrust upon them at the close of the world war,

every right goes a duty; with every freedom goes an obligation."

freedom goes an obligation.

A chorus of colored children from the Garnet High School of Chestertown presented a group of songs, preceding the speaker. This mixed and it preceding the speaker. This mixed glee club of colored children recently petition between the classes. won the Eastern Shore finals in a "Sangerfest" for colored schools at Cambridge. The club sang the following selections:

- "Dust and Ashes"-Negro Spiritnal.
  2. "O Lord, I Want Two Wings"

  Cast Selected For
- -Negro Spiritual. "In Life and Death"-Ride

4. "Alma Mater"-Air, "God of Our Fathers.'

Most of the andience knew nothing of the chorus, and the singing of two appropriate spirituals for the Easter season came as a great surprise to everyone. After each number, they were met with warm and vociferous applause. The group sang with much vigor and enthusiasm, particularly in the two opening numbers. The different voices were brought ont remarkably well, yet the melody was always very distinct. They stayed on key throughout with apparent ly no effort, showing that they had been well rehearsed. A particularly well trained feature was shown in the they stressed their final "S'S" and the sharp way in which they re-sponded to their director's signals.

The chorus began with their best foot forward in that their rendition of the two spirituals was definitely superior to the closing selections They proved rather conclusively that it requires Negroes to get the most out of spirituals. Rideout's "In Life and Death," though sung with ex-pression, was done cautiously and rather laboriously. In the "Alma Mater," the words sounded much pression, was done cautiously and rather laboriously. In the "Alma dance was refused by Omicron Delta Mater," the words sounded much more joyous than the singers looked. held to by that organization.

### TITSWORTH DEBATERS HOST TO UPSALA AT LAST HOME DEBATE

Washington College debated Upsala at home last Wednesday on the topic of "pump-priming." Washington College was represented by Rufus Johnson and James Diacomacus: Upsala, by Walter Law and Harvey Brumback. It was a non-decision debate.

Washington College made a very good showing against their oppon ents, which was quite an accomplishment for our representatives as they are freshmen and are relatively inexperienced. These two boys have shown that they will be valuable as-

### Annual French Play

Le Cercle Français will present on May 5 the comedy "Le Mecidine Malgre Lui. The Frenchmen are presenting an abridged version of the play, retaining however, all of its elements of comedy.

The play will be given in collaboration with two short plays, one given by the Washington Players and the other given by a visiting dramatic

The cast of the French play is as follows:

Sganarelle-Henry van der Goes. Martine-Ruth Powell.

M. Robert-Edward Davis. Valere-Jane Hinman.

Lucas-George Grieb. Geronte-Robert Moore.

Lucinde-Agnes Zaffere. Leandre-Charles Leiman.

George H. Preston, Mutual Hygiene Maryland, Commissioner of speak in assembly next Thursday.

### Plans For June **Fete Complete**

### the Cinderella To Be Presented This Year

Plans for "Cinderella," the play to be presented at the annual June Fete have been completed, it was announced this week by Miss Doris Bell. The choreography is completed and after the close of basketball season, practice will start at once,

The story this year is taken entirehave ly from the original version. The scene will be laid outside the home of Cinderella with due prominence give en to the tree wherein lives the hird

There will be group dances and a two specialty numbers in the new pantomime than ever, as each year the fete resembles more and more a play without words. Composers ranging from the best of the classicists to the modernists will contribute to the movement of the fete.

Norma Rubin will be the mother, while Bernice Smith and Rnth Powell will portray the parts of the wicked step-sisters. Bisset Fraser, as the prince, will appear more often than any other prince of previous fetes. Mary Lil Knotts, as Cinderella, has six fast changes of costume to face.

The outdoor oven which made such a hit last year will again featured with real smake issuing from the mouths of hidden eigarette smokers.

### Modified Dean's List

Sigma Sigma Omicron, local honorary fraternity recently petitioned the faculty for an unlimited cut system and some sort of scholarship recognition for freshmen and sopho-

Since the two lower classes have no opportunity to join the Honor Society, the latter part of the peti-tion was accepted. The names of ton was accepted. The names of these students together with the jun-iors and seniors will be posted as sort of a Dean's List. The purpose of this is to foster recognition for scholastic achievement throughout the student body. Hereafter names of all students having attained a 2.00 or higher will be read in assembly after the first semester. These names will also appear in the catalog.

a plan whereby underclassmen who are good students and do not attain an index of 2.25 may receive some sort of recognition.

The annual banquet will be held at the Bellhaven the last week in April. Maurice Kaufman, Albert New Award For Herbst and Harry Hicks are on the banquet committee. There will be speaker, but a novelty entertainment will be presented.

### **ODK DELEGATES** MAKE REPORT TO LOCAL CIRCLE

The first meeting of Omicron Delta Kappa since the National Convention recently held at Washington and Lee University took palce last Mon-

The high-light of the meeting was, of course, the report made by Washington College's delegates to the National assembly, namely George En-Accepted By Faculty glebert, Dr. Livingood, Eddie Ohler and Bill Johnson. Among the issues which were discussed at the convention were the requirements which should be set for entrance into the honorary group. The local chapter on the hill is considering alternations in its entrance requirements. De-tails of initiation ritual were another subject of interest in the series of meetings, report the delegates. Fur-ther discussions lead to the subject of ODK budget systems. The Washingrepresentatives ton College pleased to report that, according to the judgment of other chapters rethroughout presented at the convention, the local after names system of budgeting is one to be recommended.

A committee was appointed to make preliminary arrangements for an informal dance to be sponsored by The Honor Society is considering ODK and held in the near future. Also, a committee was chosen to inves tigate the sponsorship of dances by organizations on the hill other than

### Women Announced

### Vocalist, Swing - Quartette Featured Next Friday

Next Friday night, April 14, the nter-fraternity Ball, with all its usnal color and galety, will be held in the Cain Gymnasium. This is an an-nual affair sponsored by the three fraternities on the campus and is open only to fraternity members and is others affiliated with the groups. This year the ball is being handled by the newly organized Interfraternity Council.

The orchestra committee, headed by John Collins, has contracted Chuck Gordon and his 11-piece orchestra to furnish music for the affair. This marks the band's first appearance on the campus and promises to be high-ly satisfactory. Featured on the program will be the singing of Mr. Gordon's charming vocalist, Betty Kirk; also the intrepretations of his Swing Quartet. The orchestra is well-known around Philadelphia and has played at many of the colleges and universities in eastern Pennsylvania and New Jersey, Princeton, Lafayette, Haverford and Lehigh.

The gymnasium will be colorfully decorated with the insignia of the various fraternities and the general motif, which is not yet definite, promhees to be something new, different, and delightful. The committee in charge of decorations consists of: Bill Medford, John Stack, Bill Buckingham, Bill Collins, Ogle Hess, and Bill McAdams.

This is one of the events on the school calendar which brings back many of the old grads. Each of the fraternities is expecting a large alumni attendance and they are doing much to afford them a good time. Plans for an intermission party are not yet definite but the council is arranging for a joint party for the three organizations.

The dance is formal and will be from nine until one o'clock on Friday night.

Other committees working on arrangements for the dance are: Finance: Ernest Shockley, Jim Spielman, Ed McCabe; Orchestra: John Collins, Alex Zebrowski, John Blevins; Program and Tickets: Jim Spiel-man, Al Wharton, Erety Grieb.

### Alice Williams Chosen Head Of Alpha Chi

The members of the Alpha Chi Omega sorority elected the following officers for the coming year:

President-Alice Williams. Vice-President - Ann Hollings-

Rushing Chairman-Helen Los-

kamp. Recording Secretary-Kay McCar-

Corresponding Secretary - Ann

Treasurer-Agnes Zaffere.

Scholarship Chairman - Frances Perry.

Pan-Hellenic Representative-Margaret Kintner.

Other minor offices were filled by various underclassmen.

BLUE RIDGE TODAY

VOL. XXXVIII. NO. 24.

CHESTERTOWN, MD., SATURDAY, APR. 15, 1939 PRICE TEN CENTS

### Seniors Awarded Play Trophy

### Rubin, Wharton, And Sohl Top Performers

The senior class won the annual inter-class play contest sponsored by the Washington Players last Wednes-The sophomore day night. freshmen classes were the only other ones competing.

Norma Rubin, as Frances, maid, easily turned in the best per-formance both for the seniors, and for the whole evening. For a change, Frieda Dorf had the part that suited her vampish talents-that of the coy old actress. Briefly, "Two Gentlemen of the Bench," which was well acted, and at times, well prompted, concerned itself with Norma's, attempts to land herself a man who would love her, not her money. So, she has flirtations on alternate nights with Gerald van Tile (Charles Anderson) and Barry Baldwin (Johnny Stack) on a park bench.

places and unknown people.

"News In The Air," also picture, depicted the history

The Sophomore play, "Murder by Morning", was perhaps not as clever as the Senior play but it was much funnier, even though its humor verg-ed on pure slapstick. The cast head-

in the manuscript of the play was the way the gun kept hanging fire. It seems as though this trouble was an ticipated in rehearsal, so the gun was carefully cleaned and oiled. cause Wharton dropped three of the bullets on the floor early in the play is why McCalley had such a dumb founded expression when the gun didn't go off.

Shirley de Guzman was "find" on the part of the sophomores. Shirley's performance was smooth, and well done, except some of the audience had to strain to catch her lines. Her stage voice reminds one of a good imitation of Katherine Hepburn. Agnes Zaffere seemed to have the most fun with her part which she filled very well.

The freshmen chose a play very suitable for their cast-very naive. Good stage business by Jerry Sohl en-livened "The Ring and the Look" more than anything else. The fresh-men had the advantage of three seaoned troopers, Dorothy Aucott, Alice Blades, and Margaret Ann Brice, over the sophomores, yet on a whole the sophomore play went over better, which may have been hecause there were not so many characters as to be confusing. Vera Poluleck did a good job with her bit; Vera has a good gave a very realistic portrayal of a jealous high school "girl. Alice Blades was as sedate as usual; Harry Lore, as was Catherine Newton, conviucing in his role of a classmate of Jerry. The program did not list Janet Scott, who was good in her bit as Mrs. Tuttle.

The judges were Mr. and Mrs. Preston Heck and Miss Harriet Louisa Rogers.

### CHEM-PHYSICS GROUP SHOWN SOUND MOVIES BY ESSO MARKETERS

Two sound movies, "Safari On Wheels" and "News In The Air", were shown at William Smith Hall Thursday night during a meeting of the Chem-Physics Society. These were presented by the Baltimore Division of the Standard Oil Company and resulted, as could easily be seen, from great expense and careful planning on the part of the corporation.

Lawrence Thaw, accompanied by a white hunter, a cameraman and be. eleven natives. The movie proved the desire for his wares. He must that Africa, in spite of all our modern knowledge, is still mysterious and primitive-still the land of unknown

picture, depicted the history of news gathering methods used by ancient civilizations and compared their methods with the speed and efficiency of a modern news bureau. ### Senior Class Prepares

The senior class met this week to begin preparations for June Week.

At the meeting the following members were elected to serve as a committee on committees: Pfund, Zebrokski, Buffington, G. Meade, Morrison, Eisentrout, and Tatter. These ment meetings was discussed. A seniors will select other committees College will entertain Mr. Frank B. to make arrangements for such items Stratton, member of the faculty of as caps and gowns, June Ball, pro-Am- grams, permanent organization, and the commencement speaker.

### Smith Elected Archon Of Theta Kappa Nu

The annual elections of the Theta Kappa Nu Fraternity were held Monday night at the fraternity house. outcome of the election is as follows:

Archon-William Smith. Oracle-F. Reed Hartnet. Treas .- Edward Cooper. Scribe-E. Grieb. Deputy Archon—William Medford. Chaplin—John Stack. Captain of the Guard—David

Clarke

Guard-Harry Lore. Congratulations boys!

Alpha Omicron Pi initiated its new officers at last Monday's meeting.

### TENTATIVE PLANS **COMPLETE FOR** GIRLS' DANCE

Tentative plans have been made for the girls' dance to be held in the Cain gymnasium on April 29.

The girls are planning to use as the theme for the decorations. Billy Haas and his orchestra from Wilmington, Delaware, will probably supply the music. The following committees have been chosen to make all arrangements for the dance:

Decorations-Alva Lee Hollis. Rachele Rugliano, Sarah Blackwood. Programs-Jean Wheatley, Janet

Chaperones-Gerry Nash, Minor Steele.

Orchestra-Kay McCardell, Regina Loovis.

Miscellaneous-Callie Diacumakos, Vera Poluleck, Peggy Spry.

### Alpha Chi's Sponsor **Box Social Saturday**

### Girla To Act As Hostesses To Boys In Reid Hall

The Alpha Chi Omega sorority has petitioned for the right to hold a box social in Reid Hall on April 22.

This box social will be free to all; the only requirement to attend is that every girl bring a date and also a small box containing a little food. Most of the time will be spent in dancing but just before the evening is over, the boxes will be brought before the group and auctioned off to the highest bidder. The girls must then spend the remaining few minutes eating with the lucky boys who have purchased their boxes. What fun and mix-ups this should provide!

### STUDENT COUNCIL MINUTES

At the last weekly meeting of the Student Government Association, plans were discussed for placing in For June Week Program the hands of each student, a copy of the revised constitution of the Students will the revised constitution and vote for its adoption at the regular elections and probably bring down all the stars of the team. Although the Orioles didn't team.

The advisability of posting regularcommittee consisting of Buffington, Copple, Cooper, and Meader was appointed to report on this matter at the next regular meeting.

Relative to cuts for sickness, Buf-fington reported that the Dean informed him that in cases where graduation would be denied due to cuts for sickness, special consideration could be given by the faculty.

The Council passed the motion that all male students must wear a suit coat or a sport coat and a tie to the evening meal. This regulation will apply to the training table as well as apply to the training table as well as to the rest of the diners. Also, Mr. clock or Bartling, 3b; and Lillard, Johns has been notified of the suggestion that coat racks be placed in Hodson Hall. Hodson Hall.

### **Blue Ridge Meets** Sho'men Today

### Orioles Will Play Here Next Tuesday

Today, the Kibler nine will meet a mystery team from Blue Ridge Col-This is the first time that the Washington College and nothing is known of their strength. Of course, they might have a surprise in the bag for the Sho'men but they are not ex-pected to have much trouble with the mountaineers. Coach Kibler will probably have Smith or Copple on the mound for this game. The probable line-up will be: Pfund, c; Copple, p; Fetter, 1b; J. Kardash, 2b; M. Kardash, ss; Bremer, 3b; Urie, rf; Stevens, cf; Everett, rf. The Sho'men aren't expected to have any trouble with Blue Ridge but Coach Kibler won't be taking any chances.

Next week will probably be one of the biggest of the season for the Kibler nine with two home games, one each on Tuesday and Wednesday with the Baltimore Orioles of the International League and the Chester Teachers respectively.

The fact that a professional team such as the Baltimore Orioles playing Washington College is rather unusual but it is thought that it is John Ogden's way of paying tribute to one of the finest college baseball coaches in the East, Tom Kibler. It is also thought that they will be looking ovthe potential stars of Washington College.

For the home team, "Man Moun-ain" Pfund will be behind the plate. Everyone knows the brand of ball the Stud plays. Fetter will hold down the first sack as he did in the opening came. John Kardash, who showed up well in the Loyola game under uniavorable conditions will probably start at second. The "Rooshian" Michael B., will orate from shortstop as usual. Joe Bremer will guard third base while Copple, Selby, Rayne and Smith divide the pitching. py of In the field, Coach Kibler will have Stn. Will center, and Everett at right.

> show up so well in their league last year, it is considered to be a much year, it is considered to be a much improved team this year. One of their greatest acquired assets is \$35,000 Lillard whom they secured from the Athletics. Lillard, a short-stop is new to the Birds and is expected to strengthen their team great-Also, there will be Gumpert who used to be called the "boy wonder pitcher." The short right field of Washington College will be a big help to the Orioles since they have five good left-handed batters, Etten, oraham, McGowan, Corbett, and Lillard. The line-up for the Flock's first home game tomorrow will be Graham, If; Corbett, 2b; McGowan, cf; Etten, 1b; Mele, rf; West, c; on Tuesday.

Rules of the coming year. These will definitely be decided upon at the next meeting.

The dates for nominations and general elections were set as follows:
Nominations, May 4; General Elections, May 11.

West Chester is one of the toughest teams on the Washington schedule for this year. They are known for their hard hitting and fielding ability. They played the opener with the Sho'men last year in which they were defeated by a score of 4-1 and defeated again in a second game 6.4 West Chester is one of the tough-

#### -00-STUDENT COUNCIL

Elsewhere in the paper today there is an item concerning the Student Council's consideration of the advisability of making public the business transacted at its meetings. The news should be of vital interest to every student of the College.

It is not the intention of The Elm to take a definite stand on the ques-tion at this time. The matter is too important and far reaching to permit n hasty decision and it is intended now only to point out a few of the implications connected with the reversal of policy. As it is now the student body is unacquainted with many of the facts which prompt the Council to take action, and to some extent is unaware of what the Council has accomplished. Since Councilmen are only representatives, it might seem off hand that the students must be remembered that the representatives are supposedly elected be-cause of the faith placed in their judgement and ability. Were the proceedings of meetings made public there is the possibility that the tendency would creep in for a Councilman to act according to the dictates of the group he represents rather than on his own initiative, and it is a well established fact that where a matter of importance is to be settled, individuals working together can be relied upon to act more expediently than a large group, for the welfare of the body as a whole. On the other hand, it can be argued that had the students definite knowledge of what prompted a certain move, the Council could secure greater cooperation and thereby heighten its ef-fectiveness, which in truth is a potent factor to be considered. And yet, it would not be feasible to make general After months of cateful would be constitution information many things which it is and tiresome work the Constitution information many things which it is the Interfraternity Council has possible for the Council to hold in When we this the dirt column were We want to make things quite ex-

### Varsity Ineligible For "Y" Tennis Tournament

The annual tennis tournament sponsored by the Y. M. C. A. will get under way soon. With a few excep-tions the contest will be run as other years. This year the committee in charge has decided that only those who are not playing tennis on the squad will be eligible. This makes the games more interesting and will make more people enter because of their amateur standing. A form en-try will be found in this issue and must be filled in by every one who wishes to compete. There will be no more gym classes after Monday and as most of the games have to be scheduled before the varsity takes the courts in their practice, we must have the schedule of each person's afternoon classes. The rules will be in a later issue.

### ARNICA and BANDAGES

Juniors 36 - Sophomores 6 After a slow start, the Juniors completely swamped a weak Sophomore team 36 to 6. Margaret Gardner led the Junior's attack with twenty points. The third year forwards seemed to completely baffle the Sophomore's guards. Virginia Nock was the leading Sophomore scorer.

Freshmen "B" 22 - Freshmen "A" 10 The Freshman "B" pulled the upset of the year Tuesday night when they beat the supposedly stronger Freshmen "A" team 22 to 10. The "A" squad, apparently overconfident,

at no time was able to offer serious fense. Peggy Pitt led the "B" team with 15 points.

The Board of Managers of the Girls' Athletic Association selected the following as the Honorary Varsi-

ty team in basketball:
Center Forward—Cameron.
Right Forward—Richardson. Left Forward-White. Center Guard-Watkins. Right Guard-Heinmuller. Left Guard-Herman.

### Four Net Matches Played Next Week

### West Chester, Terrors Will **Head List**

The Washington College tennis team will engage in four matches this coming week, all to be played away, On Monday, the netmen will travel

to West Chester to play a postponed match. Little is known about West Chester except that they are pretty good in their own district. Then on Wednesday the net team will repay the visit of Blue Ridge College by visiting them on their home grounds. On the following day Western Maryland will be engaged at the West-minister. Crippled by graduation, the Terror squad will probably not be at its usual peak and Washington College is looking forward to settlng some old scores.

The final match of the week will be played up in Chester at Pennsylvania Military College, Having depeating its conquests.

### Talented Baritone Brings New Life To Assembly Program

### Voice And Personality Mr. George Akers Wins Andience

by Robert Moore

Undoubtedly Washington College's most enjoyable assembly concert in most enjoyatic assembly control of Thursday by Mr. George Akers, of the Pea-With his good looks and charming baritone voice, Mr. Akers has won the "Silver Theatre Contest" in Baltimore and will depart for Hollywood nual event. in the Fall. He has a very engaging stage presence which won the audience, especially the feminine contingent, from the very first. His pro-gram was well balanced, ranging from light ballads to grand opera arias, and extremely well fitted to the college audience. His manner was informal and very confident.

Akers was evidently warming up for he sang it with power but little else. His interpretation of Mozert's "Dah vienni alla finestra" from Don Giofor it never fails to please. The group ended with the celebrated "Toreador Song" from Carmen. Ex-cept for the fact that his low notes were thin and a bit weak, Mr. Akers' rendition was quite commendable. His stage personality is remarkable. He almost acted out the song in his

The second group was composed of three English ballads. The first, Margaret Head's "Summertime on Bredon," was sung better than any other selection on the porgram. His interpretation flowed mellifluently, was vary account interpretation flowed meintinently, yet was cleary ennunciated and done with feeling. A sprightly contrast was the same composer's "When 1 Think Upon The Maidens." Mr. Akers returned to a quieter mood with Bridge's "So Perverse." Here he was very good on his loud ringing tones. His "sotto voce" was effective so far as expression went, but was vocally inadequate.

For a long time one of my pet versions has been "De Glory Road." Soloists have sung it here before, always with rather dire results. It is to this artist's everlasting credit that he instilled it with more than ordinary vigor and feeling. He exhibited a keen sense of the dramatic and did a stimulating job. The very difficult accompaniment for this number was

The "Prologue" from Leancavello's explanatory note to set the scene. This added immensely to the understanding of the aria. Again, Mr. Akers' strong high notes were superior to his lower register.

Another English group closed the Delta Kappa.
ogram. In Derman's "Charming program. In Derman's "Cha Chloe" his pronunciation of ing" was the most interesting feaping" was the most interesting feature. More Thespian talents were exhibited in Wolfe's "Sailor Man."

Finally, "Song of the Open Road" before a large crowd in William made an exhilerating finale.

All revisions are a part of the general tendency to eliminate "ratting" or "hazing" as has been done in other colleges and universities throughout the country.

### **VOCALIZING GREEKS** TO COMPETE **TOMORROW**

A gala song fest will be staged tomorrow afternoon at 3:30 P. M. in William Smith Hall. This is the first activity of its kind and is sponsored by the Pan-Hellenic Association and Inter-Fraternity Council. Greek letter group will present two songs and will be judged on a competitive basis. Mrs. David Ford, Mrs. Jack Stenger, and Mr. Julian Coleman have been selected as judges.

The Councils are sure that it will be a big success and enough enthusiasm will be shown to make it an an-

### Triple Feature To Be

### "INTERNATIONAL SUCKER"

Last Wednesday Great Britain took steps to conscript every man aged twenty or twenty-one to serve six months active duty in the British Army, followed by territorial or reserve duty. That should rock us on our heels a little. Almost half the men in Washington College are either twenty or twenty-one! It's time for us to start thinking seriously, he fore propaganda and general hyster ia make sane, coherent thinking diffi

Two weeks ago President Roose velt made it clear that he wanted the United States to take an active part in the next war. If and when joint effort with England and France keep peace fails, he practically pledg-es American aid in active warfare. Fortunately, the President does not have the power to declare war without the support of the nation, through their representatives in Congress.

Forces have already been set motion to swing public opinon to-wards intervention in Europe in case of the outbreak of hostilities, spirit of nationalism is being aroused in America. Theatres ask us to rise and sing the National Anthem between pictures. The newspapers are packed with tales of imperialistic outrages. "Popular" magazines are featuring "inside" stories of Euro-pean conditions. Now is the time for us to keep our heads.

Walter Winchell has summed up

our feelings about intervention in a very neat way. We ask his indulgence and quote:

"Once again Enrope is rolling the loaded dice of destiny. And once again America is asked to play the The role of International sucker. time has come for us to pause and consider. If we must have another unknown soldier-let us not ask him to die for an unknown reason! And just what will be accomplished by dying in the mud? He will not in crease America's resources: the last var nearly ruined our fertile lands. He He will not increase America's wealth; in the last war we loaned our gold and were gold-bricked in return

America must learn that her sons weather that we have been awaiting, abroad will bring monuments to her glory-but her sons at home are monument to her common sense. The future of American youth is on top of American soil-not underneath Editor, G. E. G.

#### -00-IN CASE OF FIRE -?

### EXPERIENCE POINTS TO ISOLATION AS PATH OF WISDOM FOR UNITED STATES

by Carroll Woodrow

Ever since the Monroe Doctrine was formulated, the problem of American neutrality has become increasingly complex. In the beginning it was fairly simple. We would they use to support this view is that leave Europe strictly alone and con-fine our warlike activities to protect-

an ocean on either side, although side. modern methods of transportation La tend to shrink these barriers. How- group of isolationists in this country, ever, commercially and economically who seem to have learned a lesson this country has spread all over the world. Therefore, in the event of what to do about it. So far they the next war, which seems inevitable, have presented two major plans to what stand shall the U. S. take, keep the U. S. out of war. Neither Should we again go out in our role of of these is perfect nor as yet accept world safe for democracy? We tried embargo against the aggressor nathat once before, if you remember, tion. This failed miserably in the or should the United States sit back Spanish war. In the first place it and watch her foreign interests be- was difficult to decide exactly which ing shot to pieces? To this last side was the aggressor. In the sequestion the man in the street says and place, although it prevented the yes; he has nothing to lose; but the shipment of munitions to some exyes; he has nothing to lose; but the shipment of munitions to some excaptains of industry have an attack tent, it did not prevent the sale of of screaming jitters at the mere men-war materials. Another plan which

goes deeper and further than this. It nations on a cash and carry basis and is a many-sided question upon which must be carried away in their own few of the experts agree. Some say ships. This is unfair in that it favfew of the experts agree. Some say ships. This is unfair in that it favthat it is the principle of democracy ors the nations which control the which is at stake. They point out seas. It is also unwieldy in view of that Great Britain and the United the fact that, while it favors Great States are the last strongholds of Britain and France it also favors democracy and that the territorial Japan in her Chinese aggression, expansion of the Fascist countries is which is definitely not a desired a-a striking infringement upon the boundaries of democracy. They point out that the United States should in favor of these isolationists. All pursue a policy which will prevent of these nations have pages in their Jack had money, Jill had nil, was and add to the prestige of de-mocracy. However, they have very and with the European situation as Jill went to Reno, and now she's back few definite suggestions to offer to garble as it is, who are we to decide Jack has nothing, and Jill has jack! make this policy practicable.

coffee and Denmark my bill."

—Los Angeles Collegian.

### It Can't Happen Here

For nineteen years the senior class at the University of New Mexico petitioned for the elimination of final examinations in the senior year. This spring the faculty at New Mexico voted to discontinue the examinations it for seniors saying that the perennial petition by the students was not vagary nor an annual joke which could be taken lightly.

### SPORTS PARADE Kiblermen Get 21 Hits Off 5

Well, after a retarded start, looks like the Washington College springs sports card is finally undersprings sports card is finally underway and destined to go places. An
almost unprecidented seige of bad
weather prevented work-outs and all
of our teams went with their first
contests without too much practice.
Now that things are on an even keel
again, it appears as if the Shore incitivities increases a size the store inseveral of which were misjudged outagain, it appears as it the Shore in-several of which were misjudged out-stitution is set once again to reestab-lish its athletic supremacy over right field, swapped positions with schools in its class. Nobody ques-tions this fact. Such larger institu-tions as the University of Delaware, West Chester Teachers Dickings the leading bitter for the Service of the Maroon squad while O'Neil was West Chester Teachers, Dickinson the leading hitter for the opponents.

The throw from Kardash to the plate and others bow annually to the Sho'
Lineup and summary:

The throw from Kardash to the plate was perfect and the runner would men in one sport or another. Within itself this is a tribute to the coaching Stevens, cf staff of Washington-those individstaff of Washington unless who are directly responsible for our successes at home and on road. Well so much for that. Now let's hurriedly survey the field.

#### Beseball

From all indications the Kiblerites seem headed toward another state pennant. Coach Kibler has developed a fast, aggressive club blessed with some nice hitting power and unques-tionably the best mound staff in the state. With any support at all, the veteran southpaw Copple can be expected to come through whenever he takes his regular turn on the hill. His 5-hit performance against the University of Delaware is typical of the type of hurling he has displyaed while here at school. Long John Selby, the number two twirler, is a greatly improved ball player. He should get his share of wins this season.

The infield, snarked by the very prompt of the short of the Forney, p

The infield, sparked by the veteran Mike Kardash at short, is a great de-fensive unit. Joe Bremer's play at third base is especially encouraging. With two years still coming up, this boy should really go to town.

The outfield with Everett in right, Stevens in center anl Urie in left is plenty good. This trio can both field and hit and when you come right down to it, you can't ask for Nagler Wins Lone Single much more. It surely remains now, to watch for developments. If the locals sweep through this road trip, all should go well.

#### Track

Since its arrival on the campus as a major sport, track at Washington College has had unusual success and power both in singles and doubles the major sport, track at Washington this year is shaping up as the annihilated Delaware and soundly trounced Western Maryland. Such newcomers as Ed. Watson in the sprints, Babe Roberson in the high jump, George Pinto in the weights and Chuck Rau in the middle dist-ances have come through with sur-

The veterans like Ed. Buck, Ed. McCalley, Ray Kilby and Al Coleman can always be counted on for their share of points for victory.

At present the squad is prepping for the Penn Relays to be held at Franklin field in Philadelphia today. A dual meet with Hopkins follows this and then the squad will send contestants to two more intersection-al meets, the M. A. S. A. C. C. and the Mason and Dixon meet.

on Monday, the netmen will have a good season this year. With five veteran and a promising newcomon, Pull have met and I have on Monday, the netmen will have a By the time you read this (optimgood season this year. With five veterans and a promising newcomer, Bill
feated Baltimore U. Pre-season
Nagler, the team has power and balance. Blue Ridge met with defeat
team. However, rest assured that
6-3, as would have Western Maryland, had not darkness forced the
match to be called. Only two games or four years.

### Maroons Defeat Gettysburg Nine

### Opposing Hurlers

The baseball team added another victory to its list by trouncing the Gettysburg College nine 13 to 3 at Gettysburg, Pa. The Kibler men pounced upon five opposing pitchers

### Match For Locals

The West Chester Teachers College netmen turned back the local team to the tune of 7-2 on the Teachers' home grounds last Monday.

rule Teachers easily triumphed. Howev-kaitis er the match was a little closer than rather than the exception. Ekaitis er the match was a little closer than has whipped up a formidable array of the scores would indicate, for Johntalent around his key man, the hardy son and Kaufmna both lost heart-perennial Tully. This outfit all but breaking 3-set matches. Nagler promising freshman, playing at No. 4 position, salvaged the Maroons' only singles victory. Teamed with Shockley, Nagler won the No. 2 doubles match for our other win. The box scores follow:

Owens defeated Davis 6-0, 6-2. Levitsky defeated Johnson 6-1, 5-7,

Clark defeated Zebrowski 8-6, 8-6, Nagler defeated Russial 7-5, 6-2. Stennis defeated Shockley 6-4, 6-2. Haines defeated Kaufman 6-4, 6-8,

Owens and Levitsky defeated Da-

vis and Johnson, 6-4, 7-5. Nagler and Shockley defeated Russial and Stennis, 3-6, 6-4, 6-4.
Davies and Zelden defeated Kauf-

### **COPPLE PITCHES** TEAM TO VICTORY OVER DELAWARE

Washington College defeated the University of Delaware nine at Newark last Saturday in a tight 3-2 ball game.

Copple was on the mound for the Gollege and "Big Bill" Deaver pitched for the losers. It was a great pitching duel with Copple coming out on the winning end.

Washington scored in the first, second and sixth innings while Delaware scored in the sixth and ninth.

Copple was in no trouble until the ninth inning. He had held Delaware to four hits in the first eight innings, one of these being a fluke homer in the sixth made by the Delawere shortstop when he was safe at home on a play where the perfect throw into the plate hit the umpire on the head and caromed off into the stands. was perfect and the runner would Ab R H have been a sure out if this had not bappened. In the ninth inning Copple was in danger all the time. An error, hit and walk loaded the bases with one out. At this point Copple lost control and forced a run in with a walk. With still only one out and a wark. With still only one out and the bases loaded, the Delaware stands went wild. The tying run was on third and the winning run on second. A single would firsh the ball game. Copple pitched, the batter took a full. swing and connected. The ball was lined out like a bullet right into the hands of Everett at second base. He tried to get a double play at second, but the runner was safe. The last batter hit an easy grounder to Kardash, who threw to Everett at second to be present. Most of the squad forcing the runner and ending the

The ninth inning thriller made up somewhat for the poor fielding showed by both teams at different times in the game. Both teams had good pitching and poor fielding. The ninth inning turned a rather dull ball game o into a real thriller.

Delaware threatened at no time, other than the ninth inning. Copple looked good and although he had trouble with his control at times, he kept Delaware checked and was nick-

### Trackmen Wallop Delaware 85-41 In Duel Meet

George Ekaitis' track men traveled to the University of Delaware last Saturday and walloped the Blue Hens a duel meet by an 85-41 score.

The Shoremen took eleven firsts in only the high jump, pole vault and javelin events. In the high jump event Douglas, of Delaware, won the event and broke the college high jump mark with a jump of 6 feet, 3

Tully was the leading scorer of the day with first places in the broad jump, high and low hurdles, and was third in the 100 yard dash and high jump. Buck took the 220 and 440 yard dashes, Watson took the 100 yard dash and tied for first in the pole vault, Kilby won firsts in the discus and shotput. McCalley took the mile run, Roe the 880, and Bill Ford the 2 mile run.

This year's team is the best squad seen on the College campus since track was renewed. It is well balanced, and has "point getters" in ev ery field. The team, usually weak in the field events, showed in this meet, that they have the men needed to win these events.

The score was somewhat of a sur-

prise because of its lopsideness. Ekaitis predicted a win but by a narrower margin. It seems as though the team is even better than the coach himself thought.

### Players, French RECITALS GIVEN BY Club Present Comedy Bill

### Original One-Act Comedy Given By Delaware Players

by Ralph Thornton

Le Cercle Français blew the dust field. Lui" and presented it in the lighthearted farcial manner of its original presentation in the courts of Louis ton Players, and an original one-act comedy, by the Puppets and Foot-lights Clubs of the University of Delaware.

It would be hard to say who was the best among the stellar "frog students," all were glib with their gib-her even if they weren't always correct. Ruth Powell was very good as Martine, the wife of the woodcutter played by Henry van der Goes. Jane Hinman surprised everyone with her fast line, while ole Doc Moore, Ph. D., got the biggest laughs, with his beard. Agnes Zaffere was cute, and so was Charlie Leiman. When the control of time and the control of the c was eute, and so was Charlie Leiman. Ed. Davis ought to play the country bumpkin in Shakespearian plays from George Grieb handled his like an old toper, sorry-trooper.

"Finder's Keepers" starred Johnny Stack, Helen Loskamp and Bernice Smith. The play hinged on Helen finding a purse which belonged to Bernice, and the struggle Johhny had of convincing her that she was being hishonest in not returning the four hundred dollars.

The E-52 Players of the University of Delaware presented the cleverest original comedy seen on this campus since the great Iggy Benham laid down his pen for a pick and shovel. If Iggy wasn't on the mailing list, we'd even say that it was better. The play, "The Boy and the Demon" was an original play written by John Swenehart, of the class of '40.

All of the actors were good; Alberta McCoy probably making the big-gest hit with the perfect handling of her expressive features. Not only her expressive features. Not only that, but she was a blonde. Sybil Keil and Charles Logan as the parents of Jimmie (Harold Friedmann) did very well, even though they had the lines that dragged a little while they were alone in the first scene. The entrance of Jimmie, and the problem of his smoking enlivened the comedy to a high pitch. Alberta Mc-Coy, Ellen Simon, and Loona Blocher as the three mothers in convention brought about the most hilarious moments. Alexander Boyer directed the play.

### Lambda Chi Wins Song Fest And Cup

The Panhellenic Song Fest was plans for the new science building.

### Small Percentage Of Votes Cast At Council Primaries

### Johnson, Shockley, Copple Nominated For Council Head

Only a small percentage of the student body participated in the primary elections held last Thursday by the the offices of the president and the secretary of the Student Council and the president of the Athletic Associa-tion. Also included on the ballot was the question of the adoption of the new Student Government Constitu-

William Johnson, Ernest Shockley, and Addis Copple were nominated for the Council presidency. Johnson polled 83 votes to lead the group while Shockley and Copple received 64 and 31 votes respectively. Many others were named but failed to get the 20 votes required for the nomina-

For secretary of the Council, Edward Cooper, Donnell Fraser, James Spielman, and Ogle Hess were nom-inated. Cooper tallied 80 votes while Fraser, his nearest opponent, received 37 votes. Fraser, however, ineligible for election due to insufficient scholastic requirements. Spiel-man and Hess were nominated with

27 and 23 votes respectively.

The primary race for presidency of the Athletic Association proved to be close with Addis Copple and Howard Neubert each receiving 36 votes. William Smith trailed by only three votes, totaling 33 in the final count. Robert Everett received 27 votes.

The revised constitution Student Government Association, published several weeks ago in the Elm, was readily adopted with 152 voting for and 29 against.

A total of 197 ballots were cast, which is only 62 per cent of the entire student vote. This was a rather poor percentage and showed lack of interest on the part of many of the students. 78 per cent of the senior class and 68 per cent of the junior class participated while the sopho-more and freshman classes showed only a 60 per cent and 54 per cent vote respectively. The election in many cases showed a lack of proper thought and consideration on the part of many students. The Council de-Of Classical Society of many students. The Council desires to see a much larger vote at the final elections next Thursday, May

Included on the ballot next Thursday will be the names of those who were nominated and approved by the Publications Board for editor, assistant editor, and business manager of The Elm, Edwin Ohler will be un-opposed for the Elm editorship while the election of the two assistant editors will be a four way race between Reed Hartnett, James Spielman, Jean Wheatley, and Agnes Zaffere. The Board approved the nominations of Day Flowers Sunday David Clarke and Joseph Palmerini for business manager of the Elm. The

The elections next week seem to be destined for the usually hotly con-tested battles for the six listed offices. The Council requests that everyone cast his ballot in these final elections next Thursday.

Omicron Delta Kappa will sponsor the last informal dance of the season next Saturday night,

#### SCHOOL SPIRIT

With the coming of Spring, two new buildings, and a good baseball team, there is something that is definitely lacking on the Hill. It is one thing that is the heritage of every institution, even Sing Sing, and that is school spirit.

Each year freshman come down fresh from high school with a keen interest in the activities of the cam-Little by little they develop the indifference assumed by the upper classmen, who just can't be bothered by such an inconsequential emotion.

Most of the presidents of the or- ing the office for four years. ganizations gave a half-hearted 'Yes' when asked if they would be willing to cooperate, but even then the general attitude was one of "Well, if everyone else does it, I guess we'll A few of our more aggressive leaders spoke very freely and said that their organizations were much too busy, (they didn't mention what they were doing), and that they simply couldn't lend their invaluable support. Because of the lack of enthusiasm, the plan fell through.

I question the advisability of undertaking such a big project the first year, but it seems a shame that the stop long enough to do something for 1939 insulted when they don't get cooperation in their activities from the student hody.

Perhaps when the few bitter souls that haven't gotten what they wanted from college leave, those remaining ary leadership fraternity—its prime position of honor, dignity, and im-can build up a real pride and enthus- purpose is to honor leadership. Judge portance. Certainly ODK has made

#### POLITICS

Nominations are over and elections are coming up this week accompanied with headaches, heartaches and in some cases the establishment of bad feelings between different persons or different groups.

Elections should be a constructive nature for the betterment of conditions on the Hill and should not have such destructive results. After all, elections, speaking on an idealistic basis, should result in the most capable person, favorable to the greatest number, being placed in office. Very rarely are these ideals reached. Too often elections are merely the results of well planned political machines working for their own interests. These plans may or may not produce an officer favorable to the group. In many cases they do, and no harm may be done but in other cases the results are very distasteful. Regardless of the merits of the man. will always have some opposition Archie Morrison while in office if he gets there through politics. There is always some group Agnes Zaffere that had to be used as a doormat to .... George Grieb get to the office a man holds. Could .... Ralph Thornton you expect a person or group to forget he had been used as a doormat?

> bad feelings because of elections. Moscow. One friend, gained through playing tine. -00-

#### RECOGNITION

The particular announcement that Alpha Psi Circle of Omicron Delta Kapps would take into membership Judge T. Alan Goldsborough may not have been expected. But certainly no one has occasion to be surprised The Washington Elm, that a man of his accomplishments should be honored for them. Recognition is, and ought to be, expected. This fact, however, instead of diminishing the honor, secures it and establishes its merit.

Thomas Alan Goldsborough born at Greensboro, Maryland, September 16, 1877. He attended to Dr. Dunning for his consideration tember 16, 1877. He attended Washington College, receiving the degree of Eachelor of Arts from this institution in 1899. The University His timely and generous contribution of Maryland awarded him the Bacheupper lor of Laws degree in 1901. In this same year the young lawyer began his law practice at Denton, Maryland. An outstanding example of this in-difference was the opposition to the Goldsborough had become the State's Campus Night planned by the O. D. Attorney for Caroline County, hold-

It was during this period-in 1907 that he became a member of the Board of Visitors and Governors for Washington College, For twentyone years this service was rendered by him. The lawyer became Representative Goldsborough in 1921, elected to the House of Representatives by the people of the 1st Congressional District of Maryland. In pointing out T. Alan Goldsborough's qualities of leadership it is significant that the people of his constituency kept him in Congress, representing them, for eighteen consecutive years! 1935 bis Alma Mater, Washington individual organizations are so wrap-College, bestowed upon him the hon-ped up in themselves that they can't orary degree of Doctor of Laws. the school as a whole. And they are point Representative Goldsborough to the usually the groups who are most the District Court of the District of Columbia. He resigned from his seat in the 75th Congress to fill this

# by Fans Ten To Rout Terrors SPORTS Relay Team First In Page 18 Urie Clouts Homer; Four Un- PARADE

The old Indian sign which Mary land seems to have on Washington College prevailed once again last Saturday when the Terp nine nosed out the Sho'men in a twelve inning thriller 7-6. Oldsters tell me that in the last four years Maryland has won two one-run margin victories from us and two one-point basketball games. If the fray is close and goes to extra tribute to their staying power and 1 find they don't always pick on us. A few days ago they eked out a one-run victory over Duke in extra in-

proceedings, one of which allowed Chumbris to advance to second from minutes. Mike partially redeemed himself by College team. He ran side by side posing pitcher. No errors were made by the home lads, but Western Maryland made many miscues, allowing four runs to cross the plate on passed balls alone.

Washington Ab R H Was

The club looked good in the ninth when, after trailing 6-3 from the six-th, they evened the count on four kept that same margin, neither gain-

The tennis team will start against Delaware today over at Newark, weather permitting. On the follow-ing Tuesday and Wednesday, Hopkins and Loyola will be engaged.

Today the track team will pit its forces against Hopkins in a dual ters were meet. The Blue Jays figure to be a Coleman little stronger than the competition making 3:31.4 seconds for the mile. so far. Their distance man, Drescoll, is plenty good. They also seem pretty strong in field events. One of our team members figured Washington College's margin of victory wouldn't exceed 10 points.

While we're on the subject, congrats to the mile relay team of Tully, Watson, Buck and Coleman which cleaned up at the Penn Relays. Just take a gander at one of the loving cups they each won. Ed Buck's .50:4 quarter was a honey, so I'm

for supremacy in the realm of soft-ball.

### SHO'MEN ERRORS COSTLY AS TERPS WIN 7-6 IN 12TH

A wild heave and Keller's single gave the University of Maryland a 7-6 victory over the Sho'men in the twelfth inning Saturday.

A. Chumbris took second as Kardash tossed over Fetter's head. Knepley's but put Chumbris on third and he scored the Terp's winning run on Keller's drive to right field.

Trailing 6-3 since the sixth, a ninth inning rally enabled the Sho'men to tie the score with three runs. Bremer started the scoring with a sharp single. Mondorff walked Kar-dash to put Bremer on second. Copple then singled, scoring Bremer while Everett singled Kardash home, Copple taking third. Pfund hit into double play, catching Copple at the plate. With two men out and the tying run on second, Urie rapped out a sharp double to center field allowing Bobby Everett to cross the plate with the tying Washington run.

The Sho'men got off to an early start in the second when Pfund made first on an infield hit. Pfund scored when Urie's grounder was over-thrown at first while Urie scored on a second overthrow at the plate. This put the Kiblermen to a two run advantage in the second. However, the

seven runs were scored on errors. Errors were three by Kardash and two by Pfund. However, a wet and slippery field may account for the faults made by these two tried players. It cannot be said that any one man was responsible for the defeat.

Copple was the starting Washing-

VOL. XXXVIII. NO. 28.

CHESTERTOWN, MD., SATURDAY, MAY 13, 1939 PRICE TEN CENTS

### **Cercle Sponsors Unusual Lecture**

### New Kodachrome Slides To Be Used

An unusual illustrated lecture, in volving the use of kodachrome slides, will be given Tuesday afternoon at o'clock, at the New Lyceum Theatre, under the sponsorship of the Cercle Francaise.

The lecture will be on the Gaspe section of French Canada, which is probably the most picturesque part of Eastern Canada. John Henry Coon, who did the photographing and will deliver the lecture, says, "The pictures themselves are so beautiful that the lecture is almost secondary, although the story of the habits and customs of these simple people does interest everyone." The kodach-rome slide, a new development in photography, allows a more exact reproduction than the hand painted slide or technicolor, giving not only the actual colors of the subject, but the actual shades, tones, and shadows

Mr. Coon has visited recently among many colleges and universi-ties of the East, including William and Mary, Gettysburg, and Mt. St. Mary's, and in every case the institution gives the highest recommenda-tion to Mr. Coon's work. The exhibit here in Chestertown, is probably the biggest thing the Cercle has ever tackled, and is made possible only through the courtesy of the New Lyceum Theatre, and financial support from the College. Tickets are on sale now, and may be procured from members of the Cercle Fran-

Final plans for the June Fete are being completed and practices are was begun. featured in a gay, whirling dance of the clowns. The fete will be held on Friday afternoon, June 2.

#### Seven Initiated

Seven new members, all pledged in February, were initiated into Lambda Chi Alpha fraternity, Friday evening, at the local chapter

The initiates are Don Smith, Robert Corley, Ollie Littleton, Owen Anderson, Jesse Green, Carlyle Blevins, and William Nagler. All but Owen Anderson are freshmen. The fra-ternity also announces that Tozier Brown, traveling secretary of Lambda Chi Alpha, will be on the campus during the next week to visit the local chapter.

#### New Editor

Edwin Ohler

Edwin Ohler will edit The Elm for the coming year, and will put out his first paper next week. Runing unopposed in the Council elec-tions, the choice of Ohler was a mere formality. He has worked on The Elm for three years, this year serving in the capacity of assistant editor. Jim Spielman and Bing Hartnett will work under him as assistants.

### Last Informal Tonight In Gym

### Joe Hudson To Play For O. D. K. Dance

An informal, the last of the current school year, is scheduled for to-night in the Cain Gymnasium, under the sponsorship of Omicron Delta Kappa. Joe Hudson and his orches-

Kappa. Joe Hudson and his orchestra, well known on the Hill through previous appearances, will be in charge of the swing department.

Dancing will begin promptly at 8 o'clock and continue through to 11:45. Admission to the non-profit affair will be forty cents, stag or drag. Dr. and Mrs. Ford, Dr. and Mrs. Coop and Professor and Mrs. Goodwin will act as chaperones. Mrs. Goodwin will act as chaperones. Lawrence Buffington, president of Omicron Delta Kappa, in charge of decorations promises something nov-el in the line of drappings. The dance will be the last one on the cam-pus prior to the June Ball at the beginning of the month.

### Class Elections Scheduled Monday

Class elections will be held Monday and Tuesday of the coming week, according to an announcement William Johnson, secretary of the Student Council. All elections will be held in William Smith Hall immediately following the lunch hour of the days mentioned.

The junior, sophomore and freshman classes will be called upon to elect all officers for next year, including Student Council representatives and class presidents. George Eisentrout and Larry Buffington will be in charge of freshman elections, Bud Meador, and Eddie Cooper of tary-treasurer. Every senor had a junior girl for the Sophomore, and George Engelbert, and William Johnson of the junior girl for elections. In addition The toastmistress for the evening of the committees, the Council at its

### LEN MAYFAIR IS CHOSEN AS JUNE BALL ORCHESTRA

Len Mayfair and his orchestra, thirteen pieces strong plus a vocalist will play here for the June Ball, it has been announced by a senior committee headed by Nathan Tatter.

Len Mayfair, hailing from New Jersey and booking out of Philadel-phia, was recommended by Chuck Gordon, the popular orchestra leader who played for the Inter-fraternity who played for the Inter-fraterinty dance this year. The June Ball maestro features an instrumental trio, a glee club, and a vocalist. "Dance today with the band of tomorrow," is the descriptive slogan adopted by Len Mayfair. Recent outstanding engagements of his orthestra hear included appropriate and chestra have included appearances at Swarthmore, Haverford, Princeton, Penn State, Temple and Lebigh.

As is traditional, the June Ball will be held Friday of June Week, which this year falls on the 2nd. It will be held in the Cain Gymnasium, and admission will be three dollars per couple. The decorative scheme has not yet been worked out, but further details will be available next week.

### Glee Club And Chorus To Give Concert Here

#### William McAdams Elected New President

en here next Thursday comprised the Eisentrout, and vice-president, Bufbusiness of a meeting of the Glee fington. Club, this week. William McAdams was elected new president, Ogle Hess, manager, Jesse Green, librarian, and

The concert, to be held in William Smith Hall, Thursday evening, beginning at 8:30 o'clock, will consist of two groups of numbers by the Men's Glee Club, a group of solo numbers by Raymond Moffett, and a group by the mixed chorus. The first group by the men's division will include "Soldiers Chorus", "Volga Boatman,," "Annapolis Lullaby", and dinations.

Oo With Hearted Men"; the second will be made up of "Winter Song", "John Peel", "On The Road To Mandalay", and "Climb Up Chillen Climb." The mixed chorus will sing "Wake, Awake!", "A Prayer of Thanksgiving", "Sanctus", and "The Pilgrim's Chorus," Mr. Moffett's se-lections have not as yet been an-nounced. Admission to the concert will be twenty-five cents.

The planned concert by the Glee Club over WCAO has been called off due to failure to receive permission to cut the necessary classes.

#### Eisentrout Chosen For Senior Oration

### Johnson Elected As Council Head

### Ohler Will Edit Elm; Neubert Wins A. A. Office

Thursday students turned their attentions to the selection of next year's extra-curricular officers. The Dean's office was converted into a

entered

at the poll were

President the Student Council, Vice-President of the Student Council, Secretary of the Student Council, President of Athletic Association, Editor-in-chief of the Elm, Assistant Editors of the Elm and Business Manager of the Elm.

Nominees for Presidency and Vice-Presidency of the Student Council were Addis Copple, William Johnson and Ernest Shockley. William Johnson received 113 votes; Ernest Shockley, 86; Addis Copple, 48; Election of new officers and final preparations for a concert to be giving preparations for a concert to be giving the former president was George The former president was George

> The three competitors for Secretary of the Student Council were Ed-ward Cooper, Ogle Hess and James Spielman. Cooper won out with a draw of 123 votes, Hess receiving 86 votes, and Spielman, 36. Cooper, a Sophomore this year, will unburden the shoulders of Bill Johnson.

Presidency of the Athletic Association went to Howard Neuhert, who received 94 votes. The three other nominees for this office were Addis Copple, 69; William Smith, 57; and Robert Everett, 27. McMahan was past president of the association.

Edwin Ohler, who acted this year as Assistant Editor of the Elm, was the only nominee for the position of Editor-in-chief of the publication. He began as a reporter on the staff in his Freshman year, and his reputable work made him a hopeful prospect for the coveted position. Eddie, who is a member of Kappa Alpha Fraternity, is also an officer in the local Y. M. C. A. He is to replace George Englebert, to whose services recognition is due.

The two Assistant Editors of the Elm were chosen from four nominees.
These were, Reed 'Bing' Hartnett who
polled 143 votes; James Spielman,
128 votes; Jean Wheatley, 77 votes;
and Agnes Zaffere, who drew 65

Nathan Tatter will turn the job of Business Manager of the Elm over to David Clarke, who received 174 votes against Joseph Palmerini's 66.

#### -SO MAKE THE BEST OF IT

There is both sorrow and joy in Mudville this week-end, the emotion grow from year to year. depending upon the success of one's favorite son at the polls, in Thursday's elections. The mere fact that majority was of the opinion that certain person was, for one reason or onother, better suited for an office than another, is not enough to convince an elector of the minority that he did not exercise the proper discretion in casting his ballot. Nothing, however, would be accomplished by any change in results except an

The factors entering into an election are generally well known and minders that the world right now is numerous. It is inevitable, the cam- not in a particularly receptive mood pus set-up and human nature being what they are, that other things beside pure reason are determining fac-To deny the existence of factions and petty grievances as ele-ments of an election on the Campus would be as foolish as denying that some are dissatisfied with the results. Every person running secure work or have been unable to the results. Every person running for an office is aware of their presence and reckons with their potentialties as to the final result. There is no need for a disgruntled candidate to advertise himself as the victim of malignancy. As far as we are aware there has never been a necessity of investigating an election to discover if subversive methods have been employed.

In order not to be misunderstood it might be well to say that it is not the intention here to accuse anyone of an improper attitude in the light of the results of the election, but to serve a reminder that that which has been done cannot be undone, and if a person is sincere in his interest in there is not a position ready to fit inelected candidates and not against position.

#### **OUT FROM UNDER**

With this issue of The Elm the present staff closes shop and makes room for new blood. It is inevitable, at this stage, that one both reminisce and if possible justify the present state of the paper.

If the 1938-39 edition of The Elm had behind it any real aims, they were to build on the organization of the staff, and to produce a more interesting paper. Neither aim has been ful-ing paper. Neither aim has been ful-filled with any startling effect. There were a few additions made to the staff, principally the editorial board. The board was created in an attempt to gain more interest in editorials through a more varied treatment and a wider coverage of subjects. Whether it accomplished its purpose or not is more or less a matter of personal opinion, but it is safe to say, without too much chance for refutation, that it is a step in the right direction. The results produced by establishment of a re-write board cannot be judged by anyone not connected with the paper. Agnes Zaffere but suffice it to say that it has relieved considerably the work of the editor and assistant editor. In con-John Blevins sidering the second objective, it is not possible to point to any definite results. Various experiments have been made in an effort to produce a more interesting Elm; some were met with favor, some not. If the results were not immediate, perhaps they pave the way for next year.

Any success The Elm did meet with this year is due to a large part to an Talhot, pointed out how the qualifi-excellent staff. The staff is compos-cations for teachers has tended to a ed of workers whose only renumeration is the satisfaction of a job well done, and the "privilege" of seeing their articles in print. Their's the work, to others the credit. The litamply deserves.

Next year The Elm is in capable hands. To Mr. Ohler we can only suggest profiting by our mistakes, and wish to him and his staff the best of luck and a better Elm. It has been a fine experience working on the paper, and it will be with a feeling of personal pride that we watch it

### NEW HORIZONS

After many years of sheltered security, it is a peculiar feeling to realize that within a month one will have completed one's immediate formal education and must, in the sight genuine article or be dubbed a sham. The feeling is a composite of reluctof the fence. A man cannot be convinced against his will, all that can ing to embark on a second phase, the possibilities of which stretch to interchange of places on entering the most enjoyable, and a manufacture of the fence. The hankering has been dulled by constant but unnecessary refor a new horde of college graduates, who expect to master the situation with a head full of fine theories that do not work, but not to the extent of making one a confirmed pessimist over the prospect.

Despite the many graduates of last find a place in their chosen field, still has faith that there is a position open in the profession that is most appealing. Since the class of '30, college graduates have been told that they were unfortunate to be thrown into a professional and business world that was unable to care for those already struggling in it. "W. P. A. here we come" has been adopted as a semi-humorous slogan of classes in the past three or four years. class of '39 too might speak of "re-lief" as its only salvation, but there is not a member who helieves it. Each one is indued with a self-confidence that leaves no room for doubt.

### Some of us did. Ugh! O. D. K. had to give up the idea of having a parade. Chestertown were afraid that the

students would wreck the town in their enthusiasm over the event. During our stay here many of us

have cut assembly in order to play eards, indulge in a bit of romance, play ping-pong, test the tensile strength of the furniture in Hodson Hall, and perhaps, to even study. Doesn't your very being shrink think of the snappy overtures, inspiring oratory, the informative talks, and the sleep that you missed, not to mention the incomparible pastime of counting the vacant chairs

of absent faculty.

Although it is particularly distasteful thing to do at the conclusion of this song of praise, there is a criticism which must be made. watched so many students who adopted the easy method of slipping through college-by studying. ing three leaves from President Wil on's masterpiece, we now present a three point program for college stu-dents, with particular emphasis laid upon the first rule:

(1) Do it the hard wav-hand

(2) Never do an assignment-it leads to a "follow the leader" com-

Never study more than one hour for a bluebook—guessing games are such fun.

The above rules are the results of the understanding gained by four years of the college experience, and should be presented to each freshman upon entering college.

To conclude, may we quote Charlie the Chiseler, who, as he finished

### Parting Confessions Of A Senior, Or, How To Get Around College Under your eyes.

by Carroll Woodrow

Since this the last issue of The around, we didn't ask for any coffee. Elm under the old regime, it is per-haps fitting that a few farewells should be written. As a senior member of the staff, the first parting shall be with that prize headache—The Elm. Did it ever occur to you how difficult it is to publish a paper on a of all the world, prove to be the campus as small as that of Washington College, where half of the news isn't fit to print and where everyone knows the other half before it can be Give praise to your editor that he had the courage to print so much as one issue of the "Gazette." (Ask Engelbert (Ask Engelbert for the key to filling in the blanks.)

Then, speaking as one who is about to graduate, (opinions of the faculty to the contrary) there is much which we must be leaving. It is farewell forever to many of the good friends which we have made during our stay

It is in vain that we expect to continue close intimacy after the college door slams shut behind us There are long odds against such a thing happening.

College represents a golden chapter of opportunities which we have missed. Let us consider some of the

opportunities which we have passed up just recently. Lo, how many more have been missed in four years. There was hot water last Sunday Many of us didn't take a shower. Already we have lived to regret it.

This morning many of us went to breakfast and when the waiter came

ester the realization of what college days have meant and how they will be missed when over becomes more clearly impressed. To leave the clearly impressed. To leave the sheltered haven would offer little in-ducement, were it not for the possiancement, were it not for the possibilities that lie beyond—possibilities that lie beyond—possibilities that lie beyond—possibilities that lie beyond possibilities that lie beyond possib

### Delaware Nine

The Sho'men will meet their arch rivals, the Blue Hens from Delaware today, in a ball game that promises to be a thriller. Today's game and today, in a ball game that promises to be a thriller. Today's game and one Wednesday with Mt. St. Mary's, both home games, will be the final games of the season. With a per-fect season excepting Maryland who are not in the same league, the Kiblermen are beginning to eye the championship. At present, they are leading the league. A victory today and Wednesday will clinch the title.

The first contest of this season be tween the Hens and Sho'men ended 3-2 with the Sho'men on the larger 3-2 with the Score. Copple was on the mound for the College and "Big Bill" Deaver pitched for the losers. It was a great pitching duel with Copple coming out on the winning end. Delevation of the community of t aware, with a highly improved nine will be straining for a victory over the arch foes, the Sho'men, but the Sho'men will strain just as hard to keep its clean slate.

It is thought that "Big Bill" Deaver will again take the mound against the bome lads. "Long John" Selby will probably get the call for the Kibler-

Coach Tom Kihler will put his best on the field today which will include all of the regular line-up. Pfund be-hind the plate with Fetter on first. Bremer and Everett will cover third and second respectively while Michael B. will be at short. Urie, Stevens, and Copple will cover the outer garden for the Sho'men.

For the first time since 1924, the Middle Atlantic States Collegiate Track and Field Championships is being held, in the Metropolitan Area opened at Rutgers University. Indi-cations are that the occasion will draw a record entry for the 27th running of this cinder-patch classic. Seventeen colleges such as Delaware, Drexel, St. Joseph's, Lehigh and Swarthmore have already sent entries. Rutgers will be the defending champion, having triumphed at Gettysburg last year. Three of the Scarlet's four champions, Tranavitch in the shot put, Bruyere in the discus and Baxter in the 220, will defend their titles.

Coach George Ekaitis has taken to

### Panthers Lead League With Perfect Record

A hard hitting Panther team, boasting a perfect record leads the soft-ball league as the season starts its final round. The league is composed of seven teams whose members were chosen by Coach Kibler from

the enrollment of all the gym classes.

The league standings on Wednesday, May 10:

Team	w	L	Ave.
Panthers	4	0	1,000
Lions			.750
Bears			
Wolves			.333
Elephants			
Tigers			.000

### Seek Hen Victory And State Title SPORTS Team In For Fight To Down PARADE Second Win Over Teachers;

With the exception of Maryland, which the exception of Maryland, the Sho'men nine is taking all opposition in stride in path to the State pennant. Teams not included in the Maryland Collegiate league are also feeling the sting of the locals attack.

On May 9th, Lefty Copple set the Teachers from West Chester down with two hits and allowed only three balls to leave the infield. After ovballs to leave the inheld. After ov-ercoming a brief spell of wildness in the first, Copple settled down to pitch shut-out ball, fanning ten. Two walks and an error gave West Ches-ter a pair of runs in the first inning. The final score was 5-2, with two of the victors' runs coming via the vict run route-Stevens got one and Grit Urie the other.

Wednesday, the Sho'men nosed out Loyola at Evergreen in a wild, loose featuring hits and errors galore.

Loyola clonded up and rained all Loyola clonded up and rained all over Selby in the first. A walk, four hits and an error brought in five runs. The Sho'men however got four of those runs back in the second, for the first for the second. finally tied it up in the sixth, got one

maily tied it up in the sixth, got one run ahead in the seventh and added one final tally in the ninth. Loyola got two more runs in their half of the second, but Selby settled down and his support improved. Copple pitched the last two innings, allowing one hit and fanning three.

Honors at the plate go to Urie who collected a triple, a double, and two singles to lead the Washington at-

when yesterday, the two day meet when yesterday, the two day meet University this week-end to compened at Rutgers University. Indipendent the occasion will draw pete in the Middle Atlantics. I am yes an that the occasion will draw pete in the Middle Atlantics. I am yes well as a constant of the consta told a new \$2,000,000 stadium will be the locale for the boys. Rutgers who won the M. A.'s last year at Gettysburg will play host to some thing like fifteen or seventeen col-leges and universities in the East. Coach Ekaitis will take Tully, Buck, Coleman, and McCalley.

The tennis team sustained two defeats this week, one by Hopkins 5-1 (rain) and one by Loyola, 7-2. The this meet, Basil Tully, who will run matches were closer than the scores the high and low hurdles, broad jump might indicate, however. Several and high juhp; Al Coleman, high times sets were split, only to have the and low hurdles; Eddie Buck, 220 and 440; and Ed McCalley for the mile. These boys have all done well team, but as an explanation, its obviup well at this meet, the M. A. S. A. C. C. Ed McCalley has been out of mine at the University of Delasometime with a strained leg muscle but he will be in fine shape for this meet. Tully, Coleman and Buck, all three were on the winning relay team at the Penn Relays.

No. 1 man is or has been a Baltimore City Junior champ. Battling that kind of opposition makes it tough if you haven't got similiar material in your own line-up.

### **Copple Pitches** Two Hit Ball

### Urie Circuits Again

Washington College scored their second triumph of the season over the West Chester Teachers at West Chester, Tuesday afternoon, when they set the teachers down by a score of 5-2.

Copple pitched for the Shoremen and allowed only two hits while striking out ten, turning in one of his best performances of the year.

The game was called at the end of the eighth inning because of rain and the official score was 5-2. However, the Shoremen were at bat in the ninth when the rain started and had made against the College, proved to scored three more runs including a be deciding factors in the outcome of ures do not show on the records because West Chester did not get a pitched for the Old Liners, and held Tully's time for the high hurdles was chance to bat in the ninth.

Stevens and Urie clouted homers for the Shoremen. Stevens got his in the first inning and Urie connected for a circuit drive in the sixth that went over the deep center field wall.

Washington nicked two West Chester pitchers for ten hits. Stevens and Urie with homers and Everett with three hits for four times at bat

### EIGHTH INNING **RALLY GIVES 5-3** VICTORY TO TERPS

The University of Maryland again defeated Washington College when they scored two runs in the last of the eighth inning to break a 3-3 tie at College Park last Saturday.

The Terps took a second inning lead when Hugh Keller scored on Everett's bobbling of Culver's grounder but the Shoremen scored in he third, fourth and fifth innings to forge ahead.

Maryland deadlocked the score in the sixth and went ahead in the eighth inning when they scored two the meet.

runs to win the ball game.

Selby pitched for the Shoremen and turned in a good performance, allowing seven hits and striking out three, but several close decisions, all

### Trackmen Suffer First Defeat

### Field Events

The College track team met defeat for the first time this season when Hopkins defeated them 72-54 at

Homewood last Saturday. Coach Ekaitis men turned in a good showing for themselves, however, and outscored Hopkins in the er, and outscored Hopkins track events 38-34. The field events went to Hopkins 38-16 and so went

Six records were broken during the meet, four by Washington runners and two by Hopkins men.

Tully turned in the best individual performance of the day by shattering the old records in the broad jump, high hurdles and low hurdles. Ed Buck smashed the 440 yard record 15.2 seconds, the low hurdles 24.8 seconds and his distance for the broad jump was 21 feet 5 1/2 inches.

Pardew, of Hopkins, broke the pole vault record with a jump of 11 feet 4 7-8 inches. Pinto, of Washington, turned in his best jump all year when he cleared 10 feet 7 7-8 inches to get second place. Jeffries won the 880 for Hopkins with the new time at

2 minutes .06.8 seconds.

Hopkins ran through the field events to win the meet.

Today the team goes to the Middle

Atlantic meet at Rutgers, where much will be expected of Ekaitis' men.

### June Week Plans Complete

### June Play, Ball And Reunions

June Week festivities of Washington College's one hundred and fifty-seventh Commencement will come to June Week. a colorful opening on Thursday, June
1st and will reach its climax with the
awarding of three honorary degrees,
one being conferred upon Governor
Herbert R. O'Connor, an honorary
fair with breakfast being scheduled guest to the occasion. Dr. F. P. Graves and Mr. John I. Coulbourn

will be the other two recipients.

The ball will begin rolling at four P. M. on Thursday, when President at 12:15 P. M. with the Chestertown Mead will receive the Visitors and Ladies' Auxiliary serving the meal. Governors, Faculty, and members of the Senior Class. At 8:15 of the member of the olu Alpha Kappa the Senior Class. At 8:15 of the same evening, the Washington Players will present their annual com-mencement play in William Smith

Friday will be devoted to the June Fete and the June Ball, traditional high-spots in the June Week program. The Fete, to be held at four o'clock P. M. on the campus, promises colorful entertainment. The June Ball, to begin at 9:00 P. M. in the Cain Memorial Gymnasium, will feature Len Mayfair's orchestra. novel decorations will include silhouettes of the members of the Senior

Saturday, June 3rd will be devoted entirely to Alumni activities, opening with an informal reunion of past classmates between one and three o'clock in the afternoon. At three o'clock the annual Alumni basebal game will make Kibler field the cen ter of interest, where Washington's ex-swatters will clash with the present team. At 7:30 the alumni will hold their annual dinner in Hodson Hall, where members of the graduat-Hall, where members of the graduating class will be guests. The annual meeting of the Alumni Association will follow this, to take place in the same building. At 9:00 P. M. the alumni will hold their annual dance. President Mead will deliver the

Baccalaureate sermon to the seniors in the auditorium on Sunday, June 4th, at 11 o'clock. At 3:45 in the afternoon, a musical program will be presented in William Smith Hall by the College Musical Association.

The Academic Procession, to start at 10:45 on the morning of Monday, June 5th, will be followed by the

### FETE TO FEATURE KNOTTS AND FRASER IN CINDERELLA

Final preparations for the annual June Fete are now being completed, and, according to advance notices, this year's will be one of the most entertaining ever presented.

One of the innovations will be the change of costume of three principal characters with Cinderella having several changes.

The two novelty numbers are being accompanied by modernized mus-ic, "Wedding of the Painted Doll," and an attractive number with balloons to the music of "Pop Goes The Weasel" with Alice Williams as the graceful Columbine and Helen Los-Kamp as the Pierro. Another inno-vation is the entrance of the Prince great deal of interest in the institu-tion. Probably more than anyone before the end of the fete in his ungroup will act as toastmaster.

Alpha Omicron Pi will entertain acquirement of funds for the new its alumni with a luncheon in the Reid construction program. He has made two step-sisters, Ruth Powell and Bernice Smith, are surprisingly wick-ed and enact their parts with poise Zeta Tau Alpha Sorority expect to the nation at large, being a former and assurance, while Norma Rubin have either a breakfast or banquet president of the Maryland Pharma- as the wicked stepmother apparently is having a wonderful time abusing Mary Lillian Knotts as Cinderella.

The stage setting will be somewhat

on the order of that of last year, with a smaller oven and an open fire a- club. round which most of the action takes place. Some of the composers of the music used in the fete include Beethoven, Freed-Brown, and the usual composition by Tschaikowsky, with which Miss Doris Bell always completes the fete because of "superstititious" reasons.

### June Play To Feature Story Of New York and has a 2.37 index.

by Henry van der Goes

The Washington Players are presenting as their last production this

The story is one of the prize ring. Its gaiety is based on the utter incongruity of its being unfolded in a Fifth Avenue mansion among the more of less idle rich.

It all starts because young New Yorker needs a trainer, more to keep him from drinking himself to death than for any other res-

The fighter and his manager enter the house as servant-trainers, spend-ing part of their time as butlers, and part, keeping their employer in a sober physical condition.
"Is Zat So" is the biggest hit in the

history of the theatre; there is nothing educational or instructive about it; it will simply make the audience laugh in the course of its duration more than they have ever laughed be-fore in so short a time. The Encyclopaedia Britannica has named it with pleuty of drive. amongest the best American cometorship of Edwin Ohler, will not be- life, and should appeal to anyoue who

### Four Tapped By **ODK** Thursday

### McCabe, Medford, Copple, Spielman Taken In

The Alpha Psi Circle of Omicron Delta Kappa tapped four men at the last assembly of the semester on Thursday. Each year the last as-sembly period is set aside for recog-nition of leadership on the campus.

Lawrence Buffington, retiring president of ODK, announced that Dr. Robert L. Swain of Baltimore would receive the society's gold pentagon. He also announced that federal judge, T. Alan Goldsborough will be initiated into the local chapter on June 5.

Candidate Alpha Psi, who was the first to be tapped in Thursday's cere-mony, was Edward Lee McCabe, a junior, from Bishopville, Maryland. McCabe is President of the Lambda Chi Alpha Fraternity, and Editor of the Pegasus.

Candidate Omicron was William Medford, junior, of Baltimore, Med-ford's activities include Business Manager of the Pegasus, Manager of the tennis team, officer of Theta Kappa Nu, and work in the dramatic

Candidate Delta was Addis Copple, junior from Wallingsford, Pa. Membership on the Student Council, Varsity Baseball, and the presidency of the Historical Society made up the activities in which Copple was active.

Candidate Kappa was James Spielman, souhomore from Hagerstown, Md. Spielman is an Assistant editor of the Elm, assistant manager of baseball, and officer of Kappa Alpha,

#### Dr. Mead's Address

In connection with the ODK tapping ceremony, Dr. Mead delivered an address on the "Ideal of Leadership" at Thursday's Assembly. Beutter in- fore he began his speech on "Leadership," Dr. Mead took a few minutes to present the president's report to to present the president's report the Student body. Dr. Mead's re-sume consisted of reminding the stu-dents that two new buildings will shortly be erected; the college just had the largest freshman class in history; and that this year is the one hundred and fiftieth anniversary of the granting of a degree to George Washington.

"The foundations must be now," said Dr. Mead when speaking of future leaders. The foundation must be built firmly from the beginuing. Dr. Mead said that there are countless opportunities for leader-ship in high positious. The world ship in high positions. needs leaders, hard working people

Dr. Mead pointed out in the beginning of his address that a great number of Washington College alumni now hold positions of leadership in all fields of work-industry, the church, government, law, and educa-tion. His advice would be, "Go back to your home communities and exer-cise your powers of leadership."

#### THE 1939-1940 ELM

Another year bas passed and a nother volume of the Elm will pass into history with the publication of this issue. It is customary at this time for the incoming editor to state his aims and purposes for the com ing year.

In agreement with past editors, the Elm will remain fundamently an gan for the expression of studen opinion. The paper is as much your studen as the editor's; he merely guides and formulates what you wish to be published. At any time when YOU think something is definitely out of place or incorrect, advise those in charge, and, if the issue warrents it, student opinion will be expressed on the question.

Perhaps the most important change will be made in the staff "set up." always there will be a senior editorin-chief and a business manager. In the other editorships there will be a complete revision. Directly, below the editor will be the managing editor, a senior, who will be in charge of make-np and typography and will aid the editor in formulating policies. from the sophomore class. The usual department editors will have their places on the staff; the only addition to departmental editors being two An editorial board science editors. composed of juniors and seniors will provide a variety of viewpoints on campus and national affairs. Each editor will be responsible for the collection and correction of all material in his field. This too, will be an innovation, and will relieve the editor of much unnecessary worry and work. Features will include discussion of

international and national problems, as well as local questions. Last year's editor made an attempt to do away with the so-called "dirt col-umn", but his attempt was not successful. In the coming year news articles and features will replace the now overworked Marooned and Black-We believe this a wise move and have given careful thought and attention to this, a rather radical

divulged the laments of a parting grad. This week (in fact, this argrad. This week (in fact, this argrad.) This week (in fact, this argrad.) The second to the same time; the clock is on the bum. ticle) will be devoted to the reminiscence of one who took his first bite of campus life last September. He was exceedingly conventional in his dress. He wore his best tie every day and kept the knot in the middle. His shoes were always clean and his hair was plastered down on his head. His vocabulary was limited to the humble phrase, "Yes, sir." He had difficulty in sleeping nights and invariably awoke at six in the morning so that he wouldn't be late for break-fast. His bed was made every day and his shoes lined under his Books were arranged on his desk according to classes. A typewritten schedule which even told him when to empty the waste paper basket hung over his desk. His nails were clean, his shirt tail tucked in all the around. He kept his pajamas under the pillow and his socks in his shoes. All of his clothes were hung on hangers. There was no chewing gum under his chair or cigarette stumps on his bed railing-he was a Freshman.

After the moisture had dried from behind his ears, he began to realize that it is a waste of time to make up his bed; after all, isn't it going to be his bed; after all, isn't it going to be' messed up all over again soon? His finger nails grew and grew; who notices them if you keep them in your pockets? As for ties, well advantage of the great possibilities offered them. So to you, new members and Omicron Delta Kappa, congratulations, and may you ever live and practice the ideals and principles of ODK.

will remember for many years to your pockets? As for ties, well—tit's much more collegiate to leave to leave to leave the senior class of cluttered; looks more business like. The Society also adopted a revision of the constitution, which will go into the large Washington College Almmoof ODK.

Walaturs.

Harry J. Hicks, Jr., is the retiring president of the organization.

The Society also adopted a revision of the constitution, which will go into the constitution.

There are cigarette stumps on the effect immediately.

Last week, you remember, a senior at the same time. He is locked out

In spite of these malicious changes, his Freshman year has adjusted him to his social environment, presented to him the possibilities, academic and otherwise, of Washington College and by this time, decided upon the nature of his future courses, chosen his companions and entered the extra-curricular fields which appealed to him, thus casting the die for his future at Washington College.

Vice-President, Nathan Schnapper. Secretary, Dr. Frederick G. Livingood.

Treasurer, Frances Perry. Executive Committeeman, William Walatkus.

# Sho'men Win Over

### Sho'men Win 6-2

Going into the final stretch of the season, the She'men snatched an easy 6-2 victory from Mt. St. Mary's Wednesday on Kibler Field.

Both teams went scoreless for two innings. In the third, the Kiblermen knocked out two runs and tallied four in the fourth for a safe lead. Thomas started on the mound for the Mounts but was replaced in the fifth after the disastrous fourth inning. Selby was the starting pitcher for the locals.

After two scoreless innings, Fetter came up in the third and flied out. Selby singled and was out on a fielder's choice on the next play when Stevens hit to second. Stevens stole second. Bremer then doubled scoring Stevens for the first run. Kardash doubled scoring Bremer, who has turned his efforts to the net Copple hit out.

In the fourth, Everett, the first man up, singled. Pfund singled. On a hit and run play, Urie was out but runners were advanced to second and third. Fetter then hit deep for a single scoring both Everett and Pfund. Fetter was out on fielder's choice and Selby was safe on first. Stevens then banged out a triple scering Selby. Bremer walked and Stevens scored on a squeeze play. Kardash was out on first.

The visitors scored their first run in the fifth. The first man up singled and took second on a high fly. He then scored on another single.

Rayne replaced Selby in the ninth. The first man to face bim was out at The next man struck out. Then a single advanced to second on a wild The next man up fled out to

# Selby Allows Four Hits As PARADE Squad In Shape For Meet At

After several mediocre since its introduction here, the tennis team has finally come into its own A win over the already once defeated St. John's will give the team a re-cord for the year of five wins, four losses and a tie. Because of bad weather the team was rained out of four matches it could have won. This would have given the team a rather enviable won and lost column. The big blight of the season was an up-set win over Delaware—the first in tennis since this writer has been in school.

The tennis team has benefitted by the addition of freshman Bill Nagler and the veteran athlete Bill Smith, game. Any new material next year plus a sprinkling of seasoned players will give this school a representative club. Maybe then this sport will win its deserved recognition.

I guess by this time its a little stale about how our se-called "one man track team" functioned at the Middle Atlantics held in Rutger's new stadium. Single-handed Tully garnered 13 points to put us into a tie for fifth place in a field of some fifteen or sixteen entries. His points came via a first in the high jump, seconds in both hurdles and a fifth in the bread jump.

Such a singular shewing merits a recall at least.

Heard down at Annapelis that accept a coaching position with the during the season the team has turnpitch. With one on second, Rayne Dutch Lentz, the Johnny coach, might walked the next three men to force a accept a coaching position with the deep center.

The Mounts were fairly strong on their fielding but were very weak on the mound. Much more was expected of this lab who are. We should be readouts who realize what a thorn the team fine and entire team fine team fine and entire team fine and entir e mound. Much more was expectof this club who usually puts a
parthy team on the field.
Selby was in the peak of the con-

nother successful year in intercollegies to the tests of the hests, who were nother successful year in intercollegies. The scores were:

Volkhart defeated Nauker of the hests, who were crippled by graduation and lack of practice. The scores were:

Volkhart defeated Nauker of the hests, who were crippled by graduation and lack of practice. The scores were: annexing the state pennant by virtue of a 6--2 win over the Mounts last Wednesday. The only blots on a good record were two losses to Maryland, a really fine ball club. Add to this the state basketball champion- 9ship, and better than average seasons in track and tennis, and you have a splendid record. The football seasplendid record. The football sea-son was admittedly poor, but you have to give the young, light and partially unexperienced team "A" in effort. They really tried. Before we leave baseball in this little sume, its only right to point out the marked improvement in the partside slants of Selhy since he joined the local mound staff. He has locked plenty good this year.

This issue concludes the activities

of this paper for the year. Next year under a different management and a revised personel, we will again attempt to furnish you the campus news. It is the hope of ye eld scribe that he can give you a coverage of campus sports with eccasional bits from the outside with a reesenable degree of interest to all. So long.

### Trackmen Enter STEVENS AND URIE Mount St. Mary's SPORTS Mason-Dixon Meet

### Homewood

Washington College's track team goes to Baltimore today to take part in the fourth annual Mason and Dixon Track Conference meet to be held at Homewood Field.

Coach Ekaitis will take thirteen of his stars to compete in this yearly event. It will be the last meet for the squad, so they will be out to chalk up some records.

Tully, Buck, Watson, Celeman and McCalley are figured to make a good showing today after their fine per-fermances in the Penn Relays and Middle Atlantic meets. These men will be the ones that Washington College expects most of.

The Mason and Dixon Conference is made up of ten southern colleges. Washington College has always made a good showing in these events and s expected to do so today.

Johns Hopkins University and Catholic University are the teams to beat in the Cenference. With these two squads appearing stronger than the Maroon and Black men Coach Ekaitis figures his men will take third place but it will be no upset if we finish head of these two schools.

Today's meet closes one of most successful seasons for a Washington College track team in years. With a tough schedule and inexper ienced men the team was defeated only once; by a superior Hopkins squad. The team, usually made up of a few stars with inferior support, took on a new form this year and became a well rounded bunch with a good men in both the track and field

### **OVER JOHNNIES 7-2**

Washington College journeved down to Annapolis on Wednesday last and soundly trounced the Johnlast and soundly trouleed the nies 7-2. None of the matches went to extra sets as the Sho'men made short work of the hests, who

Davis defeated McGary 6-1, 6-3. Zebrewski defeated Hoffman 6-3,

Shockley defeated Rendall 6-4,

Kaufman defeated Lyons 6-1, 6-3. Volkart and McGary defeated Shockley and Nagle 6-4, 6-2. Davis and Johnson defeated Lindefeated

dall and Hoffman 6-2, 6-0.

Smith and Zebrowski defeated Heinmuller and Rendall 6-0, 6-1.

### TIED FOR FIRST **BATTING HONORS**

With but one game remaining to be played, the Washington College Sho'men take a look at their batting averages for the season. With the entire team batting exceptionally well for an average of .344, the boys are very well pleased. As a team, the Sho'men have been at bat 404 times with 170 hits. This gives an average of .344. However, this does not include the Mount St. Mary's game or the final Delaware game which will pu make minor changes in the individual in scoring. Of the regular players, freshman Stevens and Uric are leading the club with an average of .417 each. Kardash is batting second with .395 while Bremer and Pfund are tied up for third with .377 apiece. ### **Tully Stars At Rutgers Meet**

### Injuries Hinder Buck And McCalley In Events

"Tut" Tully carried Washington College colors high last Saturday at the Middle Atlantic States Athletic Association meet at Rutgers Universi-

Tully, piling up the thirteen points himself that Washington College got, put Washington College in fifth place in the meet. He was running against some of the stiffest competi-tion on the Eastern Seaboard.

Tully took first place in the high jump, second place in the high hurdles and low hurdles and fifth place in the broad jump to collect his thirteen peints.

The rest of the team met with hard luck in the meet and ran against hon-

Ed Buck, while qualifying for the 440 yard dash, received a bad wound in his heel from somebody's spikes. He qualified however, but the wound kept him from turning in as good a performance in the finals as he would have. Buck also qualified for the 220 yard finals but did not run in the finals.

Ed McCalley, hindered by a bad ankle, failed to place in 880 yard run. Undoubtedly this injury play-ed a big part in bis running. "Mae" g run. is a good runner and runs his best against the stiffest competition.

Coleman qualified for the high hurdles finals but was out of the money in the event. In this race he ran up with about the best runners he has faced all year.

### SHO'MEN SCORE 8 - 0 SHUTOUT OVER DELAWARE IN FINAL GAME OF SEASON

by Calvert Jones

The Kiblermen boomed out an 8-0 track meet Tbursday for a glorious climax for a brilliant team. This shut-out of Delaware ended a perfect season for the Sho'men with the exception of Maryland.

"Lefty" Copple was in the peak of condition as he struck out fourteen of the foes to face him, passed three and allowed but two hits while he and his team mates bombed out twelve hits from Daly and Deaver of the Blue Hens.

The Sho'men scored two runs on the first three balls pitched by Daly. Stevens, first man up, singled to right. Bremer let the first one pass for ball one. He connected with the second and drove it deep over the center fielder's head for a circuit clout scoring both Stevens and him-

Howard Pfund played a bang-up ball game for the Sho'men and re-ceives a contract for the Baltimore Orioles for his trouble.

Not only to the boys who played, but also to Coach Tom Kibler do we owe a great vote of congratulations. It was he who coached the Sho'men, Maryland Collegiate Champions of 1939, through their glorious season. So-congratulations, Coach Tom Kibler! May you continue to be one of the greatest college baseball coaches as you have been in the past seasons

Big Charlie Fetter must be cited also for his wonderful playing in

### SPORTS PARADE

by Ed Davis

Comes another school year and with it a resumption of this writer's efforts to give the compuse coverage of sports both at home and in dist ant parts.

Fall brings on the well-known p skin parade, new triple-threaters wh aspire to national fame and All American honors and to get closer thome, a hard-working bunch of boy who will be trying desperately to bet ter last year's showing

Whether this will be possible is a this point problematical as re of elevens the country over Off hand, the on hand, the margon and batch, seems headed for at least a fairly successful season. For one thing the schedule is lighter. P. M. C. and Western Maryland, originally scheduled have cancelled their games. great small school footballer. Local out the services of an Apechella for the first time in several years. That

perience under their belts, and if the fighting heart displayed last year preway of new material, Jackson, a light, but fast back, and Robinson, view with Rudull Cassell of the state of the st with watson hearing the brint of the passing and kicking chores. The line will feature Neubert and either Smith or Collins at end. Storm and Kirby at tackles, Collins and Dougherty at guard and Dudderer at center.

In a quick survey of the national atlook, we find many teams with fine prospects. In the East, Ford-ham has a nice sprinkling of veterans hem has a tuce statement of the backness with plus the highly-touted Larry Eshmade up of Hurry Hoppe, Ed Wutson, mont. Carnegie Tech seems headed Charlie Fetter and Dave Bartolini. for snother good year with 16 letter man returning. Syracuse should have a great year, but N. Y. U., Harvard and Yale will be definitely weak-

In the middle west, Norththwestern looms as tops. So well supplied with power are they, that famed Bill de Correvont ranks fifth as a halfback candidate. Ohio State served, warning to its opponents when Schmidt called 62 men, the biggest, aquad in years to practice. Wiscon-sin has only four regulars, Purdue lacks reserves, and Notre Dame has lost its 1938 line.

In the Southwest, Texas Tech with a strong line, should have a good year. T. C. U. will have a weaker defense than last year. Rice Institute will have a great team. Cordill is almost sure-fire All-American ma-terial. S. M. U.'s squad will be light, but fast and shifty. On the Pacific Coast, all of the teams seems to be question marks. Stanford's hopes rest on sophomores. U. C. L. A. is changing its style and has had only 15 days to get straightened out. The Trojans of U. S. C. will be versatile, powerful team. There are line gaps

In the South, Tulane will be in fine fettle. Clemson looks for a better season. Tennessee, with the great Cafego, will have another great year. (Continued on Page 4)

#### Hockey Players To Start On New Field

by Frances Perry

With the beginning of a new academic year hockey competition looks keen. The champion team of '39 has graduated, leaving an open field for all classes. Six of the varsity play-ers have also graduated which gives every girl an equal chance for a position. Miss Doris expects an excel-lent team from the thirty-eight freshmen and the upper-classmen will put up a stiff fight.

Practices in stick-handling and other fundamentals will hegin in the gymnasium next week. At the present time it is not known where the field is to be, but both the lower end of the campus and the point near the fraternity houses are being consider-Miss Doris hopes to be able to report the decision in a few days

### Sho'men To Face Tough Schedule

Swarthmore And Juniata Threaten Sho'men

(Continued from Page 3) interesting one with the Sho'men seeking revenge for last year's de-

Blue Ridge is a new team on the football horizon. Last year the boys from New Windsor played freshman college ball, this year being their first against varsity teams. This team should prove to be one of the weak-est opponents we face this season. Little is known of their actual strength.

An exceedingly fast backfield and strong line characterize the Juniata team which the local boys meet on October 28th at Huntington, Pa. The river boys have always had a tough team and with many veterans returning this year should prove to be one the best teams the Sho'men face this year.

November 4th the Maroon Black team will travel to Carlisle, Pa., to face the Dickinson eleven. This is another new opponent in football, although Maroon teams in oth' r sports have competed against the lawyers. Past records of this Penn-sylvania team show that they have a team that will give the Sho'men plenty of trouble.

Homecoming Day will see Mt. St. Mary's as guests on Kibler Field. The Mounts have beaten the Sho'men every year since 1934. The team from Emmitsburg has lost some of its vetcrans, but has many new husky re-placements. With Bull Draper, for-mer Western Maryland star, as coach, the Mount's team should be a big im-provement over last year's disappointing squad. Draper is a stickler for fundamentals and any team he puts on the field will know football. Plenty of trouble for the Sho'men in this

Our old rivals, the Blue Hens of Delaware will be met on November 25th at Newark to decide the Eastern Shore Collegiate Football Champion ship. Last year the Blue Hens won by two points on a blocked kick. With an improved Marcon team this year, the Sho'men should gain revenge ov-er Delaware's shifty backs and seasoned line.

injecting a little humor into this col-umn, let notice be served that yours truly and "Little Windy" Hartnett will pick the winners this fall. Hold your hats until we swing into action within the very near future.

To those of you interested in ten-

nis, drop out to the courts Sunday The college team will square off with an independent team from Baltimore, Oak Hill, in a sort of informal get-together.

## Dr. Mead Speaks

(Continued from Page 1)

There are five fronts from which the present crisis is being attacked, namely, military, naval, propaganda, diplomatic, and economic. At present the law maker and the political leader are shouldering the burden. leader are shouldering the burden. But the duty falls to the lot of the college man when the fight is over.

It is the college man who has the training needed to become a valuable citizen. He has learned that reason-ing is a better guide than force. The next few years will require pure thought—thought that can come only from trained minds. Neutrality is a disturbing dilemma to all who try to do logical thinking, so youth must wish for a peaceful future and prove itself able to think independently and

To think, labor, and hope rather than despair is Dr. Mead's advice to the students of Washington College.

### Students Vote For U.S. To Stay Out Of European War

Students Favor "Cash And Carry", Increased Armaments, In Elm Poll

Washington College students, by an overwhelming vote of Washington College students, by an overwheiming vote of 299 to 3, feel that the United States should not enter the present European conflict as an active fighting agent. This question was closely paralleled by a vote of 286 to 16, on the question "Would you be willing to fight if the United States proper was attacked." Ninety-five percent of the students voted yes.

The poll was conducted by the Elm in assembly, in cooperation with the California "Daily Bruin," in an effort to determine nationwide student reactions or questions of war and neutrality. Ninety-nine and one tenth percent of Washington College students do not favor the United States entering the present conflict.

On no question was the student body evenly divided. The nearest approach to a deadlock occurred when 47% of the women signified willingness to fight if U. S. maritine rights were violated.

Here are the complete results of all classes and sexes: Should the U.S. enter the war under present conditions; yes, 3; no, 299. Will the spread of totalitarism by prevented if Germany is defeated; yes, 111; no, 189. Should the United States sell munitions on a cash-and-carry basis; yes, 183; no, 108; Do you favor increased armaments and armed forces at the present time: yes, 261: no. 40

States sell huntroons of the market of the present time; yes, 261; no, 40.

In answer to the question: "Would you be willing to fight if the United States proper were attacked," 286 voted yes; 16 voted no. However, on the questions of defending territorial possessions and any country of the western hemisphere, opinions were sharply divided. Two hundred and five voted yes to defend our possessions, but only 100 voted yes to defend the western hemisphere. Two were undecided. A majority of 2-1 did not favor defense of the Americas (202, no — 100, yes). A surprisingly large number were in favor of serving to help England and France, if their defeat was apparent. One hundred and seven would help; 194 refused. One hundred and twenty-six would fight if our maritine rights were violated; 175 wouldn't.

Historical Society Chem-Physics Society Chem-Chysics Society Che

Percentages, based on the total vote of 302, show that on the question of entering the war, 99.1 percent voted no; .9, yes.

Would totalitarism be checked? Yes, 37 percent; no, 63 percent. On

on willingness to fight if U. S. were attacked, 95 percent, yes; 5 percent, no. Territorial possessions, 68 percent, yes; 32 percent, no. Percentages dropped sharply on the question of fighting if any country in the western hemisphere were attacked: 33 percent, yes; 66 percent, no.

Bern the benefit of the freshmen

percent, yes; 58 percent, no; 35 percent, yes; and 65 percent, no, re-cil regulations.

men and women have the same genin ballot form through sponsorship of eral trend, but often differ sharply, the Elm. Both sexes agree on the first question, but on the curtailment of totaltion, but on the curtailment of totalitatism, 43 percent of the women did ing for organizations to the group. think Germany's defeat would ma-terially halt facism, while only 33 percent of the men did.

### THURSDAY

### Sho'men At Swarthmore

#### Grid Machine Geared For Tough Opening Battle

Washington College's Maroon and Black opens up its season today at warthmore, Pa., where they will meet a formidable opponent on Alumi Field at 2:30 P. M.

Coach George Ekaitis will make no predictions about the game except that he will start a team of veterans, excluding all freshman from the line-up. Few replacements are expected unless in case of injury or as a breather for the regulars. This indicates that Ekaitis has high hopes of winning this contest if he can keep his first team in the game without much change.

Swarthmore, with its whole team back from last year, is looking forward to an easy victory. Last year they made an enviable record of only one game lost. This is the team the Maroon and Black will face today.

Several days ago in a Chester, Pa., paper an article concerning Swarth-more's outlook read: "The Garnet Julian Coleman, who is replacing Ray Moffett as director of the Washington College Glee Club, has planned a full schedule for the year.

My. Coleman has selected a community of the community of

Coach Ekaitis feels that the tough schedule starts today.

Swarthmore's attack will be centered about Bob Jakle, fast hard running quarterback. Jakle is said to be a dead ringer for Padgett of Dickinson College, who everyone remembers from last year's game at Kibler Field and was chosen on the 'Little All-American.'' Jakle is a real threat and much of the success of the Ma-roon and Black depends on whether they can stop him.

Washington College will place one of the best balanced teams in sever-The Mount Vernon Literary Societial years on the field for this game, according to Ekaitis. With no 'shin-ing star" it is a team's team, not beng built around any one man. Each man in the lineup is an important cog f the machine.

Dave Bartolini appears in the startrening. Professor Tolles will be ing lineup at fullback for Coach lest speaker.

All freshmen and transfer students ont all last year due to an injury, afhe had received much credit as a ball carrier in practise sessions, is expected to add strength to the team, especially on the offense.

Replacements are numerous for the backfield positions, but the line is weak on replacements at the ends and weak on replacements at the emiss and tackles. Considering this, Swarth-more should have a hard time of it, trying to push Washington College back to the Eastern Shore before its tough schedule' gets started, barring injuries.

Look out Swarthmore. Here we

#### No Wings

The lack of support for the recent aeronautical training plan of here gives cause for thought. offered Between twenty-five and thirty applications were necessary in order to carry the plan out, while exactly four applications were turned in. There are several possible explanations for this phenonoma.

First is the financial obligation incurred. A forty dollar fee is required, to be paid immediately upon acceptance for registration. It's quite reasonable to assume that a few of us just don't have forty dollars to invest right now. Nevertheless, it definitely is an investment. The forty dollars each student is requested to put up is merely an evidence of good faith as compared to the two hun-dred and fifty dollars additional per student supplied by the government. The training itself would undoubtedly prove invaluable as civil aviation develops in the next decade, and op-

to devote four hours of classwork and service he is giving us.

two afternoons per week to one of The girls have been working for two afternoons per week to one of the best opportunities that will be of- this permission for a long time; and door is to hide what is inside to keep the best opportunities that will be of- this permission for a long time; and door is to hide what is inside to keep the best opportunities that will be of- this permission for a long time; and door is to hide what is inside to keep the best opportunities that will be of- this permission for a long time; and door is to hide what is inside to keep the best opportunities that will be of- this permission for a long time; and door is to hide what is inside to keep the best opportunities that will be of- this permission for a long time; and door is to hide what is inside to keep the best opportunities that will be of- this permission for a long time; and door is to hide what is inside to keep the best opportunities that will be of- this permission for a long time; and door is to hide what is inside to keep the best opportunities that will be of- this permission for a long time; and door is to hide what is inside to keep the best opportunities that will be of- this permission for a long time; and door is to hide what is inside to keep the best opportunities that will be of- this permission for a long time; and door is to hide what is inside to keep the best opportunities that will be of- this permission for a long time; and door is to hide what is inside to keep the best opportunities that will be of- this permission for a long time; and door is to hide what is inside to keep the best opportunities that will be of- this permission for a long time; and door is to hide what is inside to keep the best opportunities that will be of- this permission for a long time; and door is to hide what is inside to keep the best opportunities that will be of- this permission for a long time; and door is to hide what is inside to keep the best opportunities that will be of- this permission for a long time; and the best opportunities the best opportunities that will be of- this permission fered to them in their collegiate careers. Football and basketball tend to keep it. So the men student, and perhaps a few science students are asked to cooperate with us. ## SPORTS PARADE

Hopes will be high today as the Marcon and Black inaugurates its current gridiron season in the en-counter with Swarthmore up in Penn-sylvania. Realizing that this year's sylvania. Realizing that this year's etam, for the most part a veteran outfit, must redeem itself by bettering last year's dismal record, the boys should be keyed up.

Dope on the host's team seems pretty scarce. Off hand they should be somewhat stronger than the Shotam and for obvious reasons. First

team, and for obvious reasons. First they have a larger enrollment of male students than this school, which means more material for a coach to draw upon. Secondly they play somewhat larger schools than we do somewnat larger schools than we do such as Lehigh and Drexel, which re-quires a pretty good brand of ball. However, these signs are merely indi-cative and Washington College; which will enter the fray as underdog may

Swarthmore's big gun will be Bob Swarthmore's big gun will be Bon Jackle, a formidable triple-threater who, last year, quarterbacked his team through a season marred by hut a single setback. Behind him he will have a veteran team. All of which adds up to the fact that Swarthmore will be tough.

Coach Ekaitis still sticks to his guns by reaffirming his intentions to start an upperclass eleven. Except in the case of injuries, few replace-ments seem likely.

Notwithstanding all of this, several freshmen, on the basis of splendid showings in practice, might see action. Robinson, Adkins and Sheurholz are the boys this writer has in

Speaking of replacements brings capable footballer who just doesn't seem to get the breaks he descrives. #### Howeth - Watkins

On Saturday, September 30th, the long-awaited nuptials of Norman (Sleepy) Howeth, '38, and May Virginia Watkins, '39, took place at 3 P. M. in St. Paul's Church, at St. Paul and Twenty-seventh streets in Baltimore. The bride given in marriage by her father, wore a white moire gown, and a shoulder-length moire gown, and a shoulder-length veil of white net. Her bouquet was of white roses.

Anne Watkins, the maid of honor, was dressed in rose-colored taffeta, and carried tea roses. George Rasin, '37, stood for the groom. The ush-ers were John Mead, '38; Charles Benham, '38; and Marvin Smith, '37.

Following the ceremony, a reception was held at the home of the bride, after which the couple left for a brief stay in New York.

Many Washington College students and alumni were present for the wedding ceremony and reception. The future residence of Mr. and Mrs. Howeth has not been revealed.

Carrier in Charlie Rudo, Miller soph member of the Blue Jays."

Kristen Washington stopped Swarthmore and its highly touted Jakle last week on running plays, so it looks like Hopkins will have a tough time on bucking the line.

Steve Adkins, freshman candidate for guard on the Maroon and Black squad, will be the only change in Washington's starting lineup, taking Jim Dougherty's place, who suffered broken ankle in last week's game. Dongherty's loss will be greatly felt, but Adkins, who has looked good in scrimmage is expected to fill the gap, caused by Dougherty's injury. The only other possible change in the line-up is the possibility of Bill Smith tarting at one of the end positions.

Neubert, Collins, Kirby and Storm urned in fine performances last week on stopping Swarthmore's plays through the line. The whole line ooked good and is expected to hold Hopkins today. Replacements, how-ever, are badly needed.

Washington's big weakness is on pass defense. If this can be checked the chances for a victory are better

Today's game is the season's opener for the Blue Jays and little is known about them. Hopkins entire coaching staff viewed the Swarthmore game last week and expressed their K. confidence of a victory over the It Maroon and Black team to Coach Ekaitis after the game.

The Blue Jays have an impressive record bebind them with only one game lost in the last ten played. The 1937 season was finished with four victories, and last year only Alle-gheny defeated them. Swarthmore and Hopkins played to a tie last season.

"The Swarthmore game was lost "The Swarthmore game was lost to tactical errors," says Coach Ekaitis, "and these will be corrected." The team as a whole turned in a good performance, with Hoppe turning in a good job at calling signals on his first attempt. The team has more scoring punch than last year and Hopkins will have a tough time of it."

Freshman will play a large part in deciding the outcome of the game. Sure to see plenty of action are Ben-jamin, an end; Adkins, a guard; Scheurholz and Robinson, backs. They turned in fine performances Saturday and much is expected of them today.

Hopkins defeated the Maroon and Black team last year in a night game at Salisbury, 7-0. The Blue Jays were ontplayed but had the scoring punch that Washington lacked. With an improved team offensively, Wash-ington should be hard to lick even if Hopkins has improved from last year.

Student tickets will admit all Washington College students and members of their party. This is in compliance with the Hopkins nonprofiteering athletic association.

## SPORTS PARADE

by Ed Davis

Washington College football stock took a decided upward swing last Saturday at Swarthmore, for though it was nosed out by a single point, it looked plenty good in defeat. Emerging from a seven-game slump extending over all of last season, the Sho'men displayed a scoring punch which was surely a sight for sore eyes as far as gridiron enthusiasts here are unable to gain. Both teams seemed concerned. Only the inability of any to be evenly matched. of the local booters to convert cost us it certainly gave a highly-favored team a close shave. With the boys knowing they can score if they fight. the morale of the team was bolstered infinitely.

Teday's game with Johns Hopkins should tell a different story. We have an eld score to settle with the Blue Jays anyway-the little matter of last year's one-point defeat in Salisbury at their hands. So, out goes the neck of yours truly with the prediction that the Maroon and Black will triumph at Homewood Saturday

As for last Saturday's game, it is point was good vealed several things. First, of with Swartbmore in front by one course, is that we can score. Secondly, the performance of some of the frosh footballers should warm the cockles of George Ekaitis' heart. Never furnished with an over-abundance of material, Ekaitis has usually been hard put to it to make both ends meet. This year, however has proven somewhat of an exception.

Schuerholz, freshman back, playing his first college game Saturday, looked plenty good. His line buck from the seven yard stripe in the third period accounted for one of Washington's scores. More laurels go to Robinson, whose pass receiving as one half of the Fetter to Robinson combination, garnered our other touchdown. Bill Benjamin, a new comer at end shows promise of being an outstanding player lacking only experience at this point. By way of veterans, Ed Watson demonstrated that he can really tote that pigskin, if the line will break him out in the open. Dave Bartolini gave a nice exhibition of line plunging while Hoppe quarter-backed a good game in his first time out.

Suffice it to say that Washington College will be treated to some fightin' football, if the brand of ball displayed at Swarthmore prevails throughout the season.

Just skipping around at random, we notice that Dutch Lentz has been appointed basketball coach at West appended basketoali coach at West Foint, Local fans well remember what a nightmare Lentz-coached teams from St. Johns have been to Washington College. Here's wish-ing a good coach good luck. Back to football for a moment to say that Jim Dougherty's injury in the Swarthmore game was certainly un-fortunate. The team will be depriv-ed of a plucky "watch charm" guard

Basketball gets underway with a five day trip up in Pennsylvania A record number of entries started play Monday in the tennis tournament, showing the increasing popularity of this sport on the hill Finalby the football prognesticators, this writer and "Little Windy Hartnett" are praying that they'll break even for the season, a possibility which seems plenty remote if upsets continue at last Saturday's rate. Anyway Tennessee should come through un-

### Sho'men Lose Opener, 13-12

Sho'men Aerial Defense Proven Weak Point

The Ekaitismen opened their 1939 campaign with a heart-breaking 3-12 defeat at the hands of Swarthmore. Although weather was favorably warm, Washington College gridmen proved that they were a very much underrated eleven when they piled up two touchdowns against a strong Swarthmore aggregation. The loss may be attributed to the in-ability of the Sho'men to step a strong Swarthmore aerial attack.

The first quarter saw each team

Washington fans went mad in the a hard-fought game. ### Court Battle Pending Over Foxwell Estate

#### James Chapman To Represent College In Defense Of Its Claim To Contested Will

by James Spielman

A question of vital interest to Washington College will be determined by the Circuit Court for Kent County, in Equity, on Friday, October 27, 1939. The Court will convene on that day Friday, October 27, 1939. The Court will convene on that day for the purpose of determining the proper party who, under the will of the late Garrett Foxwell, is entitled to receive the residue of his estate which is estimated to be in the neighborhood of \$25,000. This amount is at present a part of the funds being used for the building of the Bunting-Foxwell Library on our

Campus.

Garrett Foxwell, a graduate of Washington College and one-time State Senator from Kent County, was very much interested in the welfare and progress of the college and in his will bequeathed, conditionally, a large portion of his estate to Washington College. The point of contest in the will is whether or not Washington College has adhered to the provisions therein stated. Upon the death of Mrs. Foxwell, several years ago, the trustee of the estate was to turn the greefied currence to the trustee of the estate was to turn the specified sum over to the college. Some time ago the beneficiaries of the will saw a point of contest and filed a declaration demanding that the will be interpreted by a court in equity.

The will of Garrett Foxwell had primarily two previsions: First—"The Vannort Chapman, Baltimere atterday a new properties."

Wr. Gallagher spent the remainder of the control of the contr or other like building for the use of or ether like binding for the use of Washington College in Chester-town"; Second—"The creatien, in perpetuity, of five free tuition scholarships for the college which shall be known as the "Garrett Foxwell Scholarships" to aid deserving young men and for the advancement of education. The scholarships first to be ncation. The scholarships first to he opened to all white resident youths of any part of Kent County, in the State of Maryland :- and if at any time a sufficient number of applicants from Kent County, Maryland, shall not apply-then the same shall be awarded to young men of the Eastern Shere of Maryland; -and in case

there should be no applicants from cellege. this source; -then to be open to white young men who may be resident of the County of Kent, in the State of First ODK Dance Delaware;-If for any reason Washington Cellege fails to accept the beington College rails to accept the output of the control of the co ton College;-If for any reason St. calist.

John's College in a similar way fails

The

College a liberal sum of money in re-turn for free tuition scholarships for all Maryland resident students who enroll at the college. This may have partially nullified the second prevision of the will, however, the Board of Visite and Council will Revise Exam Re ion of the will, however, the Beard of Visitors and Governors of Washington College accepted the bequest within the specified time. According to the second provision of the will, Washington College was to have established five free tuition scholarships to applicants from Kent County in Delaware, upon the insufficiency of the give the committee the power to applicants from Kent County. Mary-specified with the control of them. A motion was passed to give the committee the power to applicants from Kent County. Mary-specified with the control of the committee the power to applicants from Kent County. Mary-specified with the control of the committee the power to applicants from Kent County. ## Y.M.C.A. Plans

#### Intra-Mural Soccer May Be Sponsored By "Y"

Mr. Howard J. Gallagher, secretary of the Keystone Automobile Club of Philadelphia, addressed the student body at the assembly last Thursday morning on the subject of "Sales Management."

At its last weekly meeting, the YMCA discussed the feasibility of holding a high scheel conference at Washington Cellege in carrying out its pregram of being a service of "Sales Management." open to high school students of the Eastern and perhaps Western Shores

The idea of the conference is not Field at 2:30 P. M. field, and the distribution field.

A young man, seeking a position cular topic chesen but also to get as a salesman with a large company, high school students interested in must meet many requirements. First, Washington College. In view of the

wenld require an unusual amount of labor from each member of the YMCA in the way of publicity and alby a written exam. In this course is for actual preparation. The conhe is given a favorable outlook, a liking for saleswork, and a code of etherics.

Mr. Gallagher spent the remainder discussion will be held at the next meeting of the organization. If the

tary to fill the vacancy left by the resignation of Ogle Hess.

#### Bill Smith Heads Interfrat Council play of the afternoon.

At a brief initial meeting of the W. Kellog Urane died in the University of Pennsylvania hespital Thursday, October 19. Kel was bern September 14, 1916, in Sommerville, N. Y., the sen of Wilbur F. and He attended Penn-elected vice-president and Bill Buckistence of the present organization. Its purpose is to sponser and regulate all interfraternity functions on this campus.

### Schedale Changes

Omicron Delta Kappa has announced the following changes in the activities schedule which it deter-mines. The Mount Vernen Literary Seciety meeting time was changed from the first and third Mondays the month to every third Tuesday of the month at 8:00 p.m. The Interfraternity Council was scheduled to meet on the second and fourth Thursday of each month at 6:30 p.m.

#### Varsity Club Secures Delaware Orchestra

The Varsity Club initiated its ac-The variety Child intrasted its ac-tivities for the year with the sale of "W" tags for the Blue Ridge game teday. The club is also completing plans for its annual Homecoming dance to be held November 11. A good twelve piece orchestra is being contracted and colorful decorations are premised.

### Maroons Face Youth Meeting Blue Ridge On Local Gridiron

#### Sho'men Expect Victory In First Home Game

"Beat Blue Ridge" is the battle cry fer Ceach Ekaitis' Maroon and Black team, fresh from a victory ever Hepkins, when it takes the field against Blue Ridge College teday en Kibler

Blue Ridge Cellege is having its first year of intercellegiate football and is making a reputable showing. Meeting such teams as Drexel and Dickinson it has showed everybedy that foetball is now a serious sport at the College. Last week Hofstra College barely upset them by the score of 7-2.

The Washington lineup will be unchanged. Nenbert and Smith will be at ends, Kirby and Sterm at tackles, Adkins and Collins, guards, and Dudderer at center, with the backfield being made up of Watson, Fetter, Hop-

Blue Ridge, first scheduled as game, Blue Ridge turned in fine per-fermances against Dickinsen and Hofstra and with the Washington of-fensive obviously weak the game

Last week it became even more obvieus that the Maroen and Black effense is sadly lacking and although Albert Wharton was elected Secrethe score of 15-0 was impressive, the ry to fill the vacancy left by the score may well have been closer had it not been for two costly Hopkin's fumbles on the goal line. Fetter's dropkick was a "honey" and was the one consoling factor for effensive

Washington is strong on defensive play and play smart, alert football, taking advantage of the breaks. This was pointed out in the Hepkins game. The line, a question mark at the open-ing of the season, turned in a fine performance. Both teuchdowns were ingham secretary-treasurer. 1939-40 bles. Tackling by the whole team was good. Blue Ridge should have a tough time penetrating our defense.

This is the first game on the home field and a large crowd is expected to turn out and cheer the team on to victory.

No set-up, as many think, Blue Ridge should give the cellege a real battle, so come out and see the game.

The lineups for Blue Ridge and Washington:

Washington		Blue Ridge
Neubert	RE	Fielding
Storm	RT	Metcalf
Adkins	RG	Gloski
Dudderer	C	Bakula
J. Cellins	LG	Fleming
Kirby	LT	Cannene
B. Collins	LE	Liptak
Heppe	QB	Randall
Watsen	LHB	Morrissey
Fetter	RHB	Barnini
Bartolini	FB	Margietta

#### Rats And Stuff

Published weekly, from September 26 to May 29, except holidays, by and for the interests of the student body, faculty, and alumni of Washington College, the eleventh oldest institution of higher learning in the United States. Founded at Chestertown, Maryland, 1782. and with it we will witness new developments in student life.

In the past several years some of us have seen and perhaps felt the trend toward the reduction of "ratt-ing." This year there has been no Editorial Board Alice Williams
Emest Shockley, George Grieb,
James Spielman
News Editor Evelyn Caplan

Reed Hartnett
irend toward the reduction of "ratting." This year there has been no hazing aside from the usual initiation party given for the freshmen soon after their arrival. As a result of the control contact between the freshmen and sophs. Many upperclassmen have been heard to comment upon the apparent remoteness of the "rats". is particularly evident that this year it is taking longer for the new class to become acquainted with the other classes. If hazing was the method which promoted closer relationship among the students, it seems an unwise policy to effect its departure from the campus. However, if it is proven to be an objectionable prac-tice it is up to us to find a means of keeping the four classes welded into what we remember as "the friendly college."

Along with the passing of hazing we find some old traditions being ne-glected. Freshmen wear their caps glected. and identification badges at their own pleasure since they are protected from being forced to do so. Likewise that privilege of the upper-classman asking of a freshman a reasonable request is apparently gone for-ever. The proper extent to which "ratting" should be allowed has been a frequent subject of many bull ses-"ratting" should be allowed has been sions for the past few weeks. pears to be the opinion of many up-per-classmen that "ratting" be revived in a mild form or that some other means be adopted wherehy the frosh will become properly acclimated to college life. A properly conducted poll to ascertain student opinion on We had hoped with the passing of the problem would be most interest-

"Your face isn't; 1 don't know about your imagination."

#### GRIDIRON GREAT

"I'll bet you're on the football team.

"Yeah, I do all the aerial work." "What's that?"

"I blow up the footballs."

## SPORTS PARADE Fetter Punts And Passes Team To Victory

Blue Jays to the tune of 10-0. Somebody said the two teams played the body said the two teams played the butterfinger bowl classic and I guess that's about the size of it. Washington College, however, played enough heads-up ball to capitalize on two of the many fumbles which marred the game. These accounted for two touchdowns. Fetter's amazing forty-yard drop-kick for a field goal eage the locals the other three points. gave the locals the other three points.

Again the team displayed an in-ability to convert extra points, the same failing which cost us the Swarthmore game.

The game itself, played before capacity crowd was relatively drab and didn't produce any of the long runs or passes which spectators love. blowing up and down the field empeded kicking progress.

Starring honors go to Charlie Fetter who really put out a great game both on the offense and defense. His kicking, and passing, were excellent Watson who just couldn't hold on to the clusive pigskin and is carrying one around the campus another week for his efforts. Whether this system is a cure or not is questionable to this writer, it will probably serve to make him more self-conscions of his fumbling than ever, However, so much for that. Today, against the

eleven, at home, the Maroon eleven get it. Blue Ridge, new to college football, has a green team and shouldn't prove to be much of an obstacle. On the other hand nobody seems to be licking Blue Ridge very badly. Dickinson just edged them out 8-2 and Dickinson has a pretty fair team. Just the same the Sho-men should have a little too much on the ball for the Mountain boys. With one win tucked away, the boys should be rarin' to go for more.

Freshman material continues to show promise. Charley Smith, Steve Adkins and Schuerholz all looked

pretty good in the Hopkin's game.
Jumping around at random—For
the life of me I can't understand what ever prompted me to start predicting football games. The more the worse or something. Schuerholz, according to rumor, is a pretty good basketball player. Also that Coach Kibler has found a man to replace Pfund on the nine. The Mt. St. Mary's College paper says that the Mounts will take Washington College in stride...We should have something to say about that...Tennis thing to say about that. tournament progressing slowly due to cold weather. Nagler pacing intrants into quarter-finals.

Intercollegiate athletic competition has been abandoned by Bard College.

The Temple University school of medicine had 2,000 applications for 110 vacancies in its freshman class.

### Maroons Defeat Hopkins, 15 - 0

Completely reversing their play of a week ago, the Sho'men triumphed over a stubborn Hopkins team by the Well, it seems like the scoreless score of 15.0. The game itself was wonders finally broke the ice last Saturday at the expense of the hapless cossive fumbling on the part of both teams. Many offensives were stopseemed sure of themselves. However, the Sho'men did gain considerably via the air route, and dominated the play along that line.

With the wind to their backs, the She'men kicked out of bounds on Hopkin's 12-yard stripe, and a few plays later scored their first touch-down, when Bernstein fumbled a kick and Kirby fell on the ball over the goal line. Five minutes later, Bernstein duplicated his trick and this time, Howie Neubert, strong side end, fell on the ball for the second Washington touchdown. No other scor-ing was done until the fourth quarter, when Fetter dropkicked a beautiaddition to this, a strong wind ful 30-yard field goal, making the final score for the day.

Hopkins had several chances to score, but lacked the needed punch to put it across. On several occa-sions, with the ball resting on the seven-yard stripe, and four downs to and his defensive work was good. Bill put it across, they encountered a Smith starting at end looked good in strong Washington forward line. snaring a couple of passes. The goat seems to have been fleet little Ed Towards the end of the game Washington, using all reserves, were driving toward another score, only to be stopped short by the final whistle.

> St. Mary's University (Texas) owns a bus for athletic trips that holds 53 passengers.

Despite its present low standing, the University of Chicago grid team will be seeking its second straight the University of Chicago grid team win. Off hand it looks like they will has won more Big Ten championships

Another distinctive feature of

rapidly being erected on the lower campus, we are reminded of the fact that Middle Hall will celebrate its hundredth birthday in 1944. From the cornerstone, just above the Silver Pentagon plaque commemorating some ivy that didn't grow, we gather that the original hall on the "hill" was built in 1783. It was destroyed deal with writs and sheriff's sales and by fire in 1827. An amusing, but all sorts of legal hocus pocus and they do, and it's peculiar that nobody grossly inaccurate report of that fire name calling. was published in the Elm two years ago, written by that eminent scholar, George Grieb.

If our memory serves us accurate, a picture of the original college building hangs in the library, or in tures hanging around there, that it is really confusing at times. Any-way, the picture we mean hear the state of Rill Delay. Miss Mattie's office. Or perhaps it's in the hall. There are so many pictiful tree plop in front of the old hall. We've often wondered what became of it; the tree, we mean. We know happened to the building-it burned. And with the building went most of the administrative records. As a matter of fact, it took the Historical Society, of all people, to dig up an extra president, or two, from some of their musty old documents.

Remember, all this happened before he days of Sears, Roebuck and Co., consequently, if a gentleman in res-idence at W. C. didn't pay the fifth installment on a new hair ribbon, the merchant got sore and sent the sheriff up. If the cheriff was lucky, he didn't get plunked in a duel, or have his whiskers singed, all by accident, we trust.

To get back to Middle Hall, we have it on eminent authority that the building is essentially colonial in de-

#### Tolles Speaks On Ekaitis Gives Maroons Fifty-Fifty Chance Against Juniata Oscar Wilde's Life

Mt. Vernon Inaugurates Literary Season

by Mary Campbell

"Tragedy is a great soul gone wrong, and such was the life of Oscar Wilde", said Prof. Winton Tolles at nonthly meeting of the Mt. Ver non Literary Society Tuesday even

Winton Tolles acknowledged the honor of addressing the society, and recalled his own collegiate dis-covery of the author's "Dorian Grey." Admitting that free thinker Wilde's doctrine of "Art for art's sake" was perhaps not the wis "Art for est cult, he never the less felt feminist Wilde's literary genins would out what ever back sliding effect his beliefs might have on the school's literary society members. In "Dorian Grey" prose writer Oscar W. mirrow ed his own life of free living. Bor: Born in overstuffed Victorian period-or Irish descent-possessing a flare for the spectacular-in the cold light of disfavor he lived his life of living by the senses but hadn't the vertibrae to and behind, his radical beliefs. Ex ibitionist Wilde harnstormed America, including Denver, at the height of his popularity, returned to England he remarked English and Americans married an English nearess and tled down to his life of license in earnest. This was shortlived, terminated by a court summons. When sent to prison for two years for his radical practices Oscar Wilde wrote in a more serious vein the Bellad of Reading Gaol. Death found him three years later in Paris where he had preserved himself in alcohol afhis release from prison. He is remembered not for his exotic vein prose to lyric fairy stories, but for his stinging epigrams. Victorian Wilde is said to have the greatest style of any English penned author. Closing his remarks Lecturer Tolles quoted some of the Bohemian's epiquoted some of the Bohemian's epi-grams—"Nowadays people know the the Adagio and Allergor from a Le-price of everything and the value of clair sonata. The Adagio was smooth-nething—she looks like the debt y done with the harp blending bean-edition of a wicked French novel tifully with the solo instruments. #### "Things To Come"

Several years ago a book was written and later a motion picture pro-duced from the book. The picture, probably the best known of the two, bore the title, "Things to Come." At Naval Academy Hop Saturday night. end the time they provided entertain-ment, but it is unlikely that much at least it does not seem so. How er, time altereth all things and the 'Things to Come" are here perhaps.

Among other things envisioned was a war to begin sometime in 1940 that was to shake the very foundation of civilization and leave the world in shambles. Need we go any further. Any day now we may witness the beginning of the fulfillment of this prophecy. Even the most optimistic some of the Abnormal Psychology are almost ready to concede this. From evidence brought out in various minor struggles it looks like the world will be extremely fortunate if this in-evitable war can be ended quickly and thus prevent the complete de-struction of at least part of the globe.

It appears that the die has been construction. the accuracy of his predictions is un-

## SPORTS Blue Ridge, 20-0 PARADE

game where injuries were rampant on both sides, Washington seems to have fared the worst. Three men, one varsity and the other two first line replacements were relegated to the sidelines and won't see action this week. Dave Bartolini, the local line bucker is on crutches as is Robinson, freshman back. The other casualty, Schuerholz is laid up with a kidney injury which may keep him out for several weeks.

down this position. This boy can catch a pass, and why more don't come his way is one of the mysteries of life. Ditto end, Benjamin, who is plenty good on defense in the bar-

Now for the standout performer of last Saturday's fray in our minds, Omar Jackson, small, but fast as a deer, this lad, in the brief chance that he got, demonstrated that he can lug that ball in a hurry. We can see how his rating as an all-scholastic back at Baltimore City College came We can see about, if Saturday's sample is his usual brand of ball. A starting birth should be his at the asking, but the powers that be don't seem to see

will probably remain intact with Hoppe again quarterbacking the

that a little razzle-dazzle can produce results. In throwing laterals galore, the team really looked classy and struck pay dirt to boot. Why we haven't used more in games before, I can't see. Another feature of the game which clicked was the spread formation on a pass play. Only an official decision washed Chust. Colling.

Tickets will be on sale in the imofficial decision rooked Chuck Collins out of a spectacular score. The game took us back a year or so ago to the triple lateral days of Huffman, Evans, Young, Wilmot and others. Let's see some more of the aerial circuses. Just one more feature—converting extra points. Seems like we just haven't got the touch. As a suggestion, Chuck Collins, not a bad drop-kicker in his own right, should get a chance, as long as everybody else is trying.

Skipping around at random-the tennis tournament has finally reached the finals and by the time this reaches you, may be over ... A little early to think of All-Maryland selections, but Dudderer will rate consideration at center... "Chubby" Quillen thinks he is a dash man. After that, I guess its time to rack up.

Members And Cost For Year Examined

Preferential Bidding In Effect This Year

(Editor's Note .- This information is presented yearly for the benefit of prospective members of the sororities.

The editor will not be responsible for any omissions or errors.)

Sorority rushing has definitely started with Alpha Chi Omega, Zeta Tau Alpha, and Alpha Omicron Pi in the midst of "sleuthing" for new

A new system of preferential bidding is going into effect this year. On November 3 each girl who has received a hid will be notified by a form card to that effect. In this way a girl will get only one card, regardless how many sororities bid her. The girl will be required to put her first and second choice on the card. If the sorority of her first choice bids her she will receive that bid. On the other hand if her second choice bids her and the first does not, she automatically takes the second choice bid.

The cards must be returned to Miss Whitaker by 10 a.m., Saturday, November 4. There will be a silence period from 8 a.m. Friday until 5 p. m. Saturday, November 4.

### Considered On Campus

In an effort to sound out student opinion on the question of intra-mural soccer, the Y. M. C. A. will call a meeting in the near future of all men students interested. If sufficient interest is evidenced, the "Y" will go ahead with plans to have an intra-mural soccer league. All players will furnish their individual equipment, the athletic department furnishing balls, and a referee.

Discussion of a "Y" high school conference has been tabled for two weeks, pending administration support. The next Y. M. C. A. will be a joint discussion meeting with the Y. W. C. A. in Hodson Hall. Tuesday, October 31, is the date and the discussion of the support of cussion topic is the "International Situation."

# Obacco...opens Doors to Fields Work & Achieve where People Live, Work & Achieve

loday there are about 1,000,000 cigar stores, drug stores, country and grocery stores where you can buy cigarettes in the United States. These retailers, and the jobbers who serve them, have built up a service of courtesy and convenience unmatched by any other industry catering to the American public's pleasure.

THERE ARE ANOTHER MILLION people who are engaged directly or indirectly in the transportation of cigarettes to every town, hamlet and crossroads.

IT IS ESTIMATED that there are 1,602,000 tobacco farmers raising tobacco in 20 out of the 48 states. Good tobacco is one of the hardest crops to raise and bring to market, requiring great skill and patience from seed-bed planting to harvesting and curing. The modern tobacco farmer has done well the job of constantly improving the quality of his product.

THE AVERAGE LENGTH of service of the 13,230 people working in the Chesterfield factories, storage bouses, leaf-handling and redrying plants is over 10 years. This means that every step in the making of Chesterfields, regardless of how small, is handled by people who have had 10 years of experience and ability in knowing their jobs.

IRULY TOBACCO OPENS DOORS to fields where people live, work and achieve, and Chesterfield takes pride in its ever increasing part in this great industry that is devoted entirely to the pleasure of the American public.

O SMOKERS, Chesterfield Cigarettes have always said, and now repeat, that in no other cigarette made can you find the same degree of real mildness and good taste, or the same high quality of properly cured and aged tobaccos. Chesterfield Cigarettes are made with one purpose only ... to give smokers everywhere the MILDER, BETTER-TASTING SMOKING PLEASURE they want. You can't buy a better cigarette.

#### Sho'men Face Red Devil 'II'

#### Three Southpaw Passers In Dickinson Lineup

Washington College's fast moving eleven charges into Carlisle, Pa., today to meet the Dickinson College Red Devils on the gridiron in the feature attraction of a "Parent's Day program.

The Red Devils, the strongest team we have met so far, are a fast mov ing eleven with plenty of weight and a great offensive.

In five games the Red Devils have won three and lost two. Blue Ridge, Susquehanna, and the University of Delaware proved easy to the team but have dropped the last two games, played on a southern trip. Washington and Jefferson turned them back 14-6 and Roanoke College defeated them 13-0. After these two defeats the team is looking at today's game with a grim determination to win.

Coach Art Kahler has shifted the lineup hoping to put the strongest about today's game.

The Maroon and Black goal line has not been crossed since dropping has not been crossed since dropping the season's opener to Swartinmore students and alumni a gala evening.

13-12. The Maroon defense is good and should stop the Dickinson running plays.

The gymnasium will be gayly decorated with the colors of different colleges. A large crowd is expected

Dickinson's main offensive is an With three southpaw aerial attack. passers, Wasilewski, Bogar and Bermatowicz, all backs who can pass and receive plenty good and capable receivers on both ends the attack is hard to stop. Tyson, right end for the Red Devils is one of the fastest men on the team.

The Dickinson team is practically The experience sophomore team. it lacked in the opening game it has now and is well keyed up for today's

The Red Devils sport Wilson, the only senior on the line, at the center position. Wilson, fast and a hard tackler should be the best center the Maroon team meets all year.

Washington's line-up is still jngwashington's line-up is still jug-gled because of injury. Schuerholz, Robinson and Bartolini, injured in the Blue Ridge game will be out. Added to the list is Ray Kirby who, because of a bad ankle will not start tackle. Joe Palmerini, a junior, will take his place on the line.

The Washington offensive will be The running is good as improved. In the hard to stop. The running is good and blocking has improved. In the air the offense has clicked well. Lateral passers have been the features of the team in the last three games and have came through for touch-downs on more than one occasion. Lateral passes, although not planned, are not purely accidental and show that the team is alert and playing smart football.

### Greeks Entertain After Pledge Ceremonies

Twenty-two girls accepted bids issued by the three local chapters of Alpha Chi Omega, Zeta Tan Alpha, and Alpha Omicron Pi. Eight girls at the accepted Alpha Chi bids, while each of the other two pledged seven apiece, using preferential bidding for the first time.

Alpha Chi Omega pledged Elizabeth Beck, Chestertown; Mary Campbell, Easton; Marion Decker, Elkton; Helen Marie Culver, Chestertown; Francis Harris, Quaker Neck, Dian Hubbard, Chestertown; Mary D. Blackwood, Philadelphia, Pa.; Leslie Lewis, Philadelphia, Pa.

Zeta Tau Alpha pledged Virginia Cooper, Baltimore; Anne Fenderson, Washington, D. C.; Ellen Peters, Bal-timore; Naomi Russell, Chestertown; Joan Fischer, Dover, Del.; Betty Lussier, Rock Hall.

Alpha Omicron Pi bids were accepted by Betty Dockhorn, Balti-more; Margaret Ann Dukes, Chestertown; Jean Leland, Baltimore; Mildred Price, Frostburg; Claire Robinson, Palmyra, N. J.; Eleanor Rieck, Preston; and Eleanor White, Chestertown.

The Alpha Chi Omega Sorority entertained its new pledges and active members with a buffet supper at the home of Miss Frances Kreeger.

Alpha Omicron Pi entertained pledges and members at dinner at the Bellhaven; this was followed by the regular fee for special examinations. formal pledging of new members and a party at the home of Mrs. Jesse J.

> Mr. Eben Perkins acted as referee and compared the list of bids issued by the several sororities with the cards designating the first and second choices of the prospective pledges. He then reported to each serority the names that coincided. All cards were signed before 5 p. m. on Thursday, and the lists of bids turned in before midnight. Silence period was

#### Uncrowned Kings

Uncrowned Kings

The recent birthday of one of our campus leaders provided the impetus for a little reflection the other day. We started out reminiscing and ended up almost awed by the importance of the activities of some of our campus leadership organizations. Efficiently and unassumingly they carry on the following of the activities of some of our campus leadership organizations. Efficiently and unassumingly they carry on the form of the president will show how for the start of the stuff out of our mouth was truthed as usual that stuff we had for lunch Tuesday.

Uncle and rise the wall, and if it ain't warm, I go food was really good two years ago food, what was that stuff we had for lunch Tuesday.

Uncle and rise will show how was it Wednesday, maybe Thurs-day; anyway it doesn't matter, for it was it Wednesday, maybe and if it ain't warm, I go food was really good two years ago.

And speaking of food, what was

an ever-increasing number of functions, touching every walk of college life.

Omicron Delta Kappa came first to our minds, and perhaps rightly so; for the importance of their task and the breadth of their scope is little realized by the average under-graduate. Theirs is the duty of coordinating the activities of all minor organizations, of arranging their meetings, of alloting their appropriations from the school budget, of auditing their financial reports. Theirs is the thankless task of sponsoring and doing the work for most of our informal any many of our formal dances. Fin-ally, and most important, theirs is the duty to bring together the stu-dents and the faculty on a basis of better understanding and closer cooperation.

The importance of the Student Government Association is universal ly recognized, but the organization does its work so quietly and efficiently that few realize the extent of their authority. It is the duty of the Student Government Association to be responsible for the discipline and coutrol of the whole student body, to su-David Clarke
Joseph Palmerini
Rufus Johnson
To represent the student body, to supervise and enforce the honor system,
to represent the student body in matrequiring representation of the group, to act as a court of trial for any student suspected of violation of the honor code or the laws of the college.

> Not complacently content to carry out these varied delegated powers O. D. K. and the Student Government Association are constantly taking on new burdens and performing tasks Sho'men Let us, the rank and file of the stndent body, show our appreciation to dent body, show our appreciation to these, our representatives, by giving Slants them our best cooperation and support.

#### Third Term?

tial election. This election in 190 boys were still enjoying it. And will, no doubt, be very important in deciding the path of our will, no doubt, be very important in deciding the path of our country. Why not do like Beloit College who through the present congestion of is going to have two Thanksgiving

Throughout the summer we will be surrounded by that quadrennial propaganda issued by the two major political parties. The question of discussion. A matter of custom is the chief essence of much opposition, having as its basis the refusal by President Washington of a third term. The question of whether the custom should be continued or not is debatable.

Many feel that in the time of crisis and uncertainty, a president with much experience should be chosen, regardless of custom. It is a general fact that in times of national emer-gency there is little attention paid to all of your former friends merely because they went "the other way."
Renew and keep your friendships outleast the went was all keep your friendships outleast the went was all keep your friendships outleast the went was all keep with the went was all the went wa this valuable in later college life.

Be broad enough to see that every one that amounts to anything isn't in your group. There are many others worthy of your friendship and acquaintance. Broaden out and he happy.

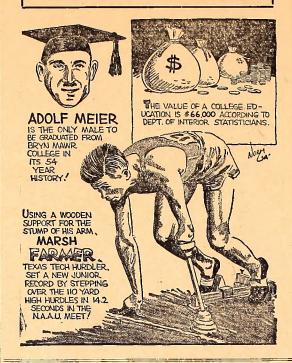

"Loyalty, democracy and integrity" should be your motto for the coming years. Believe and live these attributes and success and happiness in your social life will come without effort.

"Since there are several government officials organization the content of the content in your social life will come without effort.

Since there are several government officials organizing the meeting its legality is already being questioned that there will be several special fearerlative to the recently enacted Hatch lines.

And some members of the limit of the

air, on line smashes and even showed and Bill Smith paved the way to vicoff a forty yard field goal against tory.

ed by a student of the Dick Harlow school of football. "Bill" Dreper has taken over the reins up in Emmitsburg and with his experience has done a pretty good job. What games the Mounts have lost were to good clubs and by close scores. Win, lose or draw it will be a good game because of the rivalry if for no other

Last Saturday's game provided some unexpected features.

First and foremost was the conversion of an extra point-the lad who turned the trick was end Bill Smith on a place kick. Second, Al Dudder-er, Washington College's fighting center, Washington College's ngnung con-ter, blocked a kick and won a hat for his trouble. Local fans I think had trouble. Local fans I think had nn hope of getting an totalling more than \$1,000,000. failing which cost us the Swarthmore game. Maybe we'll see some more before the season's over.

Just one more commentary on Saturday's game-the team once more indulged in a little razzle-dazzle and again it paid off. In this writer's opinion, its profitable as well as colorful football.

Looking around the nation large, we find Tennessee, Michigan, Cornell and Notre Dame lined up in that order, all undefeated.

Cornell, having a great season to-date, has more or less revived football in the Ivy league, one time scene of the country's best football. Only Notre Dame who has scraped through five tough battles seems headed for possible trouble. Their schedule is getting tougher right along and Southern California in the late fall will be a great obstacle. Cafego, of Tennessee and Harmon,

of Michigan, loom as two All-American candidates.

### "Zaca Adventure" Social= Added To Library

Of all the new books in the library, "Zaca Adventure," by William Beebe, would probably have the most wide-spread popular appeal. The name, Beebe, is nearly universally recognized as an authority on marine biology

ous, and the passages dealing with underwater life are quite compre-hensible. The book is excellently il-Instrated with photographs of ship, its assorted erew, seascapes, and marine specimens. The style is good, if informal, and it's a grand adventure story all the way through. Recommended for light reading, especially if one is interested in biology.

of especial interest to the language students, more specifically to advanced German students, is a reprint
of "Des Knaben Wunderhorn," in
three volumes. This is a famous collection of old German "Lieder" first
on was entertained at the home of lection of old German "Lieder" first son was entertained at the published in 1819 by Ackim von Arnim and Clemens Brentano, of the University of Heidelberg, both of Sunday as were William Mewhom are early German romanticists.

Adams and William Catlin Ulair Robinson went home to Palmyra, ments of nearly every country are proceeded by an interest in the national folk songs and folklore. In England, have "Reliques," and "Ossian"; Decker, Betty Dockhorn, Walter in Germany we have the Grimm brother collection of fairy tales, Herder's
"Folk of the World in Song," which
included songs of the American Indians and "Des Knaben Wunderhorn",
nationally we nave the Grumm progradient Song, Walter McCauley, Phyllis Peters, Ellen Peters,
and Virginia Cooper ... Wilson Schuerholz has recovered from his recent
injuries and is again around the cama nationalistic collection of old Ger- pns. man "Lieder", many with their origin in the medieval period, or before. For example, there is the "Tannhauser" legend, later included by Wagner in his opera. (Des Knaben Wunder-; Arnim and Brentano; Mossr Winter, Heidelberg, reprint, 3 Call No. PT, 1203, A7.)

There is also a collection of German lyric poetry, which is quite nice. The book is of a convenient size, and clearly printed. German lyricism, it is not as well known as its English counterpart, often reaches the same heights as did the best of our romanties. This collection is limited to German students. This eollection, too, (Die Lese der deutscher Lyrik, edited Friedrich Bruns; Crofts and Co., New York, 1938. PT, 1187, B7.)

For the history students there is a weighty tome on the History of Mary land which has been placed on the name which has been placed on the new book shelves. Brief notice of the founding of Washington College is made on page 632. Otherwise the book is of purely technical interest to students doing Maryland research. |History of Maryland, Matthew Page Andrews; Norman, Remington Com-pany, Baltimore, 1926. F, 181, A 56, NT8.)

There are a number of other spec-ial books on the shelf, which will be reviewed next time, including Keat's Shakespeare.

Princeton University will found a special geographical library in honor of Richard Halliburton.

## Mounts Face Maroons; Dances, Parties, Tonight

### Sho'men At Full Strength

#### Emmitsburg Boys Bring Strong Team

Washington College and Mount St. Mary's will meet on Kibler Field today before a large homecoming crowd in a game whose outcome will decide the mythical football championship of the State.

Both teams are primed for this all-

important game.

Mt. St. Mary's eliminated Western Maryland from its claim to the State title early in the season by a score of 21-6, while Hopkins was taken out of the picture by the Maroon and Black eleven, 15-0. The Sho'men, who have been weak-

ened by injuries since the Blue Ridge game, will have Bartolini and Kirby back in the starting lineup. Bartolini, out for three weeks with a knee injury is ready to go and Kirby's bad ankle is now mended. Coach "Bull" Draper, in his first

year as football coach for the "Mounts" has assembled a football eggregation typical of Mt. St. Mary's It is a good defensive team, big, and Alumni Dance At mixes passes with a hard running at-

Coach George Ekaitis, with one of his best teams in years, shares an optimistic viewpoint.

"Our chances of winning are ex cellent, the best chance in years if the boys play the alert and aggressive football they have been playing all year," says Coach Ekaitis.

Washington College lost its second game of the year last Saturday to Dickinson in a general display of sluggishness by the team. This will not happen today, however. The not happen today, however. The team is primed for this important contest and is out to win.

A Maroon eleven has not defeated

the Mounts since 1934, when an un-defeated team turned them back 6-0. Last year, the Maroons lost a tough battle 6-0 in a game played in the mud. Today, the enthusiasm runs

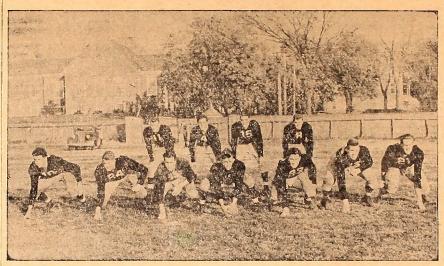

high for a victory.

The Mount St. Mary's offensive will be centered around two star backs, Boyle and Stevens. Both are hard runners and Stevens is a good Walsh, great defensively, one of the best centers the Mounts have ever carried. Al Dudderer, the Sho'men center of no mean calibre and a principle carrilates for All Monvillary will ciple candidate for All-Maryland will match his playing against Walsh, which should be interesting to watch. The game should be a battle fea-

The game should be a batter turing the Mount's strong running plays and heavy line on one side, and the "Maroon's" passing attack and alertness on the other.

With the mythical State championship to be decided today, the enthus-iasm of the homecoming alumni is at

the highest pitch in years. Probable line-ups: Washington Building. Mt. St. Mary's LE Neubert Dougherty O'Conor Lawless LG Walsh Topper Fay Rogan RE Stevens Asip Hall

Pictured above are some of the members of the Maroon squad that will face Mt. St. Mary's. Left to right on line are: Smith, Kirby, J. Collins. Dudderer, W. Collins, Storm and Neubert. Backfield, left to right: Rayne, Hoppe, Bartolini, Watson. Fetter will probably start in place of Rayne.

### Country Club

Chestertown and Kent County Varsity Alumni of the College will hold their annual dance for returning grads on Saturday, November the eleventh, in son's orchestra.

the dance is an annual feature of homecoming activities, taking the place of the former dinner reunion which was abandoned for the lack of suitable facilities.

### Social Affairs Honor Alumni

#### Phi Sigma Initiation. Fraternity Parties, Tonight

Washington College alumni and students have a full week-end before This afternoon, the rejuvinatthem. This afternoon, the rejuvinated Washington squad takes to the field to avenge last year's upset by Mt. Mt. Mary's; tonight two dances will be running with all the vigor of a western mining camp.

The Varsity Club is presenting Andre Malecot, and his twelve piece wing band from the University of belaware, playing in the gymnasium from 8 to 12. Tickets for this dance will be one dollar, either from mem-bers of the Varsity Club, or at the

The alumni are holding a dance at the Country Club, which has become an annual custom. Dancing will be from nine o'clock until the last alumnus is hauled away. This year, Buddy Wilson's orchestra is being featured. Tickets are free, if the alumni apply for them at the alumni of-

The Washington squad will still be weakened in starting the game with the tough Mt. St. Mary's team. Atkins, a freshman, holding down a regular guard condition on the team, had to drop out of school last week. Robinson, freshman back, will be out the rest of the season with an injured knee. Schuerholz, another likely freshman back, will probably remain on the bench.

A feature of the football game will be a squad of old-time football players, made up of alumni, dressed in full regalia of the 1910 period, when exhibition of punting, passing, and signal calling, as it was done in the "good old days." After that they will start hitting the bottle-liniment of course.

Intermission parties are being held by the three fraternities. Kappa Alpha is holding an intermission par-

#### SATURDAY, NOV. 11, 1939

#### Glad To See You!

Welcome Alumni! And this year we can really welcome you. Wash-ington College has made real progress since last Homecoming or even June week, for that matter. You will see two new buildings under construction on the south campus.

But these buildings are only external expressions of what is going on at Washington College. Scholastically, athletically, and cooperatively Washington College has made great strides teams. der a re-vitalized Student Council, is gain reported. This time it organizations are taking a new lease as a playing field. on life and are enlarging their func-College.

glad for the opportunity to say, "He's that soccer field! a graduate of Washington College.'

Your "place in the sun" is a definite, tangible thing. Your cooperation with the administration and students is always desirable. Talk up Washington College and its many superiorities. Help get desirable students was in New York this week, Pledge your help to any progents. Fledge your help to any pro-ject on which the college may ask your cooperation. Uphold your alma mater, come what may. And then watch us—"Together we go for-cludes his degree requirements.

#### Help Out!

During the course of this year an amazing thing has taken place on the campus and has gone practically unaround the campus-has turned in a season that deserves praise, much praise! What is even more amazing is the fact that this has been done with the minimum of help from the student body at large.

After a very dismal and disheart ening season last year, the boys have dug in this year and turned in a num-ber of wins and they have lost a couple of close ones. In contrasting the spirit displayed last year and the season with this year's evident spirit and the season thus far the College has something of which no other can boast-a football team that wins whether anyone cares or not.

Of course we all like to see team win, and we hate to see them Frances Perry lose. Yet no one may ever know can Wheatley this. "Pep meetings" this year seem to lock something. There seems to be a general letdown all around. Be Asst't. Bus. Mgr. Joseph Palmerini
Advertising Mgr. Rufus Johnson
Circulation Mgr. Robert Livingston
just another team, its our team.

This is our Homecoming week-end. There is a tough game. A victory would be most appropriate. But win, lose or draw it must never be said that our team was without the backing of a united student body. So, here's to the boys, may they taste victory. E. S. victory.

#### Let's Have Soccer!

At a meeting of the Y. M. C. A. early this year, a plan for a series of intra-mural soccer games was discussed. The idea was received with much enthusiasm, and a committee devil to get it, was appointed to look into the matter. First the coaches were interviewed and an agreeable settlement was reached with them as to the use of equipment. They agreed to supply the balls, and the students were to supply their own personal equipment, but no provision was made for a place to play.

At a later meeting, all members who were willing to play were signed up and it was estimated that there were enough to make up four or five teams. The enthusiastic boys were in the last year. Student morale under a re-vitalized Student Council, is gam reported. This time it was at an all-time high. Several faculty members have earned their doctor's degree with several others almost finished their doctorates. The football doctorates. The football the layer and each of the other than the reported. This time it was at an all-time high each of the property of the property of the council of the other than the reported. This time it was at an all-time high each of the property of the property of the council of the property of the p team, with three victories under its belower end of the athletic field, belt, shows vast improvement over last year. A record enrollment is surface, the administration ruled it last year. A record enrollment is surface, the administration ruled it evident by the fact that almost three hundred and fifty students are attending college this year. Student this field worked so it can be used overanizations are taken as a college for the field worked so it can be used over the field worked so it can be used to be

### Results Of National War Poll Correspond To Elm Survey

Elm Poll Attracts Nationwide Attention

Story Carried By International News Service, Christian Science Monitor

Results of the national collegiate war poll, in which Washington College students participated several weeks ago, were just released by the California "Daily Bruin", sponsor of the poll. This group of returns has come from widely diversified colleges in ever section of the country and thus presents an accurate cross section of the entire college population of the Unit-ed States. The vote is representaive of approximately 100,000 It may not help them much.

American college students.

The greatest point of difference between students of this college and the national vote is concerning the question of increased armaments and extension of armed forces in the United States. Results from the national poil show 73 percent favoring an increase while 86 percent of local students were for extension of the armed forces. Apparently only 14 percent here believe our present status is sufficient. This shows definitely that students here lean strongly toward a vast defense program, It appears that all college students are definitely opposed to the entrance of the United States into the European war as on active first ing agent at the present time. It appears that all college students are definitely opposed to the entrance of the United States into the European war as on active first ing agent at the present time. It appears that all college students are definitely opposed to the entrance of the United States into the European war as on active first ing agent at the present time.

to the entrance of the United States into the European war as an active fighting agent at the present time. 91.1 percent were opposed with 2.9 percent in favor. Students here were even more decided with a vote of 99.1 percent to .9 percent against.

Concerning the "cash and carry" question, the students here were close to the average. Nationally, 58 percent favored selling arms to belligerents on "cash and carry" terms with 42 percent opposed. Locally, 61 percent were for and 39 percent against. From this it is clear that nearly two-thirds of the students here were in harmony with the recent action of Congress!

The finest oysters e'er I ate dents here were in harmony with the recent action of Congress! dents here were in harmony with the recent action of Congress in the passing of the revised neutrality bill.

dents here were in harmony with the recent action of Congress in the passing of the revised neutrality bill.

57 percent of all college students believe that the spread of totalitarian form of government will be prevented should Germany be defeated while 43 percent believe the contrary. Students at this college feel that totalitarianism will be checked; 63 percent to 37 percent.

To the question, "Would you be willing to fight if the United States proper were attacked?" 95 percent of Washington College students participating answered yes, while 8.6 percent gave negative answers. Here again it can be assumed that students here are much in favor of home defense rather than giving foreign countries aid.

Probably as a result of much recent discussion of the nation's maritime rights, students at this college were a bit skeptical over fighting if American ships bearing American passengers be sunk. Only 42 percent would fight while 58 percent would disregard incidents of this kind. In the national poll, the results were: 33 percent would fight; 67 percent would decline. On the willingness to fight should United States territorial possessions be attacked, the local and national poll were nearly the same. 33 percent of local students said no, while 67 percent would defend the possessions. Nationally, the vote was 65 percent to 35 percent in favor of fighting under those conditions. This was a sharp contrast to the willingness to fight in defense of the United States proper.

A large percentage of students recent decrease and here in favor of fighting if France policy and here in favor of fighting in fermine for the college were and here in favor of fighting if France policy and here in favor of fighting in fermine for the college were in favor of fighting to the intraction of the same in the College that we know on Chester River's sunny shore, some eight score years ago.

So, here's to others, too, They've educated the oyster me are the first of the matter of the college were and here in the college were and here in th

fight in defense of the United States proper.

A large percentage of students' were in favor of fighting if France and England were in danger of defeat. 69 percent of all college students show their partiality toward the Allies, while 31 percent stick to George Washington's policy of staying out of foreign entanglements regardless of the circumstances. At this college, the vote was close to average; 35 percent would fight, 65 percent would not.

The Monroe Doctrine, apparently, in the first particular meeting of the students' and the property of the students' and the students' and

cent would not fight if any country in the western hemisphere were attacked; 33 percent would adhere to President Monroe's beliefs. Nationally, the vote leaned more toward the observance of the doctrine but still there was a majority against defense of any one of the western hemisphere countries. Percentages were 59 to the advantage of such a union and the possibilities for future contacts made from the fraternal relationship involved.

The approsers of the avestion 41 against.

ever, the women were at a fifty-fity deadlock on the "cash and carry" question; while the men strongly favored it. It was interesting to note that more men favored entrance of the United States into the present conflict than did the women. Although only a very small minority, 3.4 percent of the male vote was for entering while only 1 percent of the female vota favored it.

On the average, Washington College students were within several percentage points of the national average. The general tendency is definitely to fight to defend what is someone elses.

The poll at this school was sponsored by the Elm in cooperation with the California "Daily Bruin," publication of the University of California at Los Angeles.

The Monroe Doctrine, apparently, means less to local students than to the average college student. 67 percent would not fight if any country in the western bemisphere, were attached.

the advantage of such a union and Assembly Programs For

The opposers of the question, In the national vote by sexes, the results were about the same. However, the women were at a fifty-fifty deadlock on the "cash and carry" question; while the men strongly favored it. It was interesting to note that more men favored entrance of the United States into the research that definitely constituted one of the

### Greek Societies Honor Alumni

### K. A.'s, Phi Sigs, Lambdas, Alpha Chis Entertain

In honor of alumni expected back for homecoming week-end, the sev-eral fraternities have planned varions celebrations.

Phi Sigma Phi, formerly Kappa Nu, will be formally installed as such by returning alumni. This group will have a banquet Saturday night. Final arrangements have not been made.

Lambda Chi Alpha Fraternity will

honor returning brothers with a banquet to be served in the Chestertown Restaurant tonight.

The returning alumni of Kappa Alpha will be entertained at an inter-

mission party this evening.

Alpha Chi Omega will have a breakfast for alumni on Sunday morning.

#### With The Greeks

This evening at the Chestertown Country Club, twenty-three pledges of Phi Sigma Phi will be initiated by the returning alumni of the former local fraternity.

Late in this past summer the two national fraternities, Theta Kappa Nu and Lambda Chi Alpha consum-nated a merger. The former group, feeling that a merger on this campus was not feasible, chose to return to their old local Phi Sigma Phi.

On returning to the local group, all of the actives of Theta Kappa Nu became pledges of Phi Sigma Phi. It is this group which will be initiated the night of Homecoming. The initiation will be preceeded by a banquet in Hodson Hall.

The ELM wishes to correct the omission of Miss Phyllis Peters' name from the list of Zeta Tan Alpha pledges.

Helen Strong was re-pledged Alpha Omicron Pi Friday night.

held a banquet at Sophie Fisher Inn Thursday and Friday.

entertained the active and pledges of A O Pi sorority at her home.

#### Andrews Speaks Before Classical Society

"Research on the Food and Flora of Ancient Times," was the subject of Dr. Andrew's talk before the Classical Society, Wednesday night. Dr. Andrews is writing a book on this subject and showed the society some interesting drafts.

Mrs. Coop rendered the vocal selections: "To a Wild Rose", "Indian Love Call", and "On Wings of Song." The meeting was then turned into a social gathering and refreshments were served.

#### Old-Timers To Perform Today

Well, the old boys are back with us again, to show us how they played football way back around 1910 when flying wedges and moustaches were prevailant. As an added attraction, to our homecoming festivities, our alumni will present football at its best in early 20th century style. The "boys" will come out in regular football regalia as worn in their day. It is presumed that they will run through some of their trick plays, pass and kick in their own inimitable The lineup, ladies and gentlemen, is as follows:

L. E .- Dr. Norwood W. Voss, '08.

L. T.-L. Wesley Cooper, '03. L. G.-P. J. Johnson, '10.

L. G.—F. J. Johnson, 10.
C.—R. Earle Greenlee, '10.
R. G.—Maj. Larry C. Butler, '10.
R. T.—Edward C. Crouch, '10.
R. E.—Leon H. Jones, '12.
Q. B.—Martin C. Vosš, '10.
R. H.—Dr. George Avery Bunt

### Dr. Winton Tolles Granted Hodson Hall Ph.D. For Drama Research

### Dissertation Accepted By Columbia University

by William Cissel In an interview recently, Doctor

Tolles disclosed the facts concerning the fulfillment of the requirements for his Doctor's degree. Upon questioning, Dr. Telles told how he received his Master's Degree at Hamilton College and entered Columbia University where he passed his residence requirements by securing necessary number of points and by passing his subject-matter examina-tion. From Columbia, Professor Tolles went to Bound Brook, N. J., 34, at the end of which year, he accepted the position on the faculty of attention. His most famous play, the college which he now holds. His plan was to teach while completing of the better known Victorian drahis dissertation, the book necessary mas and could be seen in provincial for the acquisition of Doctor of Philosophy Degree, but he found this plan impracticable. Through the cooperation of Doctor Mead, he was "Our Americau Cousing grauted a leave of absence for the spring session of 1937, during which fame, was the drama time he returned to Columbia where he finished his work. The book has now been accepted by the University for credit on the degree and is to be bia Press under the title of "Tom and lasting fame.

Taylor and the Victorian Drama."

—Beat I

Dr. Tolles returned to the Uni- Honor Recognition Day versity on November 6 where he passed his final examination. The gree is to be formally conferred upon him at the Commencement exercises at Columbia in June.

Concerning the book and the work that went into its composition, it was without saving that the work was accomplished only by means of careful, painstaking research, countless nights spent pering over volume after volume of dust-covered Victorian plays dramatic publishers throughout the

"Although the book is not a work of sensational scholarship," states Dr. Tolles, "I believe it clarifies many points concerning Victorian Drama and draws attention to a capable, although forgotten, playwright of the nineteenth century, Tom Taylor."

of the theatre rather than as a literinding house-painting not the thing to do, the "Sacred L" fell an easy the French theatre in building well-constructed plays. He was one of the first of the English play-wrights to employ the so-called "well-made" play form in his writings. The "well-made" play form on his writings. The somewhat archaic and "melo-drama ist" consisted in Taylor's plays of a struggle between two equally belanced forces for mastery through the sacred forces for mastery through the sacred forces for mastery through the aist of factors of one of the forces over the other. Thus, Taylor introduced, through the pinero and Jones, the famous English dramatists, worked to such success by adding to his play from the more advanced angles of stronger characters and of themes more provocative of thought.

Although Taylor is best known for structed plays. He was one of the forces one will make the first of the English day. The work of the English that make the first of the English play-wrights to a coat of lime. Before the too do, the "Sacred L" fell an easy to a coat of lime. Before the big day.

## Soccer Season

For New Sport

The Inter-mural soccer season started off with a bang at the beginning of the week with a Junior-Freshman and a Senior-Sophomore game. The games were of the rough and tumble type, but proved to be the tonic for the slump in athletic de-sires which occur at this point each season. The boys proved their de-sires to play by the stalwart group that turned out to participate and the games were enjoyed by all.

In the Junior-Frosh game on Monday, the Juniors took top honors as they were on the winning of a 4-0 score. Their hard running, tricky line was led by Bob Quillen, George Baldwin, and "Little" Dave Clarke. They received much support from their aggressive wing men, Bill Ford, and Ed Cooper, who centered the ball with deadly accuracy. The half-backs played their positions very well, and kept the ball far out of the threatening territory. The fullbacks and goal tender did not have a whole lot of work to do, but performed that which they had very well. The Juniors goal was threatened only a few times throughout the game, but was ably defended then. The forward line is to be congratulated on its aggressiveness, and for the two goals perienced for the Washington College cored. The two scoring men were Ford, who was aided by Cooper's well feel that the Mounts were more than placed center, and Clarke who carried the ball to the goal and shot it hosts. through unaided.

The Frosh played a good game, and were plucky fighters to the bitter end. Their line was fast and was backed up by a line of hard kicking halfbacks and follbacks. Their men seemed to lack the necessary teamwork that would make them a dominant team. The lineups for the game were as

Dudley	G	Sutton
Kaylor	RFB	Dawson
Ruark	LFB	Benjamin
W. Roe	LHB	McCalley
Hitch (Capt.)	CHB	Stradley
Reidt	RHB	S. Davis
Holdt	LOS	B. Ford
Brown	ROS	E. Cooper

## Is Under Way SPORTS Much Enthusiasm Is Shown PARADE Hall, Stevens, Star In Game

Once again Washington College met Mt. St. Mary's in football and local team to the tune of 26-0. Bobonce again the Mounts came out on the long end of the score, this time 26-0. Only once, in 1934, out of nine encounters have the Maroons triumphed over the boys from Emmittsburg, if I'm not mistaken that year marked Washington College's last undefeated season on the grid-

This year, with speed and power to burn, the Mounts walked away with the hapless locals. In Stevens and Hall, the visitors had two backs who dominated the play from start to finish. Behind a good interference and with good blocking, these boys repeatedly ripped throus Washington's line for long gains. through addition to his work carrying the ball, Stevens, who quarterbacked the Mounts snared a touchdown pass in the closing minutes of the game.

Bill Draper, in his first year at Mt. St. Mary's has done a creditable job turning out a fast, clever eleven. As has been the case in years past, boys. Despite all of this, we don't two touchdowns better than the hosts. Well, so much for that game, except to say that "Big Stoop" Storm looked mighty fine as a bulwark of defense in the local's forward wall. If the law of averages hasn't been repealed, we'll lick the Mounts some-

The team has an open date today with next Saturday bringing on the Delaware game at Newark. Against our traditional rivals, the Blue Hens, the Maroons should come out on top. Delaware has had a poor season and on paper, the Washington club looks several touchdowns better. However, anything can happen in a grudge battle and usually does.

Taking the lead over Tennessee's game, in interest, is the clash between Duke and the University of North Carolina in the South. A capacity crowd of 52,000 people bought its tickets a week ago, so it looks like a full house. Since both teams are may do it again.

Other games of interest are those of Cornell, Texas A. and M., Southern California and some more of the big leaguers.

Skipping around at random Our already ambitious enough ketball schedule has been augmented The Seniors greatest assets were Walatkus and Horner. The plucky-ness of Walatkus, and the hefty kicking of Horner and the here in the authorized the horse in the authorized the authorize fore Xmas... Coach Kibler is working out some of the boys in the gym Soccer is moving along The Juniors seem to with a bang . The Juniors seem to have a pretty good club. As I recall it "Chubby" Quillen was quite a terror in his own home town. With him in the lineup the Juniors have an unfair advantage.

### Mounts Swamp Sho'men, 26-0

For Mounts

It was a dismal Homecoming for Washington College last Saturday when Mt. St. Mary's bowled over the by Stevens, Monnt quarterback, scored two touchdowns in the second half of the game while his team-mate, Hall, also garnered twelve points.

The first half of the game was a punting duel between the Mounts and Sho'men. Midway in the half, the Mounts intercepted a Maroon pass to put the ball on the Washington forty yard stripe. Stevens went off-tackle for a first down to the Washington 30. Lawiess made a twelve-yard pass to Topper. The Mounts then drove to the Washington eight where the ball was lost on downs. Fetter, Washington back, punted to the Sho'man 40. Again it was Stevens who broke loose for a 22 yard run to put the ball on the Maroon 18. A Mount pass into the end zone was good for six points. The conversion was good. Fetter's twenty-five yard The conversion pass to Benjamin was good as the half

Midway in the third quarter, Hall intercepted Watson's pass and ran 60 yards for the Mounts second touch-Washington blocked the kick. This was the turning point of the game, for after this score the Sho'-

The fourth quarter saw the Mountaineers run away with the ball game. Hall broke through the Washington secondary and ran sixty-five yards to score standing up. The punt was again blocked. A twenty-five yard pass to Stevens, who ran twenty yards, was good for the fourth and The kick was good ood at 26-0. The last touchdown. The kick was and the score stood at 26-0. game ended with a twenty-yard pass to Mills, of Washington.

Score: Mt. St. Mary's . . . Washington 0 0 0 0 0 0

Freshman 2; Juniors 1. The Freshmen upset the Juniors in the second game of the season by scoring 2 goals to their 1. Again the game was marked by good defense and poor attack, both goal-kcepers being exceedingly good in saving shots. The worst faults of both teams were loose dribbling and long passes which were always picked up by the opponent and a tendency of the whole team to rush all over the field after the ball. Much confusion and many unnecessary fouls were caused by the tangled mass of players in the goal area.

The Freshman team is still in the stage of organization with keen competition for all positions.

Seniors 1; Freshmen 0.

On Monday the Seniors through and turned back the Freshmen 1-0. The goal was made in the first half of the game. During the second half both teams tightened their defense so there was no score The Seniors' defense again proved much better than the attack, the front line being weak and ragged. The Freshmen front line showed better ability in taking the ball up the field but lacked the necessary drive to rush the ball once inside the circle the However, they showed a great deal sho'- of improvement and the team as a men seemed unable to hold the Em- whole spells trouble to any class that meets them.

### What Is College?

To one great phrase-maker, college is the apprentice-ship of life.

To us, college means all this, and more, too. It means study and research, athletics and activities, community living and bullsessions, parties and performances, classes and examinations, grades and graduation. Add to these the thousand and one events of a college career, and you get the true answer to What is College?

And to get a true picture of all phases of college life, readers of this paper get accurate local news in our own columns and "national college news in picture and paragraph" in our Collegiate Digest picture section. Follow Collegiate Digest's picture parade and plete local news regularly in this newspaper.

Send your pic-tures of ac-tivities on our campus to: Col-legiate Digest Section, Minn-capolis, Minn.

To The Editor Of The Elm:

During the last week, we have seen some of our classmates sick in bed-from the usual fall cold. On one day there were five-on another day, sev-

This has recalled to me the period last year when the students were struck by a minor epidemic of grippe—at times the sick numbering well over twenty.

Also, it has recalled to me what

some people mentioned during that unhappy period of sickness—that our college needs a small, modern, well-lighted and well-ventilated infirmary. The equipment at its erection need not be so extensive as to incur a pro-hibiting average and the conduction of the conductin of the conduction of the conduction of the conduction of the co hibitive extra cost, but a gradual increase in first-aid, preventive, and emergency equipment would be obviously worth-while.

At any rate, would some kind donor come forward, or could the Board scrape up sufficient funds for a modest, up-to-date place for segregation of just such cases as we have seen in the last week, and for first-aid treatment, our school could boast a further improvement of facilities for direct student welfare-and at a relatively cheap price!

Sincerely yours, William B. Johnson.

There's

# No Great Mystery

about Cigarette Tobaccos

THERE ARE FOUR TYPES of tobaccos found in the more popular cigarettes, namely ... Bright, Maryland, Burley and Turkish.

ALL THESE TOBACCOS except Turkish (which is bought direct from the planters in Turkey and Greece) and Maryland (which is bought through sealed bids under government supervision) are bought at public auction, just like any other auction where you might have bought in a table or a chair.

AT THE AUCTION SALE the tobacco is piled in baskets weighing from about 100 to 500 pounds and each purchaser buys all of his tobaccos by competitive bidding for the particular piles he wants.

THE CHESTERFIELD BUYERS buy the best of these mild ripe tobaccos for the Chesterfield blend. And it is Chesterfield's Combination . . . the right amounts of Burley and Bright... just enough Maryland... and just enough Turkish—that makes the big difference between Chesterfield and other eigarettes.

> IT IS BECAUSE of this combination that Chesterfields are COOLER, have a BETTER TASTE and are DEFINITELY MILDER. They are made of the world's best cigarette tobaccos. You can't buy a better cigarette.

ON BREAKFAST CONSEQUENCES

I used to eat Wheaties for breakevery morning. I'd split open the top of the package with a bread knife, sprinkle a quantity of the cereal in an ordinary oatmeal dish, pour in just enough cream, and coat the mixture with some plain white sugar. It wasn't so bad when grasp-ing the edge of the bed to pull myself out mornings, I'd crush it to bits under me. I didn't mind it particularly when the steering wheel of my car crumpled from the strength of my hands and I turned over three times, landing in a ditch, I thought it was a good joke when I banged on the door of my fraternity house and it fell to the ground. But when I tried to kiss the only girl I ever lov-ed and broke her neck, I went back

### State Teams Have Only Fair Season SPORTS

With another football season com ing to a close it will be interesting to glance through the season's records of the State teams and that of our peninsula friend and arch rival, the University of Delaware.

Washington College: Shows a good record of three wins and three losses up to the Delaware game. A questien mark the team developed into a smooth working machine that scored 67 points to 52 points for the opponents. Victims of the Maroons were Juniata, Blue Ridge and Hop-kins. The Maroon's last, a tough one, peinted to Swarthmore, and were trounced by Mount St. Mary's and Dickinson. In all, a good season for the Sho'men after a disastrous one last year.

Mount St. Mary's: "Buh" Draper, in his first year at Emmitsburg, comes through with the strongest "Mounts" team in years. Just about the strongest team in the State, excluding Navy. Faced with real opposition, the Mounts wound up the season with 4 wins, 2 losses and 1 tie. Scoring 97 points to their oppon-ents 47, they saw a real offensive protected by strong defensive play. The season saw the "Monnts" beat Western Maryland for the first time in more than a decade.

Slated for a better than fair season, the team was hit by injuries and it's will wind up their football for Wash-

tions fulfilled to the ntmost. The one time king of the Maryland griding the coming Freshman-Sophemore ed whether the field goal is made or iron wound up the worst season in the coming Freshman-Sophemore ed whether the field goal is made or iron wound up the worst season in years with six straight losses before the helidays. From all indications, heating Dickinson College in the fin-al game of the season. Startling weakness on both offense and de-Jr., will be a power to contend with.

dule, the Blue Hens have failed to tire game. win a game to-date, but have turned Now to season, Delaware's break-away offense gave many fans a thrill. The Blue Hens look bad en paper, but were stronger than the records indi-

son's record for its first year in intercollegiate football. Winning two Blue Ridge: Turned in a fine seatercollegiate football. Winning two and losing six is a feat to be proud few push-overs. The rest of the big of in its first year. Playing a tough schedule for a beginner, Blue Ridge and Duquesne still maintain their poturned in some good performances, sitions in the first ten. Do not ignore them in coming years. They're up and coming fast.

Johns Hopkins: Playing six games, the Blue Jays won three and lost three for a fair season. Scoring 52 points to their opponents' 72 indi-cates that Hopkins had off days. Counted out two years ago because of their change in athletic policy, the Blue Jays have shown they are not to be ignored on the gridiron. Not too strong, but not too weak this season, as the even split in games won and lost shows.

### Basketball Rules Revised For '40

Associated Collegiate Press

the 1939-40 season next month, they will play under revised basketball rules that are intended to reduce fouling and minimize the disadvantages many claimed existed under last year's regulations.

Here is the complete list of rule evisions announced for this year's rule book:

- The end line of the court shall be four feet from the face of the backboard (this had been optional last season.) The exception to this rule is for courts where the physical limitations of the floor do not permit such an extension but a two-foot minimum is required. The ideal court is 94 feet in length frem outside line to outside line with 86 feet from the face of one backboard to the face of the other.
- A slight change has been made in the specifications of the ball rela-
- 3. technical foul the ball is to be a-
- 3. (h). When a personal foul is called the offended team has the op-tion of trying a free throw or of putting the hall in play from out-of-bounds. If two free throws are awarded this rule applies to the last free throw. It does not apply in the case of a double foul,
- 4. For college teams, ten-minute quarters instead of twenty-minute

FRAN PERRY

Juniors 0 - Sophomores O

The hockey contest continues with When college court teams begin the Juniers staging the latest upset. For some unknown reason the Junior team has always failed to click sufficiently to earn a geal or to win a game. On Wednesday they proved that they could held a team and in addition almost scored a goal. As the resulting score shews, both teams played a beautiful defensive game but slipped up on the offensive side. New if these Juniors can get together after the holidays they may give the Seniors-petential champions-quite struggle

Due to the unexpected flurries of snow the finals have been delayed but the champions should be determined by the next issue. Varsity material is quite plentiful this year since six members of last year's varsity have graduated, and the Freshman class looks plenty good. The climax of the season will be the usual red and blue teams contest which game will be played immediately after the last (a). After a free threw from game of the inter-class contests.

### a Sad accident Mary Conked With Beer Mug

Can The Can-can'ers Can-can?

### They Can! Great Success The Villian Caught!

Alas, dear reader, we must report a sad and tragic accident that befell dear, innocent Mary Morgan last night in that den of iniquity, the "Sickle and Sheaf," run by that de-graded human, that dog, Simon Slade.

Dear little Mary is now an angel, which is a darn good thing, because she was a meddling little brat, always hair, and organic tissues are analyz- ty of opposition. she was a medding little brat, always hair, and organic tissues are analyzed; by of opposition. Swarthmore had a successful season last year, losing only one game textiles, and forensic chemistry couldrulard like her father, then, where the analysis of poisons and extended to the successful season last year, losing only one game playing against stiff opposition. The Swarthmore squad comes back intact

the Washington Players exactly.
Schaull and Davis were "in the groove." Lloyd had his expression. groove." Lloyd had his expressions ments. "down pat." Charlotte turned in the "down pat." Charlotte turned in the excellent performance one always expects of her. Two new finds were Mixed Chorus Gives
made in the Freshman Class—Doc Performance At Assembly Parris and Bill Cissell.

The "Can-can" goils—ah—dey was delovely. The Bowery was never graced with a bevy of beefy beauties

improved was the length. The entertainment was too long. But, at that, a one-act skit was cut, to shorten the play.

The cast was as	follows:
Mr. Romaine	_ Albert Wharton
Old Swichel	Bill Cissel
Slade	John Stack
Willie Hammond _	Francis Mead
Harvey Green	Bob Corley
Frank Slade	Doc Parris
Mrs. Slade	_ Norma Wallace
Joe Morgan	Lloyd Davis
Little Mary	Shorty Brice
Mehitable Cartwris	rht

Charlotte Shaull The next production of the Washington Players will be "You Can't Take It With You."

#### Flowers Lands Coaching Position

the majors will be the course taken by Jake Flowers who next spring will take a berth on the coaching staff of the Pittsburgh Pirates. Jake, for-mer manager of the two-time pennant winning Salisbury Indians in the winning Salisbury Indians in the Shore League, is a graduate of Wash-ington College, where he started under Coach Kibler.

### Open House By Criminologists

Amateur G-Men To Demonstrate Equipment

"Open House" will be held by the Villanova Dec. 12 Seminar Class in Scientific Crime De tection, Saturday, December eight, from 1:30 until 3:30 p. m.

The demonstrations will include ingerprinting, the classification of the prints by the Henry and Battley systems. Handwriting analysis will be explained by use of the Spenser Comparison microscope, and forensic last the bullet-comparison microscope at the How typewritings can be determined adea at the machine that did them, will see a stort the machine that did them, will see a stort the machine that did them, will documents department. #### Invitation Accepted At Founder's Day Banquet

Chief Judge Benjamin A. Johnson, of Salisbury, last Sunday night accepted an invitation to honorary membership in the Alpha Psi circle of Omicron Delta Kappa. Judge Johnson made known his acceptance at the ODK Founder's Day banquet, at which affair he had been invited to

by Judge Johnson in his banquet speech. Throughout, he followed lines of simple reasoning and good common sense. "The real leader," said the speaker, "is the man initiative; one who does not wait for that mythical something around the corner but steers his course by the fix-ed star of personal endeavor and laughs at the winds of chance and fate." In all his references to leadleader and one who just dominates. The leader must "recognize the rights of others, to be tolerent of leadership means work, self-sacrifice, and sleepless nights and "for all the good that he may do the reward is in the doing."

"Today," said the Judge, "the

world needs real leaders; men of sane minds who are willing to walk soberly with men and humbly with God." He emphasized the fact that the person who is content to follow the crowd and be satisfied with the old methods of doing things is like "the lowly worm, content to burrow in the ground, and there in the darkness of ignorance live and die unhonored and unsung." Too may believe that they cannot do a thing but believe that what always has been always must be. There are countless opportunities for men with initiative but to share in the glory of leadership without facing any of its dangers is impossible. "The world is waiting for leaders," emphasized Judge Johnson, "the old, old cry from Macedonia, come over and help us', is heard."

In conclusion, the Judge gave the following advice: "If you would like a text that will fit you for leadership, let me quote it to you; too long has it been neglected, forgotten, and cast aside; there'll be no peace without it. It is easy to remember; 'There-fore all things whatsoever ye would that men should do to you do ye even

Judge Johnson, a graduate of this college, is a member of the Court of Appeals of Maryland, Board of Visitors and Governors of Washington College, and, most recently, Board of Trustees of Morgan College, Others present at the banquet were Dr. Gilbert W. Mead, Dr. F. G. Livingood, Carroll Casteel, alumni member, and the active members of the circle.

#### A Real Honor System

It would be interesting to determine just what the honor system means to the average Washington College student. To many it apparently means little except in cases where signed pledges are required on examinations. examinations. To some, records prove, it means nothing even then. Certainly, to the vast majority, it doesn't mean all it should.

Many students justify their disregard for the spirit of the honor sys-tem by the fact that they are compelled at the beginning of their first year to sign a written pledge binding them to the system. Because they consider themselves forced into this pledge they consider it meaningless. The fallacy is obvious. No student is forced to sign the honor pledge any more than he is forced to enter Washington College. When an alien desires to become a citizen of a foreign country he swears an oath to nphold its existing institutions and obey its laws. He cannot become a citizen without taking this oath, and once taking it, he must abide by it or be branded a criminal and lose the rights and privileges of citizenship. Thus it is with Washington College. If a student wishes to become a member of the cellege he must be willing to pledge himself to its laws and cus-toms. There is nothing revolutionary or unjust about it.

Every student in the college has pledged himself to report to the student council any violation of the hon-or code which is brought to his or her attention. Upon this pledge the value of the entire honor system rests. Unless all students live up to this oath the system is meaningless. The coner we can cast aside our bigoted ideas of personal morality, our false ideals about "squealing," the sooner ideals about "squealing," the sooner we can have an honor system we can be proud of. There is no valid reason for confusion in our minds as to whether or not we should report an offender. For the honor system to Blue.

### Lash Claims Indictment Unfair

Student Leaders Deny Charges

WASHINGTON, D. C., (ACP)-The American Student Union, liberal organization of 20,000 U.S. college and high school students, has again become a head-line act in the national news drama-this time spotlighted into prominence by the searchlights of the Dies committee on un-American activities.

At a series of hearings made doub-U. and the American Youth Congress were charged with being deminated the by the Communist party and by the

> Placed on the record against the groups were the following charges:

> The A. S. U. is used by the Communist party to further its pregram ameng college and high school students. This assertion was made by Dr. G. W. Hartman, of Columbia University, who stated his belief that its members were "Charlie McCarthy's manipulated by an unseen hand."

> 2. The American Youth Congress is controlled by communists. Asser-tions were made that its platform was formulated by "reds."

> In answering these charges, representatives of both groups scored the Dies committee as being an enemy of all civil rights. The following statements were made in refutation of charges made by Dies witnesses:

 Joseph P. Lash, national secre-tary of the Amreican Student Union, said: "The American Student Union Deen Bradley and Mrs. Wilson will is no more a transmission belt fer communism than it is for Republicancountry's welfare. With the world sick deathly sick, this is the last to organize and discuss problems of social policy."

#### Yuletide Spirit

The life of a college student is so narrowed and limited that many of the important things of life are overlooked. One of those greatly overlooked events of importance is Christ-Christmas to the college stn-Christmas story.

Ages ago on a night when wise

men followed a star, there was born in a manger in Bethlehem a child destined to become not simply the founder of a new school of philosophy or the prophet of a new era. On that first Christmas eve in far-off Palestine was born the Savior of mankind, the protagonist of a new "right way" whose doctrines have been accepted by all enlightened peoples.

The far-reaching influence of that first Christmas eve was a part of a divine plan which had the betterment of hnmanity in view. To that regard for humanity in an omnipotent divinity, we dedicate our Christmas. Let "Peace on Earth, Good Will to

Men" be our theme this year. Let us be grateful for the peace and security that we experience in America this year. Let us be thankful that our nation is at peace and hope for the peace of other nations soon.

Practice a religious and thoughtful

reminded and chided for its super-ficial support toward the "Players'

forts toward production.

It is hoped that this about face of attendance marks the beginning of a period of wholehearted support and is not merely an "unexplainable phenomenon" that just happened. The students of Washington Col-

lege have been ignominiously lax in realizing the value of the "Players" efforts in a real dramatic sense and in sheer entertainment. With the ma-jority of the members having had little previous experience, they have been efficiently coached and rounded ont until they are a "well polished troup" as good as any performers on any other campus.

any other campus.

Appreciation for efforts put forth is not enough to justify support by an average college student. The average student is not willing (and perhaps justly so) to go out of his way to make a noble gesture of apprecia-When he is putting forth mon-Robert Livingston

REID HALLS' VIEWS ON THAT NECESSARY EVIL — MAN

Men are what women marry. They have two feet and two hends and semetimes two wives. But never sometimes two wives. But never more than one dollar or more than one idea at a time. Like Turkish vigarettes, men are all made of the same material. The only difference is that some are a little better distinguished.

Generally speaking, they may be divided into three classes: husbands, bachelors, and widowers. An eligible bachelor is a mass of obstinacy surrounded by suspicion. Husbands are of three varieties: prizes, surprises, and consolation prizes. Making a husband of a man is one of the highest plastic arts known to civiliza-tion. It requires science, sculpture, common sense, faith, hope, and charity.

It is a psychological marvel that a soft, fluffy, tender, violet scented lit-tle thing like a woman should enjoy kissing a big, awkward, stubbychinned, tobacceey and bay rum scented think like a man.

If you flatter a man it frightens him to death. If you permit him to make love to you he gets tired of you in the end, and if you don't, he gets tired of you in the beginning. If you believe him in everything he does, you soon cease to interest him; and if you argue with him in every-thing, you soon cease to charm him. If you believe all he tells you he thinks you are a fool, and if you don't he thinks you are a cynic. If you wear any gay colors, rouge and a startling hat, he hesitates to take you out, and if you wear a little brown toque and a tailor-made suit he takes you out and stares all evening at the women in gay colors.

If you join him in his gaieties and approve of his smoking, he swears you are driving him to the devil, and if you don't approve of his galeties, he vows you are treating him like the Revil. If you are the clinging vine type, he doubts whether you have a brain, and if you are the modern advanced and independent woman, he doubts whether you have a heart. If you are popular with other men he is jealous, and if you are not, he hes-

is jealous, and if you are not, he nesitates to marry a wallflower.

In conclusion, all men are like street cars—if you don't eatch the first one there'll always be another. But on the other hand it hurts like the devil to walk.

-Los Angeles Collegian. -Happy New Year-

Nothing left now but the memories and a corsage to press. The third dance to be sponsored by O. D. K. this year was held last night in the gymnasium. The fraternity based the decorations for their first formal One of the more pleasing thoughts brought to mind recently was the enthusiastic support displayed by the student body at the opening production of the Washington Players.

The student body has often been math in some Maryland high school.

by Calvert Jones

With two weeks of intra-murals under our belts, we are able to make many predictions. There is the us-nal interest in intra-mural basketball comparatively smaller than last year but they will probably increase as

Experience seems to be the chief factor. The most outstanding teams opponent on our schedule at home, this year are the K. A.'s, Lambda Duke will pack the armory to capa-Chi's, Freshmen, Sophomores and city. Middle Hall. In the Class League, Br Middle Hall. In the class League, the Freshmen have a well balanced may seem, they aren't any more formulation that the experience of the Sophs should tell in the end. The K. A.'s games under their belt, will be raring the proof of the soph seed and the sound that the sound step in the sound step. es and upsets can occur but these seem to be the obvious predictions.

#### Phi Sigma Phi 29 - Seniors 15

The Phi Sig's showed up pretty well under comparatively weak com-petition. Ed Davis and Bobby Everett were the high scorers of the game, Davis with 11 points. The scoring of the Fratters was seriously hampered by their rough opposition.

#### Kappa Alpha 29 - West Hall 3

#### Phi Sigma Phi 19 - Juniors 12

Everett was high scorer for winners while Eddie McCalley held Ed Davis down to four points. Don Fraser for the Juniors swished several beautiful sbots to lead his team with 7 points.

#### East Hall 15 - Freshmen 14

This game was the first game of the year to go an extra period. Both teams seemed to be very well match-ed. The score at half time was tied at 6 points each while at the end of the second half, it was 10 up. The extra period was a battle royal with Wood of the East Haller's eliminated on fouls after he scored.

#### Kappa Alpha 30 - Sophomores 3

This game brings the fact to our minds that the K. A.'s must have a very good defense since they have scored 78 points against their opponent's 10. Their rivals, the Lambda's have scored 68 against their opponent's 46. This fact may mean something in the play-offs.

#### Day Students 12 - West Hall 8 | West Hall -

The second game of the year to go for an extra period was this one. The Day Students were hampered by the loss of Benjamin who is suffering a broken leg. Ford and Stevens were high scorers with 4 points each.

Middle Hall 17 - Sophomores 8 Lambda Chi 35 - YMCA 20 Freshmen 22 - YMCA 13

# Sports Flashes

By now most of our students have but only after staggering through players. So far, scores have been players. for year in and year out, they are always found close to the top in the Southern Conference loop, producing To Dave Bartolini goes the nom de consistently good teams. A highlight plume of the "unluckiest guy on the opponent on our schedule at home, campus." Last week he aggravated

But as formidable as the visitors should tell in the end. The K. A.'s seems to have the most balanced and to go. Neubert's good eye and sterl-cooperative team of the year. Their teamwork and passing is sweet to watch. They haven't the worry of "point hogs." The Lambda Chi's have, as have the K. A.'s, about the same team as they had last year. Their cooperation, however, leaves much to be desired. The winner of the Frat League should be a toss-up to games under their belt, will be raring games under their belt, will be raring to games under their belt, will be raring to go. Neubert's good eye and sterling rebound work, together with the improved ball player this year and Collin's outside shooting will leave little to be desired. Appearing for the first time on the local court will be Schuerholz, a classy newcomer with the same team as they had last year. the Frat League should be a toss-up head, along with Stevens, baseball between the K. A.'s and the Lambda's. Middle Hall may have a little ties. Another freshman sure to see difficulty with East Hall in copping action is Benjamin, a lanky youth the Hall League Pennant. Natural who shoots well under the basket. the Hall League Pennant. Naturally, these predictions are being made early in a long season. Many chang-on consideration, along with Bush, Lovesky and Bremer, which three complete the squad.

During the Yuletide holidays, the Pentagon will make their bid for national repute by taking on Kansas, Florida and Brooklyn at the Coliseum as part of double-headers in collaboration with the high-flying Baltimore U. club. With large colleges and universities laying emphasis on national recognition in football, that leaves basketball to be elevated in In their second game of the year, the K. A.'s, although competition was subsidization. But they are able to weak, played a much better brand of ball. Their passing was probably no such small colleges are utilizing this better than it was in the first game sport in their desire to nation-wide but they took more shots and ran the renown by attempting to schedule big score up higher. After a mighty be-time teams. Examples of this ten-ginning, the West Hallers have found dency has been illustrated by Roaginning, the West Hallers have round more than they bargained for. A noke, Baltimore U., Bradiey rect and year's experience, however, should do others. Victory in any of our feature tilts will be a feather in the hat College.

The Maryland Collegiate Washington ball League, of which College is a member, and its coach. Tom Kibler is President, has been forced to occupy a back seat, in view of all this excitement created by the new additions to the schedule. Last year we annexed the championship,

### Inter-Collegiate Sports Values Discussed

"Many Assets", Says **Noted Sports Writer** 

by Calvert Jones

Since the first inter-collegiate contest in football, basketball or baseball, there have been those who have staunchly maintained that education al institutions have no place for ath They say that it is detrimental to the standing of the college and harmful to those students who participate in college athletics. It granted that athletics interfere to a slight extent with the education of the students but the value of sports undouhtedly overbalances any harm they might inflict.

In the first place, there is the personal value which the participants re-ceive from inter-collegiate sports competition. After all, colleges and universities are determined to carry out a sports program—so they must have players. Many times, a good football player will graduate from higher education made impossible by financial conditions. Then, as a dream coming true, the college football coach will step in and offer him a scholarship or a job at college which will enable him to get that higher education.

Contrary to the belief of many people, athletes aren't pushed through courses. To be able to participate in college athletics, an athlete must reach a certain scholastic index and maintain that standard.

Tolles Speaks At Athletics develop in a person the ap- Classical Society preciation of cooperation. Perhaps the final personal benefit reaped by a college athlete is the job he might re-ceive after college. We can site sev-eral incidents that have happened right in Washington College. of us know or have heard of Bill Nicholson. After a successful career in baseball at Washington College, he "signed up" by a professional baseball team and no one need tell lems, showing the need of tolerance and sympathy in the world today.

Now, for the benefit of inter-collegiate sports competition as a value to the college. We can use our own, Washington College, as a very good example. Sports keep the name of the college spread over the country. With our present basketball schedule of 26 games, the name of Washington College will be spread up and down the entire Eastern seaboard and points West. With colleges always receiving write-ups in newspap-ers concerning their games, the name of Washington College will be carried, this year, in papers of Florida, North Carolina, New York, Connecticut, Kansas, Virginia, Pennsylvania other states in connection with the basketball games we play with colleges of these states. Friendly relations will be created with each of those many colleges listed on the Washington College basketball schedule. Students wish to become condule. Students wish to become con-nected with widely known colleges, and so we can see that sports will add to the enrollment of the college. An increased enrollment means an in-crease in funds which in turn enables the installment of better educational facilities

Finally, we may say that Washing-Thank, we may say that washing ton College is determined that we shall have sports. Sports cost money. If they cannot support themselves, money will be taken out of the school coffers to support them. Therefore, we can see the need of a good team and a full schedule. The better the team, the larger crowds will be attracted. The more games played, the larger the number of gate receipts and sports become self-sup-This means that the money which might have been taken out of the school treasury to support athletics can be used for better educa-tional facilities.

will be out to cop the first game that Finland.

hats when the two clash tonight. The Mounts and the Pentagon have never neutral." failed to give the crowd what they failed to give the crowd what they want—plenty of thrills and rough ed by the convention urged full supand tumble play.

#### Sho'men Won Four Out Of Five

in many cases are of little or no value in estimating the strength of a team. This is borne out after seeing that in the last five games the Shoremen have won four, losing only to the University of Baltimore, a quintet as good as any in the country this year. The Shoremen have been going like a Barney Oldfield Special after get-ting off to a bad start.

Eyes of the local fans will be centered around Mike Kardash and Wilson Schuerholz, Washington's great little forwards. Kardash is a crowd's delight and he gives them a good show for their money. Schuerholz has fitted into the quintet and shows improvement in each game. are deadly accurate and if they get going tonight they may run wild. The team is at its full strength for the

Mount St. Mary's has lost to good clubs this year and looked good in de-feat. Perhaps their best game to date was a surprise win over a strong Davis-Elkins quintet.

#### Harkins, Karpinski, Stars

Harkins and Karpinski will spark the Monnt's attack. Harkins is high scoring forward that is hard to stop and pretty to watch. Karpinski has been noted for his great defen-sive play and floor work. Able assistance will be given these two mainly by Klotz and Grodovent.

On reserve strength both teams are in good shape. The Pentagon has Collins, the state's number one scorer, as their first alternate. "Chuck" should go good against the Mounts with his long shots and build

up his lead in the high scoring race.
Capacity crowds are always certain at a meeting of these two schools. Both teams are invariably good, and tooth to tooth rivals that guarantee real thrills and plenty of spills for enthusiastic spectators

Tuesday night against Johns Hop-ns in the first game of the Maryland Basketball league, Kardash scored 16 points to run his total up to 92 for the year, making him one of the state's highest scorers.

#### SATURDAY, JANUARY 13, 1940

Congress will be asked to consider in its present session the proposal to withdraw this country's recognition of the Soviet Government. In short, the proposal would have the United States sever it's relations with Russia.

It must be conceded that there is much public sentiment, public and political, favoring this drastic move. This desire, to make known to the world that the United States frowns on Russia's invasion of Finland is perfectly understandable.

Sho'me!

Finland, is perfectly understandable.

However, what we desire and what we ought to do are not

American Embassy in Moscow is a point of leverage and the listening post for our government. As long as we are represented in the U. S. S. R. we shall be able to have access to information relating to Europe and the Far East that would otherwise be impossible to obtain. Then too, American interests in the tion relating to Europe and the Far East that would otherwise be impossible to obtain. Then too, American interests in the Soviet could be more readily protected and some pressure could be brought to bear on the Russian Government. Should our relations be severed, all these would be lost.

As a moral and political gesture, the proposed severance would be worthless and redundant. The only consequence we can see at the present time would be a handicapping of our diplomatic and intelligence services, which services are needed so much in the present crisis.

E. A. O.

Coach Tom Kibler has resigned as active coach of athletics switch box is for\_\_\_ and the college as well as the athletes is the loser thereby. For twenty-five years, a quarter century, he has served the college by producing stellar baseball and basket ball teams, winning for Washington College recognition throughout the East. At lege recognition throughout throughout the East. At lege recognition throughout throughout the East. At lege recognition throughout throughout throughout throughout the East. At lege recognition throughout throu

the advice of the doctor, Coach had to step down from his post. It will be hard for him to sit back and watch the varsity at work

when his heart will be really pounding out that old fight which once he had instilled in his teams.

Last March 18 saw how Tom Kibler was held in high es-

Last March 18 saw how Tom Kibler was held in high esteem by his associates in collegiate circles. It was on this date that the coach was honored at a testimonial dinner and presented with a silver pitcher on which was inscribed: "To Tom Kibler from his Friends—March 18, 1939."

Coach Kibler was not a figure of national prominence but he possessed something greater than that. He received the highest regard from his boys whom he made into athletes and in January". We hear various optimized the same of the received when the possessed something greater than that. He received the highest regard from his boys whom he made into athletes and in January". ### Through The Knothole

with Jean Wheatley

Looking through the knothole we find Howie "Yank" Neubert. He is one of Waterbury's favorite sons. Six feet one inch tall, weight 192 pounds. This, along with the old fight spirit makes him one of the most out-standing athletes of which Washington College is able to boast.

For variety "Yank" took to dramatics. While taking no part in the actual acting, he has seen to properties and various of the matter. ties and various other matters behind the curtain. This year, with Howie as treasurer, the Dramatic Club should have no trouble with accounts.

Neubert says his favorite time is indulging in some sport or others. His preference—basketball. Knowing this—we can readily see why he is so efficient in his, may we say, "major" field. A two letter man, basketball and football varsity four consecutive years. By the way, he holds the presidency of the Var-

### O. D. K. To Initiate Senator Radcliffe On February 8th Grayhounds

### Native Shoreman To Be Tapped In Assembly

formally tapped by the Alpha Psi Circle of Omicron Delta Kappa at the student assembly on Thursday, February 8. Senator Radcliffe will be initiated into honorary membership of the fraternity along with Chief Judge Benjamin A. Johnson, of Sal-isbury and one faculty member.

The junior Senator from Maryland was chosen because of his ontstand-ing achievements in the legal, financial, and governmental fields.

Senator Radcliffe, born in Lloyds Dorchester county, Maryland, in 1877, is a true Eastern Shoremen. He graduated from Cambridge, Md. Seminary in 1893 and then furthered his education at The Johns Hopkins University, from which institution he received an A. B. degree in 1897 and a Ph. D. degree in 1900. Pursuing the profession of an educator, he ac-

Senator Radcliffe has been a prominent political figure in Maryland for the past twenty-five years. He is a member of the American, Maryland, and Baltimore Bar Associations. While at The Johns Hopkins Univer-sity in 1895, he was initiated into the Kappa Alpha Order, still maintaining active interest in that fra-ternity. He was awarded an LL. D. degree from Washington College in

Along with Senator Radcliffe, will be initiated Judge Benjamin A. Johnson, graduate of Washington College, class of 1911. Judge Johnson is Chief Judge of the First Judicial Circuit of Maryland and member of the governing boards of Washington College and Morgan College. He is likewise a member of Kappa Alpha.

# Cagers Face

#### Loyola Favored In Crucial League Game

"Dutch" Dumschott takes his fast moving Pentagon quintet to Balti-more tonight to meet Emil "Lefty" Reitz' Greyhounds of Loyola College an all-important Maryland Basketpall League game,

The Greyhounds finished second in he league last year, defeating Washington College, who had already clinched the pennant, 52-40 in the last game of the season.

Loyola's team of last year is back ntact-man for man-and after making a strong bid for last year's pennant, has been chosen by the critics to take the honor this year, despite the fact that the Shoremen, last the league.

with a 35-24 win over the Emmits-burg boys. It is the second defeat in league games for the Mounts and just about extinguishes all hopes for the crown. It was Loyola's first leagne game.

The Greyhounds have a smooth quintet in Thobe, Goldberg, Barzak, Bock and McDonough. In reserve strength, they are well fixed with without a single loss by graduation.

Thobe is one of the State's high scorers with more than 100 points to his credit. His improved develop-ment of shots from the outside has made this forward even more dan-

Barzak, captain and All-Maryland forward last year is a great floor-man, shot and ball handler. Coupled with Thobe at the other forward position, the Shoremen's territory will be hard to protect.

Vic Bock and Cummings will alwithdrew in favor of the late Gover-termate at center. Cummings is a nor Albert C. Ritchie. His attention familiar figure on the courts and eas-turned toward the United States Sen-ate and in the same election that he legs and "ostrich-like" walk. Bock had sought the governorship, he was proved his abilities by his consistent play last year.

McDonough and Goldberg will hold down the guard positions. Both good defensively, Goldberg is a skillful rebound getter.

The Shoremen quintet is out to protect its lead in the league, but will go into tonight's game the underdog, despite it's recent victories. No changes have been made in the starting line-up which has continued functioning smoothly since the first few games.

Collins and Stevens continued their high form of play last Saturday night. These two reserves have seen plenty of action all year and should see plenty tonight. Either or both can be substituted without weaken-

can be substituted without weakening the lineup. Their presence on any squad would ease any coach's state of mind along reserve lines.

McNiff and Fetter will be counted on for their defense work. McNiff, probably the best floorman and defense man on the squad, is not sensational in his play but incredibly steady in turning in a good job at gnard. Fetter will be counted on for rebounds under the basket work. Neubert, Kardash and Shuerholz, the point getters, should turn in good performances.

The world — a philanthropist who that the greatest philanthropist who that he presents the point possession of the principal that the greatest philanthropist who there is alearned that the greatest philanthropist who the proper section to the Pegasus, except for advertising revenue (a small percentage of the total costs), made it seem a plain duty for the Council, in protection of the students and bill-payers to conduct at least a cursory investigation of the students, and but for the Pomenue (a small percentage of the total costs), made it seem a plain duty for the Council, in protection of the students and bill-payers to conduct at least a cursory investigation of the students, and the protection of the students, and the Pomenue (a small percentage of the total costs), made it seem a plain duty for the Council, in protection of the students, and the Pomenue (a small p

### Excessive Profits Of Pegasus Investigated By Councilmen

### New Science Hall War Crisis For Dedicated Here

All Washington College and those interested in the college turned out

In delivering the opening address of the dedication, Dr. Isaiah Bow-man, president of the Johns Hopkins University complained of the years that the Pegasus is a money

dedicate it not to you, but to society, a part of which will be reached through your science and your activi-ties."

Dr. Dunning and Dr. Bowman received honorary degrees at the special convocation. It was Dr. Dun-Stacum, Claney and Cummings. All aire seasoned veterans of last year, that made the building a possibility.

> The hall was officially presented to the college by Dr. Dunning. Dr. Mead accepted the building and expressed graditude in behalf of the board of governors, the administration, the faculty and the students. In the Student Council has begun an inaccepting, Dr. Mead had much the vestigation of the financial transacare those who are not here, the numberless generations of young men For many years.

Dr. Dunning has honored two of the Johns Hopkins University's greatest scientists with plaques. The men were the late Dr. Ira Remsen and the late Dr. John J. Abel. These men are known, respectively as the "fathers" of American chemistry and pharmocology.

Dr. Dunning who received the degree of doctor of science was cited as "a native of the Eastern Shore whose influence has touched the entire world \_\_ a philanthropist who has learned that the greatest philanthropy is that which helps others to

Following the game the Baltimore Association, and now president of Alumni Association will stage its anthe Washington College Alumni Association.

# Editor Blames **Increased Rates**

The Student Conncil "dug in" this last Tuesday for the dedication of the new \$80,000 Dunning Science Hall.
The donor, Dr. H. A. B. Dunning is a lege yearhook. An increase of 25 native Eastern Shoreman who now percent in rates to organizations ap-lives in Baltimore. parently prompted the Council's

Loyola's team of last year is back intact—man for man—and after last year's learned in the league.

The stay night Loyola all but kill-with a 35-24 win over the Emmitsurg boys. It is the second defeat in league games for the Mounts and in the ague in the box of the stay the price should be \$10 a page. Reasons for increased costs were said to

be the war, etc. and etc.

The Council is considering forcing the managers of the yearbook to have their books andited by the faculty auditing committee composed of Mr. Johns, Dr. Coop and Dr. Robinson. At the time we go to press, the Council has not yet taken definite that made the building a possibility.

Both men are graduates of Hopkins.

action, but expects to do so over the week-end.

#### COUNCIL OPINION

same thought as Dr. Bowman when tions and policies of the Pegasus. It he said, "In real fact, however, those is thought expedient to state the whose thanks should be the greatest viewpoint which the Conneil holds

For many years there has existed and women who, in future years, will at least a passive campus sentiment reap the never ending benefits of these improved facilities." these improved facilities."

Dr. Bowman continued stating that we will always have unemployment. The simplest proposition in the social field today, according to the educator, was that our people rhall not go hungry. He said that social problems must be seen in their relation to each other.

In the entrance of the new hall, appeal to DIK and receive allotments. appeal to ODK and receive allotments for the purpose. This money comes, of course, from the Student Activi-ties Fund, which ODK receives from the business office, which receives it from the students or their parents. Fraternities and sororities collect their funds to pay for Pegasus space from their members, in the form of dues.

> Shore able sentiment, plus the raised prices, the entimately bear the whole expense of the Pegasus, except for advertising

of needed!

William B. Johnson, President Student Council.

It seems to be an old established custom for leaders to arouse their people with tales of "plots" and cries of "spies!" whenever they wish to raise the temperature of the nation to

#### Espionage Scare

the necessary fever pitch needed in or-der to clamp down a stricter censorship or to purge an "undesirable" element of the population.

The burning of the Reichstag in 1933 was Hitler's trump card and gave him his opportunity to grasp complete dictatorial control of Germany. It was so successful, in fact, that he has frequently made use of similar tactics to strengthen his position or provide an excuse for inexcuseable "punitive" action. Many authorities profess to recognize a definite odor concerning the recent Munich heer caller hombing. the recent Munich beer cellar bombing.

Hitler, however, deserves no credit for originality. We may go back one hundred and twenty-five years to find Napoleon taking advantage of plots and spies. When a crude attempt at assassination perpetrated by a small group of radicals failed, Napoleon, although fully informed of all the details of the plot, used it as an excuse to completely subject all opposition and to exercise a rigid censorship of speech and of the press. Again, in order to discourage Bourbon pretenders to the French throne, Napoleon marched across the border into Austria, seized an innocent expatriated Bourbon prince, courtmartialed and executed him as a traitor.

martialed and executed him as a traitor.

Events of the past week have been enough to stretch our credulity. We seem to be having more than our share of plots and spies all of a sudden. First we hear rumors of a dastardly plot to blow up Boulder Dam. Before we have quite settled back in our seats the newspapers and radio blare forth the expose of an organized plan to massacre the senate, overthrow the government, and set up a dictatorship,—with Nazi salutes and all the trimmings. To top things off, we next read an official confirmation of the theft and subsequent recovery of the plans for a new U. S. bombing plane, the largest and most powerful ever planned.

Why this sudden say scare? What are we being preserved.

Why this sudden spy scare? What are we being prepared for? Let's not get too worried about spy dangers until we see something really worth worrying about. So far, we haven't seen anything of the sort.

Output

Direct a man to work in your garden, judge him by his overalls. If they're patched on his knees, you want him; if they're patched on the seat, you don't."

—Christian Science Moneton

Student government is a strange phenomenon. Student government is a strange phenomenon. It is shall faned and extolled, condemned and praised by all of us. It is safe to say that each of us has doubted at one time or another town."

Our whether or not the results obtained by the governing body were wise or just.

Duty However, under the system as set up the final responsibility for the success or final responsibility for the success or collectively. Participation in student government is a matter that lies with each student, but conformance to the rules is something that is expected of each student.

something that is expected of each student.

In a few days we will be called upon to exhibit what knowledge, if any, we have absorbed during the preceding months. ledge, if any, we have absorbed during the preceding months. Sweetnear Needless to say there are certain rules which have been laid down to prevent mistakes and make the whole examination procedure as easy as possible for all concerned. The rules are simple, but the responsibility for their observance rests with each student. So let's acquaint ourselves with the rules, play the game fairly, and bear our responsibilities with dignity!

[8] The state of the rules are the same of the rules are the same of the rules are the same of the rules are the rules are

## Utilization Of Press Freedom E. C. Ramsey Baltimore University Invades An Obligation To Elm Staff At Assembly Shore In Return Game Here

### Restrictions Seen To Be Initiated By ODK As Reason For Situation

In 1709, a young German immigrant came to America to escape per-secution. His name was Peter Zen-However, he did not find the religious freedom and the freedom of expression in America that he had expected. He became editor of the "New York Weekly Journal." In this paper appeared a number of articles attacking the government, which had been written by leaders of auti-administration party. the anti-administration party. As Zenger was publisher as well as edi-tor of the "Journal," he was legally responsible for these articles. The government party decided to put a stop to this manner of attack by hav-ing Zenger arrested for libel.

Audrew Hamilton, a prominent lawyer in Philadelphia was employed.

to defend the young German. In his appeal to the jurors he represented to them that if they refused to pass upon the nature of the publication and to consider its truthfulness or falsehood in randering their verdict, they would sacrifice the liberty of writing freedom that are inherent in the sacred right of trial by jury. Like any other typical American jury—they returned promptly with a verdict — "not guilty." That was a verdict of "not guilty." That was a verdict of "not guilty." That was the famous Zenger case of 1733.

#### Question Freedom

of more than local significance is evident. It was the first case of question of the freedom of self-expression in America.

their borders ready to swoop down upon them at the last little excuse. were freedom of expression in these countries. As Charles Bradlaugh said, "without free speech, progress is checked and the nations no longer of ignorant fear. Here, all eyes are turned, not on the present situation, but in the future which is growing before our eyes, a future which is being developed in industrial laborator ies and not on the battlefield.

#### Utilization Of Advantages

However, for this, we must not be merely thankful for it is an obligation. That obligation lies in utiliz.

\*\*Dies In Easton\*\*

ing the advantages we have here in America—freedom of expression being one of the most important.

Dr. J. S. William Jones

Officials of Omicron Delta Kappa william Jones will be initiated into esterday announced that Dean J. S. and speaking freely and would go far ODK on Thursday, February 8, along their posterity those safeguards of Judge Benjamin Johnson. Dr. Jones

local honorary, went national in November, 1937, Dr. Jones was listed as a charter member. However, was not formally initiated into Omi-That the verdict in this case was cron Delta Kappa at that time. He will be initiated with the other new members after the ODK Assembly on Thursday, February 8.

It was also announced that Senator Many other nations are in a state of war or remain precarious neutrals, with belligerent armies surrounding Judge Benjamin Johnson will probability. speaker at the ODK Convocation, Judge Benjamin Johnson will probably also make some remarks. Much of this is due to ignorance, ignorance that would not exist if there active members of Alpha Psi Circle will have lunch at the Bellhaven Tea House.

With the initiation of Dr. Jones, march forward toward the nobler life which the future holds for man."
With freedom of expression in America, we are able to understand the current events and not live in a state of ignorant fear. Here, all eyes are Gilbert W. Mead was a member of the circle at Birmingham-Southern when he was Dean at that institution, but has never become an active fa-culty member at Washington.

### Night Watchman

ran his total up to 119 points.

#### "Stand By America!" Is Plea Of Speaker

The student body was visibly aroused at the Thursday assembly when it's attention was called to the strained situation in Every the strained situation in Ever good-will agent and speaker on Euro-pean and Asiatic affairs.

With a sharp wit and fluent ton-gue, Mr. Ramsey presented a colorgue, Mr. Ramsey presented a cotorful survey of the conditions of unrest in the capitals of Europe as well as existing conditions in the East. His comments ranged from discussion of dictatorial policies in Italy, Germany and Russia to the workings of secret and Russia to the Russia to the workings of secret and Russia to the working to the working to the Russia to the working to the working to the working to the wor told of radio and press censorship relative to the war, of Finland's unhappy plight, of Japan's territorial ambitions, of Spain's rapidly weakening conditions and of dictators' contempt for democracy.

Addressing the students as the future citizens of America, the speaker appealed to the pride and patriot-ism of each student to uphold the ideals of democracy and so realize his responsibilities as an American. He pleaded to all to "Stand by Amer-

# Players Present

The casting and rehearsing of "You Can't Take It With You" will begin early in February by the Washington Players. The Pulitzer Prize Comedy of 1936 will be presented March 22, as one of the most ambitious projects of the dramatic socie-

The Players are also planning to huild a marionette theatre early next semester, with "Pinocchio" as an initial production. The theatre will probably be located in the basement of William Smith Hall, and will be permanent. The productions will be open to the children of the town, and interested college students.

The casting of the inter-class plays will begin immediately after exams.

### Flying Pentagon Enters Fray As Underdog

more Coliseum during the Christmas vacation.

#### Bees Look Impressive

The Bees have looked most impressive even in defeat. Against the University of Oregon, National Champions of last year, the Bees out the final half but lost by a close count. Stanford University, one of the best teams in the country, was forced into extra periods before defeating the Daltimes coincide. feating the Baltimore quintet by two points. These two performances a-lone are enough to rank Baltimore with the country's best.

Chief among the reasons for success of the Baltimore U. club are Winotsky and "Ozzie" Schaeffer. The deadly shooting of these two much the cause of the defeat suffer-ed by the Peutagon in the Soliseum.

#### Pellino Will Cause Trouble

Mike Pellino, who's ball handling has received comment from all critics and who captains the team will be ready for action. Pellino's great play has caused trouble for Washing-ton College teams for the past several years. He is not a high scorer usually but a great floorman and great defensively.

Johny Ross, tall, lanky forward will probably lead the scoring attack. With Kinotsky and Schaeffer and Ross, Baltimore U. has three real point getters.

and actual playing ability.

#### SATURDAY, JANUARY 27, 1940

Male members of the Freshmen class will soon be facing one of the greatest problems of their college life—that of de-ciding on a fraternity affiliation. This important step is one

rote of the greatest problems of the Cotego me Charles of the Charles o

likes.

Much has been said in the past concerning this matter, but

Much has been said in the past concerning this matter, but there is one point which must be definitely made. Do not be lead into joining a fraternity. Make your own choice; don't go Tri-Alpha just because one of your friends urges you to do so. Freedom of choice is one of the cardinal essentials for a happy and successful fraternity life.

By this time the Freshman has had ample opportunity to become familiar with all three groups on the campus. That is the purpose of the deferred pledging season at Washington College. Now that you have seen "all three", make your choice and base it on sound reasoning and judgement.

One thing must be understood; a fraternity is a "give and take" proposition. The honor is accorded you but in exchange you are expected to join your fraternity and not merely be a pledge for four years. And after your initiation, your work has just begun. Bear in mind that you may be forced to sacrifice many pleasures for the good of your fraternity.

To those who do not receive bids—do not be discouraged. Your worth has probably not been recognized. Be patient, your day will come.

If we could project ourselves five years into the future, the selection of our college courses would be made comparatively easy. As it is, our selections are made with many different motives. Too many of us, in selecting, are influenced by the reactions of former participants in the course. All courses are labeled as "tough", "all right", or and without the aid of these student-made catagories, we would not dead to the student-made catagories, we would not selection of the student-made catagories, we would not selection of the selection of the

no doubt be better off.

Each upper-classman is privileged with receiving the advice of his faculty advisor. In the student's mind, this counsel is sometimes given hastily and with the idea in mind of merely filling the courses. We prefer to believe that the department heads are sincere in their suggestions. What we plan to do after we receive our diplomas should be used as the nucleus of a pattern of courses to be taken in our three upper-class years. Those sapient hints of fellow students should be taken lightly and the fear of work should be laid aside.

J. S. S.

Speaking of the American Student Union, the Syracuse ersity Daily Orange says, "Its latest action will probably University Daily Orange says, "Its latest action will probably clinch the opinions of many doubters, who will point out that the A. S. U. must be allied in sympathy

### A. S. U.—

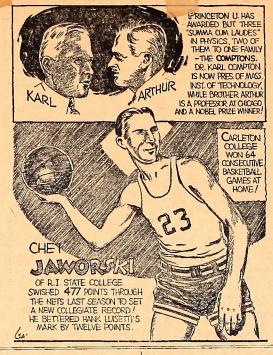

with Russia, since members fail to con-demn the Soviet state's clear action as an

gave for its action was that the 'convention should wait for a true valuation of conditions in Finland and Russia.' But the A. S. U. has never waited before. It has rushed in with wholesale condemnations where angels feared to tread. But those condemnations dealt with fascist aggressions. Is communist aggression something different?"

All collegians are awaiting with integer.

All collegians are awaiting with interest—and hope, as the views expressed above indicate—the outcome of the referendum now being conducted by the organization. (ACP.

One unfortunate accident occurred in the final 30 seconds of play, which resulted in a tough blow for Loyola. On playing a rebound off his own board, Barney Goldberg collided with Charley Fetter, and on losing his bal-ance, banged into the stands. He was helped off the floor, and we un-derstand he will be layed up for some time. Barney played a swell game and especially was effective in the clutch, when he accounted for four points just before the final whistle. He will be sorely missed.

Little need be said about tonight's encounter with the high-flying Balti-more U. at the armory. Every year at Chestertown, is one of the games men face a more experienced potentially better crew of cagers, led by flashy Mike Pellino, perhaps one of the best players that will appear on the local floor this year. The Bees had a comparatively easy time with us at the Coliseum during the holi-days, but they know that we are days, but they know that we are being hypnotized last week? Was it tough nuts to crack in our own back by "Svengali" Schnaper? yard.

Following the contest with Balti- lately. more, Dutch Dumschott's men will bear down on their exams for a week and then try to inaugurate the new semester in with a victory over the ever improving Western Maryland five on February 3rd. Coach Bruce Ferguson has his boys on their toes bouncing up and down on a brand new gym floor, which affords them plenty of space to roam around, and romises a clever roster this year. Don Honeman, a shifty, tricky shoot

### Lovola Routs Sho'men From Lead Position

Washington Loses 36-26; Neubert Leads State

In a rather sloppily played game at Evergreen, Loyola beat the Washington quint by the score of 36 to 26. Outstanding on both teams was the poor shooting. Over-anxiety caused the game to be marred with numerous fouls.

The first half ended close with Loyola protecting a 16 to 12 lead. At the start of the second half, Neubert scored a field goal and then sank two fouls to tie the game at 16-16. The lead then seesawed back and forth. With ten minutes to go the Baltimore with ten minutes to go the balances team spurted ahead, gradually increasing their lead to ten points.

Bock starred for Loyola both with

his shooting and floor work. For the Washington quint, Neubert was the big gun, with McNiff looking very good on defense.

on rebounds, while we were helpless-ly disorganized. Performing in see a Washington College five play

board this year and a select number of track minded colleges are laying plans to cop the team trophy. Especially optimistic about their chancare Maryland and Georgetown. The Terps have two excellent distant men in Mason Chronister and Jim Kehoe and have another Gibby liable to forge ahead at any time. Young in Joe Murphy, a speedy sprint man. Around these three men they have built their fond dreams. Navy, Temple, Villanova, and Johns Hop-kins are also represented in the national meet. An invitation was given Washington College's outfit and so Coach Ekaitis has entered his promising youngsters in three events; namely, the relay, 70 yard dash, and Here's wishing Coach and the boys plenty of luck.

President of Washington College.

### Dr. Corrington--Microscopist

Growing out of his department, Under The Microscope", in the "Nature Magazine", Dr. Julian D. Corrington, Head of the Biology Department at this college, organized the American Society of Amateur Miscropists in March, 1939. Although honor organization. not yet a year old, it has a member-

ous authority on microscopy at Cornel University, has been selected as

The society boasts of many advantages to the amateur microscopist.

There is a bulletin published to which members are able to submit with ten minutes to the holds at the half, the Maroons led by a ten-eight score. But from here on it was the field. A central exchange for all Mount all the way. At half time the ized to expedite progress along par-ticular lines of study. Serial num-bers of microscopes may be registered at the society hearquarters. Through these several mediums valuable contacts may be made which will in turn provide a stimulus for further and better work. Organization of local chapters is encouraged in large centers where there is a sufficient works. ficient number of members.

The American Society of Amateur Microscopists is an independent and self-supporting organization. bership is extended to any one with an interest in microscopy.

# A Critique--

"Gone With The Wind" Seen By Staff Critic

The long-awaited "Gone With The Wind" is at last unreeling on screens throughout the country. It is epic entertainment, this four-hour-long transcription of Margaret Mitchell's book. No one can complain of inbook. No one can complain of in-fidelity to the original story—every character is exactly the same, every emotional climax faithfully reproduced.

Vivien Leigh is the same vivid, selfish, pathetic Scarlet of the book. She Germany, Austria, Poland, and the is magnificent. Clark Gable has only Danzig territory. After the beginto be himself and he IS Rhett Butler.
No one else could possibly have in Paris and at the French front.
With this background Ward will
two carry the burden of the fascinating story from their first farcial on international affairs to be heard meeting at Twelve Oaks, through the turmoil of the Civil War, to the denoument after the cruel reconstruc-tion. Olivia de Havilland plays with beautiful restraint the sincere courageous Mclanie. However Leslie Howard appears too old for Ashley; he does not do justice to the role. Hattic MacDaniels' Mammy and especially Butterfly McQueen's Prissy continually bring gales of laughter. To hear Mammy say "It ain't fittin" is worth the price of admission.

the burning Atlanta, are all exceptional. "Gone With The Wind" is a fabulous cinema pageant, a gigantic ing the year won his varsity letter in effort, but a successful one.

### Judge Benjamin Johnson Initiated On Thursday

Can it be that the Honor System has become outmoded at Washington Can it be that the Honor System has decedine outcomed at washington.

College? Possibly we are entering a new era in the college history and the old institutions are in need of a change. We have witnessed the diminution of "ratting" and other changes in the various rules and regulations but surely the time has not come for the passing of the Honor

System.

National Advertising Service, Inc.

420 MADISON AVE. NEW YORK, N. Y.

College Publishers Represent

We have heard it rumored, and substantially too, during this post-examination period that there was a more than usual amount of "cribbing" on the recent tests. In most cases, they say, it was in the freshman class. Apparently, these yearlings were not sufficiently impressed with the seriousness with which the upperclassmen hold to the Honor System. It is unfortunate that it management all are not included. fortunate that in mentioning upperclassmen, all are not included, for some

still place desire for grades above honesty.

No doubt, the Student Council will put these suspects "on the rack" and suspensions will follow. Perhaps this may impress upon the remainder of the class that the Honor System has "teeth" for enforcement, provided they know that suspensions were made.

Student enjoying if myonely regulated could be made to hits despense.

Student opinion, if properly regulated, could be made to hite deeper into the mind of one who is tempted to cheat in his work. The old story about "you're only cheating yourself", although very true, has little effect on the beginners. If a strong student opinion were formed against cheating the mean of the character of the statement of the strong student opinion were formed against cheating the strong student opinion were strong st ing it would have greater effect.

In the final analysis, the solution lies in the answer to the question "Are we to be college men or just college boys?"

"As yet analysis, the solution lies in the answer to the question "J. S. S.

Mr. Roosevelt has failed to declare that he is going to follow precedent and so not be a candidate for President. He should do so at once. Such an act would have the approval and sanction of Mr. Roosevelt's most illustrious predecessors.

## Roosevelt—

We have given the President control over Third Term? millions of dollars of annual subsidy. We have conven the President authority, acting through any president of the Women's numerous subordinates, to make regulations that control more than 130. Student Council. Her executive of

000,000 of us. This unprecedented power must not remain for long in any man's hands.

Most Presidents have used their power to advance their own political Mr. Roosevelt has made no efforts to destroy this custom. If you Most Presidents have used their power to advance their own political aims. Mr. Roosevelt has made no efforts to destroy this custom. If you desire further information we refer you to Maryland's own Senator Tydings. How well he knows the whip of the President. And the more money Mr. Roosevelt pours into the coffers of the poor, the more the boobs like him. But then, one wouldn't expect such ignorant people to be able to vote intelligently. So, if democracy is to survive, it must be done at the expense of national suicide. Mr. Mencken says, "They have earned him richly, just as they earned the thirteen years of Prohibition. He is a monument to their imbecility, not to mention their knavery." ment to their imbecility, not to mention their knavery."

Many writers have brought in the fact that war looms in the near

future and, such being the case, more than usual consideration should be given a third term. The old axim of not changing horses in the middle of given a third term. the stream is all well and good, but bear in mind that the middle of the stream came about four years ago. At the present time New Deal strategists are wondering how to handle this war situation. They can't decide whether to run Mr. Roosevelt as a "he-kept-us-out-of-war" candidate or to dive into the war and rely on the theory that blaring bands will make the

The life of the American people will be imperiled by a third term candidacy of Mr. Roosevelt. Our national economy and political institutions will be destroyed. War or peace, we suggest that Mr. Roosevelt declare his intention to obey the unwritten rule against the third term.

When the clock struck the midnight

by Calvert Jones

Surprising, to the J. V.'s, was the 41-32 defeat which they suffered at the hands of the intra-mural all-stars. The game was played as a preliminary to the Western Maryland game last Saturday night. The challengers, the cream of the current intramural crop, worked surprisingly well together. Selby and Walatkus led the scoring with 10 and 9 points respectively. Stockbridge is to be con-gratulated on his playing in this game. Effland played better than he usually does. All in all, one may All in all, one may say that the victory was just about perfect, for the intra-mural lads. The starting team was composed of Selby, Walatkus, Effland, Stockbridge selby, Waiatkus, Enland, Sooked much and Hess. Hess also showed much improvement. Don Smith and Wattern will profit from this experience, particularly the ballyhoo department.

Coach Dumschott to send team to Cambridge next Friday night compete in a tournament. The compete in a tournament to compete in a good Coach has selected the intra-mural all-stars in preference to the J. V.'s, The boys are expected to meet some stiff competition. Practically the ame team as played at the armory Saturday night will represent the Maroon and Black. A few minor changes have been made. Selby, Walatkus, Hess, Effland and Stockbridge have definitely earned their places on this team and those added to the list are Rayne, Rank, McCau-

The Lambda Chi's showed something new Wednesday in the first or two weeks. They need the no better proof could be offered than zone defense for the first time and it by our last two encounters with Balare the only two teams in the league do use this type of defense and it appears that the Lambda's have the stronger of the two. Of course, the Lambda's won their game with West thall hy a goodly margin. Ogle Hess was the high scorer for the victors. The game nearly ended in a free-forall when several of the boys felt that they could hold it no longer. The West Hallers have given several exhibitions of this. It could be said that they don't take a defeat.

The K. A.'s barely nined a power of the sond that they don't take a defeat.

The Jamba's won their game with West to win. When they saw that they could, Baltimore's hopes were shattered. Whether or not we will reach that peak again, remains to he seen.

Then the next game with Western Maryland saw a complete reversal of form. The shooting was off, the passing was too hard, long and infrequent. The generalship and unity of the previous game was lacking. If Stockbridge Coach Calvert Long that the Jay-vees. Too much Selhy and the Terrane the reversal of the previous game was lacking. If Stockbridge Coach Calvert Long the course of the passing was excellent, the boys made don't expect them to cop the meet, without saying we know they will don't expect them to cop the don't expect them to cop the don't expect them to cop the without saying we know they will don't expect them to cop the without saying we know they will don't expect them to cop the twithout saying we know they will don't expect them to cop the twithout saying we know the

the K. A.'s.

If you asked "Mike" Kardash, he probably wouldn't tell you about this one. It just goes to show that he DOES play in a hole ont there at shortstop. Dr. Davis, a fan, asked Mike what he was going to do after the total tell in the probably the most unnoticed player. Mike what he was going to do after basketball season was over? "Propaganda, Mike?"

Mike S A Steady Influence Probably the most unnoticed player on our squad is Francis McNiff, bet-

### Sho'men Prepare For Loyola and West. Md. Next

The Blue Hens from the University of Delaware will slide in from New ark tonight to settle the Shore championship with the Maroon basketballers. This is the first game of a home and home series; the other of which will be played next Wednesday night.

With a week's rest, due to the can-cellation of the University of Mary-land game, the Sho'men should be fit and ready for the game which carland game, the Sho'men should be fit and ready for the game which carries with it much traditional rivalry. Steve Grenda, Hen coach, brings down a quintet with no really impressive record. The only victories recorded by Delaware earlier this month were over Haveriord and Drexel. F. M. C., victim of the Sho'men last Saturday, was a victor over the Blue Hen quintet recently.

For Shouts vateran athlete at

Earl Sheats, veteran athlete at Delaware, who was out earlier this season will be a familiar figure on the Armory floor. His height will be a great asset to the Hen squad. Captain Eddie Anderson appears to be the "hot" man of the team. In the first five games, he scored 73 points. Washington and others are nearing first five games, he scored 73 points completion as the time of the dance draws near. Streamers are being made, flags set up and other work is going busily on.

The decorations around the orchestic decoration a

ered with American Beauty roses.
This is only an idea of the decorations for the dance.

with probably be felt by the Maroons with probably be felt by the Maroons to a greater extent than is supposed. Coach Dumschott will look to Neutions for the dance.

Publicity for the dance is being handled by Dave Clarke, Programs and Tickets by Bill Buckingham, Chaperons by Don Fraser,

Tickets are now on sale and the same will be the second meeting of the teams this season. The Terrors of Western Maryland in thir new gym may be compared to the Shotmen in the Chestertown armory. They have scored several nusets records. on their new court. Mt. St. Mary's was a 34-31 victim of the Green Ter-rors in the Emmitsburg "band box," the same floor where the local quintet nearly soffocated. However, the Terrors have lost close ones to Villanova and Baltimore University. They will be no easy team on their stamp-

After tonight's game, we will probably find that the Delaware quintet will give the Sho'men little trouble, even in their own gym.

#### Coach Kibler In "Diamondback"

Sports Writer Relates Achievements Of Coach

Mnrray Valenstein, in his sports column in the University of Mary-land "Diamondback," devoted his en-tire space in a recent issue in recog-nition of Our Coach Tom Kibler. In reference to Coach he wrote, "Few can match his brilliant personal achievement or the fine athletic tra-dition which he has so carefully built dition which he has so carefully built at Washington. On the eve of Mary-land's visit to Chestertown, we are proud to salute a friendly rival—Tom Kibler."

In memoers of the Ireshmen Virginia Nock and Marian Decker were elected to the Reid Hall Council to this week. Miss Nock will fill the vacancy left by Mary Jane Monroe while Miss Decker is the newly chosen freshman representative.

#### SATURDAY, FEBRUARY 17, 1940

The Council deserves real congratulations for the speedy efficient manner in which they handled the honor cases reported to them last week. Every case reported was given a fair trial and every violator was given ample time to testify in his own defense.

However, these examples proved the inadequacy of the honor system as it had authority to prosecute only those cases brought to its attention. It's safe to say that there is probably not one person on the campus who does not know of at least one unreported violation committed during the examination period. This, of course, makes us all partially at fault for the inadequacy of the system. But this is not the chief trouble. The worst fault seems to be that the students of Washington College place no value on personal honor. Cheating and lying are not stigmatized by the student body as a whole. How can we expect the honor system to work when this is the case?

As long as this remains true we might just as well call the system impractical and give it up. We will find it better to install some sort of a proctor system, with guards and spies posted throughout examination rooms. Professors will be responsible for honesty in their classes. Of course cheating will then become a kind of grame with the students trying to get away light seems to be that the students are not stigmatical and give it up. We will find it better to install some sort of a proctor system, with guards and spies posticed throughout examination rooms. Professors will be responsible for honesty in their classes. Of course cheating will then become a kind of grame with the students trying to get away light seems to be interesting combinations.

stall some sort of a processor system, which gears all some sort of a processor system, which gears all some sort of a processor system, which gears will be responsible for honesty in their classes. Of course cheating will then become a kind of game, with the students trying to get away with it and the professors trying to catch them, but after all, it's turned out to be nothing but that now, except that the professors don't have a fair chance.

Omicron got any new memory of light some interesting combinations. Dances usually do....The Sports Education with the professors don't have a fair chance.

Some class...The ping-pong tournament goes forth, etc., etc.

The nine people inducted into Sigma Sigma Omicron Thursday reaped the just fruits of their labors. These new members, each entirely upon his own merit as a scholar, were chosen by the Honor Society as worthy of receiving public recognition of their scholastic ability.

The Honor Society is unique, in that it is highest type of student. True, many of its members are in turn closely identified with the leading organizations of the campus. It transcends these societies. Merit, alone, is the basis on which the new members are chosen.

It is true that Sigma Sigma Omicron is a relatively inactive organization. This must be so. It exists only to honor those who have distinguished themselves in the one true ideal of collegiate education—scholarship.

Inagine being in a worse situation than Ernie Shockley was last Thursday at Assembly. We can't\_ust any at Assembly. We can'

legiate education-scholarship.

In another week our new library will be dedicated and we will officially have a valuable addition to the college plant. A library is one of the major bases on which the standing of a college is determined. Through the heneficent contributions of Dr. George Handle Senator Foxwell

And Conduct

And Conduc the scholastic standing of Washington
College has thus been enhanced.
No one will offer opposition to the statement that the use of this new building has provided a new and greater incentive to the adequately increased study space has been an addition in the number of volumes housed in the stack rooms. Thus been experience that cooped up feel-tion in the number of volumes housed in the stack rooms. Thus been are to material to read.

Needless to say, this library like any new possession must be cared for if it is to remain new and shiney. Let us show our gratitude to the donors by keeping it, each year, attractive as the year before.

### Survey--Medical Service

Does Washington College have satisfactory medical facilities? seems to be the predominant question in the minds of the more serious minded students at this time of much sickness. What is the answer? After surveying the situation, one should be able to answer for himself.

Stop and think, Could an epidemic of grippe or some other contagious disease be prevented with the present facilities? The answer seems to be "No!" Upper-classmen will remember the one we had last year that practically decimated the enrollment. It couldn't be stopped then, and there have been no improvements made. One can easily see that without the complete isolation of the affected persons, little progress can be made. When people are ill with a contagions disease are allowed to re-main in a room frequented by other students, the spread of this disease cannot possibly be stopped.

This brings us to the point of an infirmary. Washington College undoubtedly needs an infirmary. Are we going to get it? The business office has announced its intentions in furnishing the students with such a supposition of the students with such as the students will be such as the such as the students will be such as the students with such as the students will be such as convenience in the near future. Will it come soon enough? We don't know. At any rate, the addition of an infirmary to Washington College is needed and would be greatly welcomed by the students.

by Calvert Jones

By next Saturday, intra-murals should be over with the exception of the finals and semi-finals. That means that a lot of decisions will will have to be made next week. One important one would have been made tonight had the K. A.'s been able to meet the Lambda Chi's at the armory as scheduled. However, the game was called off in view of the fact that several of the K. A. players will he unable to be on hand and in its stead will be a match between the Sophomores and the Freshmen. The Frosh should find little competition in their opponent, even with two their regular players, Catlin and

This past week has been a week of In space week has been a week of most in the intra-mural league. The man on the floor. Not only did he Frosh, with a much weakened team, upset a strong Middle Hall team, fine defensive ball. Neubert was Frosh, with a much weakened team, upset a strong Middle Hall team, when they defeated the upper-class-men 20-16. Right on the heels of that, which was even more surpris-ing, the Middle Hallers suffered a ond defeat at the hands of East Hall 15-11; a close game but well played on the part of East Hall. This definitely makes the Middle Hall team an underdog and makes the battle stand between the YMCA and East Hall.

both times for their only two wins of the year.

The YMCA pulled two out of the

Sophomores 24-16 and West Hall was were impressive and should strength-the next to fall before them by 10 en the outdoor team considerably.

shod over the Phi Sig's 32-15. This stiff opposition. Ed McCalley start-game was a great help to the boys' ed the mile but was forced to withindividual scoring records. Although the K. A.'s and the Lambda's have both won over the same teams, the Lambda's seem to be a bit more impressive in their victories in what they win by such great margins. Many of these games in which the Lambda's have overwhelmed their opponents, the K. A.'s have struggled to put themselves in the win column.

But this is immaterial. The real

decision must be made next week; that decision of who will win the that decision of who will will the Fraternity league, the K. A.'s or the Lambda Chi's. The K. A.'s have beaten their foe once by a score of 29-22. The question is can they do it again or will the Lambda's turn the tables on them. The Lambda's have movie will be essentially in two parts; tutes. The failure of Jim Stevens 29-22. The question it again or will the Lambda's turn the tables on them. The Lambda's have a much improved team since that time they played the K. A.'s. Which ever team wins this all important contest will more than likely be the big team of the year since both teams assed through the other teams.

Tickets have been placed on sale and may he secured from any members, and the secured from any members, and may he secured from any members, and the secured from any members, and may he secu

This week has been a big week for the intra-mural league. The K. A.'s and the Freshmen played at Elkton on Thursday night while the All-Stars played the Cambridge Collegiates at Cambridge High School last Although the results come too late to get in this column, all three of these teams should have come out

Finals and semi-finals will be played at the armory as soon as possible. These games will be twenty minute halves and will probably be played in about two weeks.

1.38.5 half-mile last Saturday at the of improving with each game, Steve Maryland Fifth Regiment Meet, has lost confidence in himself and in Maryland Fifth Regiment Meet, has lost connected a masses of the retrieval.

Washington College's relay team consisting of Watson, Buck, Jackson and promise he had shown in earlier tilts.

Whether the game will be played Steele gets our weekly bunch of or- Bremer, Benjamin, Kirby and Bush, the score stood 17 to 16 in favor of F. M. C. At the bell ending the period, the Sho'men were leading by five points.

In the second half the local team the score stood 17 to 16 in favor of chids. Reports have it that the finish three men had assumed a sizeable peak are but average cagers. Depairts. Catholic U.'s speedy clean-up man grasped this opportunity and the Shoremen's lead was threatened. But Steele showed the stuff he was made of by recovering courageously to nose his rival out at the tape. Here the boys gathered in a happy huddle, each lauding the ability of the other in exuberant cheer. By the way, Coach Ekaitis is wearing a smile as bright as the trophy, and believe you me, its a honey.

#### League Race

By trouncing the John Hopkins Blue Jays 49-27, the Loyola Grey-hounds annexed their fourth victory without a defeat in league competition. The Greyhounds are a strange ball club. On the road they consist-ently receive lacings, but at home it's a different story. Each of their league encounters have been in their own back yard, but now in the final stretch they will be playing on for-eign courts. It appears to vour ob-server, that the Jesuits will find it tough sledding, especially at Mt. St. Mary's hand-box an

town armory, not to mention West-ern Maryland's new Gill Gymnasium and Hopkins' Homewood. Despite Washington College's two league de-Despite feats, they cannot be counted out of the Maryland Collegiate race. Past history shows few teams winning the circuit without a trimming and Lovola's inconsistency away from home may prove disastrous in their drive for the championship.

#### Shock Troops

For the next two weeks, which includes all the remaining games, but Catholic U. and Hopkins, the Sho'men will perform without the services of aggressive Wils Schuerholz. Replac-An hour and a half of tennis movies will be shown on March 6, through the cooperation of O. D. K. and the tennis team, under the direction of Dr. Winton Tolles. The film is being distributed by the American have Tennis Association to all groups interested in tennis The

#### Maryland Game Called Off

Due to the unpredicted blizzard last Wednesday night, it was impossible for the Terps from Maryland to appear for the annual game with the Sho'men. The campus showed many signs of disappointment for the calling off of this annual classic event.

This year, with Maryland not too strong at times, high hopes were held by the locals for their first victory er the Terrapins.

No notice has been given as to a later date or not, but this is highly

No matter what the views of the average collegian may be on the subject of economy in the federal government, almost without exception he is not in favor of reducing financial aid for his fellow-students as has been main-

NYA Upheld
By Collegians
Stration. Collegiate editorialists are thumping loudly and strongly against N. Y. A. fund reductions now being considered by the national NYA Upheld

"America's best defense," says the Temple University News, "will always be found in the existence of happy, busy young people, preparing themselves in the nation's colleges for a useful future marked by peace and security. Economic discontent is the factor most likely to invite war. If the budget is to be cut, the place for it is in the arms increase proposals, not the comparatively small N. Y. A. allotments. N. Y. A. is an effective agency for keeping students in college, where it is more customary to carry textbooks than it is to carry guns."

"The fact alone that the honor point average of N. Y. A. students is above the average of the school indicates that a little financial assistance for students from lower income groups will represent the average of the school indicates that a little financial assistance for students from lower income groups

will repay the community in future leadership and employment security," the University of Minnesota Daily maintains. Summing up the argument of all collegians, the Mills Col-lege Weekly says: "A penny saved in the production of war machines would certainly pay more than a dollar in dividends if invested in the education of some brilliant students." (ACP)

The recent recurrence on the Eastern Shore of a mob gathering for an attempted lynching brings to the front the question as to whether or not an anti-lynching bill is feasible. Much Mob Violence

Mob Violence

Mob Violence

Mob Violence

Mob Violence

Mob Violence

of the congressmen to put into effect such a bill.

It has been argued that mob violence is a breach of all democratic principles, infringing on man's natural rights. It has been deemed as barbaric by certain free speaking news mongers!

The Eastern Shore in recent years has laid itself open to considerable criticism because of its readiness to disregard the law, take the law in its own hands and swiftly accomplish that purpose which would take the courts months or even several years to decide.

This delay in prosecution caused by the technicalities sur-

This delay in prosecution caused by the technicalities surrounding the legal procedure must be cited as a dominant factor in the cause of mob violence. With swifter, and more expedient trials it is right to assume that in many cases the socalled 'mobs' would let the law follow its proper procedure.

To pass an anti-lynching bill would be to defeat the very purpose for which such a bill is intended. Restrictions may be law, but it remains a fact that human beings are overrunning with human emotions and when a member of society is brutally with human emotions and when a member of society is brutally do the work that should be left to the courts. With the existing state of affairs such action can not justly be condemned.

Several years ago, the delay and technicality of the legal procedure cost the state of Maryland \$25,000 and Wicomico County \$10,000 to convict a negro, not worth one cent to the state or the county, for an assault where there was no doubt that he was guilty. Numerous similar accounts where such heinous crimes caused such expense and much delay are on college degree or its equivalent.

With the present conditions, lynchings will continue to occur regardless of any law attempting to curb them. The fault language and literature has been ship dues in student organizations. System.

A special course in the Russian last year spent \$44,500 in member-ship dues in student organizations. added to the Cornell University cursystem.

# UNDER BASKET

In trouncing P. M. C., Delaware and Western Maryland, the Sho'men displayed a dazzling offense that zipped 180 points through the hoops, averaging 60 per contest, mostly through utilizing the fast break and the easy lay up shot. Dominant throughout the earlier tilts, strangely appears to the strangely are the strangely the stra enough, was the steady defensive play of our quint, sparked by the ball stealing of Schuerholz, the interceptions of passes by Fetter and the re-bound work of McNiff and Neubert This recent scoring tendency of our club can be traced to many things, but the principle reasons are the bringing up of the ball quickly, the working harder for shots and probably the most important, the control of the ball until a good shot was possible. If the boys meet that happy medium of scoring and guarding tonight, defeat will be highly improbable.

#### Crucial Tilt

A victory tonight for the Maroon and Black would put the pressure on drop two of these three battles, this would necessitate a best 2 out of 3 play-off series, the first since 1935-36, when the Shoremen trounced the Mounts soundly for the championship. So this evening's encounter may be justly billed as a crucial clash, the

The other mural depicts a concepeided upon. Mr. Roche made small tion of a scene recorded by Dr. Smith in his account of the events of the next year, 1784. He says: "To the foregoing account of the public exercises in May 1783, it is only to be added that in May 1784 the Seminary was honoured with a visit from His Excellency George Washington, Esq., the illustrious patriot, whose name it hears, and who took his sent and subscribed his name as one of the Visitors and Governors. On this occasion, the students entertained the public with the tragedy of "Gustavus Vasa", the great deliverer of Sweden from Danish oppression, a performance breathing throughout the whole the most animated sentiments of Liberty, heroism, and public spirit. It was received with the justest appro-bation, and especially the following lines of the "occasional epilogue, the latter part of which calling the more immediate attention of the audience to their favorite hero, in whose presence it was spoken, drew tears of gratulation from every eye, and repeated bursts of applause from every heart." (The epilogue is then printed in full—it is excessively laudatory in linking the characters of Vasa and Washington.)

#### SATURDAY, MARCH 2, 1940

This week-end finds the local Phi Sigma Phi fraternity hecoming the Beta Eta chapter of the Theta Chi Fraternity. With this installation all of the social Greek organizations will again

Welcome National affiliations.

Theta Chi! early inception, have played an integral part on college campuses. The value of their greatest assets. This characteristics is probably one of their greatest assets.

when several years ago the college administration endorsed and encouraged and to some extent effected the nationalization

and encouraged and to some extent enected the nationalization of the then-existant local Greek organizations.

Theta Chi is one of the oldest national fraternities in this country and has a large membership. These two factors are of cardinal importance when the strength, influence, and ideals of a fraternity is to be measured. Theta Chi's requirements from incoming chapters shows their traditional conservatism. Definite qualifications must be met before a charter is granted.

Physicana Phi is to be congratulated on its meeting the re-

Phi Sigma Phi is to be congratulated on its meeting the requirements of Theta Chi and its choice of that fraternity. We welcome the Beta Eta chapter of Theta Chi to this campus.

The prospective conference of collegiate newspaper editors, sponsored by the "Washington Elm", should prove a worthwhile undertaking in many ways. Save for athletic contests and occasional fraternity conventions, there is all'too little contact belief and other nearby campuses. There is much to gain for us and others from a more frequent exchange of ideas and view-noints.

and others from a more frequenc exchange in the editors points.

In the editorial field in particular is this true. The editors of small campus weeklies face much the same problems and frequently work out the solutions in different ways. A general conference will not only tend to ease the difficulties faced by each staff, but also to suggest new methods to enliven and improve their paper. Initiative will receive recognition and better journalism will be stimulated.

Benefits will also be accrued in fields other than collegiate journalism. New acquaintanceships formed at this meeting may easily lead to closer college relations. Students from visiting schools will have a chance to know and appreciate Washington College for what it is, while we at Chestertown will have another opportunity to demonstrate our brand of southern hose another opportunity to demonstrate our brand of southern hose fight company"... Most college editors are putting the American Youth pitality.

tion Saturday it seems that it must be an assumption!

The absence of an appreciable portion of the student body was extremely noticeable. If there was an understandable reason for such a mass absence, the situation would be explainable. It would seem that every student would consider his presence a matter of personal pride and make a special effort to be there. It might be noted in passing that, if attendance had been taken, there would have been a capacity house of students alone.

The poor showing is not so much a reflection on the college, for expansion is necessary, as it is on the student body, individually and collectively. Such affairs are our affairs and decover student support to the fullest extent.

J. E. S. the year

dividually and collectively. Such affairs a deserve student support to the fullest extent.

### Three Seniors To End Cage Careers Wednesday Night

### Face Blue Jays In Final League Game At Armory

Washington College will meet the Johns Hopkins Blue Javs on the local court next Wednesday night in the final game of the year for the Shore-More than this, it will be the final game in the collegiate basketball careers of Collins, Kardash and Neubert, three members of the regular varsity squad who have captured the hearts of the fans with thrills and top rank playing.

Kardash, Neubert and Collins will long be remembered in the sports an-nals of Washington College for their athletic careers and records made while being here and by the great number of fans following the Shoremen, but perhaps the greatest memories will linger with the members of the opposing quintets, whose duty it was to meet these three on equal terms on the basketball court.

freshman year, he improved by leaps and bounds until he made secure his varsity position. Chuck turned in his best year with the season just now ending. At one time in the campaign he was state's high scorer, and at the time of writing has 193 points for the season, placing him in the 4th posi-tion in the high scoring race for the

mike" Kardash.—"Mike" is the pepperbox, spectacular, 'nervy little guy' of the team. Since entering Washington College in February. 1937, Mike has been regular for the specific forms of the part of Western College. Washington College in February, On the part of Washington, the 1937, Mike has been regular forward on the quintet. He has always been one of the high scorers of the team one of the high scorers of the team whether Loyola was too good for and in all cases has been the most washington or whether the Pentagon colortal and amusing player on the was off is just a matter of opinion. It was off is the opinion of many that Loyola was one of the best teams to appear on the local floor this season. Their shooting left nothing to be desired while their defensive playing was one of the best teams to appear on the local floor this season. Their shooting left nothing to be desired while their defensive playing was one of the best teams to appear on the local floor this season. Their shooting left nothing to the local floor this season. Their shooting left nothing to the local floor this season. Their shooting left nothing to the local floor this season. Their shooting left nothing to the local floor this season. Their shooting left nothing to the local floor this season. best shot is hard to name because he is a master of many. His color, teamwork, and points will be missed.

5 feet, 7 inches, of energy, able to ck up everything said about him.
"Howie" Neubert.—At the present

time Neubert is leading the pack in the race for high scoring honors of the state with 213 points. With two more games to play, at the time of this issue, he may drop off, but we're uns issue, he may drop off, but we're counting on him to increase instead of relinquish his lead. Neubert's high scoring spree this year climaxes four years of regular play for the Flying Pentagon. His play has im-proved each year by plenty of hard work and high spirits, until now he is

### Play Reaches Completion Via Worry And Tears

The New York stage and screen hit "You Can't Take It With You" is going to be shown in all its glory on March 15, at 8:00 o'clock in William Smith Hall. Tears and worry plus many hoarse voices have brought this play into the final week of rehearsal.
"You Can't Take It With You" is an entirely different type of play from the first one presented this year by the Dramatic Club. There will be no peanuts or cider, and no "Canchorus, but the rapid repertoire and subtle lines will undoubtedly evoke results from the audience, even if they are not in the tangible form of peanuts.

We hope that every self-appointed critic and every confirmed nermit will shine forth on the evening of the "ides of March" to enjoy Essie's superb toe dancing, Kolenkay's Russian accent, Grandpa's ideal outlook on life and Penny's irresistable chatter. Collect thirty-five cents from your various creditors and relax for an evening's enjoyment. Money spent thusly is well spent, for you know—"You Can't Take It With You."

### Orchestra Plays In Assembly

For the first time this year, the college orchestra presented a full program. It was in the absence of Dr. Robert Swain, scheduled speaker, that the orchestra was called upon to perform.

program featured two solos. The program featured two solos.
Ed Miller, student leader, was very good in his trumpet solo, "Columbia."
Mort Garrison played "Souvenir de Wieniawski" by Halesche. Both were received well by the student

Following the trumpet solo, the or-chestra played "Magneta Overture" by Hnff. Dr. Livingood explained that this was the first number ever cipate in or support a band for the College. The first practice was called for Friday night.

The orchestra program was as follows:

- 1. (a) Matinee March
- (b) Favorite Rag
  2. Trumpet Solo, "Columbia"
  Edward Miller
- (a) Magneta Overture (b) Stilly Night
- 4. (a) Chanson Berceau
  (b) Moment Musical Schubert
- Venetian Carnival Z Violin Solo, "Souvenir de
- Wieniawski Mort Garrison
- Mort Garrison 7. (a) The Colonel's Party Zamecnik

### GUEST **EDITORIAL**

by Harry S. Russell, Associate Editor, Chestertown Enterprise

Gather around, kiddies, and origin of Leap Year. It dates back to the Stone Age when men were men and women were dangerous. In those days were dangerous. In those days men wore few clothes and carried clubs. Whenever and wherever they saw a woman to their liking they'd immediately persuade her to come along. The method of persuasion was to tap them, lightly at first hut with increasing vigor, on the with increasing vigor, on the head with the club. The club, by the way, was carried for that purpose. Today it is used to keep the women away.

To make a short story longer the women soon tired of this. Sometimes they got the worst end of the bargain. (It was possible in those days though it isn't now.) So they banded together and called on the Gods. Now when they had banded together and called on in armed international or civil control to Golds. Now when they had flict, in a debate with Upsala College arrived and all began to talk at once the Gods decided to decision debate. Aycock and Steingrant whatever they wished in more to be rid of them. They wanted one day in the year the day of the Titsworth Debate Society wanted one day in the year their opponent from Upsala were set aside for them to do their own choosing. The Gods apreed and asked them to name isbury State Teachers' College at Salter of the College of the C the day. Immediately they all cried "Tomorrow." Well, tomorrow happened to be February 29 and that is the origin of Leap Year Day.

However, the women at once realized that the day would come but once in four years, a thing they had overlooked in their haste; and they clamored for a change. The Gods said:
"You have made your hed,
now he in it." That is the origin
of the phrase which so many
attribute to the witch in
"Sleeping Beauty."

Making the best of a bargain the women looked a-bout for a club, the necessary item to the trade. The handiest

The first Leap Year Day was not a success. All the women wanted the same men and they fell to fighting among themwanted the same men and they fell to fighting among themselves. The married women felt they were being cheated and wanted the privilege of trading in the old husband on a new one. And there is the origin of another custom of the day, the trade in trade-in.

trade-in.

There was such a muddle that the Gods, being immune anyhow, decreed that the women should do the choosing all the time. This carried with it the privilege of the asking. The men wanted some rights and to salve their masculine vanity it was agreed that they should be given credit three years out of four. The actual work, however, the privilege of choosing and asking, was to remain with the woman. And main with the woman. And that, kiddies, is the method fol-lowed down to this day.

Note:-This is the second of a series of guest editorials to be featured by the ELM.

Smith turned in 4 years of superb service as a regular on the The Speakers Bureau which was Pentagon.

The Speakers Bureau which was Pentagon.

The Speakers Bureau which was Pentagon.

The detailed by the society has ed tonight. Schnerholz, Fetter, Stevens, Bremer, Bush, and Kirby make up the in-state squad. Kardash has been quoted as saying, "I don't think lill have any trouble with the burns.

The wight's hattle will be a contest.

Tonight's battle will be a contest between scoring power and floor

Neubert and Collins will be the spark plugs of the out-state team. These two give the foreigners a slight advantage in scoring power. Mc-Niff, a great floor man, will help steady the team play. Lovesky, Benjamin, Bartolini, Lore, Gallullu, Galvain and Brandt complete the ros-ter. Collins has sarcastically said, "The in-staters talk a hell of a good game." McNiff, Collins and Neubert will be the mainstays of the team.

A girls' basketball game will be the first event of the evening. This is a new idea in the gymboree and will draw close attention from the spec-tators. The girls will hang up their skirts and shirts and show the 'guys' how to play the game in a rough and tumble fashion. For publicity sake, the members of the teams have not een presented.

All girls attending this gala occasion will be potential queens of the gymboree. During the evening nominations will be made and a queen selected, to be crowned before the great throng of spectators with all ceremonies attached. Speculation and high betting has been made on the outcome of this event.

A bull fight between a mysterious matador and a raging bull will be held. Little is known about this event except that 'Little Jerry Sohl' will act as the postexcar end of the bovine mammal. 'Gus' Krometus and 'Dogwood' Wood will settle standing grudge in a wrestling match. Both are fit for the battle and are sure of humiliating the other by complete anniliation before the whole college group.

The recent installation of a Theta Chi Chapter on our cam-

The recent installation of a Theta Chi Chapter on our campus has brought to light the fact that Washington College each year increases its inter-collegiate horizons. Yet to come are the Kappa Alpha Province Officers Installation and the proposed ELM Conference. All three of these inter-collegiate activities have found their origin in the student body.

The value of such inter-collegiate activity is apparent. But at the present time there is one new advantage to holding an inter-collegiate conference at Washington College. That is the fact that we can rightfully boast of our new buildings. Outsiders gain a favorable impression of the college and the value of this will be seen for years to come. We are widening our horizons with the passing of this year and with this widening comes a greater Washington College.

E. A. O.

Solution again boast three national frats—Theta Chi OPEN HOUSE was quite a success—hope we can see more of them. The Lambon of the Greek organizations will be soon changing hands. Next week will probably find most of the basketball squad changing their garbs to a ball and glove—the rookies have so far kept each other dodging and comes a greater Washington College.

E. A. O.

Last Sunday's open house of the newly installed Beta Eta chapter of Theta Chi fraternity, and the success of this function again brings to the foreground the real need of an adoption of an open house policy on the Washington

Open House Question

College campus.

The fraternities of this campus are

Question
The fraternities of this campus are hampered in their social activities by a policy which prohibits open houses except on very special occasions, such as installation into a national fraternity.

Faculty members, members of the administration, other fraternity groups, and friends attended last Sunday's affair. Perhaps many took this occasion to see what the inside of a fraternity house looked like, whereas on all other campuses such functions are a vital and frequent part of fraternal life. It was interestingly noted that not one voiced any dissention as to the conduct or any other phase of the affair, but on the contrary, voiced loud affirmations for the continuance of such functions in the future. With such opinion present, it seems obvious that the future. With such opinion present, it seems obvious that the old policy is outmoded.

The right to hold open house functions by the fraternities would unquestionably serve to further strengthen inter-frater-nal relations on the hill. It is hoped that in the near future the college authorities will see the advantage of such affairs and fix their policies to present day thinking.

### Locals Win Final Game

Hopkins Loses 46-39 Contest

"Chuck" Collins, in his last game Washington College, scored points to win a 46-39 contest over the Blue Jays of Johns Hopkins. The first half ended with the score 21-17 in favor of the Maroons.

Washington College scored points by virtue of the tip to Kardash and a pass to Collins who scored within seconds after the first whistle had blown. From there, Collins scor-ed 10 more points in a comparatively slow game before any of his team mates could find the basket. Although Washington was never behind dur-ing the first half, the Blue Jays twice had the score tied and were never far behind.

Even though the first half was slow and sloppy, the second half was even worse. The game was marked by poor shooting and sloppy passing. Again, during the second half, it was Collins who was outstanding, aided by "Mike" Kardash who was second high scorer with 11 points. Howie Neu-bert, vieing for state scoring title was held down to 6 points in his last chance.

### Neubert Leads College Scorers

A tabulation of the season's scoring for individual members of the basketball team puts Neubert, Collins, and Kardash in the upper brack-et. A complete compilation fol-

Player	_ G	F	- 1
Neubert	102	38	24

### TOSSES and REBOUNDS

-BY-FRAN PERRY – FRAN KREEGER

Seniors 28 - Sophomores B 23

The Seniors and Sophomores opened the 1940 season, promising stiff competition for the year. At no time during the game were the Seniors able to let up, for the Sopho-mores lost no time in scoring the first half. Both teams showed a weakness on the defense which will probably iron out with time.

#### Sophomores A 28 - Freshman A 13

The Freshman team is still in the throes of being built. Cooper, Culver, and Russell have begun to make their passes smooth, and the guards seem particularly strong. With so many players hattling for each position, playing is at a high pitch, and every girl is giving her utmost to clinch a position on the team. The score is not indicative of the good defense put up by Freshman A.

### Sophomores B 31 - Freshman B 14

The Freshman B is also still in the process of being formed, and over-anxiety of the forwards to score resulted in the fumbling of the ball, which the Sophomores were everready to pick up. A little less anxiety and playing experience should soon correct this fault and prove the Freshman B a tough opponent to any team.

### Seniors 16 - Juniors 10

The Juniors came through Tuesday night and provided a great deal of excitement for the spectators and keen competition for the Seniors. The Juniors have never been a winning team but are known for good sportsmanship. Norma Wallace, a new member on the Junior team, is proving to be a scoring threat, just what the Juniors need. In short, a good defensive game as the score in-

## Paul W. Ward Explains Russian Foreign Policy Richard S. Collins, Associate Editor, Chestertown Transcript

by John Effland, Jr.

That there would be no major offensive this spring in World War II, was the prediction of Paul W. Ward, Washington correspondent for the Baltimore SUN, in his address as guest speaker of the annual Y. M. C.

guest speaker of the annual Y. M. C. A. assembly last Thursday.

The speaker related his interesting experiences while traveling in Europe before the inception of the present war. Through conducement of sentries, necessary due to the absence of a pass, Mr. Ward passed through a large contingent of the French army and was one of the first correspondents to reach the western with the London bureau. front following the declaration of hostilities. Upon arriving during the nostitues. Upon arriving during the second week of September at the Maginot line, deep dissapointment followed, for the silence and inactivity seemed unreal and unbearable. Nearby villages, although deserted, were still intact; the usual shell-holes and other indications of strife were strangely missing. The only inter-ruption in the monotonous observation was the appearance of German planes, apparently taking pictures, upon whom the French anti-aircraft batteries released a repelling bat-rage. The speaker described the Maginot line as "a series of small warships, sunk in the ground, main-ly on hilltops."

The fact that current events and

issues clog our thoughts and prevent our reviewing the past, was emphasized hy Mr. Ward. Our conception of the Finnish-Russian War is based prising results. This work was the past of the

was waiting for a chance to pin their ears back" stated Mr. Ward. There was one individual who was an exception to this general feeling, this was Maxim Litvinov, Commissar of Foreign affairs. This statesman, partially because of his western training, believed an agreement could be made with tre western countries whereby Russia could gain their confidence. He strove to gain protection with major powers against aggressive na-tions, but when his ideal, the League of Nations, was put to test, the first being placed in Manchukuo, it failed. The official British communique hluntly stated that England was not interested, having been assured her interests would be protected by Japan. This was but the first of a serpan. This was but the first of a series of failures, following came Abyssinia, Spain, Austria, and the crucial conference at Munich topped the list. When the Czechs were "sold down the river", Litvinov was crushed. The foreign relations pol-icy of Russia immediately changed

At the beginning of the war, all those concerned proceeded on the basis that Russia would care for its own interests. Germany presumed that Finland would be the basis of concentration of a major offensive on Russia. Finland had almost accepted the terms of the Russians, but because of pressure exerted by the Al- paid by donating a volume.

lies, they were forced to fight. The Allies relied on a Baltic offensive with Norway and Sweden participating with Finland, but this hope failed. Finally the Finns were almost prepared to sign terms forced on them by Russia when the English and French offered aid in the force of the state o French offered aid in the form of

Due to the relapse in the Finnish-Russian War, the Allies have lost the blockade of supplies from the Scan-danavians to Germany plus the pre-

While it is not ordinarily the policy of the ELM to give space to past assembly speeches, the editors feel that this talk well justifies the space

### ELM Poll --Freshmen Need Supervision

"Do you think that compulsory supervised study for Freshmen would raise the scholastic index of that class?" This question was put before a representative block of the

our reviewing the past, was emphasized by Mr. Ward. Our conception of the Finnish-Russian War is based upon present conditions. The real basis behind the theory of Russia's declaration of war on Finland dates back to the World War.

Upon emergence as a Communistic state, Russia was hailed as "the evil of evils", "Red Russia", and other uncomplimentary titles. "From the beginning of Soviet Russia, the leaders have had an inbred feeling that everybody had it in for them, and was waiting for a chance to pin their

### GUEST EDITORIAI.

It has not been until recent years, if the past twenty can be considered recent, that I have found out just what kind of sales talk makes an alumnus give of his time and hard earned cash to his Alma Mater, when his college days are but a memory. I will remember back in the early twenties, when the result of a drive for an endowment fund was to detarmine the future of Weshies. termine the future of Washing-ton College. The sales talk during that campaign, which may have been just propaganda, was "If the endowment is not raised, the State will take over the property and convert it into a property and convert it int it into an institution for ne-groes." That slogan broke groes." That slogan broke down the resistance of the most conservative resident of Chestertown and worked well among the alumni. A sheepskin or athletic "W" would not have been worth a plugged nickle if this came about which all gross to preven that the all goes to prove that the progress of the Alma Mater is of provital importance to every alumnus. How many of those endowment pledges were ever paid I do not know, but I do know that since that drive the college has progressed until the Tofkappa Alpha

James Spielman, '41, was elected to be from past performances. He did not seem to enter into the character of the record, is tops among the small colleges; the special meeting last Thursday night. Spielman will succeed William Johnson as head of the fraternity for the may have an occasional bad season, stand well in their class. It is of no difference whether the alumnus graduated in a class of six or sixty, or whether he won his "W" when there were fourteen or forty candidates out for the football team, his boast is judged by the condition of the college as it now exists. These facts have made me realize that it is of great interest to every alumns and future alumnus sist in the have made me realize that it is of great interest to every alum-nus and future alumnus to as-sist in the progress of his college and the only lasting sales talk to assure this success is the record to date. Every one is interested in an institution that

#### SATURDAY, MARCH 16, 1940

For many years now, Washington College students have walked approximately a half mile to Gill's or to Bennett's to spend their allowances in candy, sodas, cigarettes, and sandwiches. So badly have they desired these things that they have braved wind,

Shop Plea

This brings snow, and rain to get them. This brings to our minds the thought of how convenient a college owned shop would be and also the many valuable

features of such a shop.

The students don't have a real "hang-out," a place that is The students don't have a real "hang-out," a place that is conveniently located, that caters especially to the college students, and that is sanitary and well conducted. Now that our college is growing, we can look forward to these conveniences that will make us more self-sufficient. Anyone can see the value of such a shop that would be located on college property and which would be easily accessable to the students at any time during the days complete the students.

and which would be easily accessable to the students at any time during the day or early evening.

The ideal college shop would not have to be so large. It would be clean and attractively decorated. Its line would consist of ice cream, sodas, sandwiches, cigarettes, magazines and other things demanded by the student body. A radio or nickly machine would furnish music for the dancers on the small floor. Above all, the shop would cater to college students and their friends archively.

friends exclusively

friends exclusively.

The shop, patronized as it would be, would be self-supporting. Every week for nine months in the year, Washington College students spend between \$300 and \$400 for just such things. Most of this money is, distributed between Gill's and Bennett's. The small business such as the one proposed making weekly sales of this amount should certainly make a profit. Such a plan would be of a financial benefit to the school and a social benefit to the student body.

J. C. J.

The afternoon preceding the June Ball will be quiet and uneventful this year in view of the recent decision to abolish the This institution, and so it may justly be called, has been snuffed out as the dawn annual June Fete.

Ro Jane of its thirteenth year approaches.

Fete? Why? It has annually been one of the major attractions of the gala June Week program. Townsfolk, as well as alumni and students, have always enjoyed its afternoon of entertainment. Its value appears not only in the fact that it is legitimate entertainment but it affords another opportunity for the girls o feel hemselves a part of the college social organization. Its artistic and cultural values are likewise not to be overlooked.

With the abundance of feminine heauty available and the adequate instruction likewise doomed to disuse, it appears that the real motive for this abolition must be hidden in unknown

the real motive for this abolition must be hidden in unknown depths. The value, enjoyment, and appreciation of the Fete are not realized until its existance is impaired.

At least a substitute could be provided to be in keeping with the present campus trend of throwing off the old "horse and buggy" ideas.

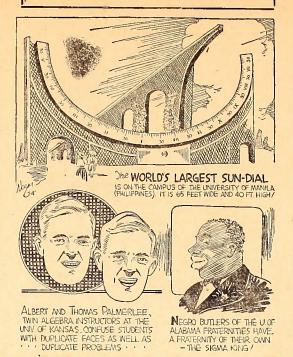

J. S. S.

Last Thursday's assembly was marked again by the student's disrespect to a guest speaker by their inexcusable noise during his efforts of enlightenment. Such action by the students is becoming much too common an event. Much effort is taken to

Courtesy

obtain speakers of renown for assembly programs and as a matter of courtesy Kappa Alpha ente the student body should listen or at least remain outside the

ror the first time in their collegi-ate careers, the Junior team tasted the fruits of victory. Led by a smooth passing trio of forwards, ably assisted by a determined group of guards, the Juniors had a three rains grards, the Juniors had a three point advantage at half time. At the outset of the second half, both teams had bad luck on their shots. The superior height of the Junior attack, however, soon began to assert itself settled down with the opening whise the settled down with the opening whise settled down with the opening whise

deteated the Sophomore downfall scorer with 11 points while Scorer with 12 points. The Sophomore downfall Rayne got 8 and 7 respectively. Fett-stop Betty Beck. At the same time, the fine guarding on the part of the fine guarding on the part of the same time. six Freshman guards who saw action played a large part in securing the Active victory. The floor work of Mary Dunn, Betty Lussier and Shirley Sussman was a great assistance to the high scoring of the night.

Blue (Seniors) 28

Green (All-Stars) 28
This contest staged in collaboration with the Gymboree and played at the Armory was probably the mos exciting game that will be seen this season. The Blue team composed for the most part of Seniors, completely outclassed a composite group of Freshmen, Sophomores and Juniors in the earlier stages of the game During this period White, Gardne and Quina seemed to score at will fo the Blues while their guards com pletely checked the Green attack. In the end of the third, and the entire fourth quarters, it was a different story. Led by the brilliant shooting and floor play of Betty Lussier the Greens staged a Garrison finish which left the crowd breathless and the score tied.

game as the score indicates, but the point in the first half against their forwards were unable to find the basket even when they were in position marked by roughness and sloppy play to shoot. The Seniors were noticeably "off". Due to the number of toss-ups much of the speed and action of the game was lost—another indication of the good defense on both sides.

Freshman B 41 - Freshman A 6 The Freshmen went to the other extreme and chalked up the points. However, the score is not at all indi-cative of the struggle put up by the Freshman A team. The A team, which is still in the throes of being which is still in the throes of being built had difficulty in getting started. The B team just clicked better and moved with smoother coordination. In due time the A team will offer greater competition. Meanwhile keep your eye on that B team. Schedule for week of March 18:

Tuesday—Seniors vs. Sophomore A; Freshmen A vs. Freshmen B.

Thursday—Juniors vs. Sophomore A; Sophomore B vs. Freshman A.

### Men About Town Selected For Inter Frat Ball

Baltimore's most popular dance band, the "Men About Town" have been contracted by Bill Smith of the Interfraternity Council to play for the Interfraternity Ball next Friday night.

The decorations will, as usual, pre sent the escutcheons and colors, of the several fraternities. Programs and tickets have been printed and the latter are now on sale at the fra-

ternity houses only to fraternity men. At its last meeting, the Interfraternity Council decided that those eligible for admission must be either a member, pledge, or affiliate of one of the three campus fraternities or a member of any social collegiate, Greek-letter fraternity.

### First Assembly Features Editor

Hamilton Owens, Editor of the BALTIMORE SUN,, will address the student body meeting in weekly assembly on April 18. That date will mark the first assembly sponsored by the WASHINGTON ELM, and will beld on April 19, 20, and 21. The feature Mr. Owens The party of feature Mr. Owens. The nature of tentative program for the three day Editor Owens remarks is not known convention has already been releasat this time but it is supposed that he will speak on some phase of mod-ern journalism. THE SUN, Owens' paper, is regarded by many as one

Mr. Owens was born in Baltimore in 1888 and received his education to 1888 and received his education at City and Johns Hopkins. He entered the field of newspaper work in 1909 when he started as a reporter on the BALTIMORE NEWS. In 1913 he went to the NEW YORK led by editors of the papers which PRESS and in 1922 became editor of the EVENING SUN in Baltimore.

The Conference will begin an Friday. During the war he was Secretary of the New Committee on National Defense. Politically he is a democrat. He contributed to the 14th edition of the ENCYCLOPEDIA BRITAN-NICA and is now editor of the morn-ing editions of the SUN.

### GWTW Insult To Negro Race

Claiming that "Gone With The Wind" is a four hour insult to the Negro people and a falsification of American history, Leon Smith, American University student, lashed out at Margaret Mitchell's novel in a re-AMERICAN issue of the EAGLE, American University under-

graduate paper.

Mr. Smith was most vociferous in his attack, claiming that, "It is sin-ister propaganda and must be con-demned as such." GWTW is intended to defend the ante-bellum South ern aristocracy and slavery which was its foundation. The critic condemned Miss Mitchell for her por-trayal of Prissy, who, in the critics' or Prissy, who, in the critics opinion, is an insult to the character of the Negro race. Mr. Smith defended Howard University Law students for picketing before the Lincoln Theatre in Washington, where

the southern epic is being shown.

The most surprising thing of all is that, while Mr. Smith's views are not necessarily those of the AMERICAN EAGLE, the DAILY WORKER recently discharged its movie critic for a refusal to write just such charges as Mr. Smith has made.

### GUEST **EDITORIAL**

by Dr. Fred G. Holloway, President, Western Maryland College (An Exclusive Elm Feature)

In his "Ode to a Nightingale" John Keats contrasts the lot of bird and man by describing the world of man as one—
"Where but to think is to be full of sorrow."—More than a century ago these lines were penned, and yet they stand fresh as though recently written. What a host of problems beset us on every side! The wars that are and the rumors of wars to come: the poverty wars that are and the rumors of wars to come; the poverty that is and the poverty that continues to be; the injustice that is seen and the injustice that is unknown and yet is known to exist; the diseases that beset the human hody and the diseases over which we the diseases over which we still have no control; the crime that rages and the crime against which we yet must

rage.
There are three things that despair. First, it is encouraging that man can look out upon life and say of this or that "It is not good." For it seems that man alone has the capacity to differentiate between right and wrong. It was a capacity of Keats "to think and to be full of sorrow," a capacity which a nightingale could not know either to think or to ty which a nightingale could not know, either to think or to be full of sorrow. The animal world may know that an enemy is attacking, but it can not know the immortality of warfare. It may know what hunger is but it can not recognize the injustice of allowing the hungry to perish.

Second, it is encouraging that the recognition of wrong challenges us to eradicate it.

that the recognition of wrong challenges us to eradicate it. There is something within man that responds to this appeal. We may seem in Matthew Arnold's phrasing to be "between two worlds, the one dead and the other powerless to be born," but we can none the less envision that latter world and determine to help bring it into helps

Third, it is encouraging to know that we can band ourselves together in the determination to the control of the selves together in the determination to place ourselves on the side of those forces that make for the progress of civilization. Man is distinctly a social creature. It is imperative that the likemindedness of those who will lift the world's woes be demonstrated in united action. Only a dreamer would believe this course an easy one. Our this course an easy one. Our task is that of "accommodating the vision of perfection to an imperfect world without losing the urge to perfect the world."

### = "Men About Town" To Furnish Music

The stage is set for the annual inter-fraternity ball to be held in the gymnasium tenight, March 29th, at 9 o'cloek. Musie will be furnished by the "Men About Town."

Final arrangements have been completed by the Inter-Fraternity Council to make this formal affair one of the biggest in the history of the Greek-Letter dance presenta-

"The Men About Town," Baltimore's foremost aggregation of mu-sicians, fifteen pieces strong and featuring a vocalist, have been en-gaged for the affair. A young band, with plenty of novelty arrangements and color, the group should go over in a big way on this, its initial appearance on the Washington College

This makes the second year that the dance has been sponsored under the supervision of the Inter-Fraternity Council. The Conneil staged last year's dance shortly after its founding and will, in future years, continue such action for the fraternity groups.

Decorations will feature the seals of the three campus fraternities on atternate windows, streamers and pennants overhead, and a large Washington College seal behind the band stand.

The affair is formal and clased to against which we yet must rage.

There are three things that may be said in answer to this despair. First, it is encouragthar in the campus, but fraternity men else-

### Rabbi Lazeron Inspires Students In Chapel Talk

"Our America is not great by reason of its material resources, its army, or its navy, but because of its youth and their beliefs," stated Rabbi Morris Lazeren, of Baltimere, in his address at Thursday's assembly.

He said that we should believe in something, so strongly that we are willing to give our lives. Times to-day are much more difficult than those of the faculty members. We should fit ourselves for this age by substantial knowledge and be true to our own traditions.

There is a dignity in human life. In Europe, the young people are but cogs in a wheel and have no dignity in human life. We should fit ourselves and have unreserved loyalty in these unbelieving times in God—the faundation of all religion.

### NOTICE

Due to the Spring Vacation, there will be no ELM next week. Publication will be resumed April 13.

#### SATURDAY, MARCH 30, 1940

We wonder sometimes if this European war isn't at last g fought on a sensible basis. A French government has being fought on a sensible basis.

being fought on a sensible basis. A French government has been overthrown because the French people want action. The English nation is showing signs of discontent due to the inaction on the Magnot Line. Most Americans are laughing and joking about the great masses of stagnent troops, poised for action that never comes. Perhaps we're all a little old-fashioned about it.

The proof of the proof of the stagness of the long run ing-to a consideration of the 1940 ing-to-a consideration of the 1940 ing-to-a

haps we're all a little old-fashioned about it.

From time immemorial victory has gone, in the long-run, to the nation which could afford to lose the most troops. Napoleon won many brilliant victories by clever strategy, but finally met defeat because he had bled his country dry of fresh cannon fodder. History is packed with such examples. Even the great Roman civilization was finally wiped out by the seemingly everlasting hordes of barbarians that threw them selves against the walls of the city.

Things have changed, however, as what we call civilization has progressed. As new and deadly implements of war have been developed, the common soldier has correspondingly lost his importance in warfare. The cost of war has increased

tion has progressed. As new and deadly implements of war have been developed, the common soldier has correspondingly lost his importance in warfare. The cost of war has increased beyond comparison. The last war gave promise of a new order in which victory in war would go to the side best situated economically. Food supplies, munitions, raw materials, all are more important than a few soldiers. In this case, why is it necessary to slaughter thousands of men during the interim necessary to slaughter thousands of men during the interim necessary to discover which nation can hold out longer economically. Instead of both sides throwing their men at each other in a vicious futile effort to penetrate a few miles into enemy territory, why is it not more sensible for both contextents to stay on their own side of the boundary lines and content themselves with keeping the enemy where they belong? Naturally, as in the case of the Polish invasion, it is wise to overzum and physically grasp the enemy country if you are reasonably sure your army is capable of effect such a capture with little loss of life or wealth. But when both armies are as nearly matched as are the present contestants, actual conflict could prove of little benefit to either.

In due time the English will find whether or not their blockade is sufficiently effective. In due time the credit of one or more of the warring nations will be exhausted. When one country's resources are gone, when its people are hungry and unclothed, when its industries are shut down for lack of fuel and industries, the war will have to end. It will be just as ready to conclude peace terms as it would be if its armies had been slaughtered. But the men will still be alive. They will be alive to go home and do their best to restore some measure of prosperity to their homeland. It's still war. It's still frightful. But at least there's still somebody left to clear up the wreckage.

G. E. G.

the wreckage.

Have you ever stopped to think what warm weather will do for us, if it ever comes?

As soon as the ground softens, those unattractive mounds

Hall and the two new buildings.

Looking behind the dormitories, we may find that new road which has long been anticipated by students and recently promised by the authorities. Then there can be no excuses for walking on the grass that is vainly trying to grow in front of Hodson Hall.

### Kibler Lacks Good Catcher

With the first of an eighteen game schedule to be played the Wednes-day following Spring Vacation and the second one on the following Sat-urday, Coach Tom Kibler will soon be having some definite ideas about certain positions. The lack of an experienced catcher and the continnal cold weather is causing a complex

Among the eight letter men to Among the eight letter men to play again this year are "Lefty" Copple on the mound, Kardash at shortstop and Bobby Everett at sec-ond base. These three men will al-ways strengthen the starting line-up. Among the other letter men, upon which Coach will rely are Bremer at third, Stevens at center field, Smith and Selby on the mound and Charlie and Selby on the month and charles.

Fetter: Fetter is the likely candidate for the open catching position while Copple and Selby will probably alternate at the first sack which will be left vacant by Fetter. Munyan, new Freshman catcher may possibly see action while Kaylor, suffering from a knee injury, reported for practice on Thesday to complicate matters.

Harold Rayne, Maquire, and Smith naroid Rayne, Maquire, and Smith, each greatly improved, will give the necessary support to the pitching staff. Freshman Thawley shows promise with a little more experi-ence. Messick looks good at first. Bush, whose batting has greatly im-proved, may see action at second while Lore will support Bremer at

year with only one position definite and that is the one at center field basket. They have a keen passing which will be held down by Jim Stevens. Quillen, Benjamin, Robinson, come that hesitance to shoot at the basket. They have a keen passing system; and if they can just overens. Quillen, Benjamin, Robinson, vanich will be neid down by Jim Stevens. Quillen, Benjamin, Robinson, Rank and Kirby are all possible candidates. Quillen has the advantage of two years experience. Robinson looks good in practice. Rank has the advantage of a strong arm while Kirby and Benjamin are not to be

As for the starting line-up for the first game, no one knows this early in the season. One could gness at a few positions with Copple on the mound, Fetter behind the plate, Sel-by at first, Everett at second, Kardash at shortstop, Bremer at third and Stevens at center field.

and Stevens at center field.

All in all, although with a tough schedule facing them, the Kiblermen should see one of their most successful seasons. One can always depend on Copple's experience and superb pitching, Kardash's chatter and ability to scoop them up while. Everet has what it takes to hold down second. The batting feud between Kardash and Everett should tween Kardash and Everett should prove interesting.

### Two Cagers On All-State

by Ellen Peters

Among the players picked by Craig E. Taylor of the "Baltimore Sun" for his All-Maryland Basketball Team were Howie Nenbert and Mike Kardash, of Washington Col-

The players on both first and second teams were chosen for their con-sistancy and skill in offense as well as point making.

Nenbert who was chosen as center on the first team was said to be able to go "forty minutes at top speed, to be a good outside shot and a high scorer. Mike Kardash, called the small Washington flash', was chosen as forward on the second team." Schnerholz was also among those mentioned as outstanding players of the past season.

### Sarah Dodd Receives Cap

Miss Sarah L. Dodd, of Chester-town, Maryland, passed a milestone in her work in the Frances Payne Bolton School of Nursing of Western Reserve University, Cleveland, this week. She received her cap from Dean Marion G. Howell, marking the successful completion of her first six months in the institution. Two and a half more equally good years will give her the degree of Master of Science in Nursing of the school, which, with the School of Nursing of Yale University, shares the distinction of being graduate schools of nursing.

Miss Dodd, who lives at 408 High Street in Chestertown, is the daughter of Dr. and Mrs. Harry Lee Dodd. She was graduated from Washington College in 1939.

A Northwestern University scientific survey revealed that 44 per cent of the student body has halitosis.

### Local Chapter Is Host To 70 Guests From Md., Del., D.C.

The James Ward Wood Province of Kappa Alpha Order is conducting its annual Officers Installation and Conference on the campus today and tomorrow. Beta Omega, the local chapter of K. A., has planned diligently in formulating a conference worthy of this occasion. A full program of events has been organized under the direction of Ed Miller and Mike Kardash.

The formal installation of officers will take place in the recreation room of Hodson Hall this evening at six o'clock. During this ceremony, the now-presiding officers of the separate chapters will relinquish their positions to those brothers who

have been newly-elected.

Dr. Mead will be the guest speaker at an elahorate banquet that has been planned to take place at 7:30, to be followed by a closed dance in honor of the visiting brothers of K. A. Andre Malecot has been contracted to play for the formal. He will appear with ten pieces and a vocalist in Cain Gymnasium at 9 tonight.

### Orchestra Spring Concert Sunday

The Washington College Concert Orchestra will present a program at resumed. three-thirty o'clock, Sunday after-noon, April 14th in the auditorium of William Smith Hall. The program will feature solos by C. Edward Miller, first trumpet and student leader, and by Mortimer Garrison, Jr., first violin.

Friends of the college are cordially invited to this program. The program to be presented follows:

I. (a) March of the Brave

(b) Chanson du Berceau Schuman

II. Trumpet Solo C. Edward Miller III. Finlandia

Orchestra IV. (a) Magneta (b) Stilly Night

Orchestra V. Overture - Venetian Carnival Zameenik

Orehestra VI. Violin Solo Mortimer Garrison, Jr.

### Yale Scholarship To Bob Moore

Robert Moore, '40, recently eived a scholarship in the English ceived a scholarship in the English Department at Yale University, New Haven, Connecticut. The scholarship will start the first of October and will last for one year. This scholarship, largely obtained through the aid of Dr. Ingalls, will help Mr. Moore to get his Doctor's Degree. His ultimate goal is to teach English the same callege. Mr. Moore has as at some college. Mr. Moore has assisted in the English Department at Washington College and has proved himself worthy of this wonderful op-

Mr. Hamilton Owens, Editor-in-Chief of the Baltimore SUN will be next week's assembly speaker.

A conference of the more import-A conference of the more important officers will be held in the Bunting-Foxwell Library tomorrow at 10 A. M. At 12 noon a conference luncheon will be served at the Beta Omega Chapter House after which the officers' conference will again be

Among the notable Kappa Alphas to be present at the conference Province Commander and Mrs. Howard P. Locke; Mr. John Silkman, Province Secretary; Mr. Frank H. Myers, National Executive Councilor; and, Mr. William A. Zieglar, registrar of the Kappa Alpha Court of Honor.

The prows:
Supplementary to the installation
will be a special conclave of the
James Ward Wood Province Court
of Honor. This court was established for the purpose of conveying hon-or on a member of the senior class of each chapter who has excelled in Selected collegiate, scholastic, and fraternity activities. This is one of the most honored citation to be bestowed upon the members of Kappa Alpha.

Those officers to be installed in the 

The following chapters will be represented at the installation: Alpha Huff Lambda, Johns Hopkins; Alpha Nu, Hayes George Washington U.; Beta Epsilon, U. of Delnware; Beta Kappa, U. of Maryland; Beta Mu, St. John's.

The local chapter, Beta Omega, of The local chapter, Beta Omega, of Kappa Alpha, is the latest addition to the Wood Province, but is by no means less active than the older chapters. Through recognition of service and efficiency, it was awarded the highly honored cup for efficiency the previous year. Today and to-morrow it is the recipient of the honor of holding the annual installation.

### Maryland Verein

Several German students will visit the University of Maryland this afternoon and evening for the annual conclave of the Federation of Colleg-iate German Clubs.

Fifteen or more colleges and nniversities will be represented includ-ing Bryn Mawr, Dickinson, Goucher, Temple and Delaware. Miss Anne Hollingsworth and Mr. Ralph Thornton will represent Washington College at the business session.

### SATURDAY, APRIL 13, 1940

Time and tide wait for no man as the old saying goes. So the passing of the Easter season heralds the beginning of those

the passing of the Easter season heralds the beginning of those happy college days—the warm, carefree days of spring which almost escaped us. Looking around us the unmistakable signs are present. The crack of the ball against the bat, the sound of the starters' gun, the twang of those the variage across the sea all herald the armivel of spring.

rival of spring.

To those fortunate or unfortunate, depending on the point of view, enough to be seniors the season now with us brings to mind another day not so far distant—Commencement day. To be exact it is a little more than two months distant. That day signifies the figurative death of the Class of 1940. Their work is complete; their mark has been made in the sands of time. The success or failure of their work cannot be determined in a day but the tangle must be left to be unraveled in the course of time. Regardless of the results of the unraveling the moving finger has written and is moving on; so, in the words of the prophet, take heed lest you also be "caught short."

J. E. S.

The German thrust into Denmark and Norway brings to mind again the "blitzkrieg's" carried on in Czecho-Slavakia, Austria and Poland, but after a careful analysis of this latest

Germany's move its significance becomes doubtful.

What Herr Hitler hopes to gain through this latest penetration is questically complete access to the foods and other resources from Denmark with no fear of military interference. Norwegian ore and timber was obtainable under a not too effective attempt of blockade by the allied forces. The resources of both cause. ore and timber was obtainable under a not too effective attempt of blockade by the allied forces. The resources of both countries were at easy disposal for Herr Hitler and his army. The present move serves only to intensify activities and may result in a cut off of these important Norwegian resources from the German "Vaterland." As a strict military move the penetration is extremely doubtful. Argument has been made that the newly acquired territory will serve as an adequate airplane and U. Boat base, but such weapons have proven unsuccessful to date and one altered to allow a minute per in the year.

Perhaps the most logical conclusion that can be drawn from this thrust is that it is a display of German superiority over the allies and that this move will add to the problems and responsibilities of the allied forces, but even these conclusions

responsibilities of the allied forces, but even these conclusions are doubtful.

Two things are certain. This latest "blitzkrieg" has brought the dormant allied armies to their feet and the long awaited spring offensive will be centered not around the Magninot and Siegfried lines but in Norwegian territories. Hitler's choice to fight at this point may have some significance to him and his military staff, but the anxious public will be forced to wait until the outcome to understand the wiseness of the penetration at all.

R. H. The president, represented to cle of that group at the fraternity's annual convention of Eastern Colleges in Washington on April 6th, piont-hosts, American University and George Washington University and George Washington und Lee, University and Washington and Lee, University of Wirginia, University of Wirginia, University of Richmond, Randolph-Macon, Johns Hopkins, Virginia Polytechnic Institute, and this campus.

Red Hall, and being unable to see the convention of Eastern Colleges in Washington on April 6th, piont-hosts, American University and George Washington University, entertained O. D. K. representatives from Washington and Lee, University of Wirginia, University of Richmond, Randolph-Macon, Johns Hopkins, Virginia Polytechnic Institute, and this campus.

## Maroon Nine Ready For Blue Hen Invasion

### Delaware Set To Avenge Last Year's Two Defeats

### Copple Probable Starting Hurler

The Blue Hens of the University of Delaware are again in town to meet Coach Kibler's baseball nine at Kibler Field today. Game time 2

When Delaware trots on the field ing under its belt and should be ready for action. An invasion of the South by the Blue Hens proved

Stronger than last year the Blue Hens are out to avenge a double set-hack handed them by the Kiblermen

The Washington lineup will be the same as in the Hartwick game with the exception of left field. Kirby, out with an ankle injury, will prob-ably be replaced by Rank.

Addis Copple, portside ace of the Washington Club is slated to be on the mound for today's game. Copple has started against Delaware for three years and is out to hold up his remarkable record against them.
Tebbets or Daly will start for Delaware. Both are likely chuckers.
Considering this the game may well develop into a real pitcher's duet.

### TOSSES and REBOUNDS

-8Y-FRAN PERRY - FRAN KREEGER

#### Juniors 8 - Seniors 23

The high riding Juniors fell Tuesday night efore a fast passing, quick breaking and more experienced group of Seniors. The whole story is that the Blues clicked. White, Is that the Blues cheked. White, Gardner, and Quinn were at their best and the Senior guards are also to be congratulated. The Junior forwards were completely bottled, up. Orchids to Priscilla Brown who played a bang up defensive game for the Reds. The game was hard, but cleanly played and at the end we realized that one last week of girl's basketball remains.

#### Freshman A 13 - Sophomore A 33

Coming out of a mid-season slump the Sophomore A team bounded into the win column with vim and vigor. Improving with every start the Sophs led by Peggy Pitt and Millie Brooks employed height and a pass-cut-shot offense. For the Frosh Betty Dockhorn and Jean Fenderson were outstanding. Betty for her scoring and Jean for her fine defensive play. The presence of Pitt in their lineup set-tled the outcome of the game in favor of the Sophs.

An eskimo sat on a cake of ice telling his children a story. After he was through he got up and said, "My tale is told."

### Hamilton Owens Tells Of Big Business

"A newspaper is big business with more SUN, as guest speaker at the Elm assembly last Thursday. Mr. Owens declared that the public was Owens declared that the public was Owens declared that the public was inclined to believe that a newspaper is a romantic character, living a life of excitement and thrills. This is trustee of the Garret Foxwell esstrictly a misconception, said the speaker, for there is very little romanticism, if any at all, in the life of a newspaperman. The fact that the majority of work connected with a Governors of the College "have completed with all the provisions and renuespaper is highly routine was definitely emphasized by Mr. Owens, As an example, the speaker chose his decention of the last will and testation of the last will all the provided of the estation of the last will be the last wi own paper which employs 1,124 persons, of this number, approximately 50 are engaged in the "romantic" occupation of gathering news. The rest being involved in the more round to the rest being involved in the more round. tine work, such as printing, rewrite tion with another name was not in work, editorial, advertising, books accord with the strictest interpretation, distribution, "running matchines," and other such pursuits, that that the College should use the esare necessary to the successful pub- tate for the erection of a structure to lication of a metropolitan journal, bear the name of Senator Foxwell Mr. Owens explained the complicated solely. procedure by which the actual paper,

chanized and synchronized unit, Mr. Library."

Owens related a few of the changes necessary if a paper wishes to print an edition in advance of the regu-larly scheduled time of publication. Workers in the printing department must be notified to report earlier than usual, consequently, many housewives must arise that much earlier in order to prepare breakfast and see that their husbands leave for work in order to reach the plant on time. Train schedules and others, time. Train schedules and others, must be consulted to assure prompt distribution and delivery to customers. To summarize, a large percentage of citizens are disrupted from their regular procedure in order that a newspaper may be printed a few minutes and to the same and instruction of the same and instructio er that a newspaper may be printed a few minutes earlier.

regardless of importance, can con-trol a newspaper. For the integrated system of a metropolitan daily is too large a classification for any sin-gle person to effect. A paper must adhere strictly to the policy which it has adopted to follow. In is the obligation of the editor to assure the carrying out of this policy. The Times, in gen SUN has followed the same policy for nearly 100 years, an accomplishment which it regards with great pride.

Mr. Owens casual manner in delivering his talk, coupled with his likeable personality, intensified the interest of the audience.

### Inter-Class Plays Billed For Friday

The inter-class plays originally anned for last evening, have planned for last evening, have been postponed. Although the sen-iors and sophomores have not yet be-gun rehearsals, the gun rehearsals, the junior and fresh-man plays are well under way.

The junior play, "Write Me a Love Scene" has the following cast, Agnes Zaffere, Charlotte Russell, Edward Cooper and Albert Wharton.

William Cissel is directing "Yours and Mine," the freshman play. The cast is composed of Virginia Cooper, Robert Holdt, William Cissel and Phyllis Peters.

All the plays promise to be good.

## Washington College Editor's Conference Features Ben Miller At Banquet Tonight

### Hosts To Visiting Editors

#### SATURDAY, APRIL 20, 1940

We have been noting breakfast arrangements on campuses comparable in size and financial strength to Washington. One plan in particular, as practiced at Hood College in Frederick, Maryland, appears practicable for consideration here.

## System

ticable for consideration here. Faced with a similar situation of eight o'clock

System

with a similar situation of eight o clock classes, they have worked out a system of serving breakfast at two times. The doors of the dining hall are opened for ten minutes at seven-thirty and again for ten minutes at eight-thirty. As only about half of the undergraduates have eight oʻclock classes, only one-half of the tables are set up each time. Attendance figures, under this plan, are much more regular than when all students must get dether the control of the control of the dining plan. up for early breakfast or go without the meal.

This system is a convenience to both students and waiters. It adds little burden to the kitchen staff, as comparatively little cooking is necessary for breakfast. Coffee and cereal can be kept hot indefinately without damage and it should prove easier to cook the main dish in two installments. Experience has shown the practical impossibility of serving toast, bacon, and eggs piping hot to the whole school at once. It must also be recognized that a large percentage of the student body frequently go without breakfast in order to gain an extra hour's sleep. Science has shown us that an adequate breakfast is necessary to carry a person through the morning at the peak of his efficiency. We feel sure that the opportunity to get breakfast lang with that extra sleep would appreciably benefit the This system is a convenience to both students and waiters. along with that extra sleep would appreciably benefit the

We would like to see this plan given a fair trial, confident that the added convenience and benefits resulting will far out-weigh any extra work involved. We have seen a new dining hall erected on the campus; we have enjoyed a remarkable improvement in the quality of the food since Mrs. Lawrence came to us; we have witnessed a change for the better in the service given to us; now we would like to move forward again and see better mealtime hours.

The SUN recently explained, editorially, how the education plan at St. John's College is being misunderstood by its being overadvertised.

Apparently many were found to believe that the new set-up was a "royal road to learning" but it was explained that the St. John's idea "is the very reverse of an easy short cut to knowledge."

The course is basically an "examination of the history of ideas."

So may it be and the students may profit by the study thus.

So may it be and the students may profit by the study thus assigned. However, we on this side of the bay still enjoy thinking of the real St. John's with whom we formerly met in all phases of intercollegiate activity—athletics, debating, fraternity, etc. Their passing was as the passing of a friend.

J. S. S.

Fond relatives who think a baby's some kind of plastic,

To pinch and pull and shape anew, To crush, to juggle and tear askew.

He also has some especial affections, For people who spread colds in all directions.

Today at the Chestertown Country Club in Kent county He graciously read some of his poems

with self-sacrificing bounty, The club was jammed with members of the Foster Children Foundation,

Who were gathered from all over the county to hear this sensation. Some members of Washington Col-

lege attended, Even the president sat on a radiator and several hearty guffaws expended.

Mr. Nash lectured last Wednesday afternoon at the Chester River Yacht and Country Club. The poetical ob-servations above were made by Miss Norma Wallace.

### Sho'men Meet Lebanon Valley Nine Here Today

### Tennis Team Faces West Chester

Washington College's squads steam into action today when the baseball nine meets Lebanon Valley of Anville, Pa., on Kibler Field at 2 P. M. and the local racquetteers take on West Chester State Teachers on the home courts.

Coach Kibler's nine has but two games under its belt, a 6-5 win over a strong Hartwick College team and an easy 9-1 victory over the Grey-hounds of Loyola. Games with the University of Delaware and West Chester were called off due to pervert weather conditions.

Copple, Selby or Rayne will be on the mound for the Shoremen in today's game. Rayne labeled himself as a real starting pitcher with his fine five-hit performance against Loyola. Joe Bremer will again be called on for duty behind the plate.

Today marks the first time in sev-eral seasons that Lebanon Valley has been on the Shoreman schedule. Always a good ball club, the team from Anville has an impressive record to

Tennis fan's attention will be focused on the local courts this afternoon with a West Chester invasion on hand. The State Teachers will be favored to take the College court-sters, after last year's 6-3 victory. Hampered by weather conditions, the local team lacks experience, having but one match to-date. Such veterans as Davis, Johnson, Shockley, Nagler and Eliason are ready for the go. Bill Smith, out after his fifth letter, and freshman candidate "Doc" should help bolster the squad. A victory would not be a surprise.

The Shoremen nine will travel to Carlisle, Pa., on next Wednesday to meet the Dickinson College "Indians." Famous for its teams, Dickinson is a real reservation of base-ball enthusiasm. Thursday, Leban-on Valley will play host to the Shoremen in a return game.

About sixteen players will make this northern trip. The team is slat-ed to leave Wednesday morning and return Thursday night.

Coach Ekaitis' cinder stars will be idle, after yesterday's triangular meet with Juniata and Blue Ridge, until April 26th, when they will trav-el to Philadelphia for the Penn Re-

er leaves and a few games have been the season and then to badminton played. Greatest satisfaction to Kibler so far has been Joe Bremer's ability behind the plate. Bremer, third baseman for two years, was called on for service behind the plate when this position was left vacant by Howard Pfund's graduation. Such Howard Pfund's graduation. Such Progressies is not new to Bremer. He service is not new to Bremer. He iors and Freshmen B on your must service is not new to Bremer. He jors an caught and captained the City College team of Baltimore, turned in a 400 batting average, on the strongest baseball nine in the history of City College. "He'll stay behind the City College. "He'll stay behind the plate until a better catcher is found, and they don't come any better," says Coach Kibler. His handling of Copple, Selby and Rayne, his hitting and competitive spirit mark him as a real threat to any opposing club.

The lineup for today's game will be about the same as for Loyola: Catcher, Bremer; the infield, Fetter, Bush, Kardash and Everett; the outfield, Benjamin, Stevens, Copple or Selhy. The starting pitcher will be Copple, Selby or Rayne.

### TOSSES and REBOUNDS

-BY-FRAN PERRY - FRAN KREEGER

Sophomores B 42 - Juniors 10

On Thursday night the Sophomore On Thursday night the Sophomore further embarrassment by B's overpowered the Juniors 42-10. You figure it out, I'm all wet. The Junior forwards played a fast tricky game, but the guards tried in vain to keep the ball from Pitt who piled up the score for the Sophs. Although many personals were committed, the game savored of sportmanship and a much finer attiton's two high scorers, Pitt and Goop.

#### Freshmen B 22 - Sophomores A 22

The contest between the Sopho-more A's and the Freshmen B's ended in a tie-np with the score at 22-22. Lussier displayed her good floor work at its best while Beck and Sussman stuck to steady, competent play throughout the game. For the first time since the season opened, Sophomore forwards seemed to click. With short, quick plays they built up their high score of the year. Best wishes to them for the last few games of the season.

The Sophomore B's really outplayed the A's in their last conflict. For some unknown reason, the A's were off again. The forwards just were off again. The forwards just couldn't click and the guards have played better defensive games. The B's are steadily improving, for they are learning to take advantage of that height to score the points. Watch Pitt and Steele roll 'em in.

#### Freshmen B 27 - Freshmen A 14

The Freshmen B's are still in the running and aren't wasting a second. lays.

Back to baseball, Coach Kibler is well pleased with his present ball club. With such veterans as Copple, Selby, Everett, Rayne, Kardash, Fetter and Stevens and Bremer and freshmen like Benjamin and Rank, Kibler expects to have a real ball club developed after the bad weather leaves and a few games have been played. Greatest satisfaction to Kib-

### Maroons Trim Loyola, 9-1

Washington College scored a clean cut triumph over Loyola College in baseball last Tuesday at Evergreen, 9 to 1. The Shoremen outplayed the Greyhounds in all departments, dis-playing the better hitting, fielding and pitching. The game was called in the seventh due to rain. The spotlight shone brightly on Mike Kar-dash, who, ont of four trips to the plate, came through with a home run, a triple, scoring two runs, driving in another, and stopping a Loyola ral-ly when it seemed dangerous by a ensational backhand catch.

### "Y" Joint Spree Held Last Week

Step right up, ladies and gentlemen, don't crowd, don't push, and read the story of one of the best and noisest, parties of the year. Naturally that would be the "general powwow" the joint "Y" threw last Wednesday night in Hodson Hall. Crash.

The arriving guests (seventy-six in number) were greeted by a barker, ("Pickles" Munyan) from 'way back bulling the crowd by his subtle wit, (Hurry, Flurry.) and bouncing syllables into his gandy (red and yellow.) tent to see the "greatest show on earth-"—"She walks, she talks, she crawls—"! Inside the wonders were without end or parallel and the show unraveled itself to bewilder the audience with such monstrosities as Suzy, the exotic snake charmer (Molly Bnrrel), the vicious canniballady (Mary Nardi), "Little Egypt" (Dian Hubbard), the wild (?) man from Borneo (George Coppage)—(Please do not feed the animals.)

Just when the delighted guests felt the fun must be over they were invited to revel in a German Beer (root) Garden where popcorn balls and pretzels were missles as well as susten.

Credit for the party's success goes to Johnny Effland, "Bud" Beecher, Al Wharton, Sammy Davis, and Rachael Rogliano as well as the rest of the two shows!

Orchids to the "Y"!!

## Malecot To Furnish Music For Girl's Hop

Andre Malecot will return to the campus for the girls' dance on April 27. He has promised to bring new arrangements of the more popular songs with him.

Tickets for the dance will be \$1.05. They may be obtained in the near future from Virginia Nock, Claire Robinson, or Jerry Nash.

### Volkslieder At Final Mt. Vernon Meeting

Dr. Arthur L. Davis spoke on German lyrics at the last meeting of the Mt. Vernon Literary Society Ias Tuesday night in Hodson Hall. Mrs. Davis read several of Heine's and Goethe's best lyrics in German to give the feeling of language.

Dr. Davis traced lyricism from it earliest beginnings through the middle ages to its culmination in the simple, but noble, poems of Goethe and Heine in the nineteenth century.

### French Play Cast Begins Rehearsals

Le Cercle Francais will present its annual French play in conjunction with the Washington Players and a group from the University of Delaware during the second week in May. The play in one act entitled "L'Anglais Tel Qu' on le Parle" is an out-and-out farce and should prove very amusing. The cast is as follows:

Eugene-Bob Moore.

Betty-Agnes Zaffere.

Julian-Edward Davis

Hogson-George Grie

La Cassiere-Mary Jane Monroe.

Le Garcon-Marnee Kintner.

E'Inspectenr-Robert Holdt.

Police Agent-David Bartolini.

## Alpha Chi's At W. & M. Session

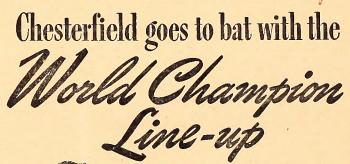

William and Mary College at Williamsburg, Va., was the scene of the Trio-Province Convention of Alpha Chi Omega. The local Beta Pi chapter was officially represented by Agnes Zaffere, who was chosen delegate. Accompanying her was Marian Brown, an alumna; Frances Perry, Margaret Kintner, Priscilla Brown, Mary Elizabeth Humphries, Frances Kreeger, Dian Huhbard, Marian Decker, and Betty Beck. Conferences, banquets, luncheons and dances featured the three-day meeting.

### Elm Honored

For the first time in the history of the publication, the Washington Elm has received a first class honor rat-ing from the Associated Collegiate Press this year. One copy of the ELM is submitted to the ACP each week where it is critically examined by experts in the field.

The three main improvements this year, as listed by the ACP judges, Dining Room, interference with the activities are others which now were the editorial page, sports, and enable students to live more of topography and make-up. The omisa well rounded natural life sion of the so-called "dirt" column than ever before. Student was the great booster to the editor-The type of writing that and the sports page coupled with the coverage did much for the rating

### Third Term

good, while if another candidate were nominated, the Democratic party might split and the race would be closer, to say the least. At the end of the talk, the floor was open for informal questioning and discussion.

### Kirkman At Assembly

replace Bill McAdams at the annual the Maryland State Budget was the to act as such, a certain amount of The new president announced that money was necessary. Therefore in the income of the state to keep tract of the money. Mr. Kirkman described in detail the background, mechanics, and the problems of the state budget and explained how the government went about making one. The speech was quite interesting and greatly enjoyed by the students pres-

### Dining Hall

Hodson Hall Dining Room is primarily for the service of meals to the boarding students of the College as a whole. While it is possible to serve special meals and banquets to smaller groups on occasion, it is felt that these special meals and banquets should not be allowed to inter-fere frequently or severely with the primary function of the dining room. If each and every group who desired a banquet or a special meal were to be allowed the use of Hodson Hall service of regular meals would reach an indefensible piont. With this in view, it is deemed necessary to list the banquets which the College regards as permissible annual events.

I-Athletic banquet for football and basketball.

2-Athletic banquet for baseball, track and tennis.

3-Y. M. C. A. and Y. W. C. A. annual banquet.

4-O. D. K. annual banquet.

The only banquet for which permission has been granted for this academic session is the banquet for winners in room-inspection contest in late spring.

No other banquets will be held un-No other panquets will be near unless special permission is granted for the same. Permission for a banquet must be gotten from the Business Manager or the College in writing at least three weeks prior to the date of the banquet and must be promptly presented to the College's dietician. Normally the request for a banquet will be refused unless the purpose of the banquet be primarily the enter-tainment of gnests who are visiting our campus on some official mission.

James W. Johns, Frank Goodwin, William B. Johnson.

### Strike-outs

Twenty-five of the seventy men Against the Dickinson Red Devils,
Copple nearly achieved the no-hit
hall of fame but a "semi-liner" over
shortstop shattered the perfect six
inning record. It was this hit that
scored Forgach, a 250 pound tackle,
from second.

Twenty-five of the seventy men
who faced the Sho'men hurlers on
the Pennsylvania trip walked back
to the bench with bat in hand and
were given a "K" in the score book.
Of these 25 strikeonts, Copple was
credited with 12, Selby 7, and Rayne
6. for the interests of the student body, faculty, and alumni of Washington College, the eleventh oldest institution of higher learning in the United Founded at Chestertown, Maryland, 1782.

### Editorials

With campus elections less than a month off, it is high

With campus elections less than a month off, it is high time that the students begin considering the candidates for election and the offices for which they are running. Each year, about this time, one can hear any number of the voters complaining about the so-called "dirty" politics on the campus and how they should be eliminated. Has anyone ever done anything about the situation? "Dirty" politics can be eliminated and YOU are the one to do it.

In the coming election, the selection of the president of the Council is undoubtedly the most important. Since every student is a member of the Student Government Association, the resident of the Council is truthfully the president of the entire president of the Council is truthfully the president of the entire student body and, consequently, should be truly representative of that body. The present administration of the Council under of that body. The present administration of the Council under the leadership of a capable and progressive president has in augurated a new high for that group and it is imperative that the same level be kept. Voting for the most capable man is your way of maintaining the level set by the present Council and, at the same time, eliminating "dirty" politics. Don't vote for the man because he is a member of your fraternity or your group but vote for him because he is the better man. Do YOUR part in cleaning up the campus.

J. C. J.

logical solution. Why do we need a place for our soft ball players.

Why do we need a place for our soft ball players. For one reason windows will be broken. Another reason, in order to let off "steam" the players should be at some convenient distance from the frequented paths of the campus—some place where the town folks will not have any objections.

The most logical place, now that the old diamond has been converted into a building, is the triangle at the north of the campus. Here we will be free from windows and any objections from the town's folks or college officials. So come on boys—let's play ball!

N. S. Small Boy: "Say, Pop, did you go to Sunday School when you were a little boy?"

Father: "Yes, son, regularly."

Small Boy: "I'll bet it won't do me let's play ball!

Dr. Mead's recent election as a Fellow of the Royal Society of the Arts of London, comes both as an honor to him and an honor to Washington College.

Deserved

Such an honor is the goal of every Recognition

Reserved by Dr. Mead.

Nest a find the goal of every literary aspirant and one which few achieve. His work in that field has been praised by many. Such recognition is

The society was founded in 1754 and has had among its members such men as Dr. Samuel Johnson, Maurice Walborn and others. Its original and present objectives are the forwarding of arts, literature and the humanities.

Membership into this society is both limited and difficult to attain. Requiring no definite work limit, it bases its membership on cultural contributions. Obviously, recognition along these lines is much more difficult than on some definite object. When this achievement is recognized by such a society, due praise should be given praise should be given.

Whatever material benefits Dr. Mead may receive are few,

but the honor is an envied one.

This honor keeps in step with the efforts of the Washington College administration to raise the rating of the school to the highest level. It shows that those behind the move are not only energetic but have "something on the ball."

R. H.

### TOSSES and REBOUNDS

-BY-FRAN PERRY - FRAN KREEGER

We have some real news this week. At the annual spring meeting last Thursday the Board of Managers selected the following girls for the Honorary Basketball Varsity:

Honorary Basketban Valstey.
Forwards — Margaret Gardener,
Peggy Quinn, Evelyn White.
Guards—Louisa Hall, Virginia

Hoopes, and Catherine Newton.

Honorable Mention—Betty Beck, Honorable Mention-Betty Beck, Peggy Pitt, Priscilla Brown and Bet-Dockhorn.

Competition has been keen this year and choosing the Varsity was no easy job, for everything must be taken into consideration. Several underclassmen were mentioned, and some are good. With another year's experience and practice their defects will be ironed out, and their chances will be still better.

Freshmen B 14 - Juniors 13

In the Western Maryland game at Freshmen, don't they? A mere point on Monday, April 29th, the washington nine will test its strength against Easton, the Yankee farm, in the Eastern Shore League. The game, which will be played at Easton, the return of a veteran team who washington in the return of a veteran team who washington in the return of a veteran team who washington in the return of a veteran team who washington in the return of a veteran team who washington in the return of a veteran team who washington in the return of a veteran team who washington in the return of a veteran team who washington in the return of a veteran team who washington in the return of a veteran team who washington in the return of a veteran team who washington in the return of a veteran team who washington in the veteran washington washington in the veteran washington washingto the return of a veteran team, who and have the Seniors crossing their

Juniors 14 - Freshmen A 14

As the season comes to a close, girls' basketball seems to be be losing that delicate touch and becoming a rather rough and tumble affair. The game between the Juniors and Freshmen A ended in a tie 14-14, A serious loss came to the Junior team when Ginny Nock, their high-scoring ace, received a badly sprained ankle. After this, the game consisted chiefly of good passing and floor play, but little scoring. Culver has improved greatly since the beginning of the season and we are looking for-ward to big things from Freshman A's snappy trio of forwards.

Sophomore B 12 - Freshmen B 9 Sophomore B won their game against the Freshman B's only through a hard struggle and much worry. Dockhorn proved herself more than worthy of her honorable mention on the varsity by holding Pitt down throughout the game.

### Class Plays

### Juniors Win

By Ralph Thornton

By Ralph Thornton
A capacity audience jampacked the first row of the auditorium last night as the juniors won the interclass play competition with "Write Ev Me a Love Scene." Dr. Winton W. C. Tolles, the judge, stated afterwards in an exclusive ELM interview that the senjors had on a whole the best law. the seniors had on a whole the best acting. Unfortunately, the inter-class plays are not being supported by the classes or the student body in ny the classes of the student body in general. End misquote. The sen-iors presented "Objections Overrul-ed" with Charlotte Shaull, Harry Hoppe, and Marie Whitney.

The juniors won the contest by the cute acting of Aggie Zaffere alone—not by "Handsome Ed" Cooper's brilliant and exquisite artistry at the piano nor by "Wackey" Wharton's attempts at playing Don Juan at odds with Cassanova for the favor of our favorite slee-aved heasty. Chev. our favorite sloe-eyed beauty. Char-lotte Russell's five lines as a maid were handled with the finesse of a true artist.

The freshman play was full of utterly unmentionable things. Its rumored that Bob Holdt was made up heavily with white chalk so that when he casually threw the aforesaid dainties around, he wouldn't look too choleric. The first half of the freshman production was the best. Perhaps it was due to the stage situations of the former of Ginny tions or to the freshness of Ginny Cooper's acting. "Jimminy Criket" Cissel directed the freshman show, "Yours and Mine" and dragged around in it, too. Phyllis Peters shew great talent as a comedienne. The freshman choice of play was very well suited to the cast.

A great mystery surrounded the senior play: who was the girl behind the curtain, and what was in that bottle? And doesn't Cooper know how to mix a high-ball, yet?

### Corruption Mars Class Elections; Crane, Jackson, Mooney Elected

Due to grave irregularities in balloting, the sophomore and junior class elections for the student council were deand jumor class elections for the student council were de-clared invalid, with the exception of the first council mem-ber to be elected from the sophomore class. Voting by a registered freshman in the junior elections resulted in the election of Wharton and Hopkins being declared null and void, while stuffing the ballot box among the sophomores invalidated two ballots. The elections will be continued on Monday. on Monday.

Albert Mooney and Omar Jackson were elected from the freshman class to the council. Robert Crane was elected from the sophomore class.

No class officers were elected

### Artists From Delaware School Of Music Presented Varied Musical Program Thursday Morning

by Robert Moore

A group of artists from the Dela- was very cautious in her approach, ware School of Music gave a concert at Thursday's assembly. The program was opened with songs by Mr. Robert Grooters, baritone, accompanied at the piano by Mrs. Grooters. He has not a very commanding stage presence, but by dint of graciousness and good expressive singing, he won the audience. In Schumann's "Two Grenadiers" he displayed his full range and sang with much feeling. His ennunciation was especially good throughout. The flowing style in advanced by Mrs. Charlesque, No. 2" by Debussy was a little too heavy for the listeners that the probability of the listeners and was not so well received. ware School of Music gave a concert but became slightly more expressive throughout. The flowing style in which he did the Brahms song exhib-

in and was not so well received.

throughont. The flowing style in which he did the Brahms song exhibited excellent breath control. He sang "Vision Fngitive" from Massanet's "Herodiade" quite well, hit was far from appreciated by the andience. Mrs. Grooters added tremendously to the numbers with externelly sympathetic accompaniments.

Miss Elizabeth Tatman, cellist, played next the familiar "Still Wie die Nacht" and a Corelli adagio. She presented an attractive stage appearance but was evidently not nearly so experienced as the other artists. She

## Selby, Spielman And Bremer Elected To Major Positions In Thursday's Balloting

### GUEST **EDITORIAL**

by Dr. Robert L. Swain, Editor, "Drug Topics" and President, General Alumni Association

The profoundly significant events of the past decade are dramatic evidence that even the fixed and permanent things are not fixed and permanent all. They also emphasize that only those institutions can survive which are inherently capable of being adjusted to changing political and emotional points of view. As people are vastly more important than the institutions which serve them, it necessarily follows that the institutions must conform to the theories which bas-

Nowhere is this more strikingly true than in education. Educational experts are acutely aware of the necessity of so contriving the educational system as to make it serve the practical demands of an exceedingly practical world. They are conscious of the fact that unemployment and the other economic maladjustments which have played havoc with what was once a scene of industrial and social tranquillity, constitute not only scene of industrial and social tranquillity, constitute not only a challenge to long-established political theories, but also to accepted educational doctrines.

In other words, our colleges are alert to the need of devis-ing that educational program are alert to the need of devising that educational program best suited to the new industrial and social demands. It is gratifying that the thinking and activities at Washington College are projected against this modern background. The improvements in the College facilities, beginning with Hodson Hall some years ago and culminating in Dunning Science Hall and the Bunting Library this year, show that rary this year, show that the College administration has been deeply concerned with placing the College in a posiplacing the College in a posi-tion to meet its responsibility to the student body, the com-munity, and the state. With these facilities, an expansion of college activities is permitted, together with that flexibility of educational program which is essential to a productive and constructive educational sys-

tem. Fortunately, rorthmately, the energy which has been so clearly manifested in the government of Washington College is being exerted in every section of the country. One of the most gratifying signs of the times is that adhesting is no longer estain.

### Elm And Council Contests Won By Narrow Margins; 286 Votes Cast

John Selby, James Spielman, and Joe Bremer were elected to the three major offices in the general election balloting last Thursday. Selby gained the presidency of the Student Council by a plurality of 12 votes while Spielman was elected editor of the ELM by a 11 vote plurality. Bremer polled 61 votes more than Charley Fetter, his nearest opponent, for President of the Athletic Association.

The approximate student turnout was 90%; 286 voting out of about 320 eligibles.

### Old Foundation Is Unearthed

Workmen engaged in regrading a road on the Washington College campus last week unearthed a portion of the foundation walls of the original college building, erected in 1783. The building, which was destroyed by fire in 1827, occupied the terrace where East, West, and Middle Halls were erected during the 1840's. The foundations now uncovered were of the chapel, which was in the rear center wing extending some forth forth. ter wing, extending some forty feet back from the main structure, which

The portion of the wall now un-covered is about three feet below the present level of the ground, and was constructed of broken granite cenemted together with a mixture which shows many fragments of oyster shell.

### Strings On Pinocchio Soon

At last here is one performance you won't mind having strings at-tached to. Pinocchio, the darling of us all, is actually waiting to walk, talk and play, in his irresistable manner, under the capable direction of Charlotte Shaull and her crew of Charlotte Shaull and her crew of puppet wielders on the night of May 17 and the afternoon of May 18. You will not only gain pleasure from You will not only gain pleasure from the enactment of this delightful childhood fantasy but at the same time will benefit the Kent County Branch of Child Weffare. Under the Chairmanship of Mrs. Barroll this organization is indeed a worthy and fitting recipient of the proceeds gain-ed. The scene of the performance is the newly constructed Marionette Theatre lodged on the third floor of William Smith Hall. The admission is 25 cents for children and 35 cents for adults though Season Tickets are accepted on May 17.

### Chem-Physics Reorganizes

### Shoremen Meet Blue Hens At Frazer Field Today

### Sheats Will Lead Delaware Attack

Delaware's "Blue Hens," snowed out of an earlier game with Tom Kibler's ball club, are playing host today at Frazer Field to the Washington College nine.

Led by Earl Sheats, captain of this year's Delaware baseball team and leading hitter of the aggregation, the Blue Hens are in the middle of one of their most successful sensons in years. Defeated in several starts by close scores and winning several others by such a margin, the Delaware men are marked as a hard club to heat anywhere; a really tough club to

beat on the home field.

Addis "Lefty" Copple turning in his best year of a brilliant, nearly completed, four-year college diamond stepping pitcher with a fast stepping credit for the loss. club, Copple turned in his seventh one-hit performance in a Washing-ton uniform against Lebanon Valley, trimmed the University of Maryland "Old Liners" for their first defeat by a Tom Kibler team in years and turned in several other brilliant pitching feats so far this season.

Delaware Beat West Chester

Upset for the first time of the current season by a smooth clicking West Chester Teachers team, the Shoremen will not only be out to capture this annual classic of collegiat "bambinoxy", but to keep down th scratches in the defeat column. The University of Delaware earlier in the season nipped the "Teachers" by a These results may or ma 3 score. not be indicative, but they seem show that Delaware at least has a baplaying club on the field.

The Delaware line-up packs plent of power. Sheats, batting aroun the .400 mark, is aided by Lunk Apsley on third base, Luke Selby, bro ther of John Selby, Washington hurler, on first base, and centerfielder Conrad Sadowoski in the hitting department.

### Daly Or Tibbetts

John Daly, southpaw ace of the Delaware nine at Bill Tibbetts will he on the mound opposing Copple for this game. Both pitchers have been impressive to date and should give the Shoremen plenty of trouble.

The Washington lineup will remain unchanged. "Charlie" Fetter's play around first base this year is one of the best developments on the club, Mike Kardash and Bob Everett have turned in flawless support on the left side of the infield and Jim Bush is turning in a capable job at the key-stone sack. Bremer will be behind

stone sack. Bremer will be behind the plate, Stevens, Schuerholz and Kirby in the outfield.

A large group from Washington College will be on hand for this grudge game. Defeated twice last year by the Shoremen, snowed out of a chance to avenge the double defeat earlier this season, and riding high on a good record, the Blue Hens on their home field should be ready, willing and able to meet the Shore-

Probable line-ups:

### Teachers Snap Sho'man Streak With 2-0 Victory

By virtue of two errors which placed men on first and second, and a perfectly executed hit-and-run play, the West Chester Teachers were able to score a 2-0 victory over the Sho'-men on Monday to end all hopes for an undefeated season. The runs were scored in the sixth frame.

However, two runs should never have won the game. It seemed to come more as the result of a batting slump which the Sho'men are in Bremer and Kirby got the only two hits for the locals off of the Teacher's Keating. The combined hurling of Copple, Rayne and Selby allowed the visitors but three hits. Keating buck established a new 1 career, is the logical choice to be on the mound for the Shoremen. A fast was the winning pitcher. Rayne gets

### **Buck Sets New** 440 Record As Track Team Falls

In a dual meet with Delaware, the Washington College tracksters were defeated last Wednesday by a close score of 67 to 59. With the exception of a slight wind, the conditions on Kibler Field were excellent.

Eddie Buck, of Washington, was the outstanding performer of the shorter distances. Buck won the 100, 220, and 440, in fine form to show his ability as a sprinter. The surprise of the meet was the performance of Douglas, of Delaware, in whose to the total the book of the meet was the performance of Douglas, of Delaware, in whose to the total the standard of the second the second the total the second the formance of Douglas, of Delaware, son. Jackson gave supporting points to the Sho'men in taking one first,

Buck established a new record for the 440, running it in the fast time of 51.8 seconds. The absence of Steele was evident in totaling the scores of the shorter distances. Pinto perfect season.

The break the shorter distances once, to ruin that lovely vision of a ing sprint), Jackson, Warther, possession of a sibly McCalley and a few others. won the pole vault with a height of gracefully bowed twice in 1939, both 10 feet 3 inches. He placed second in the javelin throw won by Wharton of Delaware, with 160 feet, 8 inches. Storm threw the discus 117 feet 1 1-4 inches to win that event. Jackson won the broad jump with a leap of 20 the latter's long fly was safely tuckfeet, 9 1-2 inches.

### W. Md. Netmen Meet Sho'men

The line-up for the tennis match between Washington and Western Maryland Friday is as follows: singles will be played by one ranking one, two, three men respectively, Naegler, Johnson and Davis. The doubles will be played by Naegler and Shock-ley or Davis, Johnson and Davis or Shockley, according to an experi-ment being made by Dr. Tolles. Eliason and Smith will play the third double. On Sunday the tennis team practiced playing against Oakhill from Baltimore, Tem Beck, state champion played for Washington at

## Caught On The Fly

by "Mike" Kardash

What Do You Think?

ple, Robert Everett and if I may insert my humble self, strutted cockily on the diamond of Kibler Field and when June rolled around, the cal system of keeping a swell set of

ed in by centerfielder Bennyish of the Teachers to burst the last bubble of our fond dreams of an undefeated vear

One can attempt to explain this claiming its a natural let-down for the boys; its fate that deals from a crooked deck of cards or its that crooked deck of cards or its that the hoys get too cocky. I am inclined to believe the first statement and will be prepared to handle all the bricks, and what have you thrown in this direction.

Track A Slow Process

Coming along slowly are the track boys of Coach Ekaitis, who did so well against Delaware last Wednes-day that they registered a mild surprise to onlookers.

Track is a sport of slow develop-

ment, especially in a small college of this sort, where most of the aspirants know little or nothing of the essentials, and consequently they must work diligently to acquire form, per-fect their stride and most important develop what ability they have.

An excellent example of the above What Do You Think?

Just when the Kiblermen were in full stride and nearing the sizzling 9 game win streak of the daffy Flatbushers from Brooklyn, the Teachbushers from Brooklyn, the Teachbushers, Keating, taught the college bunch a lesson that hasn't penetrate our thick scalp for the past four years. That lesson epigrammatically speaking, is "never let up."

To illustrate the above development is Ed Buck, who as a dreshift in the same vents when a sked politely (?) to run the distances and perform in the same vents when meet time came around. For three years, Ed went to work in earnest lay man, even though it nearly killed him. The results of the above development is Ed Buck, who as a dreshift in the same vents when a sked politely (?) to run the distances and perform in the same vents when meet time came around. For three years, Ed went to work in earnest lay man, even though it nearly killed him. The results of the above development is Ed Buck, who as a dreshift in the same vents when perform in the same vents when meet time came around. For three years, Ed went to work in earnest lay man, even though it nearly killed him. The results of the above development is Ed Buck, who as a development is Ed Buck,

### Theta Chi's To Honor Parents

The local chapter of Theta Chi fra-ternity will celebrate "Parent's Day" this week-end, May 11 and 12.

Parent's Day is an annual func-tion of the local chapter, with its purpose being to draw together both the members of the fraternity and

the members of the fraternity and the parents of the members. In past years this event has been wholly supported by the parents, friends and members of the fraternity.

Plans have been completed to make this year's affair as successful, as those in former years. Featured on the program is the annual "fatherson softball game," This contest is slated to take place Sunday afternoon. While the fathers and sons are engaged in such activity the mothers will be competing in a bridge tournament at the house. A picuic lunch will conclude the "Parent's Day" events on Sunday afternoon.

## W. C. Students

A large majority of the stu-dents of Washington College

Can't Take It

dents of Washington College can't take it. Yes, that's what we mean. They can't take it.

When the policies of Volume XXXIX were set down last May, one of the plans for the coming year was the use of real critiques and criticisms; not merely listing programs, or saying that all the players or musicians were wonderful, stupendous or collast time that I will very the control of the players.

And under Mr. Moore, Music Critic, and Mr. Thornton, Dra-ma Critic, the ELM, for the first time, gave real critiques. Both of the critics were well qualified. In fact, their knowledge of ing odds and ends during the year. their respective fields was probably unsurpassed in the student

But every time some musical or dramatic group gave a mediore performance and a critique to that effect was published, some students or faculty members rose up in arms about the whole thing. We believe our critics had every right to say what, was in their opinion, a fair criticism of the program.

AND WE STILL THINK SO.

Next year's editor has already months.

AND WE STILL THINK SO.

Next year's editor has already mentioned the fact that there will be no more of those "stinging criticisms." So, once more, it looks like the student body will subsist on a lot of mushy, gushing, sickening write-ups of music and dramatics. That will be the first mistake the new staff makes.

We hope that the student body will ask for more real criticisms. If they don't, well, Washington College students will still be unable to take it.

On our senior year we have only one felling—that of wanting to stay another year and write another column. Now that we have the swing of things we feel that a much better column would be the result next year. But that's only speculation.

EDITING A COLLEGE

Student elections are put on "open felling—that of wanting to stay another year and write another coloum. Now that we have the swing of things we feel that a much better column would be the result next year. But that's only speculation.

A SWAN SONG IS

## To The Best

Volume 39 of the Washing-

Volume 39 of the Washington ELM is passing into his tory. And with it go the editors are really tough on occasion. A cooperative group is essential to any enterprise. And the ELM staff was cooperative this year. The editor wishes to thank Ralph Thornton for a bang-up job as managing editor. Without him, many of the dreams the editor saw realized would not have been possible. And to the seniors—Evelyn Ray thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Caylor Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Caylor Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Caylor Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Caylor Rowland Taylor, and Frances Perry, we say thanks for lots of the Rowland Caylor Rowland Taylor. The problems one encounteres are really tough on occasion. Flunked blue books and little sleep Rowland Taylor, and Frances Perry, we say thanks for lots of work well done.

The Freshmen members of the staff were especially good this year. With a year's experience under their belts, they should be the nucleus of a strong staff next year.

To all of the thirty-eight members of the staff, we say thank

you and may your interest in journalism be as intense and en-couraging as it has been this year. E. A. O.

Dirty Politics
And Elections

Everywhere one hears accusations against certain groups or members of the student body.

The recent general and class elections have been the cause for more comment than any other in recent years.

Dirty Politics

The recent general and class elections have been the cause for more comment than any other in recent years.

Dirty Politics

The recent general and class elections have been the cause for more comment than any other in recent years. the day.

Men seemingly secure in positions held for one or more years are thrown out of office for reasons that have yet to be advanced. Logical candidates lost the elections. And all this has

ed. Logical candidates lost the elections. And all this has resulted in all sorts of threats and promises.

The ELM could name certain men and certain groups and lay charges against them that would be neither libelous or unjustifiable. But this would not be constructive and would only be condusive to further hard feelings.

The whole matter lies with the student body. It is up to them to do more than talk; they must ACT. For the situation will never be cleared up by idle chatter or bull sessions. Real leaders are needed to put through the reforms necessary.

Let's not have another election like the last one. Remember that it is better to be "wrong in the right than right in the wrong."

### Editors Review Aims And Accomplishments For Year

Last May the editors of the ELM outlined their policies and objectives for Volume 39 of the college paper. And now that the task of the directors is finished, it is time to see what was promised and what was actually accomplished. Here are the promises and accomplishments:

A greater variety of heads, modernized typography and make-up, use of more pictures.

Use of modern type faces, flush left-heads, more pictures through courtesy of Chestertown TRANS-

A real effort to gain first class honor rating from Associated Collegiate Press.

Abolition of a "dirt" column; use of features and news in its place.

Editorials and features on national and international as well as local questions. Attempt to make editorials accurate and to the point.

Accurate news; student opinion.

Accomplished

Awarded first class honor rating by Associated Collegiate Press, put-ting ELM near top of small college weeklies.

"Dirt" column appeared only once during year; more variety on editorial page by use of features, news, "Sho'men Slants."

About 30% of the editorials national and international questions. With only a few exceptions, editor-

ials were accurate.

News fairly accurate; opinion not always that of students in general.

Polls used in some cases to determore time."

"Don't you know any better that that?" she demanded indignantly.
"Sure," he replied, "but they take mine student reaction to questions.

That's all that was promised; all that was accomplished. The 1939-1940 editions of the ELM were put out under a new staff system that seemed to be successful. A continuation of the same system will be used next year.

The Editors

ish woman in Eugland:
"Four curling pins may be bought at the stores and the beard tightly rolled up in these and tucked under the chin. The gas mask is then drawn over the face, heard and all, and is perfectly airtight."
That will bring a chuckle from most Americans, but this helpful sugression was offered in all scriousness

gestion was offered in all seriousness by this Englishwoman. The war is no joking matter over there.

—Cappers Weekly.

TOPSY TURVY WORLD

DRAMATISTS ELECT

At the meeting of the Dramatic Club on Monday night, the officers for the coming year were elected. Albert Wharton is to succeed Charlotte Shaull as president; Lloyd Davis will be the new vice-president; Virginia Cooper, secretary; Henry MacGuire, treasurer and business manager; Mary Jane Monroe, property manager, with Dottie Leonard as her assistant; and Bill Kittrell, the stage manager.

TOPSY TURVY WORLD

Things grow more complicated all the time. A Massachusetts Court rules that a woman on roller skates is a vehicle. In Indiana a man is going to law to find out if a trailer is an automobile accessory or a house. Bulging from the pocket of a seedy looking farmer on the race track at San Antonio, Texas, was wad of money. After the pocket was picked the "farmer" turned and pounded upon the culprit. The robbed man was a sheriff in disguise.

# Grudge Game Sho'men Nine With Mt. St. Mary's Here

State Teachers Next On List

Mount St. Mary's will attempt to snap the ever increasing winning streak of Washington College today at Kibler Field.

With the most successful season in

Rained out of an earlier contest, both teams will be keyed to eke out a victory in this lone meeting.

In the last several meetings showed four errors. of the Shoremen and the Mounts, the Shoremen have not had too much difficulty in coming out victorious. A double defeat handed the Emmits burg boys last year by the loca College nine, is something for the Mounts to avenge.

#### Line-Up Remains Unchanged

The Washington lineup will remain unchanged. With Schuerholz' hit ting improving and Jim Bush's stead ier play around the keystone sack the Shoremen have a well-rounded good hitting, fine fielding ball club. The Mounts will have a tough club

#### .West Chester Teachers Wednesday

Next Wednesday the Shoremen will meet West Chester State Teachers on that club's home field. The Teacher's snapped a seven-game winning streak of Washington College earlier in the season by a 2-0, 2-hit victory and claim the only win over the College nine so far this year. With this lone mark of defeat on their record, the Shoremen will attempt to even things up and go on to the com-pletion of a most successful season. West Chester was the best looking ball club seen on the Washington College diamond all year. On their home field they should be better. This contest should be the best and most interesting game of the current cam-

PRICE TEN CENTS

# Council Issues Publication Regulations; Freshman Rules Are Revised

# Pegasus Profits To Library Fund

Reminiscent of a last minute legislative rush, a la Maryland General Assembly, the Student Council, last Monday, brushed up much of the business which had been accumulating in their files over the winter. As a result the Pegasus and ELM are governed by a new set of rules which will go into effect the beginning of next year. Freshmen will, by virtue of a new set of regulations, be placed under the surveillance of the Council.

That no persons or organizations will be assessed for space in the Pegasus, aside from the stipulated sources of income, appears to be the pro-vision in the new set-up which will favorably affect students. Provision has likewise been made for the periodic andit of the Pegasus accounts This it by a special committee. thought will cause the publication to be operated on more business-like basis than has been done in the past. Section 2 of the regulation provides for the income and budget. It is as follows: a. The college Business Manager shall at the beginning of each year notify the Pegasus Business Manager that he shall operate on a budgeted income not to exceed \$1,900, plus \$5.00 per student more than 300, such income to be derived

1—From college fees (basis \$5 per student) \_\_\_\_\_ \$1500 2—From ODK for staff expenses \_\_\_\_\_ 150

3—Advertising

\$1900

b. No other fees or charges of any kind shall be levied or collected from any persons or agencies at the college excepting the purchase of advertising space.

Regarding profits, the regulations provide that "all savings, refunds after publication, all revenues other than those specified in the above budget of receipts, and the financial balance after all debts are paid . . . . , shall be divided in such manner that the Business Manager and Editor of the Pegasus shall receive 25% of same and the remaining 75% shall go to a special library fund to be known as the Pegasus Fund." This fund will be utilized by the librarian each year for the purchase of books for the college library.

The ELM is regulated merely by a periodic audit of the financial accounts of the publication. This audit is to be made by the same special committee which was provided for in rules governing the Pegasus.

A Freshman Discipline Committee

# Annual Girl's Banquet Held

The junior girls of Reid Hall entertained the senior girls of Reid Hall at a formal function on Wednesday evening. This has been an annual affair, and has always been limited to one group. Each junior girl escorted a senior girl. Songs, toasts, and greetings from Miss Bradley and Mrs. Willson were included in the program.

has been created which will be the "teeth" in the revised set of "Rat rules" guilding the freshmen of next year. The committee is to be composed of the President of the Sophomore class, two sophomore Council representatives, and two sophomore men to be chosen by the Council. It is this group which will enforce freshmen rules, and will be under close supervision of the Freshman Activities Committee of the Student Council.

Relative to "rat parties" the rules provide that "there shall be at least two 'rat parties' during the year," one which is the annual Pajama parade. There is not, however, any provision for the holding of more than two such parties. On these parties, "no Sophomore shall inflict any bodily punishment of any nature upon any Freshman." This statement is very inclusive but leans toward more civilized hazing. The Council approved the greater portion of the Freshman regulations which have been held as traditional.

## Glee Club In Spring Concert

From a stage decked with an abundance of flowers, the College Glee Club, last Thursday night, climaxed its season with the annual spring concert.

Mr. Julian Coleman, new director of the group, had put much work into the concert and success resulted. This year about forty patrons and patronesses were solicited who aided greatly in providing an audience worthy of the glee club's performance.

The concert was divided into ten sections, offering a variety of ensembles and types of selections. Two college songs opened and closed the program. Sara Speicher and Ogle Hess were the soloists for the occasion. Miss Speicher sang "Mighty Lak' A Rose" by Nevin; Mr. Hess sang Margetson's "Tommy Lad."

The program included semi-classic songs, spirituals, and folk songs. This with the quartette and double quartette groups, provided an entertaining program.

# Dr. Coop Makes Light Experiment

Have you ever looked at a light through a window screen or curtain and noticed the pattern resembling the arms of a cross?

the arms of a cross?

Dr. J. J. Coop, head of the Physics Department, has recently experimented with this phenomenon. By placing a bit of the curtain material on a microscope equipped with a micrometer, he was able to measure the mesh work. Then by attaching the material to a spectrometer table, he found that it separated light rays like an ordinary grating. Using this then as a grating, Dr. Coop was able to measure the wave length of sodium light which is .0000231 inch.

Thus by using a source of light whose wave length is known, it is possible to measure mesh spacing of the material. The Dept. of Physics possesses two grates having 10,000 and 25,000 lines per inch.

# Gold Pentagon To Dr. Dunning

Doctor H. A. B. Dunning, of Baltimore, an honorary alumnus of this college, will be awarded the Alumni Gold Pentagon at Commencement exercises on June 10. The Gold Pentagon, presented annually by Omicron Delta Kappa, is awarded on the basis of service to the college. Dr. Dunning is the donor of the Science Building. This award signifies all that goes for leadership and achievement.

It is most probable that Dr. Dunning will be present at the Commencement exercises to receive the

## Last Chapel Talk By Dr. Mead

"To Seniors, Good Luck And God Speed"

At the last assembly of the year on Thursday Dr. Mead spoke of the short time since last September and the profitable year that the College has had. This year's senior class has seen more improvements than any other in the construction of Hodson Hall, Bunting Library, the Dunning Science Building, and new sidewalks and roads.

Dr. Mead continued telling how the seniors had spent four years studying the course in human relations which distinguishes a college education from one obtained by oneself and helps one in "finding the proper sphere in relation to ones neighbor and . . . in living other than as a hermit." He compared college to a hothouse for forcing adaptability to society; but he pointed out that the book learning obtained there was further unless the student had arrived at a true perspective or set of values.

Dr. Mead closed by saying that, though we cannot predict what the summer will bring to the nation and the world, we should meet the challenge with hard but honest work. "To the seniors, good luck and God speed."

Recipient Of Degree

Julio del Toro

## Practice Begins For Senior Play

"The Ghost Flies South" Given By Players

by Dian Hubbard

"The Ghost Flies South", to the sound of clanking chains and eerie cries—oh no, my thrill lovers, 'tis a sane and earthly play that will evoke shouts of laughter, not shaking murmurs from you on the night of June 6, at eight o'clock. The tentative cast, as selected by Dr. Tolles, is:

Charlotte Shaull, Anita Meredith; "Shorty" Brice, Grandma Boutry; Lloyd Davis, Morgan Winthrop; Virginia Cooper, Diana Meredith; Francis Mead, Tyler Rankin; Jerry Sohl, Homer Reed; Phylis Peters, Chiquita; Harry Hoppe, Buck Hollis.

This comedy by Frederick Jackson was a noted success in the movies and as a play it is just as amusing and diverting. So, will be seeing you there.

# June Week Plans Are Outlined

Festivities Climaxed
On June 10

Plans for an elaborate June Week beginning with the President's reception to the Board of Visitors and Governors, Faculty and the Senior Class on Thursday afternoon, June 6th, at 4 P. M., and climaxing with Commencement Exercises on Monday morning at 11 A. M., have been completed.

Chet Lincoln and his fifteen-piece orchestra featuring Doris Hansser as vocalist will furnish music for the Annual June Ball in Cain Gymnasium. Lincoln is a well-known figure in the northern state and will make his initial appearance on the Washington College, campus for this gala affair.

Seventy-two seniors will receive degrees at the Commencement Evercises on Monday. Clarence Stephen Marsh, L. L. D., vice-president of the American Council on Education will deliver the address for this occassion.

The Washington Players' come into the limelight Thursday night when that group will present "The Ghost Flies South." This play will climax the most successful season of the "Players" in many years.

The Alumni will return to the campus on Saturday for the Alumni Reunion to be held Saturday afternoon, the Alumni Dinner and annual meeting of the Alumni Association in Hodson Hall Saturday night at 7:30 and the Alumni Dance in Cain Gymnasium at 9 P. M., Saturday, following the Alumni dinner.

Dr. Gilbert W. Mead, president of Washington College, will deliver the sermon at the Baccalaureate services on Sunday at 11 A. M., in William Smith Hall.

Sunday afternoon at 3:45, the College Musical Association will put on a musical program.

The Academic Procession, preceding the Commencement exercises will begin at 10:45 A. M. Following the exercises an informal luncheon will be served at 12:30 in the gymnasium.

Following the activities on Monday, the Board of Visitors and Governors will hold their quarterly meeting and thus conclude the one hundred and fifty-ninth year for Washington College.

# Ohler And Clark Retire As Editor And Business Manager Of Elm

With the publication of this issue, volume thirty-nine of the Washington ELM becomes complete. Last week Eddie Ohler and David Clarke published their final edition as editor-in-chief and business manager. James Spielman and Rufus Johnson will succeed Ohler and Clarke in these major offices.

Under the editorship of Eddie Ohler, many policies and plans of organization were devised. These plans and policies were not only devised, but put into practical operation which was more than responsible for the presentation of a first class rating from the Associated Collegiate Press, the first time such a rating has been achieved by the ELM. Editor Ohler worked diligently in the upholding of his policies to obtain this achievement.

Business Manager Clarke is to be congratulated on his efficient handling of the weekly's finances. Due to a reduction in the allotment given the ELM by National Advertising, a serious situation arose which was capably remedied by proficient rearrangement on the part of the business

staff under the leadership of Clarke.

To Managing Editor Ralph Thornton goes the credit which he should justly deserve. His was a responsible position which received much work and little glory. Under his guidance the initial conference of nearby small college papers, the conception of Editor Ohler, became more than a success. This conference is to become an annual affair, its possibilities being realized by the visiting paper staffs following the original plan as shown by this year's meeting.

An excellent staff, which was a definite asset to the publication, worked harmoniously along with the editor and the business manager, showing much interest in the journalistic work.

Next year, under the editorship of James Spielman, the ELM will strive to uphold those standards exacted by this year's staff, in addition to revisions in policies hoped to improve the paper's composition even more.

Bing Hartnett, acting in the capacity of Managing Editor, will aid in the publication of a fine paper.

## Reid Hall Vote Elects Wheatley

The annual election of members to the Reid Hall Council was held at a meeting on Monday evening, May 20.

The women receiving the positions are those who are considered by the resident body of the Hall to be the most capable of representing and furthering the best interests of the women students.

Slight irregularities in balloting were reported before the final vote was called.

The results of the election were as follows:

as follows:
President, Jean Wheatley; VicePresident, Virginia Nock; SecretaryTreasurer, Margaret Pitt; Senior Representative, Dorothy Leonard; Junior Representative, Mary Anna Kintnetr; Sophomora Representative,
Marion Decker.

Elm Policies
Expressed
For the past few years lengthy strides have been made relatively to the improvement of the ELM. This past year saw Ed Ohler, retiring editor, earn for the ELM a first class honor rating from the Associated Collegiate Press.

In accordance with the custom, your new editor will attempt to explain what may be termed a "post election platform." Undoubtedly it will be the aim of the incoming staff to maintain the high rating attained by the 1939-40 ELM.

Humorously enough, one of the points in the new policy which has already been editorially deemed a mistake is the attitude toward "critiques." However, it will be our aim to give to all music and dramatic performances a criticism, not "mushy, gushing, and sickening," but one which will give credit where credit is due and discuss the faults, as only can be done by a non-expert college student.

where credit is due and discuss the faults, as only can be done by a non-expert college student.

You no doubt have noticed the difference in the make-up of this issue of the ELM. This is an experiment, which if seen desirable by the editors, will be continued next year. Journalistic experts are divided in their opinions as to which is the better—use of column rules or omission of them with more white space. And if the experts can't decide, we may have a valid original control of the control of t

opinion.

Continuing the policy of the ontgoing regime, the new editors will continue: to conduct student polls, omit the "dirt column," give editorial expressions of campus as well as state, national, and international affairs, and utilize various methods of "streamlined" journalism. In addition we propose: to work toward open campus election campaigning, conditional, of course, to student approval; to maintain greater cooperation with the Student Government Association for the betterment of the college; and to create a compace staff set-up which will act systematically to publish an ELM that students will be eager to read. The latter is our primary desire.

J. S. S.

In the eyes of the ACP, a

First Class
Under Ohler

years, the Washington ELM received the second class newspaper from one of the first class. For many considering the facilities at the ELM's disposal and the small amount of news from which it had to draw, this classification was about the best that could be expected. However, this year, under these same conditions, the ELM received a first class honor rating. Much of the credit for this accomplishment belongs to the capable staff, but the greatest credit should go to Edwin A. Ohler, the retiring editor, under whose leadership the honor was attained.

Although Eddie says that the work has been "lots of fun," we know that he has spent many hours in preparing each copy of Volume XXXIX, and that he has done his best to please the readers of the ELM, a job which, in any sense of the word, is not fun. He accomplished his goal, a first class paper. We think too much recognition cannot be bestowed upon this deserving and successful, retiring editor—Edwin A. Ohler, J. C. J.

"Ratting" For Strued Freshman Discipline Committee will attempt to remedy the sad and rather ticklish questions that have been brought up concerning the "ratting" of Freshman boys. This committee will displace the broken activities Committee and outmoded stripped of Freshman Activities Committee and outmoded, stripped of

power Vigilance Committee.

This group, conceived by the student council, will regulate "ratting" and all other practices concerning upperclass "relations" with the lowly "rats". Seeing the failure of the Vigilance Committee, we hope that this group will definitely set up and maintain a policy of either ratting or non-ratting for next year and see that it is carried out.

#### CAMPUS CAMERA

# Freshman Girls Show Talent At Art Of Ballad Writing

As a result of a freshman English assignment requiring the writing of ballads, the following two pieces are presented to ELM readers. Both were considered very commendable by the instructor, Dr. Gertrude Van Arsdale Ingalls.

#### THE RETURN

The sun came down in golden shafts. Beneath the tree fair Kathrine lay And dreamed of him to wars long

And prayed for his return some day. (Across the sky a huge bat wheeled To cast a shadow on the field.)

In the distance now a cloud arise. Her heart turned o'er in sudden fright

And through the dust she saw the form

That she had prayed for day and night.

(Oh, shadow cast upon the grass, Warn not of dark events to pass).

And slowly down the avenue Of linden trees, his shape, it grew, A victor, no, a drooping knight; Scarlet stained his coat of blue. (Oh, shadow wheeling endlessly,

What are these others joined to

Marian Decker.

#### THE REWARD

Oh, what have they done to you, boy,

my son? Oh, whot have they done to your fair curling hair?

Oh, father, they put us all out in a Where the bugs and the rats have

long made their lair, Where the bugs and the rats have long made their lair.

Oh, what have they done to you, boy,

Oh, what have they done to your happy young face?

Oh, father, they sent us all out on a field

Where the bullets and shrapnel were holding a race,

Where the bullets and shrapnel were holding a race.

Oh, what have they done to you, boy, my son?
Oh, what have they done to your

proud manly chest? Oh, father, they made us all fall to

Where the fumes and the gases lie

low as at rest,
Where the fumes and the gases lie low as at rest.

Oh, what have they done to you, boy, my son? Oh, what have they done to your

straight sturdy legs?

Oh, father, they left us with wounds on the field And what you see here are but rot-

ted old dregs, And what you see here are but rot-ted old dregs.

Oh, what have they given you, boy, my son?

Oh, what have they given you as a reward? Oh, father, they promised to honor

us always And bury us each with a gilt handled

sword,

And bury us each with a gilt handled

Molly Blackwood.

## Lambda Chi's Get New House

The Lambda Chi Alpha fraternity has been given the home of Dr.
Howell to use as their home for the
coming years. Dr. Howell ,who is
building a new abode on
Ave., expects to leave the
September 1st, when the Lambdas will start redecorating.

Plans for furnishing the new house, which will accommodate about 16 men, are progressing and the fraternity expects to open next school term with a newly outfitted home.

(Picture on page 4)

#### THE GRAPEVINE

by Sam Davis

Neither Sambo or Rastus could tell time, but Sambo sported a nice big chain with an Ingersoll attached.

"What time is it?" asked Rastus. Sambo hesitated and then extended the timepiece saying, "Dar she

Rastus looked at it carefully and said: "Damned if she ain't."

Some women are called Amazons because they are so wide at the Jackson: "What happened to that

girl you made love to in a ham-mock?" Johnson: "Oh, we fell out."

"Mandy, what fo' you going in dat beauty shop?"
"Go along, black boy, ah's goin'

get me a permanent straight.

The dramatic editor started to leave in the middle of the second act, "Don't go now," said the manager, "I promise there's a terrific kick in

the next act."

"Fine," was the retort. "Give it to the author."

#### CLASSROOM CLASSICS

The moon is more important than the sun, because it shines at night when its needed.

2. Magna Charta provided that ne man should be hanged for the same crime twice.

The wife of a prime minister

is called a primate.
4. The Duke of Marlborough was a great general who always com-menced every battle with the firm de-

termination to win or lose.

5. Elizabeth was the virgin queen of England. She was very successful as a queen.

An old man ninety-six was being wheeled down the boardwalk at Atlantic City when he noticed a beau-tiful girl on the beach. He turned to the chair pusher, heaved a sigh, and exclaimed, "Oh, to be eighty again."

A man is really old when he goes to a musical comedy just for the music.

#### POME

Ruth rode in my cycle car In a seat in back of me. I took a bump at fifty-five, And rode on Ruthlessly.

"Did he propose?"

U—"Yes, but not what you think."

—Ohio State Sun Dial

The minister arose to address his congregation. "There is a certain man among us today who is flirting with another man's wife. Unless he puts five dollars in the collection box, his name will be read from the

When the collection plate came there were nineteen \$5 bills and a \$2 bill with this note attached: "The other three pay day."

#### SILLY SIMILES

He's as dizzy as a street clear er following a merry-go-round.

2. He looked like an accident go-

ing someplace to happen.
3. She's so cold she has artic cir-

cles under her eyes.

4. As miserable as a nudist in a

hailstorm.

5. He's as out of place as an elec-

tric razor at a Harlem picnic.
6. Your eyes! They shine like the pants of a blue serge suit.

# Loyola Nine In Last Game

Three Veterans
End College Careers

On Saturday, May 25, the Washington team will attempt to make it two in a row over Loyola. The Baltimore team will be out to avenge an earlier 9 to 1 setback at the hands of the Washington nine and pitcher Rayne.

Because of the good showing of all our twirlers, it is hard to prophesy who will start on the mound for the Shoremen. Copple may get the nod because of his experience and fine chucking this season.

Today's game marks the end of one of the most successful seasons for many years of a Washington College ball club. Defeated only once, by West Chester Teachers, the Shoremen were rained out of a chance to avenge that defeat last Wednesday when the game was halted in the first inning after the Shoremen had collected two runs.

Last week Loyola lost to Western Maryland, an easy foe for the Shoremen. On comparative scores today's game should be easy for the locals. But comparative scores mean nothing in baseball and this game, marking the close of the season, may develop into a real thriller.

The Washington College lineup will remain unchanged.

# Tennis Team Tops Mounts

Last Saturday the tennis team trounced Mt. St. Mary's 9 to 0 for their first victory of the season. Nagler, Davis, Johnson, Shockley, Smith and Eliason won their single matches. Three doubles teams—Nagler and Davis, Johnson and Paca, Slade and Eliason made it a shut out.

Continuing in their winning stride the Washington tennis team defeated Homestead 5 to 2 last Sunday. Nagler, Davis, Johnson, and Slade won their matches. Only one doubles match was completed with Nagler and Davis the victors. Shockley and Eliason dropped their singles.

#### Loyola Here Today

Loyola, the strongest tennis team in the state, will visit the local courts on Saturday, the 25th. "Tippy" Thaler, state junior champion, will play for the Greyhounds. With our team now hitting its stride, a good contest should result.

#### Baltimore G. and E. Sunday

On Sunday, May 26, the local racquetteers will engage the Gas and Electric team from Baltimore. The visitors have a powerful aggregation led by Price Colvin, Maryland State Champion.

# Track Team Fourth In M. D.

Washington College captured fourth place in the Mason-Dixon track meet last Saturday at Johns Hopkins University in Baltimore. Catholic U. took first place, Johns Hopkins was second, Delaware was third, and Washington was fourth.

Omar Jackson and Eddie Buck

Omar Jackson and Eddie Buck were the features of capturing fourth place. Jackson tied for first in the broad jump, was second in the 220, and third in the 100, after being robbed from second by the referee. Buck won the 440 and was fourth in the 220. Storm was second in the discuss. McCalley was fourth in the mile. Marty Warther was fourth in the 220 low hurdles. Dave Bartolini was fifth in the shot put. George Pinto tied for fifth in the pole vault.

# Material For The Majors

"Lefty" Copple

Watching Paul Waner swing at the ozone, "Lefty" Copple made a bid for the major leagues last Sunday in Shibe Park in Philadelphia when he pitched batting practice for the Pittsburgh Pirates.

"Lefty", Washington's only southpaw, has been the ace hurler for the Sho'men since his freshman year. In his college acreer, he has won 19 games and lost but 2. University of Maryland and University of Delaware were the clubs to whom "Cop" was forced to bow. Out of the 217 innings he pitched, he struck out 251 batters and gave up 116 hits. "Gaucher", as the Canadians called him last summer, said his worst game was against Mt. St. Mary's, when the Mountaineers collected 14 hits in a 12-inning affair.

Scouts from the Red Sox, the Pirates, and the A's have been scrutinizing the left hander rather closely. As yet he is not certain of his plans for the summer, but wherever he goes we all wish him best of luck.

Dubbed "the little hollar guy", by the Baltimore papers, Mike Kardash will be missed by the Sho'men fans next season. His classy fielding and his constant chatter has been a fea-

STIME'S ORVIS SHOP

The Friendly Store

Under Voshell House

Photo Service In Album

Delivery Service

Telephone 26

ture of the club's attack for the past several years.

On June 11, Mike will report to the Baltimore Orioles with whom he will work out for a while. Later he will be farmed out and groomed for duties at the third sack. While in college, Mike has never fallen below .300 in his hitting and has always been a threat at the plate. This season he hammered out two homers and was robbed of another when the West Chester game was rained out in the first inning last Wednesday.

His fielding has been a treat to the fans. His position at short stop is the source of constant excitement and thrills. With only one error in 58 chances against him this year, Mike's fielding average can explain itself.

Both Mike and "Cop" have held constant berths on the All-Maryland baseball teams. Their abilities are not only recognized locally but wherever they have played the best adjective were used to describe their play.

Best of luck then to Washington's "Lefty Grove" and "Frankie Crossetti"

C. W. Kibler & Sons

## CAUGHT on the FLY

by Calvert Jones

How many of you, this afternoon as you watch the Loyola game, will stop and think that that game will end three great collegiate baseball careers. Three fellows, who, as Freshmen, worked the hardest, as Sophomores, received recognition, as Juniors, were successful, and, as Seniors, have reached the climax of their collegiate careers. They have come a long way under the watchful eye of Coach Tom Kibler since that first call for baseball candidates one spring afternoon way back in 1937. They were patient and now they are successful. "Lefty" Copple may sign with any one of several clubs who have him under observation; Bobby Everett is undecided, while "Mike" Kardash reports to the Orioles at Baltimore on June 10—but today, they play their very last collegiate ball game for Coach Tom Kibler and for Washington College.

Today, yon won't be able to cheer loud enough to repay these three men for the work that they have done for the glory of the Maroon and Black. This game shall be the end for them, the end of something great. It will be the end of a lot of work, the end of a lot of glory. After today's game, they may see other Washington College teams play but never again will they be able to get in there and help to pull the team from behind to win nor will they ever have the chance to pitch a no-hit game, to make a double play or to knock a home run for the glory of Washington College. It will, indeed, be a sad sight this afternoon, as the ninth inning ends, when Lefty Copple, Robby Everett, and Mike Kardash walk slowly off the diamond with bowed heads, knowing that they are walking off of that diamond for the last time as players.

Throughout the twelve games which the Kiblermen have played this season, eleven of which have been victories, many notable things have occurred that should be mentioned. In the Dickinson game, Lefty Copple missed obtaining the no-hit hall of fame by one single mark. He pitched his first one-hitter back in 1938 against Mt. St. Mary's. One strong memory of this victorious season that we shall always have happened on the occasion of one of the home games when a hard hit line drive to third lodged itself securely in the mid-section of chubby Bobby Ever-

ett. For once, excess pounds spelled—no hits, no runs, no errors. Of Mike Kardash, we have enumerable memories—home runs, triples, one-handed catches, black-eyes, and unceasing chatter from the little grand-stander. He was the one guy who said, "I'm good' and proved it.

But getting away from the seniors,

Must getting away from the seniors, we cannot forget that it was big Charlie Fetter at first who has made it possible for Mike to boast of twelve games this year without one error. Charlie deserves the recognition of being one of the best fielders of the squad, if not the best. His great improvement with the willow this year has made him one of the mainstays of the team. Fleety and flightly Jim Stevens has made many a feminine heart flutter with his tricky base running and his faultless fielding. Joe Bremer, third baseman who was converted into a catcher by necessity this year, deserves the highest type of award. His alertness and ball handling coupled with his ability to feel out the batter has made him a winning factor in the nine. As one sport's writer, more eminent than curselves once said, "Space would not permit the write-up that each man deserves but one may be sure that to be on the Washington nine requires more than just good playing, it requires the best." We can but eith of the praise. Let us not forget two of our pitchers, John Selby and Harold Rayne, Jim Bush at second, Wilson Schuerholz at left field and Senator Kirby and Benjamin at right.

To these boys, and the many others not mentioned, a bouquet of orchids to each and every one of you. You deserve it.

# Organizations Elect--

#### WOMEN'S ATHLETIC ASS'N.

At the annual spring meeting, the Women's Athletic Association elected the following as officers of the Board of Managers: President, Priscilla Brown.

Vice-President, Jean Wheatley. Secretary-Treasurer, Molly Black-

The class representatives will be selected in the fall.

#### MOUNT VERNON

At the final meeting of the year, the Mt. Vernon Literary Society, one of the oldest organizations of its kind in the country, elected the following officers for 1940-41.

Jean Wheatley, President. William Nagler, Vice-President. Mort Garrison, Secretary-Treasur-

The past year has seen the society return to more literary aims and it is the objective of the club next year to maintain the same level as held this year under Bob Moore.

#### ORCHESTRA

The orchestra took time out from practice last week and elected its officers for the coming year. It is hoped that the group may have a successful year and, under its new manager, may make more trips and con-

Student Leader, James Spielman. Manager, Mort Garrison. Librarian, Paul Ruark.

#### CERCLE FRANCAIS

A special meeting of Le. Cercle Francais was held last Friday for the election of officers. The following members were elected to the respective offices:

President, Mary Jane Monroe; Vice-President, Josephine Gallagher; Secretary, Virginia Nock; Treasurer, Frances Kreeger; Sargeant-at-Arms, Dave Bartolini.

#### SIGMA SIGMA OMICRON

At the final meeting of Sigma Sigma Omicron, held in Hodson Hall Tuesday evening, the following officers were unanimously elected for the coming year:

President, John Selby. Vice-President, Dorothy Leonard.

Treasurer, Agnes Zaffere.
Social Chairman, James Spielman.
Dr. Tolles and Dr. Buxton were elected faculty members to replace Dr. Coop and Professor Dumschott whose two-year term has just expir-Dr. Livingood continues as faculty secretary for the coming year.

### Honor Awards To Girls

The six tournaments in the various spring sports are heading toward the finals with the contestants battling for the championships. Badminton being played indoors has not been held back as much as the other sports by the weather, and it has reached the semi-finals.

An innovation this year is the

BUSIEST

CIGARETTE

awarding of a white sweater with the marcon "W" to the winners of 1000 points. There have been fifteen of these awarded and only these girls are entitled to wear these sweaters. There are also six honor blankets being awarded to the following senior girls: Ann Hollingsworth, Frances Perry, Margaret Gardner, Evelyn White, Louisa Hall, and Kay McCar-The spring season has been very successful in girls' sports.

## Athletes To Feast

The Athletic Association will honor those boys having won a major letter in the spring sports, namely baseball, track and tennis, at the annnal Springs Sports banquet to be held Tuesday evening in Hodson Hall.

At the time certificates in recognition of receiving varsity awards will be presented by Coach Tom Kibler, head of the athletic department.

Andrew Gorman, Austin Murphy, and Chuck Nairn were initiated into Lambda Chi last week.
